Vision

1971 Wild and Free-Roaming Horses and Burros Act

Integral part of the natural system
of the public lands

“Excess animals” must be removed
from an area to preserve and
maintain a thriving natural
ecological balance and multiple-
use relationship

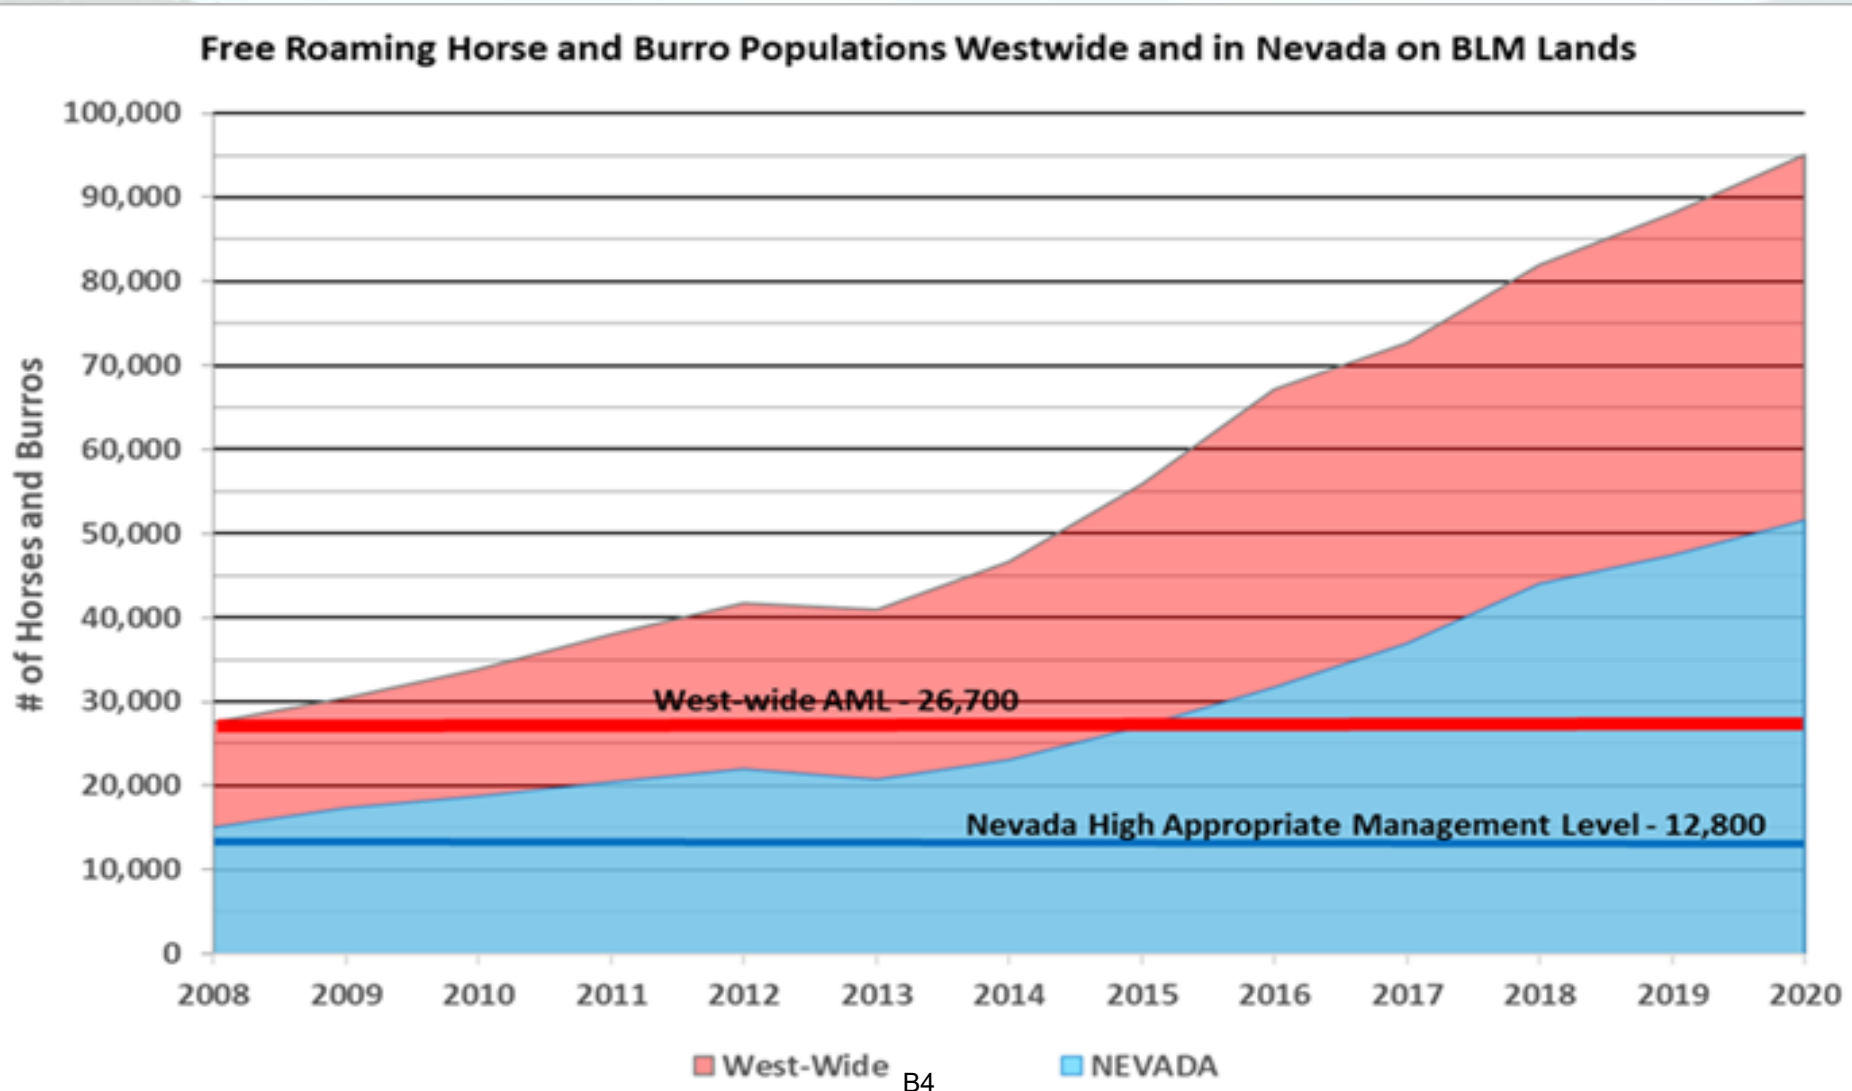

Management in consultation with the
wildlife agency of the State

To protect the natural ecological balance
of all wildlife species

Protect the range from the deterioration
associated with overpopulation with
Appropriate Management Levels (AML)

Numbers are Record High and Unsustainable In Nevada and Nationally

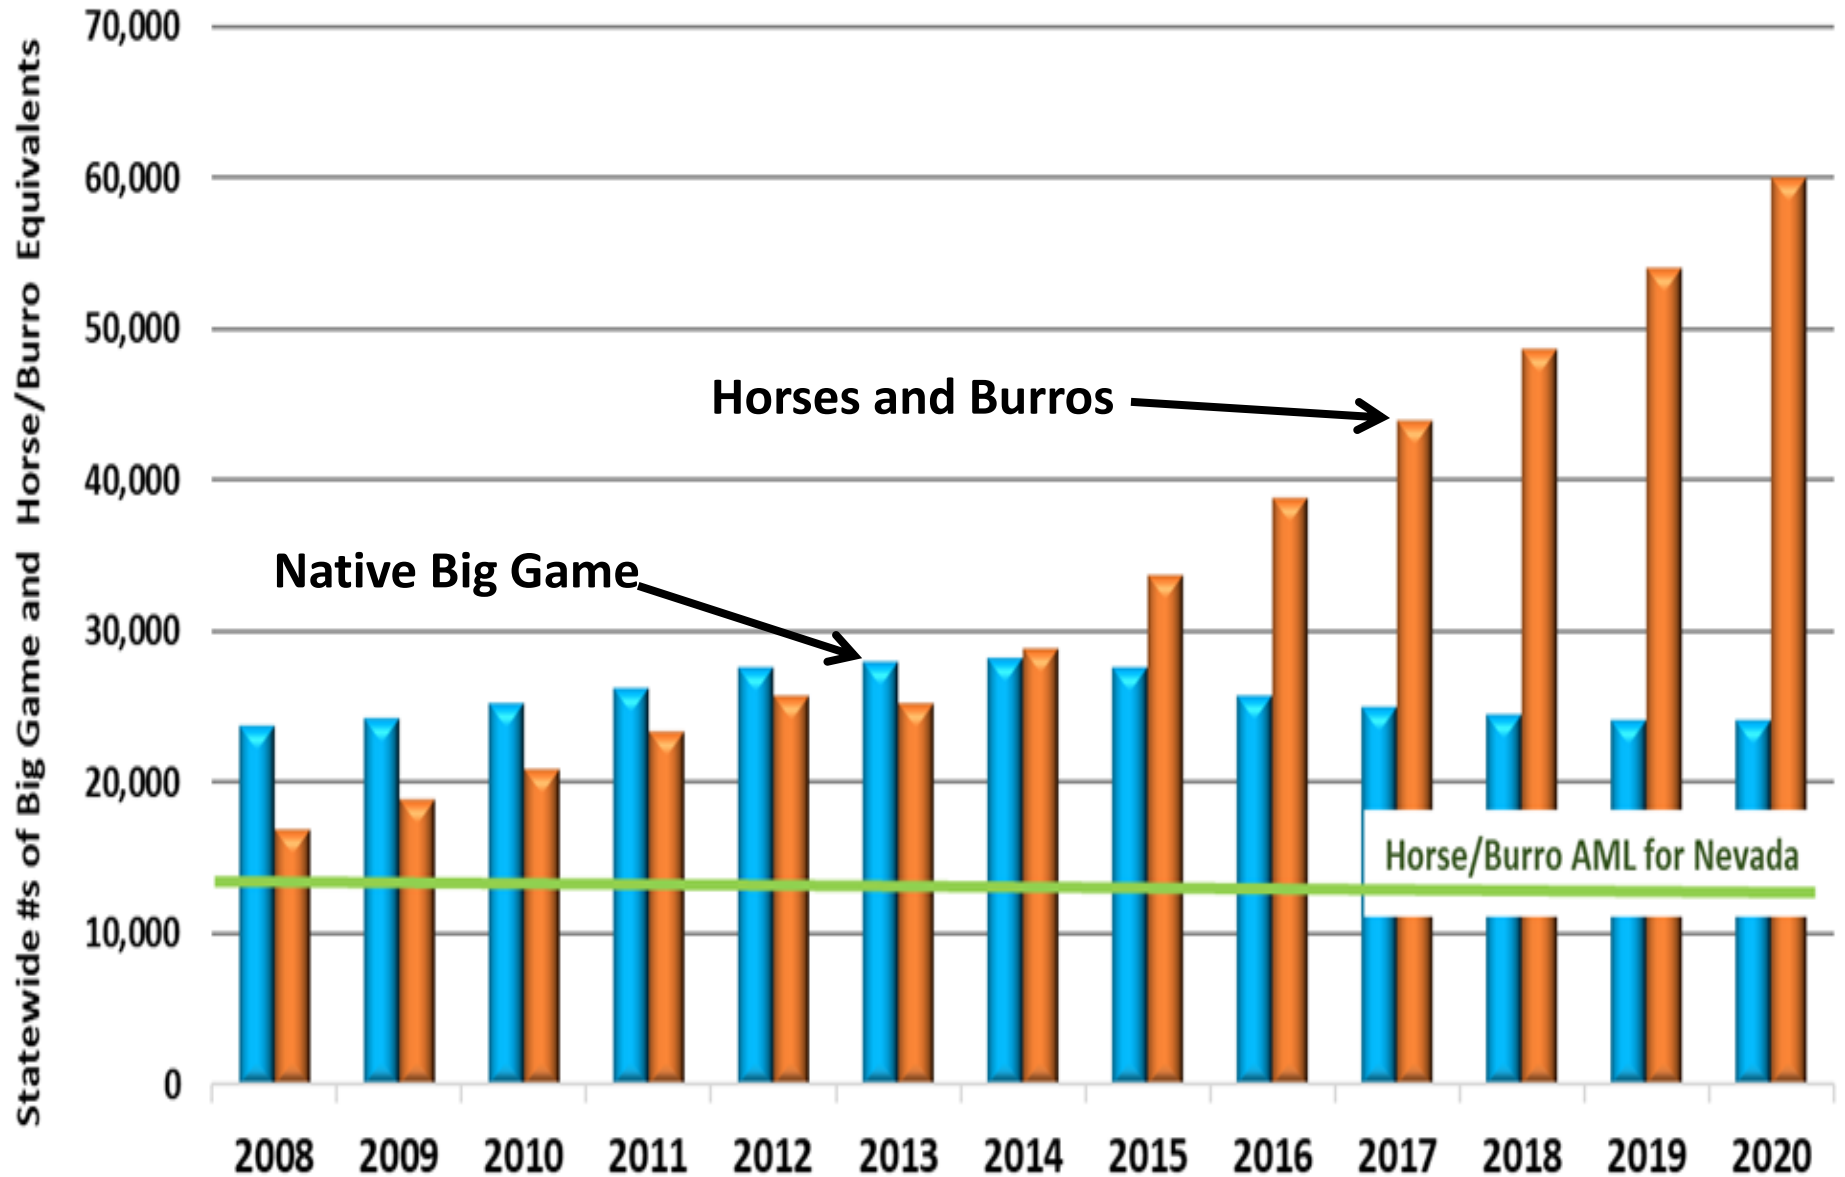

FRHB are Shrinking & Drying

Trampled overgrazed riparian vegetation and altered flow patterns concentrate water flow → erosion and drying

Comparable weight of big game vs horses/burros across Nevada

SJR3

Therefore be it resolved the Nevada Legislature supports :

Funding BLM for immediate effectiveness and longer-term sustained efficacy in Nevada and Nationally;

Excess free-roaming horses and burros to off-range pastures to achieve AML within 6 years;

Letters to Congress and the Nevada Delegation;

For immediate effect.
