

SMALL BUSINESS IMPACT STATEMENT

LCB FILE NO. R-019-14

The State Contractors Board considered the factors outlined in NRS 233B.0608(1) and it was determined that a Small Business Impact Statement is not required pursuant to NRS 233B.0609 based upon the following:

1. The fines are outlined in NRS 624.300 and NRS 624.710.
2. The regulation simply provides standards used in the imposition of fines.
3. The regulation also allows the Board to reduce or stay a fine pending completion of a training program or examination required by the Board.
4. No fees are created, increased or decreased by the regulation.

The Board has determined the proposed regulation does not impose a direct and significant economic burden upon a small business or restrict the formation, operation or expansion of a small business.

I certify that to the best of my knowledge or belief a concerted effort was made to determine the impact of this proposed regulation on small businesses and that the information contained in this statement is accurate.
