AN ACT relating to criminal offenders; requiring the Department of Corrections to establish a pilot diversion program for certain probation violators to receive treatment for alcohol or drug abuse or mental illness; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that a person who violates the conditions of his or her probation must be brought before the court to determine the actions to be taken, which may include causing the sentence imposed to be executed. (NRS 176A.630) Existing law also authorizes the establishment of programs of treatment for alcohol and drug abuse by the district courts for the treatment of certain offenders. (NRS 453.580) A person who elects to participate in such a treatment program may have his or her sentence set aside upon successful completion of the treatment program. (NRS 458.330) **Section 1** of this bill requires the Department of Corrections to establish a pilot diversion program within the facilities maintained by the Department. The pilot diversion program must be used to provide treatment to certain probation violators if a court has reasonable cause to believe that the probation violators are alcoholics or drug addicts or in need of treatment for a mental illness and if the probation violators are ordered to the custody of the Department to receive such treatment. The Department of Corrections is required to provide food and housing as well as emergency medical services, but is not responsible for providing treatment to the persons placed in the facilities. **Section 1**

17 also requires probationers to release in writing the Department of Corrections from
18 liability as a condition of participation in the pilot diversion program.

19 **Section 3** of this bill identifies the probation violators who are eligible to elect
20 placement in the pilot diversion program. **Section 6** of this bill provides that a
21 person placed in the pilot diversion program is required to pay for the cost of his or
22 her treatment and supervision to the extent of his or her financial resources and
23 authorizes a court to require such a person to perform community service upon
24 completion of treatment to contribute toward the cost of his or her treatment and
25 supervision.

26 **Section 7.5** of this bill provides that upon satisfaction of the terms and
27 conditions imposed upon a probation violator for participation in the pilot diversion
28 program, the court shall release the probationer from supervision and order the
29 probationer to complete any period of probation. If a probation violator violates the
30 rules of the program or does not satisfy the terms and conditions of participation or
31 successfully complete treatment, the court may revoke probation. **Section 8** of this
32 bill requires the Department of Corrections and the Division of Parole and
33 Probation of the Department of Public Safety to jointly provide a report which
34 provides certain data for the Interim Finance Committee. This bill is established as
35 a pilot program, and **section 11** of this bill makes it expire by limitation on July 1,
36 2015.
