EXPLANATION - Matter in bolded italics is new; matter between brackets formitted material; is material to be omitted.

AN ACT relating to education; requiring the creation of a community education advisory board by certain local governmental entities; providing for the appointment by a community education advisory board of the trustees of certain school districts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the board of trustees of a school district in which more than 75,000 pupils are enrolled (currently the Clark County School District) to establish election districts for school trustees which are as nearly equal in population as practicable and composed of contiguous territory. (NRS 386.165) Section 2 of this bill replaces these election districts with trustee districts, which also must be as nearly equal in population as practicable and composed of contiguous territory. Section 1 of this bill requires the creation of a community education advisory board for each trustee district.

Under existing law, the board of trustees of a school district in which more than 75,000 pupils are enrolled (currently the Clark County School District) is comprised of seven members who are elected from election districts established by the board of trustees. (NRS 386.165) Section 2 instead requires that the members of the board of trustees be appointed by the community education advisory board for the trustee district he or she represents.
