Legislative Counsel's Digest:

Existing law authorizes the State Board of Podiatry to license and regulate the conduct of podiatrists and podiatry hygienists. (NRS 635.050-635.180) **Section 2** of this bill requires a licensee to maintain a permanent mailing address with the Board and notify the Board in writing of any change in the licensee's permanent address. **Section 2** also requires the Board to impose a fine against any licensee who fails to notify the Board of a change in his or her permanent address. Additionally, **section 2** requires a licensee who changes the location of his or her office to notify the Board of the new location and requires a licensee who closes his or her office to notify the Board of the closure within 14 days after closing the office. **Section 2** further requires a licensee who closes his or her office to keep the Board apprised of the location and custodian of the medical records of the licensee's patients for a minimum of 5 years.

Existing regulation requires each applicant for licensure by the Board to submit to the Board a complete set of fingerprints and written permission authorizing the Board to submit the fingerprints to the Central Repository for Nevada Records of Criminal History for submission to the Federal Bureau of Investigation for its report. (NAC 635.023) **Section 3** of this bill codifies in statute this existing requirement in regulation.

Section 4 of this bill provides that a licensee is subject to disciplinary action if he or she fails to notify the Board in writing of a change in permanent mailing address in the manner required by **section 2** of this bill.

Section 4.5 of this bill revises provisions governing the qualifications for obtaining a license to practice dental hygiene by providing that an applicant may satisfy the clinical examination requirement for licensure if he or she presents evidence to the Board of Dental Examiners of Nevada that the applicant has, within the 5 years immediately preceding the date of the application, passed a clinical examination approved by the Board and the American Board of Dental Examiners.
