PHYSICIANS BOARD OF NEVADA

LCB File No. R179-20

June 14, 2021

AUTHORITY: §1, NRS 622.530, 634.030 and 634.135; §3, NRS 634.030 and 634.123; §§2 and 4, NRS 634.030.

A REGULATION relating to chiropractors; prescribing requirements for the issuance of a license by endorsement to engage in the practice of chiropractic; revising educational requirements for an applicant for a certificate as a chiropractor's assistant; revising requirements governing the submission of a self-inspection form; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a regulatory body to adopt regulations providing for the issuance of a license by endorsement to engage in an occupation or profession regulated by that body to a natural person who: (1) holds a corresponding valid and unrestricted license to engage in that occupation or profession in the District of Columbia or any state or territory of the United States; (2) possesses qualifications that are substantially similar to the qualifications required for issuance of a license to engage in that occupation or profession in this State; and (3) satisfies certain other requirements. (NRS 622.530) **Section 1** of this regulation provides for the issuance of a license by endorsement to an applicant for licensure as a chiropractic physician who: (1) holds a corresponding valid and unrestricted license to engage in the practice of chiropractic in another jurisdiction; (2) possesses qualifications that are substantially similar to the qualifications required for issuance of a license to engage in the practice of chiropractic in this State; (3) has successfully completed the examination administered by the National Board of Chiropractic Examiners; (4) has actively engaged in the practice of chiropractic for 7 of the 10 immediately preceding years; (5) provides an affidavit; (6) completes the application provided by the Chiropractic Physicians' Board of Nevada; and (7) pays the applicable fees. **Section 1** also prescribes certain circumstances under which the Board will not issue such a license by endorsement. **Section 2** of this regulation makes a conforming change to clarify that an applicant for a license by engagement by endorsement is not required to pass an examination.

Existing law requires the Board to specify the formal training that a properly qualified applicant to perform ancillary services relating to chiropractic must complete before the Board awards such an applicant a certificate as a chiropractor's assistant. (NRS 634.123) Existing regulations require an applicant for certification as a chiropractor's assistant to (1) be certified as

a chiropractor's assistant by a program approved by the Board; or (2) have had a certain amount of training and employment as a chiropractor's assistant trainee. (NAC 634.355) **Section 3** of this regulation replaces the provision authorizing an applicant to be certified by a Board approved program with a provision authorizing an applicant to have successfully completed an educational program offered by a high school, community college, state university or private post-secondary school that is approved by the Board.

Existing regulations require each chiropractic physician who is licensed pursuant to chapter 634 of NRS to annually submit a self-inspection form containing certain information regarding the practice of the licensee.
