See Exhibit "A" for interested citizens present.

Senator Foley called the meeting to order at 2:30 p.m.

SCHOOL ACCOUNTABILITY:

James P. Kiley, Associate Superintendent of Division of Planning and Evaluation presented the Committee with various slides. (Please see secretary if you would like copies of the various booklets submitted);

Clifford Lawrence, Clark County School District, commented that S.C.R. 15 is the best step they can take in this area. With this particular bill, they are able to begin fulfilling some of the recommendations that came out of that same study.

Dick Morgan, Nevada State Education Association, stated that he believes this to be a good bill.

Senator Young moved "Do Pass", seconded by Senator Raggio. Motion carried unanimously.

Due to a conflict of Senator Foley's schedule, Senator Bryan adjourned the meeting at 3:35 p.m.

Respectfully submitted,

Sharon W. Maher
