

Assembly
LABOR AND MANAGEMENT COMMITTEE MINUTES

FEBRUARY 13, 1973

MEMBERS PRESENT: Chairman Banner
 Mrs. Brookman
 Mr. McNeel
 Mr. Ullom
 Mr. Barengo

MEMBERS ABSENT: Mr. Bickerstaff (excused)
 Mr. Capurro

The meeting of the Labor and Management Committee was called to order by Chairman Banner at 4:15 on February 13. Chairman Banner stated the purpose of the meeting to be to inform the members of the committee of the bills that he has in his possession. These bills are: AB 27, 233, 245, 246, 247 and SB 157. He also advised the committee as the status of each bill. AB 27 is the subsequent injury fund which is being held until other NIC bills are received. AB 245, 246, 247 are part of the State Labor Commissioner's legislative package and there are several more to be introduced so with the committee's permission, Mr. Banner said he would hold these until the whole package had been introduced.

Mrs. Brookman asked the chairman if he wished to introduce these bills as an individual or would he prefer to bring them up as a committee. Chairman Banner said that he would like to have the committee introduce them and he would have them available for the committee to consider. The committee felt that the idea of committee introduction was good as long as it was indeed done in the committee and not hurriedly done on the floor.

Chairman Banner suggested that AB 233, which amends the plumbing laws, might be a rather controversial bill for those concerned. He said that he was going to schedule a hearing on the bill for Tuesday, February 20. Because of conflict with attendance at other committee meetings the time was set for 4:15.

Mr. Ullom made the motion that the meeting be adjourned. Mrs. Brookman seconded it. Chairman Banner adjourned the meeting at 4:30.

Respectfully submitted,
Sandee Gagnier
