

**PROPOSED REGULATION OF THE
BOARD OF WILDLIFE COMMISSIONERS**

LCB FILE NO. R112-24I

**The following document is the initial draft regulation proposed
by the agency submitted on 05/31/2024**

NAC 501.340 Duties of person managing or supervising conservation project; time for completion; cancellation of funding. (NRS 501.3575)

1. A person who is responsible for managing or supervising a conservation project that is approved by the Commission shall:

(a) Enter into an agreement prescribed by the Department and approved by the Commission for the receipt of a grant of money from the Account;

(b) Comply with all local, state and federal laws when executing the project;

(c) Coordinate all relevant sources of money for the project;

(d) Submit written requests for money in accordance with the policy of the Department before receiving a payment from the Account; and

(e) Upon request of the Commission, allow the Commission or a representative of the Commission who has been designated by the Commission for such a purpose to observe any activity related to the project.

2. A conservation project that receives money from the Account must be completed by the end of the *following* fiscal year for which money is awarded from the Account for the project, ~~unless, before that date, a person who is responsible for managing or supervising the project demonstrates that unusual circumstances exist which require an extension of time and the Commission approves such an extension.~~

3. If the person responsible for managing or supervising the project fails to complete the project in the two-year timeframe, that person must demonstrate that an unusual circumstance exists. An extension of time may be granted if:

a. That person demonstrates a circumstance exists which requires an extension of time; and

b. The Commission approves such extension.

~~4.3.~~—If a person who is responsible for managing or supervising a project fails to meet any requirement of subsection 1, the Commission may cancel funding of the project and disqualify the project from any future funding.
