EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to fire safety; repealing provisions governing certain fire protection districts; reenacting certain of those provisions relating to fire safety; revising the circumstances under which a person, firm, association or agency that caused a fire or other emergency that threatens human life would be charged for the expenses incurred to extinguish the fire or meet the emergency; authorizing the State Land Registrar to transfer title to certain real property owned by the State of Nevada to certain local fire protection districts and counties; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law provides for the creation of certain fire protection districts by  
2 petition to the State Forester Firewarden. (Chapter 473 of NRS) The functions of  
3 those districts are currently being transferred to other local government entities.  
4 Accordingly, **section 15** of this bill repeals the provisions of chapter 473 of NRS.  
5 Certain provisions of that chapter relating to fire safety are reenacted in chapter 472  
6 of NRS by **sections 2, 3 and 5** of this bill. **Sections 6-10** of this bill make  
7 conforming changes.

8 Existing law provides that within the boundaries of certain fire protection  
9 districts, any person, firm, association or agency responsible for causing any fire or

10 other emergency which threatens human life may, in certain circumstances, be  
11 charged with the expenses incurred in extinguishing the fire or meeting the  
12 emergency, together with the cost of necessary patrol. (NRS 473.080, 474.550)  
13 **Section 4** of this bill reenacts NRS 473.080 but removes the boundary limitation  
14 and revises the circumstances under which a person, firm, association or agency  
15 would be required to pay those expenses. **Section 8.5** of this bill makes a similar  
16 change concerning those expenses with respect to county fire protection districts.

17 Existing law authorizes the State Land Registrar to transfer any interest in land  
18 owned by the State of Nevada. (NRS 321.003) **Sections 11-13** of this bill authorize  
19 the State Land Registrar to transfer title to certain real property owned by the State,  
20 with certain restrictions, to certain local fire protection districts and counties as the  
21 result of the dissolution of the fire protection districts created pursuant to chapter  
22 473 of NRS.
