MINUTES OF MEETING OF COMMITTEE ON STATE, COUNTY AND CITY AFFAIRS
54TH NEVADA ASSEMBLY SESSION - APRIL 3, 1967

151

Present: Hilbrecht, Dini, Bryan Hafen, Tyson, Wooster, McKissick,
Smith, Garfinkle.

Absent: Roy Young

Chairman Hilbrecht reviewed the presentation that was made in the March 31 meeting on behalf of AB 298 establishing controls and licensing for private patrolmen, polygraph operators, process servers and repossessors.

Smith moved Do Pass AB 298 with the amendments as drawn.
Bryan Hafen seconded.
Motion unanimously passed.

Discussion of AB 481 and SB 367 both dealing with adjustment of school trustee election areas revealed that the two measures would be in conflict. The committee agreed that SB 367 could be amended to resolve the conflict.

Wooster moved Do Pass SB 367 with amendment.
Garfinkle seconded.
Motion unanimously passed.

Chairman Hilbrecht asked that Mrs. Tyson study and report back on SB 300, 336 and 443. Hal Smith said that amendments were pending to SB 336 and that he would like to delay action on the bill.

Mr. Frank Daykin was called from the Legal Counsel to explain SB 336. It was felt that the "control" of stock in a public utility presently defined as 51% should be amended. Mr. Smith asked Mr. Daykin if Mr. Leslie Carlson could be obtained from the Public Service Commission to report back to the committee. It was agreed that this report could be made in the Tuesday meeting.

The committee asked Mr. Henry of Clark County to comment on SB 443 and the committee discussed the bill in detail.

Dini moved SB 443 to be indefinitely postponed.
Geraldine Tyson seconded.
Motion unanimously passed.

Bryan Hafen spoke to the committee in favor of SB 296 which would allow starlings to be placed in predatory category as a crop-destroying bird. He agreed to get Senator Bunker to report at the next meeting on this bill.

Mr. McKissick said that he had worked at length on amendments to AB 345, the annexation bill. It was agreed to consider them at the next meetings.

Hal Smith reported to the committee on his study of AB 510 the redrafted air pollution bill. He submitted the amendments
