The meeting was called to order by Chairman Glaser at 1:40 PM in the Ways and Means Room.

Present: Glaser, Mello, Bowler, Ashworth, Young, Webb, Tyson
Howard, Jacobsen

Absent: None

Mr. Glaser said that unless the committee requested it, there would be no more hearings on AB 3 or Dr. Homer's bill. He had talked with Mr. Larson on the cost figures - the basic grant of \$50,000; equipment and materials - \$29,000; and the feasibility study - \$17,500.

Mr. Larson indicated to him that in the event that money becomes a problem, some talent existing in the University could probably be utilized - Jack Davis or Dr. Tucker. They would just have to pay their expenses such as travel. They could also pull some federal grant money that comes into the University for research.

Mr. Glaser recommended to the committee that they leave in the feasibility study, but pull out the \$17,500 funding for it and have it taken care of as mentioned above. He had an amendment drawn to this effect.

Discussion on the equipment and material money. There had been indications from the labor group that they could help in this area. Discussion on the need for new and up-to-date machinery to use in the training. Mr. Glaser suggested that if the organized labor wanted to help, they could get some of the equipment that was knocked off the initial list of \$82,000. Discussion on this equipment going to the school district if the program was not continued. Labor also indicated help via scholarships.
