

SENATE

ENVIRONMENT, PUBLIC RESOURCES and AGRICULTURE COMMITTEE

MINUTES OF MEETING  
Monday, January 24, 1977

The second meeting of the Environment, Public Resources and Agriculture Committee was called to order on Monday, January 24, 1977, at 1:30 p.m.

Senator Gary Sheerin was in the Chair.

PRESENT: Chairman Sheerin  
Vice Chairman Echols  
Senator Lamb  
Senator Dodge

ABSENT: Senator Glaser  
Senator Neal

ALSO PRESENT: Robert Aldous, President, American Society of Heating, Refrigeration and Air Conditioning Engineers, Reno.  
John Kuenzie II, ASHRAE, Reno.  
Cyril M. Hansen, ASHRAE, Reno.  
Lorree Ratto, Intern, Carson City.  
Daisy J. Talvitie, League of Women Voters, Carson City  
Fred Daniels, Nevada Society of Professional Engineers  
Carson City.

Chairman Sheerin asked that action be taken on Item 9 which was added to the Committee Rules.

Senator Lamb moved adoption of Item 9.  
Seconded by Senator Echols.  
Passed unanimously.

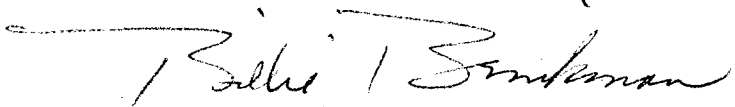

Chairman Sheerin asked representatives present from the American Society of Heating, Refrigeration and Air Conditioning Engineers, Reno, to present their case on the state insulation code. Robert Aldous discussed the building insulation standards for the State of Nevada which have been adopted by the state government. He pointed out ASHRAE cannot act upon any of the variances the way the present code is set up. He said the group has been working with the Attorney General's office and the Public Service Commission on further legislation on energy conservation. Since it was concluded the Committee could not act on the problems at hand, Chairman Sheerin instructed the ASHRAE members to contact Bill Hancock of the Attorney General's office for further instruction. Chairman Sheerin said he would be available all afternoon for further discussion with the group.

There being no further business, the meeting was adjourned at 1:50 p.m.
