Assembly
MINUTES OF MEETING - COMMITTEE ON EDUCATION, 54th Session
January 30, 1967

Meeting was called to order.

Present: Garfinkle, Wilson, Getto, Webb, Foote, Espinoza, Prince.
Absent: None.

Chairman Garfinkle introduced Mr. Russ McDonald of the Legislative Counsel to offer his comments on acts pending before the committee.

AB 74: This act to amend NRS 393.155 relating to off-site public school improvement expenditures, by allowing such expenditures to be made after July 1, 1967 is necessitated by the fact that often sewage and waterline access lines could be negotiated for off-site public school property acquisitions more economically at the time the lines are being put in along the property sites and the present situation does not allow the power for this to be done.

AB 75: This act relating to personnel and fiscal policies of the Desert Research Institute is to be given a hearing with Dr. Brooke Mordy from the Institute in attendance. This is scheduled for meeting of Tuesday, February 7.

AB 76: This act requires the Board of Regents to cause inventory records and controls to be maintained by the University. Chairman Garfinkle indicated that the practice of maintaining these controls has been effected and is in practice. This act would affirm the responsibility and fix its continued function.

AB 79: This act relating to the public sale of school district bonds would delete the requirement that bonds not be sold at discount and that publication of notice of sale immediately precede the day when bids are opened. Mr. McDonald explained that this has been requested by the Fiscal Analyst. He stated further that Senate Bill No. 6 pending would relate to this and suggested continuation pending action on that measure.

Mr. Getto moved AB 79 continued for further consideration.
Mr. Webb seconded.
Motion unanimously passed.

Mr. Webb moved Do Pass AB 74.
Mrs. Foote seconded.
Motion unanimously passed.

Mr. Wilson moved Do Pass AB 76.
Mr. Espinoza seconded.
Motion unanimously passed.

Mr. Webb moved AB 75 continued for further consideration after hearing with Dr. Mordy.
Mr. Getto seconded.
Motion unanimously passed.

Assembly Committee on Education

January 31, 1967

Chairman Garfinkle designated Mr. Wilson to handle the floor action on AB 76 and Mr. Webb to handle the floor action on AB 74.

Meeting adjourned.
