

**ADOPTED REGULATION OF THE COMMISSION ON
PROFESSIONAL STANDARDS IN EDUCATION**

LCB File No. R012-24

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: § 1, NRS 391.019.

A REGULATION relating to educational personnel; revising requirements for a person to teach pupils who have disabilities and who are under 8 years of age in a program of early childhood special education; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Commission on Professional Standards in Education to adopt regulations setting forth the educational requirements a teacher must satisfy to qualify for an endorsement in a field of specialization. (NRS 391.019) With certain exceptions, existing regulations require a person to hold an endorsement to teach pupils who have disabilities and who are under 8 years of age in a program of early childhood special education before teaching such pupils in such a program. (NAC 391.363) This regulation eliminates an exception to this requirement that allows a person to teach a class in which the majority of the children have developmental delays and are the age of pupils in kindergarten if the person holds a license to teach special education for kindergarten through grade 12 with certain endorsements and has certain teaching experience on or before September 1, 1994.

Existing regulations establish various alternative avenues by which a person may qualify to receive an endorsement to teach pupils who have disabilities and who are under 8 years of age in a program of early childhood special education. One such avenue allows a person to receive such an endorsement if the person has completed at least 18 semester hours in certain courses and certain student teaching, work experience or field experience. (NAC 391.363) This regulation requires a person who wishes to qualify for such an endorsement by those means to hold a bachelor’s or more advanced degree. Additionally, this regulation: (1) revises the courses that such a person must complete; and (2) increases, from 18 to 24, the minimum number of semester hours in certain classes that must be completed.

Finally, this regulation eliminates an avenue by which a person may receive an endorsement to teach pupils who have disabilities and who are under 8 years of age in a program of early childhood special education if the person has completed a certain program of special education approved by the Department of Education.

Section 1. NAC 391.363 is hereby amended to read as follows:

391.363 1. ~~{Except as otherwise provided in subsection 5, before}~~ *Before* teaching pupils who have disabilities and who are under 8 years of age in a program of early childhood special education, a person must:
