A. B. 860 - Prohibits charging fee for use of public toilet

J. F. "Jack" Ewald, of the Nik-0-Lok Company of Los Angeles appeared and spoke in opposition to this legislation. He stated that the money from the pay toilets helped maintain them. They also, he said, had problems of people walking in off the street to use the facility.

He further stated that pay toilets help to keep the place clean, that undesirables would not come and spend a dime. They reduce vandalism and shop lifting in stores. He further stated that in his opinion, people who use the facilities should help to maintain them.

Senator Young suggested an amendment to the bill so that it would require 50% pay and 50% free toilets.

The committee would contact the author of the bill to see if this could not be worked out.
