

Digest for Adopted Regulation R_101-11

Existing law requires the State Public Works Board to adopt criteria for the qualification of bidders on contracts for public works. (NRS 338.1375) Existing law also requires the State Public Works Board to adopt criteria for the qualification of a subcontractor to be included in a bid on a public work. (NRS 338.1376)

Section 1 of this regulation removes the requirement that the prime contractor submit a list of public works or private construction projects completed by the principal personnel or any business entity associated with the principal personnel if the application is for qualification for a 2-year period or for a specific public work. **Section 1** requires that the prime contractor report whether the principal personnel or any business entity associated with the principal personnel has been disciplined or fined by the State Contractors' Board or another state or federal agency for conduct that relates to the ability of the prime contractor to perform the work. **Section 1** also allows for prime contractors to be qualified to bid on certain contracts for public works of the Department of Transportation without meeting the criteria set forth in the section.

Section 2 of this regulation removes the requirement that the subcontractor submit a list of public works or private construction projects completed by the principal personnel or any business entity associated with the principal personnel. **Section 2** also requires that the subcontractor report whether the subcontractor, the principal personnel or any business entity associated with the principal personnel has been disciplined or fined by the State Contractors' Board or another state or federal agency for conduct that relates to the ability of the subcontractor to perform the work.
