The Joint Interim Standing Committee on Natural Resources ([Assembly Bill 443](#) [2021]) will hold a work session to consider certain recommendations at an upcoming meeting. Committee staff will review meeting materials and testimony received at prior meetings to develop a list of recommendations for review by the chair and possible consideration by the Committee during the work session phase of the meeting.

All interested parties may provide recommendations for possible consideration during the work session. The Committee has a limited allocation of bill draft requests (BDRs) for the 2023 Legislative Session. In addition to BDRs, the Committee may write letters to specific individuals and organizations urging certain action or include positional statements in its final report.
