Line 24 to read : "workman shall be in accordance with the jurisdictional classes recognized in the locality that the work is performed"

AB 349 - Mr. Barengo was not able to get the amendments completed for this meeting. Chairman Banner agreed to hold it until a later date.

Chairman Banner announced that AB 375 was scheduled for a hearing on Thursday March 8, 1973 and that there was to be a joint hearing with the Senate tomorrow (March 7) at 3:00 to hear testimony on the NIC legislative package.
