

**ADOPTED REGULATION OF THE
BOARD OF MEDICAL EXAMINERS**

LCB File No. R002-23

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: § 1, NRS 630.130, 630.269 and 630.275; §§ 2 and 4, NRS 630.130 and 630.275; §§ 3 and 6, NRS 630.130 and 630.269; § 5, NRS 630.130 and 630.279.

A REGULATION relating to medical professionals; requiring an applicant for licensure by endorsement as a physician assistant to hold certain certification; adopting a code of ethics for perfusionists; revising certain standards of practice for physicians, physician assistants, perfusionists and practitioners of respiratory care; providing for the automatic suspension of the license of a perfusionist under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the expedited licensure by endorsement of physician assistants who are licensed in other jurisdictions and meet certain other requirements. (NRS 630.2751) **Section 2** of this regulation requires an application for expedited licensure by endorsement as a physician assistant to include proof that the applicant is currently certified by the National Commission on Certification of Physician Assistants.

Existing law requires the Board of Medical Examiners to adopt a code of ethics for perfusionists. (NRS 630.269) **Section 3** of this regulation adopts such a code. **Section 6** of this regulation: (1) makes a conforming change by removing existing provisions that partially duplicate that code of ethics; (2) authorizes discipline against a perfusionist who violates that code of ethics; and (3) provides for the automatic suspension of the license of a perfusionist who ceases to be certified by the American Board of Cardiovascular Perfusion or its successor organization.

Existing law imposes on providers of health care: (1) certain requirements concerning records of birth and death and health care records; and (2) certain other general requirements governing the healing arts. (Chapters 440 and 629 of NRS) Existing law further authorizes the Board of Medical Examiners to discipline a licensed physician, physician assistant, perfusionist or practitioner of respiratory care who violates regulations adopted by the Board. (NRS 630.301) **Section 4** of this regulation requires physicians and physician assistants to comply with state law governing records of birth and death, health care records and the healing arts. **Sections 5 and 6** of this regulation require practitioners of respiratory care and perfusionists, respectively, to

comply with state law governing the healing arts. By prescribing these requirements in regulation, **sections 4-6** authorize the Board to impose discipline against a licensee who violates provisions which contain requirements applicable to the licensee.

Existing law authorizes an advanced practice registered nurse acting independently to: (1) engage in selected medical diagnosis and treatment; (2) subject to certain limitations, prescribe controlled substances, poisons, dangerous drugs and devices; and (3) perform certain other tasks. (NRS 632.237) Existing regulations: (1) authorize a physician to collaborate with an advanced practice registered nurse; and (2) prescribe certain requirements governing such collaboration. (NAC 630.490) **Section 4** removes the prohibition against a physician failing to provide adequate supervision of an advanced practice registered nurse. Instead, **section 4** prohibits a physician from failing to adequately collaborate with an advanced practice registered nurse with whom the physician is collaborating.

Section 1. Chapter 630 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this regulation.

Sec. 2. *In addition to the requirements set forth in NRS 630.2751 or 630.2752, as applicable, an applicant for expedited licensure by endorsement as a physician assistant must submit to the Board with his or her application proof that the applicant is currently certified by the National Commission on Certification of Physician Assistants or its successor organization.*

Sec. 3. *In professional interactions with patients, colleagues, other providers of health care and members of the public, a perfusionist shall uphold the dignity of the profession and promote the safety and welfare of patients, including by:*

- 1. Holding the well-being of patients paramount.*
- 2. Avoiding conflicts of interest with patients. A perfusionist shall not engage in conduct for financial or other personal gain that violates the trust of a patient or the relationship between the perfusionist and the patient.*

3. Delegating responsibilities arising from the license of the perfusionist only to persons qualified to perform those responsibilities and personally supervising the rendering of such delegated responsibilities.

4. Maintaining the confidentiality of protected health information of a patient.

Sec. 4. NAC 630.230 is hereby amended to read as follows:

630.230 1. A person who is licensed as a physician or physician assistant shall not:

(a) Falsify records of health care;

(b) Falsify the medical records of a hospital so as to indicate his or her presence at a time when he or she was not in attendance or falsify those records to indicate that procedures were performed by him or her which were in fact not performed by him or her;

(c) Render professional services to a patient while the physician or physician assistant is under the influence of alcohol or any controlled substance or is in any impaired mental or physical condition;

(d) Acquire any controlled substances from any pharmacy or other source by misrepresentation, fraud, deception or subterfuge;

(e) Prescribe anabolic steroids for any person to increase muscle mass for competitive or athletic purposes;

(f) Make an unreasonable additional charge for tests in a laboratory, radiological services or other services for testing which are ordered by the physician or physician assistant and performed outside his or her own office;

(g) Allow any person to act as a medical assistant in the treatment of a patient of the physician or physician assistant, unless the medical assistant has sufficient training to provide the assistance;

(h) Fail to provide adequate supervision of a medical assistant who is employed or supervised by the physician or physician assistant, including, without limitation, supervision provided in the manner described in NAC 630.810 or 630.820;

(i) If the person is a physician, fail to provide adequate supervision of a physician assistant or ***adequate collaboration with*** an advanced practice registered nurse ***with whom the physician is collaborating***;

(j) Fail to honor the advance directive of a patient without informing the patient or the surrogate or guardian of the patient, and without documenting in the patient's records the reasons for failing to honor the advance directive of the patient contained therein;

(k) Engage in the practice of writing prescriptions for controlled substances to treat acute pain or chronic pain in a manner that deviates from the policies set forth in the *Guidelines for the Chronic Use of Opioid Analgesics* adopted by reference in NAC 630.187; or

(l) Administer or use, or allow any person under his or her supervision, direction or control to administer or use, a single-use medical device:

(1) For more than one procedure;

(2) For more than one patient; or

(3) In a manner inconsistent with the manufacturer's instructions or directions included on or with the single-use medical device.

2. *A physician or physician assistant shall comply with all applicable provisions of chapters 440 and 629 of NRS and any regulation adopted pursuant thereto.*

3. As used in this section:

(a) “Chronic pain” has the meaning ascribed to it in section 3 of the *Guidelines for the Chronic Use of Opioid Analgesics* adopted by reference in NAC 630.187.

(b) “Single-dose vial” means a vial, including, without limitation, a sealed sterile vial, which may be accessed by insertion of a needle and which, according to the manufacturer’s instructions:

(1) Contains only one dose of a medication; and

(2) May be used for only one patient.

(c) “Single-use medical device” means a medical device that is intended for one use or on a single patient during a single procedure and includes, without limitation, a blade, clip, catheter, implant, insufflator, lancet, needle, sleeve, syringe and single-dose vial.

Sec. 5. NAC 630.540 is hereby amended to read as follows:

630.540 A practitioner of respiratory care is subject to discipline or denial of licensure by the Board if, after notice and hearing in accordance with this chapter, the Board finds that the practitioner of respiratory care:

1. Willfully and intentionally made a false or fraudulent statement or submitted a forged or false document in applying for a license or renewing a license.

2. Performed respiratory care services other than as permitted by law.

3. Committed malpractice in the performance of respiratory care services, which may be evidenced by claims settled against a practitioner of respiratory care.

4. Disobeyed any order of the Board or an investigative committee of the Board or violated a provision of this chapter.
5. Is not competent to provide respiratory care services.
6. Lost his or her certification by the National Board for Respiratory Care or its successor organization.
7. Failed to notify the Board of loss of certification by the National Board for Respiratory Care or its successor organization.
8. Falsified records of health care.
9. Rendered respiratory care to a patient while under the influence of alcohol or any controlled substance or in any impaired mental or physical condition.
10. Practiced respiratory care after his or her license has expired or been suspended.
11. Has been convicted of a felony, any offense involving moral turpitude or any offense relating to the practice of respiratory care or the ability to practice respiratory care.
12. Has had a license to practice respiratory care revoked, suspended, modified or limited by any other jurisdiction or has surrendered such license or discontinued the practice of respiratory care while under investigation by any licensing authority, a medical facility, a branch of the Armed Forces of the United States, an insurance company, an agency of the Federal Government or any employer.
13. Engaged in any sexual activity with a patient who is currently being treated by the practitioner of respiratory care.

14. Engaged in disruptive behavior with physicians, hospital personnel, patients, members of the family of a patient or any other person if the behavior interferes with patient care or has an adverse impact on the quality of care rendered to a patient.

15. Engaged in conduct that violates the trust of a patient and exploits the relationship between the practitioner of respiratory care and the patient for financial or other personal gain.

16. Engaged in conduct which brings the respiratory care profession into disrepute, including, without limitation, conduct which violates any provision of a national code of ethics adopted by the Board by regulation.

17. Engaged in sexual contact with a surrogate of a patient or other key person related to a patient, including, without limitation, a spouse, parent or legal guardian, that exploits the relationship between the practitioner of respiratory care and the patient in a sexual manner.

18. Made or filed a report that the practitioner of respiratory care knows to be false, failed to file a record or report as required by law or willfully obstructed or induced another to obstruct such filing.

19. Altered the medical records of a patient.

20. Failed to report any person that the practitioner of respiratory care knows, or has reason to know, is in violation of the provisions of chapter 630 of NRS or NAC 630.500 to 630.560, inclusive, relating to the practice of respiratory care.

21. Has been convicted of a violation of any federal or state law regulating the prescription, possession, distribution or use of a controlled substance.

22. Held himself or herself out or permitted another to represent him or her as a licensed physician.

23. Violated any provision that would subject a practitioner of medicine to discipline pursuant to NRS 630.301 to 630.3065, inclusive, or NAC 630.230.

24. Failed to comply with any applicable provisions of chapter 629 of NRS or any regulation adopted pursuant thereto.

Sec. 6. NAC 630.770 is hereby amended to read as follows:

630.770 1. A perfusionist is subject to discipline pursuant to chapter 630 of NRS or denial of licensure by the Board if, after notice and hearing, the Board finds that the perfusionist:

(a) Willfully and intentionally made a false or fraudulent statement or submitted a forged or false document in applying for or renewing a license.

(b) Performed perfusion services other than as permitted by law.

(c) Committed malpractice in the performance of perfusion services, which may be evidenced by claims settled against the perfusionist.

(d) Disobeyed any order of the Board or an investigative committee of the Board or violated any provision of this chapter or chapter 630 of NRS.

(e) Is not competent to provide perfusion services.

(f) Lost his or her certification by the American Board of Cardiovascular Perfusion or its successor organization.

(g) Failed to notify the Board of loss of certification by the American Board of Cardiovascular Perfusion or its successor organization within 30 days after the loss of certification.

(h) Falsified or altered records of health care.

(i) Rendered perfusion services to a patient while under the influence of alcohol or any controlled substance or in any impaired mental or physical condition.

(j) Practiced perfusion after his or her license as a perfusionist had expired or been revoked or suspended.

(k) Has been convicted of a felony, any offense involving moral turpitude or any offense relating to the practice of perfusion or the ability to practice perfusion.

(l) Has had a license to practice perfusion revoked, suspended, modified or limited by another state or jurisdiction or has surrendered such a license or discontinued the practice of perfusion while under investigation by any licensing authority, a medical facility, a branch of the Armed Forces of the United States, an insurance company, an agency of the Federal Government or any employer.

(m) Engaged in any sexual activity with a patient who was being treated by the perfusionist.

(n) Engaged in disruptive behavior with physicians, hospital personnel, patients, members of the family of a patient or any other person if the behavior interferes with the care of a patient or has an adverse impact on the quality of care rendered to a patient.

(o) Engaged in conduct which brings the profession of perfusion into disrepute, including, without limitation, conduct that violates ~~any of the following ethical guidelines:~~

~~(1) A perfusionist shall at all times hold the well-being of his or her patients paramount and shall not act in such a way as to bring the interests of the perfusionist into conflict with the interests of his or her patients.~~

~~— (2) A perfusionist shall not engage in conduct that violates the trust of a patient and exploits the relationship between the perfusionist and the patient for financial or other personal gain.~~

~~— (3) A perfusionist shall not delegate licensed responsibilities to a person who is not qualified to perform those responsibilities.]~~ *the provisions of section 3 of this regulation.*

(p) Engaged in sexual contact with a surrogate of a patient or with any person related to a patient, including, without limitation, a spouse, parent or legal guardian of a patient, that exploits the relationship between the perfusionist and the patient in a sexual manner.

(q) Made or filed a report that the perfusionist knew to be false, failed to file a record or report as required by law or willfully obstructed or induced another person to obstruct any such filing.

(r) Failed to report to the Board any person that the perfusionist knew, or had reason to know, was in violation of any provision of this chapter or chapter 630 of NRS relating to the practice of perfusion.

(s) Has been convicted of a violation of any federal or state law regulating the prescription, possession, distribution or use of a controlled substance.

(t) Held himself or herself out or permitted another person to represent the perfusionist as a licensed physician.

(u) Violated any provision that would subject a person to discipline pursuant to NRS 630.301 to 630.3065, inclusive, or NAC 630.230.

(v) Failed to comply with any applicable provision of chapter 629 of NRS or any regulation adopted pursuant thereto.

2. A person who has been licensed as a perfusionist by the Board but is not currently licensed, has surrendered his or her license or has failed to renew his or her license may be disciplined by the Board upon hearing a complaint for disciplinary action against the person.

3. If a perfusionist loses his or her certification by the American Board of Cardiovascular Perfusion or its successor organization, his or her license to practice perfusion is automatically suspended pending further action by the Board of Medical Examiners.
