The following information is provided pursuant to the requirements of NRS 233B.0603:

1. ***The need for and the purpose of the proposed regulation or amendment.***

-The proposed regulation results from a legislative directive AB 147 authorizing the practice of teledentistry and providing for the issuance of a special endorsement to dental providers to administer immunizations.

2. ***If the proposed regulation is a temporary regulation, the terms or the substance of the proposed regulation to be adopted, amended, or repealed, or a description of the subjects and issues involved.***

N/A

(a) *Both adverse and beneficial effects; and*

(b) *Both immediate and long term effects.*

Regulated Business

-The estimated beneficial economic effect on the regulated businesses will be to open different options for dental practitioners to serve the public through teledentistry. Said businesses will benefit from potentially increased patient clientele as well as providing more alternatives to provide dental care and potentially immunizations; any negative effect on the regulated business will be marginal at best.

-The anticipated immediate effect on the regulated businesses will be to increase the number of practitioners that can provide “long distance” dental service, especially to the rural areas of Nevada; the long term effect will be to provide more access to dental services to more populations of Nevadans thereby potentially reducing the ancillary health issues associated with inconsistent and/or non-existent dental care.

Public

-The estimated beneficial economic effect on the public will be greater access to dental practitioners to serve the public in addition to offering another option for securing immunizations. Said access will benefit the public in decreasing dental related health issues and potentially lost work hours related thereto; there is no projected negative economic effect on the public.

-The anticipated immediate effect on the public will be more options for dental services and immunizations, particularly in rural and underserved areas; the long term effect will be the same over time.

5. *The methods used by the agency in determining the impact on a small business.*

-The Nevada State Board of Dental Examiners solicited written and oral comments, objections and suggestions from various stakeholders at meetings designed to address the legislative directive of AB 147 authorizing the practice of teledentistry and providing for the administration of immunizations.

6. *The estimated cost to the agency for enforcement of the proposed regulation.*

-Twenty-Five Thousand Dollars (\$25,000.00) annually to review and prosecute complaints against licensees for not adhering to statutes/regulations concerning teledentistry and to review applications for special endorsement to administer immunizations.

7. *A description of and citation to any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. Legislative Counsel’s Digest:

Assembly Bill No. 147 (A.B. 147) of the 2023 Legislative Session enacted provisions to: (1) regulate the practice of teledentistry by dentists, dental hygienists and dental therapists; and (2) provide for the issuance of a special endorsement for a dentist, dental hygienist or dental therapist to administer immunizations. (Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3319) A.B. 147 requires the Board of Dental Examiners of Nevada to adopt regulations governing teledentistry. (Section 13 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3325)

A.B. 147 requires a dentist, dental hygienist or dental therapist to establish a bona fide relationship, as defined by regulation of the Board, with a patient before providing services to the patient through teledentistry. (Section 10 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3323) **Section 2** of this regulation defines the term “bona fide relationship” for that purpose. **Section 3** of this regulation prescribes: (1) the services that a dentist, dental hygienist or dental therapist is authorized to provide through teledentistry; and (2) the requirements governing the issuance of a prescription through teledentistry. **Section 3** also requires a dentist, dental hygienist or dental therapist who provides services through teledentistry to maintain a list of dental providers to whom the licensee may refer a patient when in-person care is necessary.

A.B. 147 requires a dentist, dental hygienist or dental therapist to obtain the informed verbal or written consent of a patient or the informed written consent of the parent or guardian of a patient, as applicable, before providing services through teledentistry. A.B. 147: (1) requires a dentist, dental hygienist or dental therapist who is seeking such informed consent to provide certain information to the patient; and (2) authorizes the Board to prescribe by regulation additional information that the licensee is required to provide to the patient. (Section 10 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3323) **Section 4** of this regulation requires such a dentist, dental hygienist or dental therapist to provide to the patient: (1) his or her license and contact information; and (2) certain information concerning the services that he or she may provide through teledentistry and the actions that will be taken in an emergency. **Section 4** also requires a dentist, dental hygienist or dental therapist to obtain from a patient: (1) a signed acknowledgment that the patient received a notice of privacy practices required by federal law; and (2) certain information relating to the medical history of the patient and the manner in which the dentist, dental hygienist or dental therapist will be compensated for the services.

Section 5 of this regulation prescribes the purposes for which a dentist, dental hygienist or dental therapist may use teledentistry to collaborate with: (1) a physician, physician assistant or advanced practice registered nurse; or (2) a dentist, dental hygienist or dental therapist who practices in a different specialty area. **Section 5** also prescribes certain requirements to ensure communication between multiple dentists, dental hygienists and dental therapists who are providing care to the same patient through teledentistry.

Existing law requires a dental therapist to enter into a written practice agreement with his or her authorizing dentist. Existing law prohibits a dental therapist from providing services outside the direct supervision of his or her authorizing dentist until he or she has obtained a certain number of hours of clinical practice as a dental therapist. (NRS 631.3122) **Section 6** of this regulation requires a written practice agreement between an authorizing dentist and a dental therapist who has not obtained those hours of clinical practice to contain certain provisions concerning supervision of the dental therapist through teledentistry.

A.B. 147 provides for the issuance of special endorsements to authorize a dentist, dental hygienist or dental therapist to administer immunizations. (Section 15 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3325) **Section 7** of this regulation defines the term “special endorsement” to refer to such a special endorsement. **Section 8** of this regulation requires that an application for such a special endorsement include copies of certain policies, procedures and plans required by existing law relating to the administration of immunizations. (Section 17 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3326)

A.B. 147 requires an applicant for a special endorsement to administer immunizations to have completed a course of training in the administration of immunizations. (Section 15 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3325) **Section 8** requires that such a course completed by a dental hygienist or dental therapist include at least 20 hours of instruction.

Section 9 of this regulation requires a dentist who holds a special endorsement to administer immunizations and who administers immunizations, or authorizes a dental hygienist or dental therapist to administer immunizations, to adopt written policies and procedures for the storage of immunizations. **Section 13** of this regulation provides that the failure to ensure that each medication or immunization is returned to a safe, appropriate location at the end of each day constitutes unprofessional conduct for which a dentist, dental hygienist, dental therapist or expanded function dental assistant may be disciplined by the Board.

Section 10 of this regulation authorizes the holder of a special endorsement to administer only immunizations for influenza and COVID-19. **Section 10** also requires the holder of a special endorsement to: (1) notify the primary care provider of a patient to whom the holder of a special endorsement administers an immunization of each dose administered; and (2) maintain a log of each immunization that the holder administers. **Section 10** additionally requires a dentist who holds a special endorsement to ensure the availability and regular inspection of emergency equipment. **Section 10** clarifies that a dental hygienist or dental therapist is prohibited from issuing a standing order for the administration of an immunization.

A.B. 147 requires the holder of a special endorsement to administer immunizations to complete certain continuing education. (NRS 631.342, as amended by section 24 of Assembly Bill No. 147, chapter 513, Statutes of Nevada 2023, at page 3329) **Section 11** of this regulation prescribes additional requirements governing continuing education for a dental hygienist or dental therapist who holds such a special endorsement. **Section 12** of this regulation requires: (1) the holder of a special endorsement to administer immunizations who is requesting the renewal or reinstatement of his or her license to certify that he or she has completed the required continuing education; and (2) a dentist, dental therapist or dental hygienist who provides services through teledentistry to certify that he or she possesses certain professional liability insurance required by A.B. 147. - (m) The failure to obtain a patient's written, informed consent before administering general anesthesia, deep sedation or moderate sedation to the patient or, if the patient is a minor, the failure to obtain his or her parent's or guardian's consent unless the dentist determines that an emergency situation exists in which delaying the procedure to obtain the consent would likely cause permanent injury to the patient.

(n) The failure to maintain a record of all written, informed consents given for the administration of general anesthesia, deep sedation or moderate sedation.

(o) The failure to report to the Board, in writing, the death or emergency hospitalization of any patient to whom general anesthesia, deep sedation or moderate sedation was administered. The report must be made within 30 days after the event.

(q) The failure of a dentist who owns a dental practice to provide copies of the records of a patient to a dentist or dental hygienist who provided the services as an employee or independent contractor of the dentist when the records are the basis of a complaint before the Board. 2. For purposes of NRS 631.347, a plan or practice requiring a patient to select a dentist from a specific group does not provide the patient with a reasonable opportunity to select a dentist of his or her own choice, and constitutes unprofessional conduct on the part of any dentist participating in such a plan or practice, unless it, or another plan concurrently available to the patient, allows the patient to:

(a) Have an annual opportunity, lasting for a minimum of 30 days, to select a dentist of his or her own choice for all dental work to be performed during the subsequent 12 months. Any new patient added to the plan or practice must immediately be given an initial opportunity, lasting at least 30 days, to select the coverage supplied by the plan or practice or a dentist of his or her own choice.

(b) Receive the allowance for a procedure performed by a dentist of his or her own choice in substantially the same amount as he or she would if he or she used the services of one of the group of dentists specified by the plan or practice.
