SB 157

Senator Raggio said that the existing work program indicates that we will have trained 564 in the 81 hour course; but the total indicates there are about 700 to be trained. Roger Trounday said there are 700 volunteer ambulance drivers, but not all of them have taken the course. Mrs. Reba Chappell said that in the last two years there has been a 151% increase in the number of active licensed attendants.

Senator Lamb wanted to know why this request was not in the budget originally. Mr. Howard Barrett said because of the lack of time.

Senator Monroe asked if this included pay for the instructors. Mr. Trounday said that a stipend is given on a contract basis, but they expect to develop a community corps, by use of this appropriation.

Senator Raggio asked if there will be further requests of this type after this Biennium. Mr. Trounday said not of this magnitude. Mrs. Chappell said that it takes a great many volunteers to work on a 24 hour basis.

Senator Raggio asked what could be cut if the full amount requested was not given. Mr. Trounday said that the extremely advanced courses

could be deleted.

AB 264

Senator Brown was concerned about the payback on this business, as he felt this should be self-sustaining.

Mr. Mervin Flander said that with the \$100,000 they plan to build five new stands, and they now have six locations available for these, (Carson City Highway Building, Post Office - Reno, Cottonwood Cove, Carson City Office Building, Central Telephone - Las Vegas, Las Vegas State Building.)

SB 180

Mr. Monahan distributed a handout on the breakdown of the costs involved in this appropriation request.

AB 43

Mr. Barrett discussed the breakdown of this with the Committee as shown on page A-28 of the Budget book.

AB 251

Mr. Gordon Harding said that the State is currently using an antiquated payroll system, however, a system can be adopted from Washington State that would cost \$70,000 to initiate, and \$50,000 to operate. Mr. Harding said that this can be operational by January 1, 1976. Senator Lamb asked if this duplicated the Controller's work. Mr. Harding said no.

AB 110

Mr. Dino Martini said that the Welfare Division had a conflict with the wording of NRS 428.360 and 428-370, and would like to remove "Title 19 Fund" from the statute.

AB 111

Mr. Martini said that this is to change "State Welfare information" to read, "Welfare Administration account in the general fund", and to repeal NRS 422.255. Mr. John Crossley said that these are not audit recommendations.

AB 122

Mr. Leonard Winkleman said that this will create a \$5.00 service charge; create the \$10,000 revolving fund (now \$5,000; and repeal NRS 481.075.

Mr. Gene Phelps said that changing the fund from the State highway fund to the motor vehicle fund will delay deposits to the Highway Department for one month, and will affect revenue, taxes and interest.

PAGE THREE

Senator Monroe asked what the change will benefit. Mr. Winkleman said that the DMV could account for all of their revenue in one fund.

Mr. John Crossley said that advances can be made to the Highway fund if needed before the end of the month.

Senator Monroe asked why all the money couldn't be put in the Highway fund. Mr. Winkleman said that DMV has a trust responsibility to the counties, and this could be violated if the cash balance in the Highway fund wasn't adequate to meet the requested vouchers.

Senator Young asked why the interest can't be transferred on some basis. Mr. Phelps said that the law defines how interest will be handled. Senator Young still felt that the interest could be adjusted at the end of the year.

AB 200

Mr. Earl Oliver said that if a review of local public employees is to be continued, then the State will have to help augment some of this cost. Mr. Oliver said to Senator Gibson that five outside firms have been selected as possibilities to handle this if discontinued with the State.

AB 66

Senator Gibson asked if the \$2,000 was used up last year. Mr. Barrett said that \$1,650 was used.
