Chairman Gibson called the meeting to order. Several bills were under consideration.

ACR-35 Proposed by Mr. Jacobsen.
 Requests study made for transporting effluent from
 Daggett Creek.

Senator Pozzi spoke on this bill. He said this would allow the county commissioners to "get into the act," and emphasized that wherever they wanted to put the effluent, if the county commissioners were in agreement, fine, this is what this bill is attempting to do. Mr. Jacobsen added his comments that this is a problem in these three counties (Washoe, Douglas and Ormsby) and that perhaps this would be one solution -- for the county commissioners from all three counties to try to solve this problem together.

Following discussion, Senator Monroe moved Do Pass, seconded by Senator Farr. Vote for passage was unanimous.

ACR-40 Proposed by Committee on Ways and Means.
 Directs legislative commission to study radio
 communications systems.

Senator Hecht moved Do Pass, seconded by Senator Monroe. Vote for passage was unanimous.

SB-547 Proposed by Senator Pozzi.
Adds provisions relating to preliminary municipal
elections to Carson City charter.

Senator Dodge moved Do Pass, seconded by Senator Farr. Vote for passage
was unanimous.

SB-536 Proposed by Senator Pozzi.
Prohibits discharge of sewage or effluent outside county
or origin without permit.

Chairman Gibson went over the proposed amendments to this bill. There
was extensive committee discussion, with Senator Dodge pointing out that
adding the word "watershed" does not do what is intended, but rather
that language should be added to the effect of whether it is "within or
without" the county you would still have to go before the Board of County
Commissioners.

Chairman Gibson asked that Senator Farr and Senator Dodge work on this
and bring it back before the committee for further consideration.

There being no further business, the meeting was adjourned.

Respectfully submitted,

Patricia F. Burke
