Chairman Bremner called the meeting to order at 8:00 a.m.

AB 380 Makes appropriation to "Rape Crisis Center" in Las Vegas,  
Nevada.

Mrs. Florence McClure, Director, Community Action Against Rape, appeared on behalf of this bill and requested an appropriation of \$44,128.55 to fund the Center for the next biennium. Mrs. McClure explained the background of this organization which was incorporated in January, 1974. The City of Las Vegas furnishes office space and the Center has been operating under a federal grant which expired December 31, 1980.

Mrs. McClure said that the Rape Crisis Center needs to stay in existence since it is the only real advocacy program for victims of sexual assault. She told of her efforts to raise funds and said she was appearing before the committee as a last resort. The Center is presently operating on an emergency one-time grant of \$20,000 from United Way, and Mrs. McClure said that she was still exploring all possibilities of obtaining federal funds, but she was not at all hopeful. Mrs. McClure added that she believed the budget presented and approved by the Board of Directors on August 10, 1980, could be reduced by \$2,000 or \$2,500.

Chairman Bremner commented that the committee was receiving requests daily for programs that have lost federal funding and the state is unable to grant all such requests.

Chairman Bremner asked if Mrs. McClure thought it would be possible to generate local support if the state were to give her matching money. Mrs. McClure said the program does not lend itself to fund raising as many other organizations do and she believed it would be difficult, if not impossible, to get matching funds.

In response to Mr. Robinson's question, Mrs. McClure said less than 5 percent of rape victims failed to report the crime to police. She further explained the various services offered to these victims by the Center and its volunteers. She also told Mr. Coulter she had tried to raise funds via newspapers, radio and television.

Mrs. McClure stated that any state funds received would be returned if she found another funding source.

Mr. Larry Ketzenberger, Las Vegas Metropolitan Police Department, stated that Sheriff McCarthy had requested him to support Mrs. McClure's request for funding. From the standpoint of his department and the investigators in the sexual assault unit, Mr. Ketzenberger said Mrs. McClure's efforts over the years have been well received and she offers much assistance. The Police Department has had better and more prosecution of rape cases as a result of Mrs. McClure's counselors, he said. He urged the committee to approve the appropriation.

"Clark County" and retain the appropriation of \$32,000 each year of the biennium to be matched by non-state funds, seconded by Mr. Glover. Motion approved.

Mr. Hickey moved DO PASS AS AMENDED, seconded by Mr. Marvel. Motion carried unanimously.

AB 353 MAKES APPROPRIATION FOR REPAIR OF ROOFS OF VARIOUS STATE BUILDINGS.

Mr. Glover said that the Capital Improvement Subcommittee determined that the roofs in question are in need of repair. He suggested that the roofs at the prison be done first and then checked on the quality of the work done before further expenditures are incurred with the program.

Mr. Hickey said he would like comparative figures for the cost of repairing the roofs between contracting the work and the proposed roofing program in AB 353. Chairman Brenner said that to contract the work is much more costly and this program is worth the try because if it does work it could save the state a considerable amount of money.

Mr. Glover moved DO PASS with a letter of intent stating that a report be given to the Interim Finance Committee upon completion of the first roof, seconded by Mrs. Hayes. Motion carried unanimously.

AB 161 EXTENDS THE PROVISIONS FOR MILITARY LEAVE FOR PUBLIC OFFICIALS AND EMPLOYEES AND FOR MEMBERS OF CERTAIN MILITARY ORGANIZATIONS.

Mr. Robinson said that this bill is an effort to encourage young people to stay in the military in the reservists category.

Mr. Brady said that since this bill stipulates that only governmental employees be paid while on reservists duty that he considered it "double dipping."

Mr. Robinson moved DO PASS of AB 161, seconded by Mr. Glover. Motion approved with Mr. Brady, Mr. Marvel, Mr. Rhoads, Mr. Hickey, Mr. Horn and Mr. Bergevin voting NO.

AB 380 MAKES APPROPRIATION TO "RAPE CRISIS CENTER" IN LAS VEGAS, NEVADA.

Mr. Robinson moved DO PASS of AB 380, seconded by Mrs. Hayes. Mr. Coulter said it was his opinion that matching funds should be sought in this program.

Mr. Robinson moved to amend the bill to reduce the amount of the appropriation from \$44,128.55 to \$42,000, seconded by Mrs. Hayes.

Mr. Glover suggested that the \$42,000 be generated from the proposed legislation (SB 371) that increases the marriage license fee by \$5.

Mr. Rhoads expressed his concern that passage of this bill would encourage requests from other parts of the state to fund similar programs in their counties as well.

Senator Sue Wagner addressed the committee upon request in a response to the committee's proposal to generate the proposed \$42,000 each year of the biennium for the Rape Crisis Center from funds that will be received from the additional \$5 increase in marriage license fees (SB 371). Senator Wagner noted that she is opposed to utilizing the funds generated from this increase for every single social service group because it is the intent of the organizations involved in the Nevada Network for Domestic Violence to use the money for social services. However, she said that she is not opposed to funding for the Rape Crisis Center from the proposed increase in marriage license fees.

Mr. Robinson suggested that the \$5 increase be raised to \$6 and the additional dollar would be used to fund the Rape Crisis Center.

9/81  
c 3

Ms. Foley said it was her opinion that not all women's programs come under the category of domestic violence and questioned the concept of funding other social programs from this bill.

Chairman Bremner said that, in effect, this would bring the funding for the Rape Crisis Center under the "umbrella" of services under SB 371.

Mr. Vergiels moved to amend AB 380 to stipulate that \$42,000 each year be earmarked from the county enterprise fund created by the passage of SB 371, seconded by Mrs. Hayes. Motion carried.  
Mr. Vergiels moved DO PASS AS AMENDED, seconded by Mrs. Hayes. Motion carried.

AB 360 CREATES EXEMPTION FOR NONPROFIT PROMOTERS OF ATHLETIC EVENTS.

Mr. Marvel moved DO PASS of AB 360, seconded by Mr. Bergevin. Mr. Hickey said he would like to amend the bill to restrict this to local state amateur athletics only. He noted that the majority of the funds from this bill is used for salaries and travel, not for equipment. Mr. Bergevin noted that there may be a problem with the U.S. Constitution by limiting this to state organizations only. Mr. Frank Daykin, Legislative Counsel, said that AB 360 would limit a tax exemption to a situation where the money raised by the particular exempt event stayed in Nevada. Mr. Hickey said he would further like a letter of intent to the Athletic Commission to eliminate any misunderstanding on the judgment of who should be taxed. Mr. Robinson pointed out that all that would be necessary is for a corporation to be incorporated in the State of Nevada to qualify. Mr. Daykin noted that Mr. Hickey's proposed amendment would mandate that the money would also have to be spent here in Nevada.

Mr. Hickey moved to include the above amendment, seconded by Mr. Marvel. Motion approved with Mrs. Hayes and Mrs. Westall absent. Mr. Hickey moved DO PASS AS AMENDED, seconded by Mr. Marvel. Motion approved with Mrs. Westall and Mrs. Hayes absent.

AB 435 MAKES APPROPRIATION FOR QUAIL AND QUAIL GUZZLERS IN CLARK COUNTY.

Mr. Horn noted that there is an amendment to AB 435 that would reduce the appropriation from \$150,000 to \$75,000 and make it a 3 to 1 match; places the pheasant stamp money for upland game birds; removes the word "quail" out of the bill so that the guzzlers could be used for other birds; eliminates the pheasant stamp entirely; does away with Clark County and makes it statewide and then indicates that any that had not been matched within a 5 year period of time reverts to the General Fund. Mr. Horn moved to adopt the amendment as stated above; seconded by Mr. Robinson. Motion approved with Mrs. Hayes absent.

Mr. Horn moved DO PASS AS AMENDED, seconded by Mr. Robinson. Motion approved with Mrs. Hayes absent.

AB 257 PROVIDES FOR CREATION OF COUNTY BOARDS OF ALCOHOL AND DRUG ABUSE AND MAKES CONTINUING APPROPRIATION OF MONEY FROM LIQUOR TAXES FOR SUPPORT OF LOCAL PROGRAMS FOR PREVENTION AND TREATMENT OF THOSE ABUSES.

Mr. Bergevin moved INDEFINITE POSTPONEMENT, seconded by Mr. Rhoads. Motion approved with Mr. Hickey and Mr. Vergiels not voting.

Athletic Commission

Chairman Bremner said that the passage of AB 360 could reduce the budget for the Athletic Commission by \$2,000 in each year of the biennium under Contract Services. Mr. Glover moved to RE-OPEN

(2) The sum of \$20,000 must be expended to present the performances in counties in which no casino entertainment tax is collected and provide compensation to a person whom the council appoints to act as a coordinator of all the performances presented pursuant to this section.

SENATE BILL NO. 668 - Creates higher education student loan fund.

Mr. Doug Sever, representing the Department of Education, testified in support of Senate Bill No. 668. He noted the purpose of this bill was to create a fund by statute for the higher education student loan program. Currently the program was a budget account in the State Controller system. The budget account simply recorded revenue and expenditures and with the account, assets, liabilities, and fund balances could not be accounted for. The loan program being an independent entity within itself required that it be a fund and this bill created that fund.

Senator Jacobsen inquired if there had been anything like this fund in the past. Mr. Sever indicated there had not. He added that the Legislative Audit Division had recommended that it be a fund. Mr. Barrett noted that only the legislature could create a fund.

Senator Gibson asked what the status of the program was now. Mr. Sever said the funds presently in the program acted as a guarantee for the student loan program through the banks. There was a reserve put up to protect the loans which were Federally insured to protect the banks.

Senator Gibson inquired how much money was in the fund. Mr. Sever stated that, currently, the fund showed total assets of \$515,961 with cash amounting to approximately \$367,000. Senator Gibson inquired if this money came from the appropriations. Mr. Sever said it used to. The State had appropriated to the higher education student loan fund in the past in an effort to raise the reserve and insure the loans. During the last session, a State appropriation was not requested as they felt there was ample reserve in the fund.

Senate Committee on Finance  
May 15, 1981

Senator Gibson asked what was the extent of the subsidy of Mr. Hall's system. Mr. Hall stated the contributions from local agencies in fiscal 1981 was originally programmed for approximately \$1,156,000. That amount was short by about \$130,000 which represented the City of Sparks shortfall. He noted they expected their total operating deficit for that year would be less than they projected because of increases in ridership. Mr. Hall indicated that for FY 1982, their total requirement budget would be approximately six million dollars; the federal share of that would be \$4,400,000 and the local share would be \$1,800,000.

Senator McCorkle asked what the RTC people felt was the priority ranking given the subsidized mass transit needs in relation to other needs. Mr. Hall felt the Federal administration, if they did not subsidize the operation of the system, they would subsidize the maintenance of the system. He believed public transportation was one of the elements that needed to be addressed and therefore had a high priority. Ms. Gilpin stated, in terms of priority, she thought it might be possible to misread the Federal administration's intent in the budget reductions for transit. She felt it was more shifting the burden as opposed to undermining it as a high priority need.

Senator McCorkle commented that it could be conceived that it was not fair that an across the board tax, such as the sales tax, be used to benefit 20% of the population. Ms. Gilpin remarked if it was based on a referendum, the majority of the people would be ruling. Mr. Hall stated the returns through the fare box was more of a function of what the fare level was set at. If the subsidies were not going to be there, the need to raise the fares was recognized.

Senator Bilbray remarked that the idea of funds from a sales tax was not going to pass. He said 25% of the tax that came out of the three areas mentioned, the entertainment tax, should go back to the county. He requested the committee to approve Senate Bill No. 589 so those counties could plan for the future in 1983.
