A REGULATION relating to financial institutions; amending references to certain sections of the Nevada Revised Statutes in certain provisions related to credit unions; replacing references to the Administrator of Financial Institutions with references to the Commissioner of Financial Institutions; revising provisions related to the registration of providers of debt-management services; repealing certain obsolete or duplicative provisions; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law sets forth requirements for the formation, licensure, operation and governance of credit unions. (Chapter 672 of NRS) **Sections 1 and 10-18** of this regulation update internal references to sections of the Nevada Revised Statutes (NRS) that were moved in revision from chapter 678 of NRS to chapter 672 of NRS.

Existing law establishes the position of the Commissioner of Financial Institutions. (NRS 657.026) **Sections 3-7** of this regulation replace references to the obsolete term “Administrator of Financial Institutions” with references to the Commissioner.

Existing law, with certain exceptions, prohibits a person from providing debt-management services in this State unless the person obtains a registration from the Commissioner. (NRS 676A.300) Existing law authorizes the registration of providers of debt-management services through the use of the Nationwide Multistate Licensing System and Registry. (NRS 676A.410) The registration of a provider of debt-management services through the Registry expires on December 31 of each year unless the registration is renewed. (NRS 676A.320, 676A.370, 676A.410) **Section 8** of this regulation changes the annual expiration date of such a registration from June 30 to December 31 to reflect the use of the Registry for the registration of providers of debt-management services in this State.

Under existing law, if a registration as a provider of debt-management services is not renewed between November 1 and December 31 of any year, the registration is cancelled as of December 31 of that year. If a registration as a provider of debt-management services is cancelled because of the failure to timely renew the registration, the provider of debt-management services may reinstate the registration by submitting to the Commissioner all information and fees required to renew and reinstate the registration not later than February 28 following the cancellation of the registration. (NRS 676A.370) **Section 19** of this regulation repeals a conflicting procedure in existing regulations for the reinstatement of a registration as a provider of debt-management services. (NAC 676A.140)

Existing law, with certain exceptions, prohibits a person from serving as a private professional guardian for protected persons unless the person is: (1) a natural person who is certified by the Center for Guardianship Certification, or any successor organization, and is employed by a corporation, limited-liability company, partnership or other type of entity that is licensed by the Commissioner as a private professional guardian; or (2) is an entity that is licensed by the Commissioner and satisfies certain other requirements. (NRS 159.0595, 628B.300) Because existing law only requires an entity to have a license from the Commissioner, **section 19** repeals an obsolete requirement for the licensure of natural persons as private professional guardians. (NAC 628B.100)

Existing law provides that the words and terms defined in the NRS have the same meaning in corresponding provisions of the Nevada Administrative Code. (NRS 0.024) **Section 19** repeals definitions of terms in regulations governing thrift companies and credit unions for which a definition is currently set forth in Nevada Revised Statutes. (NRS 672.061, 677.065, 677.075, 677.110; NAC 677.074, 677.076, 677.085, 678.004) **Sections 2 and 9** of this regulation make conforming changes related to the removal of these definitions.
