15 police of a school district that has police officers and any school resource officer to

22 **section 6** requires the governing body of each charter school to designate persons to

24 **Section 7** of this bill requires the Department of Education, to the extent that

26 of block grants; and (2) make and administer block grants to school districts and  
27 charter schools to employ or contract with social workers and other mental health

29 Existing law requires the Department of Education to develop a model plan for  
30 the management of a crisis or emergency in a public school, including a charter  
31 school, and a private school. Among other requirements, the model plan must  
32 include a procedure for carrying out a lockdown at a school. (NRS 388.253)  
33 **Section 2** of this bill defines "lockdown" for these purposes. Existing law also  
34 requires the board of trustees of a school district and the governing body of a  
35 charter school to establish a development committee to develop a plan to be used  
36 by each public school of the school district or the charter school, as applicable, in  
37 responding to a crisis or an emergency and requires the development committee to  
38 consult with certain persons and entities when developing the plan. (NRS 388.241,  
39 388.243) **Section 9** of this bill requires each development committee, when  
40 developing the plan, to also consult with an emergency manager, a school resource  
41 officer or the chief of school police of the school district, if such a person exists in  
42 the school district.

43 Existing law requires each school district, each charter school and each private  
44 school to provide drills for pupils at least once each month during the school year to  
45 instruct those pupils in the procedures to be followed in the event of a fire or other  
46 emergency. (NRS 392.450, 394.170) **Sections 13 and 14** of this bill require at least  
47 one-half of these drills to include instruction in appropriate procedures to be  
48 followed in the event of a lockdown, as defined in **section 2** of this bill. **Sections 13**  
49 **and 14** also revise provisions governing the emergency drills conducted at a school  
50 located in a city or town to require the drills to be approved by the chief of the fire  
51 department of the city or town or voluntary fire department, as applicable. Finally,  
52 **section 13** requires: (1) any public school located in a county whose population is  
53 less than 100,000 (currently all counties other than Clark and Washoe Counties) to
