TEXT OF REPEALED SECTIONS

433A.010 “Division” defined. As used in this chapter, unless the context otherwise requires, “division” means the mental hygiene and mental retardation division on the department of human resources.

433A.020 Payment of full cost if able; schedule of fees; limitations.

1. A mental health facility operated by the division shall charge each client the full cost of his treatment if he is able to pay the full cost.
2. If a client is unable to pay the full cost, the facility shall charge him in accordance with the schedules set forth in NAC 433A.023 to 433A.037, inclusive, which are based upon ability to pay.
3. Whenever a bill for a client's treatment is to be paid under an insurance policy, Medicare or state aid to the medically indigent, the facility shall charge the actual cost of the treatment. The payments to be made by the appropriate insurer or public agency plus any fees paid by the client must not, however, exceed the actual cost of the treatment.
4. If any fee established in the schedules set forth in NAC 433A.023 to 433A.037, inclusive, exceeds the actual cost of the service, the amount which may be charged to the client (or responsible person) is limited to the actual cost.

2. A visitor must leave any camera brought to the institute in his automobile or with the switchboard operator during the visit. A visitor may not take a camera to any buildings or onto the grounds of the institute. If a visitor wishes to take a picture of the relative or friend who is being visited, the director of nursing service, the supervisory psychiatric nurse of the service area

If there is some doubt in the nursing supervisor's mind regarding the advisability of this procedure, he may contact the doctor in charge of the ward or the officer of the day to resolve the doubt.

3. Representatives of the news media may visit the institute and obtain whatever material they need to present information about the institute and about its programs to the public in an unbiased fashion. When members of the news media come to the hospital for interviews or to take pictures, they must come by invitation of a member of the interdepartmental staff or their presence must be approved by the superintendent or, in his absence, by the chairman of the executive committee, or in the absence of both, by the physician who is officer of the day.
