The meeting will also be streamed to the Red Rock Conference room at the Las Vegas Nevada Division of Environmental Protection (NDEP) offices, located at 375 East Warm Springs Road. The purpose of this meeting is to receive comments from all interested persons regarding the information listed on this notice and the meeting agenda. The following information is provided pursuant to the requirements of Nevada Revised Statutes (NRS) 233B.0603.

1

Permanent Regulation R133-24: Bureau of Safe Drinking Water - Regulatory Clean-up in Response to the Governor's Executive Order E02023-003

R133-24 is proposing to amend various sections of Nevada Administrative Code (NAC) 445A to streamline, clarify, and improve the regulations to provide for the general welfare of the State without unnecessarily inhibiting economic growth.

The proposed changes are not expected have any economic impact on the public, the regulated community, or the Division.

Permanent Regulation R138-24: Bureau of Air Quality Planning - Compliance with Federal Regional Haze Rule and Clean Air Act Requirements

R138-24 proposes to amend Chapter 445B of the NAC to establish the emission limits and control measures required at the Valmy Units and Tracy Unit 4 Pinion Pine to meet Regional Haze reasonable progress requirements instead of closure.

The proposed changes are not expected have any economic impact on the public, the regulated community, or the Division.

Permanent Regulation R144-24: Bureau of Air Quality Planning - Clean Trucks and Buses Incentive Program Requirements

On June 9, 2023, the governor of Nevada signed Assembly Bill (AB) 184, creating the Clean Trucks and Buses Incentive Program (Program), which provides voucher incentives for the purchase of zero emission medium- and heavy-duty vehicles, along with various requirements for the Program and other matters relating thereto.

In accordance with AB 184, this regulation includes additional requirements necessary for NDEP to effectively administer the Program.

The proposed changes are expected to have a largely positive economic impact on the businesses that voluntarily participate in the Program. Incentives are available to local governments, state agencies, and nonprofit organizations, which will have a positive economic impact on these entities. In addition, the adoption of zero emission vehicles will help improve air quality in those areas where the vehicles are driven.

Permanent Regulation R161-24: Bureau of Sustainable Materials Management - Hazardous Secondary Materials

NDEP is proposing to amend sections of Nevada Administrative Code (NAC) 444 to revise the definition of the Solid Waste Rule that was partially adopted in 2020. These amendments will provide regulatory clarification and framework promoting recycling of hazardous materials. The amendments also provide clear guidelines for the proper management of hazardous secondary materials.

The proposed changes are not expected to have any economic impact on the public, the regulated community, or the Division.

Additional Information: Persons wishing to comment on the proposed actions of the SEC may participate in the scheduled public hearing (virtually or by phone) or may address their comments, data, views, or arguments in written form to: State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. The SEC must receive written submissions at least five days before the scheduled public hearing.

If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the SEC may proceed immediately to act upon any written submissions.

Members of the public can inspect copies of the regulations to be adopted at the State Library and Archives in Carson City (100 Stewart Street), and at the offices of the Division of Environmental Protection in Carson City and Las Vegas. The Carson City office is located at 901 South Stewart Street, Suite 4001 and the Las Vegas office is located at 375 East Warm Springs Road, Suite 200.
