

Digest for Adopted Regulation R_020-11

Existing law requires the Commission on Professional Standards in Education to adopt regulations prescribing the qualifications for licensing teachers and other educational personnel and requiring teachers to obtain an endorsement in a field of specialization to be eligible to teach in that field of specialization. (NRS 391.019, as amended by section 2 of Senate Bill No. 315, chapter 432, Statutes of Nevada 2011, at page 2622, and section 2 of Assembly Bill No. 230, chapter 488, Statutes of Nevada 2011, at page 3097)

Existing regulations prescribe the qualifications to receive a special license or endorsement to teach pupils from birth through kindergarten and from birth through second grade. The qualifications for receiving a special license or endorsement to teach pupils from birth through kindergarten are substantially similar to the qualifications for receiving a special license or endorsement to teach pupils from birth through second grade. (NAC 391.088, 391.089) This regulation repeals the special license or endorsement to teach pupils from birth through kindergarten.
