

Informational Statement

The information required by NRS 233B.066 is provided below:

1. A clear and concise explanation of the need for the adopted regulation.

NRS 293.124 provides the Secretary of State, as the Chief Officer of Elections for the State of Nevada, the authority to adopt such regulations as are necessary to carry out the provisions of title 24 of NRS. The purpose of the proposed amendment is to codify standards and procedures for various election functions. Specifically establishing certain requirements relating to signatures on certain petitions; setting forth certain requirements relating to requests to remove a name from certain petitions; and providing other matters properly relating thereto.

2. A description of how public comment was solicited, a summary of the public response and an explanation of how other interested persons may obtain a copy of the summary.

The Office of the Secretary of State solicited comment on the proposed amendment by posting a notice with links to the full text of the proposed amendment to the LCB Administrative Regulation Notices website, Secretary of State's website, and Nevada Public Notice website as well as posting notices and agendas in numerous public locations pursuant to NRS 233B. The notices were also distributed through the agencies 'eNotifier' application which sent them to approximately 815 individual email addresses.

All 17 county clerks and registrars were given a copy of all notices and proposed text along with the guidance to distribute to anyone who may be interested.

A workshop was held regarding this regulation on February 2, 2024 and the adoption hearing was held on February 14, 2024. The notices, proposed text, and link to the video of the workshop and adoption hearing are posted at the following website:

<https://www.nvsos.gov/sos/elections/election-information/elections-regulations>

Written comments received prior to each adoption hearing are available upon request.

There was limited public response about this unique regulation. Comments received generally called for the elimination of all proposed regulations including this one.

- 6. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.**

Comments generally called for the regulation to not be moved forward or were questions about the process. Other suggestions conflicted with existing laws. - 8. The estimated cost to the agency for enforcement of the proposed regulation.**

There is no anticipated cost related to the enforcement of the proposed regulation.
