Assembly

HEALTH & WELFARE COMMITTEE MINUTES

MARCH 26, 1973

MEMBERS PRESENT: BENNETT, WITTENBERG, MCNEEL, GETTO, FRY

HICKEY AND CRADDOCK

MEMBERS ABSENT: NONE

GUESTS: See list attached

Meeting called to order by Chairman Bennett and first bill to be discussed was AB 754.

Assemblyman Gojack stated that she had introduced this legislation because she thought certain people were going to be penalized for earning money. She now understands that there are Federal regulations that allow children to earn money without being penalized, and that the Welfare recepients were not aware of this. She said there were people well qualified to testify in this regard present at the hearing.

Sister Carole Hurray of the Franciscan Center in Las Vegas was next to testify. She read a prepared statement and presented certain figures. A copy of her statement is marked Exhibit A, attached hereto, and made a part of these minutes.

Mr. D. T. Tomlinson of the Welfare Division stated he was amazed at the lack of knowledge of the welfare people as this bill did nothing that the Welfare Division wasn't doing now under Federal Regulations. No inquiry is made into earnings of children 14 years of age or under. The total earnings of any child in school full time are exempted. Any child in school half time may earn \$30 a week and be totally exempted. If any bill of this nature is needed in the State law at all, it should merely use same language as stated in Federal statutes so that it would conform. They would be unable to enforce anything outside of Federal statutes, and he feels this AB 754 would have no effect one way or another.

The discussion turned to AB 584, a bill to provide a food stamp program. May Miller, American Friends Service Committee and Coalition for Alternatives to Welfare, appeared in support of the bill. It is one more program Nevada needs in order to supplement the inadequate welfare grant. Mr. Getto asked if she knew of any specific cases where a child was hungry under the present welfare program. Ms. Miller answered "yes".

Mr. Fry questioned Sec. 2. ss 2 line 6 as to definition of "household" being so broad. Ms. Miller said this was in conformity with Federal regulations - they had found it virtually impossible to eliminate nonrelated persons as many poor people found it necessary to live together in one household.

Mr. Tomlinson of the Welfare Division stated the question of nonrelated persons was not as cut and dried as that. There is now a case pending before the Supreme Court challenging including nonrelated persons. If it is decided in favor of the people who brought the suit, the USDA will officially change the regulations excluding said persons. Mr. Fry suggested that a phrase should be included in AB 584 - "consistent with USDA regulations".

Mr. Tomlinson also stated that under Section 3, line 14, recipients of aid under chapters 426, 427 and 428 of NRS will no longer be eligible for food stamps as of January 1974 under a new Federal regulation. He does not know whether that would cause any trouble, but again the Nevada law should be consistent with Federal regulations.

The next bill to be discussed was AB 592. Dorothy Feeney appeared for cosmetologists stated they were asking certain additions to be included in examinations for certificates of registration as hairdressers and cosmeticians. Black and white students go to school and study and spend their money and still cannot qualify to go out and operate their own shops.

Frank McCormick, Chairman of the Legislative Committee of the Hairdressers Assn., stated they were very much in favor of AB 592, but felt that NRS 644.473 should not be repealed.

Joe Midmore of Reno Hairdresser's Assn. stated they were also in favor of bill as it would discourage discrimination.

Howard Sanderson of Barbers Assn. said they were not opposed to bill if it were amended to delete brackets on line 7 and 8 and insert the word "female" before children. Also line 14 should be striken. If these changes are not made the bill would be in direct conflict with <u>AB 287</u>.

Arnold Almond, Cosmetologist, was also in favor of bill, and discussed cosmetologists skill in cutting hair - whether

male or female - and their ability to use razors.

Meeting adjourned at 9:00 a.m.

Respectfully submitted,

Jane Dunne, Secretary

AGENDA FOR COMMITTEE ON HEALTH & WELFARE

Monday
Date March 26, 1973 Time 8:00 a.m. Room 240

Bills or Resolutions to be considered	Subject	Counsel requested*
AB 754	Prohibits welfare division from decreas aid to dependent child because of earning of that child.	ing ngs
AB 584	Provides food stamp program.	
AJR 28	Memorializes Congress to reaffirm commiment to war on poverty.	t-
AB 592	Expands area of examinations for hair-dressers and cosmeticians.	

^{*}Please do not ask for counsel unless necessary.

Mr. Chairman and members of the Assembly Committee for Health and Welfare, I am Sister Carole Hurray, csc of the Franciscan Center in Las Vegas, The Center, as I have indicated to you before, is one of some 20 community organizations of both Northern and Southern Nevada interested in Welfare Reform. I thank you for the opportunity to speak to you today on AB 754. I and the members of this coalition feel that this is a very important pice of legislation for it provides what all of us want, a real incentive for young people to break out of poverty, and thus the welfare bag. It would provide, for instance, for a teenager--an ADC recipient to accept a job to help supplement his school time or family needs without the "pin money" which he can accumulate being deducted from his family's grant. In testimony before the Ways and Means Committee, _, a gentleman with Mr. James Bilbray, testifying on behalf of Foster Parents indicated that the principal of Valley High School in Las Vegas quoted to him that a youth would need a minimum of \$120-125/yr. in order to be an active participant in school. It is obvious that no child on the current ADC grant could be so involved.

If our welfare system is to really do its job, it must have incentives which will help current adult recipients out of poverty; even more important, is a setup which young people born into and caught in this despicable web, will be encouraged to seek ways out.

Not one of the recipients that I have come to know and work with over the last four years likes being on welfare--it carries an onneous label as you might expect--but until the system is somehow changed to REALLY provide for people in need, and at the same time provide for the allowances necessary to approach a standard of living approximating the need of today's society, we will never provide for this generation--or the next a relief from the stigma of what it means to be poor in an affluent society.

I cannot give you firm figures on how many ADC youths will be involved, and providing some extra money to the needs of their families, but it CANNOT

be many. In 1971 when the Nevada ADC rolls were at 18,000 persons, 70% of these were children, 80% of whom were under 12 years of age. But even if the bill AND employment opportunities allowed ALL 70% of these recipients--children to bring in extra dollars to that inhumane grant of \$35/person/month, wouldn't that be enough to break out of our current welfare mess?

If the arguement is that more children would come onto the rolls, I submit to you documentation that legislators in the '71 session appropriated money to dependent children far in excess of what has been spent--money appropriated for February, 1973 was to assist 25,740 while only 14,709 benefitted from the State's meager assistance.

In light of this and your own concern to break the welfare cycle, I ask you to give a DO PASS and seek to encourage the passage of AB 754.
