## **WORK SESSION DOCUMENT**

Nevada's Commission on Special License Plates  
(*Nevada Revised Statutes* 482.367004)

**April 11, 2014**

The following "Work Session Document" was prepared by staff of Nevada's Commission on Special License Plates (*Nevada Revised Statutes* 482.367004). The document contains applications from organizations requesting a special license plate. The applications were presented in hearings and submitted in writing for the Commission's consideration. The Work Session document also may contain supplemental information as referenced in the document. If you would like copies of these supporting documents, please contact Marjorie Paslov Thomas, Principal Research Analyst, Research Division, Legislative Counsel Bureau (LCB) at 775/684-6825.

The organizations applying for special license plates listed in this document do not necessarily have the support or opposition of the Commission. Rather, these possible actions are compiled and organized so the members may review them to decide if they should be recommended to begin the preparation process. The organizations are not preferentially ordered, rather they are listed in order of submittal of their application to the Commission and the Department of Motor Vehicles (DMV). Finally, it should be noted that if the Commission recommends the application for the design, preparation, and issuance of a special license plate, the DMV, in cooperation with the sponsoring organization, will begin designing the special license plate. All designs of these plates are subject to the approval of the DMV.
