

November 4, 2004

M E M O R A N D U M

TO: All Press

FROM: Lorne J. Malkiewich, Director, Legislative Counsel Bureau

SUBJECT: Requests for Press Accreditation for 73<sup>rd</sup> Nevada Legislative Session

Requests for accreditation may now be made by completing the "Press Accreditation Request Form" in the Director's Office (Room 1141).

Persons wishing to use press space within the Assembly and Senate Chambers, access press resources provided by the Legislative Counsel Bureau, and obtain a press identification badge must be accredited by both houses of the Nevada Legislature. Although both houses handle accreditation separately, only the one request form needs to be submitted and the information will be shared with both the Senate and Assembly.

Badges are not required but it is strongly recommended that all persons accredited obtain a legislative press identification badge to keep with them while in the Legislative Building.

Requests received prior to the first day of the legislative session will be submitted to each house for action on the first day. Requests received after the session has commenced will be submitted for action as soon as possible after receipt. The names of persons accredited are published in each house's Journal for the day the motion was made.

For further information, please call Sylvia Wiese, Director's Office, at 684-6775.
