SUBJECT: **2007-09 Nevada Legislative Fiscal Report**

The Legislative Fiscal Report, prepared by the Fiscal Analysis Division, is designed to provide you with a summary of the financial status of the state and the Governor's budget recommendations for the next biennium.

The report is divided into sections and includes historical revenue and expenditure trends, the revenue projections of the Economic Forum, an overview of taxes and the Governor's recommended appropriations for the upcoming biennium, including supplementals, restoration of fund balances and capital improvements. In addition, budget summaries by each functional area of state government are included. The budget summaries will allow comparisons of the actual expenditures for fiscal year 2005-06, work program amounts in fiscal year 2006-07, and the Governor's recommendations in each year of the 2007-09 biennium.

This report contains general information, including the highlights of the various governmental functions. Emphasis is placed on changes and expansion of existing programs and recommended new programs; therefore, this report should be used in conjunction with The Executive Budget where more complete information is presented.
