Please provide the consultant with a copy of any written materials  
used in your presentation.

For more information contact (775) 684-6821  
Legislative Counsel Bureau, Fiscal Analysis Division

The consultant for the Legislative Committee on School Financing Adequacy will hold a public forum to receive public input on school funding issues in Nevada. The meeting will be held from 5-7 p.m. on Monday, April 24, 2006, in the theatre at Wooster High School, 1331 East Plumb Lane, Reno, Nevada.

Following a brief description of the committee's purpose, the consultant, Augenblick, Palaich and Associates, Inc. (APA) of Denver, Colorado, will provide an overview of the work it is undertaking, which is designed to estimate the cost of an adequate education and to develop the parameters needed to build a school finance system.

The public is then invited to comment on the work of the committee, the work of the consultant, or on any school finance issue that might be of interest to policymakers in Nevada. The committee and its consultant are particularly interested in hearing about the needs of schools and school districts, the cost of providing education services in the state, the cost of meeting the state's accountability standards, and the financial pressures schools and school districts face that are beyond their control.

The committee urges participants to limit their oral presentations to 3-5 minutes and to provide the consultant with a copy of any written materials used in their presentations.
