Mr. Demers called the meeting to order at 7:55 a.m. Mr. Demers announced that he and Mr. Sena would act on bills with the consent of the excused members. He announced the first bill to be heard would be S.B. 411.

Mr. Adams spoke on the bill and stated that it was introduced at the request of the Nevada League of Cities. This bill requires filing of notice of intent and modifies recall procedures. If a definite time period is set, you can note that at the end of that time period, we know that the petition will hold up in court.

Mr. Demers announced the next bill to be considered is S.B. 592. This bill requires candidates for partisan elective offices to indicate party affiliation on campaign materials.
