

Assembly Bill No. 69—Assemblyman Elliot Anderson

Joint Sponsor: Senator Kihuen

CHAPTER.....

AN ACT relating to crematories; revising provisions governing the location of a crematory for human remains; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a person may not cremate any human remains except in a crematory whose operator is licensed by the Nevada State Funeral Board. (NRS 451.635) Existing law further provides that a crematory may be erected on or adjacent to the premises of a cemetery or funeral establishment if the location of the crematory is zoned for commercial or industrial use or at any other location where local zoning permits. (NRS 451.645) **Section 1** of this bill imposes an additional restriction upon the operation of a crematory that is proposed to be located in an incorporated city whose population is 60,000 or more (currently Henderson, Las Vegas, North Las Vegas, Reno and Sparks) or in an unincorporated town that is contiguous to such an incorporated city by prohibiting the Board from issuing a license to the applicant unless the proposed location of all structures associated with the crematory are: (1) in an area which is zoned for mixed, commercial or industrial use; and (2) at least 1,500 feet from the boundary line of any parcel zoned for residential use. **Section 1** also requires the Board to examine the location of a crematory when issuing a license to the operator of the crematory to determine whether any restriction relating to the location of the crematory is applicable. **Section 2** of this bill makes the additional restriction relating to the location of a crematory apply to a crematory which is proposed to be erected on or adjacent to a cemetery or funeral home in an incorporated city whose population is 60,000 or more or in an unincorporated town that is contiguous to such an incorporated city. **Section 3** of this bill provides that the new restriction relating to the location of a crematory does not apply to a crematory whose operator is the holder of a license issued or renewed by the Board before October 1, 2013.
