**PROPOSED REGULATION OF THE ADMINISTRATOR OF THE  
EMPLOYMENT SECURITY DIVISION OF THE DEPARTMENT  
OF EMPLOYMENT, TRAINING AND REHABILITATION**

**LCB File No. R194-24**

October 8, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 612.220 and 612.550.

A REGULATION relating to unemployment compensation; prescribing the contribution rate schedule for calendar year 2025; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

The Unemployment Compensation Law requires employers to make contributions to the Unemployment Compensation Fund for the purpose of providing temporary benefits to persons who become involuntarily unemployed. (Chapter 612 of NRS) The amount of each employer’s contribution is a percentage of the employer’s average annual payroll. Existing law establishes a standard contribution rate of 2.95 percent. (NRS 612.540) However, after an employer has accumulated a specified number of consecutive calendar quarters of contribution and benefit experience, depending on the quarter in which the employer became subject to the Unemployment Compensation Law, the Administrator of the Employment Security Division of the Department of Employment, Training and Rehabilitation assigns the employer to a class of employers whose contribution rate is based on their previous experience with unemployment, as determined by a reserve ratio formula. An employer’s reserve ratio is calculated by subtracting the benefits charged to the employer’s account for all previous years from the contributions paid by the employer during all previous years and dividing the difference by the employer’s average payroll for the previous 3 years. The Administrator is required to annually prescribe the contribution rate schedule for each class of employers. (NRS 612.550) This regulation prescribes the contribution rate schedule for calendar year 2025.
