Chairman Foley called the meeting to order at 2:45 p.m. The first order of business was a review of the Committee Rules. Senator Hecht moved that the Committee Rules be adopted, seconded by Senator Bryan. Motion carried. (Copy of Rules attached herewith).

S.B. 48:

Chancellor Humphrey was called to the chair as witness. The Board of Regents authorized Senator Dodge to request this Legislation, and believes that the present long-term planning is highly desirable, but they cannot run effectively under this planning for a ten year period. Therefore, the four-year period, as stated in S.B. 48, is their desire. This proposed four-year plan would be updated every two years, i.e. in 1975 the Board of Regents would submit a plan that would take them to 1979, then in 1977 they would submit a plan that would take them to 1981.

It was moved by Senator Raggio and seconded for a "Do Pass" with the following amendment: Section 1. Line 5 "... plan for the next four years which explains:..." and Section 1. Lines 21 and 22 "...date for the ensuing four years, and shall present...".
