Nevada Educational Choice Scholarship Program 2023 Report

Program Description and Requirements

NRS 388D.270 defines the Nevada Educational Choice Scholarship Program (often referred to as Opportunity Scholarship). This program allows a student whose family has a household income not more than 300% of the federal poverty level to apply for a scholarship from an approved Scholarship Grant Organization (SGO).

NRS 388D.280 requires each scholarship organization which receives a donation, gift or grant of money described to provide an annual report to the Nevada Department of Education (NDE), “on or before January 31 of each year, which includes.

1. The name, address and contact information of the scholarship organization.
 2. The total number of such donations, gifts and grants received by the scholarship organization during the immediately preceding calendar year.
 3. The total dollar amount of such donations, gifts and grants received during the immediately preceding calendar year.
 4. The total number of pupils for whom the scholarship organization made grants during the immediately preceding calendar year pursuant to [NRS 388D.270](#);
 5. The total dollar amount of such grants made during the immediately preceding calendar year; and
 6. For each school for which such a grant was made during the immediately preceding calendar year:
 - (a) The name and address of the school.
 - (b) The number of pupils enrolled in the school for whom such a grant was made; and
 - (c) The total dollar amount of such grants provided for pupils enrolled in the school.
- (Added to NRS by [2015, 88](#))”

NAC 388D.070 directs the NDE to annually submit a report to the Governor, the Director of the Legislative Counsel Bureau, and the State Board of Education on or before March 30 each year, which provides the information reported to NDE by the registered SGOs. This report fulfills that requirement.

Table I: Summary of Scholarship Participation for Fiscal Years 2023 and 2024

The table below provides numerical details on the breakdown of scholarships for fiscal years 2023 and 2024.

Scholarship Grant Organization	FY23 Total Amount of Scholarships Awarded	Total Number of Students Who Received Scholarships in FY 23*	FY24 Total Amount of Scholarships Awarded (as of December 31, 2023)	Total Number of Students Who Received Scholarship in FY24 (as of December 31, 2023)*
AAA	\$5,514,375	877	\$5,843,697.50	957**
America’s Scholarship Konnection	\$16,726	5	0	0
Education Fund of Northern Nevada	\$805,300	102	\$1,324,000.00	307
Injured Police Officers Fund	\$50,534	31	\$16,075.00	250
Silver State Scholarships	\$2,338,801	492	0	0
Student Choice Fund of Nevada	\$76,000	75	0	0

*Some students received more than one scholarship from different Scholarship Grant Organizations.

**As of this report, AAA was still granting awards for fiscal year 2024.

Summary of Scholarship Participation

The maximum scholarship award permitted for the 2023-2024 school year was \$9,424.00, an increase of \$698.00 from the previous school year. There were 1,603 scholarships awarded in the calendar year 2023 and 2,049 scholarships paid to students in the calendar year. There were 216 students who received more than one scholarship, and six of those students received scholarships from three different Scholarship Organizations. The students who were awarded more than one scholarship were subtracted from the total number of students who received scholarships because they were counted by two different scholarship organizations. Those who were awarded three scholarships from three different scholarship organizations were subtracted twice since they were counted three times, once by each scholarship organization who provided them with a scholarship. There were 1,827 students who received a scholarship in the 2023 calendar year.

Nevada Educational Choice Scholarship Eligibility

Students whose family income does not exceed 300% of the federal poverty guidelines are eligible for the Nevada Educational Choice Scholarship.

Total Dollar Amount of Scholarships Paid	\$4,502,864.43	\$624,907.00	\$13,100.00*	\$1,152,548.27

*Total dollar number of students for whom scholarships were paid was taken from the quarterly reports of the schools receiving the funds since this is not reported on the SGOs quarterly report.

**Silver State Scholarships (SSS) did not award scholarships in 2023-2024 school year, so all scholarships had been awarded and reported in the previous calendar year; however, the scholarships were paid in calendar year 2023. Silver State Scholarship’s data was taken from its last quarter report, June 15, 2023, since it did not award scholarships for the current school year.

Table 5: Average Household Income and Average Scholarship Amount Per Student

Table 5 summarizes the average household income and scholarship amounts by SGO as reported in the January 15, 2024, quarterly report. It is reflective of the last quarter of 2023. Silver State data comes from the previous school year since it has not awarded any scholarships for the 2023-2024 school year.

SGO	Average Household Income	Average Scholarship Amount
AAA	\$58,828.54	\$6,228.45
EFNN	\$55,708.00	\$3,985.00
IPOF	\$56,262.25	\$50.00
SSS	\$55,115.22	\$5,000.00

Summary of Scholarships by Ethnicity/Race

This section of the report provides a summary of the number of scholarship recipients by ethnicity/race as reported by SGOs in their January 15, 2024, quarterly report reflecting scholarships received in the last quarter of 2023. Silver State Scholarships reporting comes from its June 2023 report since it has not awarded any scholarships for the current school year.

Student Achievement Data

NAC 388D.110 requires schools to annually assess students who participate in the Educational Choice Scholarship. NAC 388D.120 requires the Nevada Department of Education by December 15 of each even-numbered year, to submit a report containing the aggregated information to the Governor, the State Board of Education, and the Director of the Legislative Counsel Bureau. In preparation for that report, the Nevada Department of Education analyzed student growth, loss, or stagnancy on four different series of tests: the Iowa Assessment, Measure of Academic Progress (MAP), the Terra Nova and the PSAT/SAT battery of assessments; PSAT 8/9, PSAT, and SAT. Progress was measured year over year with the same assessment. For example, the PSAT 8/9 was compared to the PSAT 8/9 when that information was available. Different subtests were not compared. These assessments were the most utilized by schools whose students participated in the Educational Choice Scholarship program. Only those scores of students who participated in the scholarship program are reported.

There are 21 approved normed assessments from which schools can choose to fulfill the assessment requirement. Schools may assess their students in grades Kindergarten through Grade 2 with a non-normed assessment that is approved by the NDE. PSAT 8/9, PSAT, SAT series of assessments was the only high school series that produced results year-over-year. Although some schools used the ACT series of tests, (Pre-ACT 8/9, Pre-ACT, and ACT), there were no year-over-year comparisons since students either took different assessments each year in high school or no data from the previous year was available. Different subsets of the ACT assessments cannot be compared.

Table 8: Student Achievement Data, Kindergarten – Grade 8

Table 8 shows student growth, loss, and stagnancy comparing the same assessments from 2021-2022 to 2022-2023. The numbers in the table reflect the number of students who participated in the Iowa, MAP, and Terra Nova assessments.

K-8 Assessment	ELA Increase in Score	ELA Decrease in Score	ELA Maintaining Score	Math Increase in Score	Math Decrease in Score	Math Maintaining Score
Iowa	160	32	6	155	35	5
