2. A description of how public comment was solicited, a summary of public response, and an explanation of how other interested persons may obtain a copy of the summary.

Public comment was solicited through both the regulation workshop and public hearing. The attached workshop agenda and notice was posted 15 days prior to the workshop. The attached public hearing agenda and notice was posted 30 days prior to the public hearing. A description of how members of the public could provide comment is included in both items.

There was no public comment at either the workshop or the public hearing.

There was no public comment at either the workshop or the public hearing.

5. A description of how comment was solicited from affected businesses, a summary of their response, and an explanation how other interested persons may obtain a copy of the summary.

Public comment was solicited through both the regulation workshop and public hearing. The attached workshop agenda and notice was posted 15 days prior to the workshop. The attached public hearing agenda and notice was posted 30 days prior to the public hearing. A description of how members of the public could provide comment is included in both items.

There was no public comment at either the workshop or the public hearing.

6. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.

The Department of Education adopted the proposed regulation language at the public hearing held on August 9, 2024. No changes were requested, so the proposed regulation language was adopted without change.

7. The estimated economic effect of the adopted regulation on the business which is to regulate and on the public. These must be stated separately, and each case must include:

There will be no economic effect of the regulation on the business that it regulates. There is no estimated economic effect on the public.

8. The estimated cost to the agency for enforcement of the adopted regulation.

There is no additional cost to the agency for enforcement of this regulation.

9. A description of any regulations of other state or government agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.
