

Assembly Bill No. 98—Assemblymen Bustamante Adams  
and Paul Anderson

CHAPTER.....

AN ACT relating to financial administration; revising provisions governing the employees of the Office of Grant Procurement, Coordination and Management of the Department of Administration; eliminating the requirement that priority be given by the Office to certain grants; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Under existing law, the Office of Grant Procurement, Coordination and Management of the Department of Administration is required to provide assistance to state agencies with respect to grants, including, without limitation, researching, identifying and writing grants for state agencies and making state agencies aware of grant opportunities. (NRS 232.222-232.227) Existing law requires the Administrator of the Office of Grant Procurement, Coordination and Management to employ two persons to serve in the unclassified service of the State. (NRS 232.223) **Section 1** of this bill removes the limit on the number of employees that the Administrator is required to employ and instead requires that the Administrator, within the limits of money appropriated or authorized to be expended for the purpose, employ such persons in the classified or unclassified service as he or she deems necessary.

Existing law requires the Administrator, when researching the availability of grants and writing grant proposals and applications for a state agency, to give priority to grants: (1) for the Department of Health and Human Services; (2) for the Office of Energy; and (3) which may facilitate economic development in this State. **Section 2** of this bill eliminates this prioritization requirement.
