

**APPROVED REGULATION OF THE
STATE CONTRACTORS' BOARD**

LCB File No. R030-24

Filed September 16, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 624.100 and 624.220.

A REGULATION relating to contractors; revising provisions governing the subclassifications of certain licenses; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Contractors' Board to adopt regulations necessary to effect the classification and subclassification of contractors consistent with the established usage and procedure found within the construction business. (NRS 624.220) Under existing regulations, a contractor who holds a license designated classification C-3 or C-14 may engage in the specialty of carpentry, maintenance and minor repairs or the specialty of steel reinforcing and erection, respectively. (NAC 624.210, 624.310) **Section 1** of this regulation specifies that the installation and repair of doors and windows under a C-3a subclassification includes door and window frames made of certain materials. **Section 2** of this regulation specifies that the installation and repair of doors and windows under a C-14e subclassification includes door and window frames made of metal or wood.

Section 1. NAC 624.210 is hereby amended to read as follows:

624.210 1. The Board will grant to qualified applicants a license in the specialty of carpentry, maintenance and minor repairs. The Board designates such a license as "classification C-3." A person who holds a license designated classification C-3 may perform any of the work authorized for the subclassifications of the classification C-3.

2. The subclassifications of a license designated classification C-3 and the work authorized for persons licensed in the respective subclassifications are:

(a) CARPENTRY AND REPAIRS (subclassification C-3a): The construction of form work, framing or rough carpentry necessary to construct framed structures, the installation or repair of individual components of framing systems, rough carpentry or associated work, including the construction or installation of subflooring, siding, exterior staircases and railings, roof decking, truss members and sheathing, and the fabrication, installation and repair of wood and wood products for structural and finishing purposes, such as doors, windows, cabinets and fixtures. ~~[Studs]~~ *Doors, door frames, windows, window frames, studs* and other members within this subclassification may be made of wood, formed sheet metal, vinyl, aluminum and similar products that emulate traditional milled wood and which may be installed or used with traditional methods of carpentry joinery such as glue, nails, screws and bolts and which do not require welding or other similar forms of joining.

(b) FINISH CARPENTRY (subclassification C-3b): The installation, repair and finishing of cabinets, sash casing, door casing, wooden flooring, baseboards, countertops and other millwork. Finish carpentry does not include the installation of ceramic tile, marble and artificial or cultured stone.

(c) INSULATION AND WEATHER STRIPPING (subclassification C-3c): The installation of material used for the insulation of buildings and the application of weather stripping and caulking for the internal control of the effects of weather, including, without limitation, the installation of firestop systems.

(d) OVERHEAD DOORS (subclassification C-3d): The fabrication, erection and installation of guides, counterweights, tracks, weather stripping, automatic and manual controls, and all other apparatuses and equipment appurtenant to the efficient installation and operation of overhead doors.

(e) DRYWALL (subclassification C-3e): The installation, taping and finishing of drywall, panels and assemblies of gypsum wallboard, sheathing, acoustical tile and studs made of sheet metal for the framing of ceilings and nonstructural partitioning.

Sec. 2. NAC 624.310 is hereby amended to read as follows:

624.310 1. The Board will grant to qualified applicants a license in the specialty of steel reinforcing and erection. The Board designates such a license as a “classification C-14” license. A person who holds a classification C-14 license may perform any of the work authorized for the subclassifications of the classification C-14 license.

2. The subclassifications of the classification C-14 license and the work authorized for persons licensed in the respective subclassifications are:

(a) REINFORCING STEEL (subclassification C-14a): The fabrication, placement and tying of steel reinforcing bars (rods), and post-tensioning to reinforce concrete buildings and structures.

(b) STRUCTURAL STEEL (subclassification C-14b): The fabrication and erection of structural steel shapes and plates used as structural members, or tanks, including any connected riveting, welding and rigging.

(c) ORNAMENTAL METAL (subclassification C-14c): The assembling, casting, cutting, shaping, stamping, forging, fabricating and installing of metals for the architectural treatment, ornamental decoration or security of structures, but does not include the work authorized by a classification C-13 license issued by the Board in the specialty of using sheet metal.

(d) CURTAIN WALL (subclassification C-14d): The installation of such materials as are generally accepted by contractors for use as curtain wall materials.

(e) ~~METAL~~ DOORS AND WINDOWS (subclassification C-14e): The installation *and repair* of ~~metal~~ doors ~~and~~, *door* frames, ~~and metal~~ windows and *window* frames ~~+~~ *made of metal or wood*.

(f) STORE FRONTS (subclassification C-14f): The construction of window walls in the fronts of stores and the installation of lightweight metals to a height not exceeding 25 feet from the threshold of the entrance on the ground floor of the store.

(g) PREFABRICATED STEEL STRUCTURES (subclassification C-14g): The construction of structures made of prefabricated steel for the support, shelter or enclosure of persons, animals or other chattels.

(h) AWNINGS AND LOUVRES (subclassification C-14h): The fabrication and installation of awnings and louvres made of wood, fabric, plastics, metal or other acceptable products.

(i) RIGGING AND CRANES (subclassification C-14i): Rigging as it is customarily accepted by contractors and the operation of cranes.

(j) CONVEYANCE OF GOODS (subclassification C-14j): The fabrication and installation of conveyor systems, dock levelers and pallet racks designed to transport and move goods and freight, including any appurtenant controls, devices and equipment. The provisions of this paragraph do not authorize a holder of a subclassification C-14j license to install electrical wiring or supply electrical power to conveyor systems, dock levelers or pallet racks designed to transport and move goods and freight.
