Call in by Phone (audio only)

United States: +1 775-321-6111

Meeting extension: 925 575 060#

The meeting will also be streamed to the Red Rock Conference room at the Las Vegas Nevada Division of Environmental Protection (NDEP) offices, located at 375 East Warm Springs Road. The purpose of this meeting is to receive comments from all interested persons regarding the information listed on this notice and the meeting agenda. The following information is provided pursuant to the requirements of Nevada Revised Statutes (NRS) 233B.0603.

Permanent Regulation R120-24: Bureau of Air Quality Planning - Aligning Vehicle Emissions Testing Requirements with Nevada Revised Statutes

NDEP is proposing to amend Nevada Administrative Code (NAC) 445B.592(3) to align with Nevada Revised Statutes (NRS) 445B.825, changing the requirement to inspect new motor vehicles until the fourth registration of the vehicle instead of the third. The Nevada Department of Motor Vehicles has approved this regulatory amendment, pursuant to NRS 445B.760.

The proposed changes are not expected to have any economic impact on the public, the regulated community, or the Division.

Permanent Regulation R136-24: Bureau of Water Pollution Control - Clean-Up of Water Regulations Relating to Holding Tanks

NDEP is proposing to revise portions of NAC 445A to expand the definition of “holding tank” and to provide an avenue for permitting the temporary storage of domestic sewage in Nevada counties with populations larger than 700,000.

The proposed changes are expected to have a slight impact on the regulated community in that there is a fee for permits; however, this impact will be offset by the fact that permittees will now be allowed to operate. This amendment is anticipated to have a slight economic impact on the Division in the form of a slight increase in permit applications. These changes are not expected to have any economic impact on the public.

Permanent Regulation R137-24: Bureau of Mining Regulation and Reclamation - Changes to the Fee Structure for the Dewatering of Mines

NDEP is proposing to revise sections of Nevada Administrative Code (NAC) 445A to allow for a comprehensive change to the fee structure for the discharge to groundwater from the dewatering of a mine and water pollution control from mining. These activities are regulated by the Regulation and Closure Program with the Bureau of Mining Regulation and Reclamation. The amendment seeks to increase and modify the fee categories assessed (last updated more than 20 years ago) to align the revenue generated by the permits with the increasing costs associated with implementation of the Mining Program. The amendment also seeks to establish an annual five percent (5%) increase of these fees.

The economic impact on the regulated community will depend on the size of the facility, with larger, more established mines being most impacted. The impact may be significant.

The proposed changes are not expected to have any economic impact on the public or the Division.

Additional Information: Persons wishing to comment on the proposed actions of the SEC may participate in the scheduled public hearing (virtually or by phone) or may address their comments, data, views, or arguments in written form to: State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. The SEC must receive written submissions at least five days before the scheduled public hearing.

If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the SEC may proceed immediately to act upon any written submissions.

Members of the public can inspect copies of the regulations to be adopted at the State Library and Archives in Carson City (100 Stewart Street), and at the offices of the Division of Environmental Protection in Carson City and Las Vegas. The Carson City office is located at 901 South Stewart Street, Suite 4001 and the Las Vegas office is located at 375 East Warm Springs Road, Suite 200.

As required by the provisions of chapters 233B and 241 of Nevada Revised Statutes, the public notice for this hearing was posted at the following locations: the Bryan Building (901 South Stewart Street, Carson City, Nevada); the offices of the Division of Environmental Protection in Las Vegas (375 East Warm Springs Road, Suite 200), at the State Library and Archives building in Carson City (100 Stewart Street), the Nevada Division of Minerals, 400 W. King Street, Carson City, NV and the Department of Agriculture, 405 South 21st Street, Sparks, NV.

In addition, copies of this notice have been deposited electronically at major library branches in each county in Nevada as specified below. This notice and the text of the proposed regulations will also be available on the SEC's website at: <https://sec.nv.gov/meetings/sec-regulatory-meeting-sept-5-2024>. The proposed regulation denoted in this notice, is, or will be, posted on the Legislative Counsel Bureau's website at <http://www.leg.state.nv.us/register/> and also the Department of Administration's website at <https://notice.nv.gov/>.

Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify, in writing, the Nevada State Environmental Commission, in care of Sheryl Fontaine, Executive Secretary, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249, facsimile (775) 687-5856, or by calling (775) 687-9374, no later than 5:00 p.m. on August 28, 2024.
