AB 147 PROHIBITS MANUFACTURE, SALE OR USE OF DETERGENTS WHICH CONTAIN PHOSPHATES.

Motion by Mr. Jeffrey, seconded by Mr. Prengaman to ADOPT AMENDMENT #929. Motion carried unanimously.

Motion by Mr. Dini, seconded by Mr. Rusk, to AMEND AND DO PASS. Motion carried unanimously.

Chairman Robinson opened the public hearing on AB 131.

AB 131 PROVIDES ASSISTANCE TO CERTAIN ELDERLY PERSONS IN OBTAINING INSULATION FOR THEIR RESIDENCES.

Bob Switzer, Division for Aging Services, read to the committee EXHIBIT A, attached.

Assemblyman Schofield, prime sponsor of this bill, said the bill was designed to give relief to the elderly, 62 years old or more. Mr. Schofield said he agreed with what Mr. Switzer presented.

Larry Sullivan, State Office of Community Services, said he is appreciative that a bill was developed to address this problem. However, he agreed with Mr. Switzer, implementation would require another administration. He said they operate the Weatherization Program and would like to speak with the authors of this bill to see if it could be incorporated into the bill.

Dr. Robinson asked if the Weatherization Program was for all low income, regardless of age. Mr. Sullivan said that was correct. However, he said, the emphasis statewide is on senior citizens.

Mr. DuBois asked the cost of the present program. Mr. Sullivan responded that it was \$482,000, with more requests than they can take care of. He said senior citizens were first priority, with handicapped second and all others third.

Mr. Dini noted that the fiscal note was a little over \$300,000 for the biennium.

Kelly Jackson, Deputy Director, Nevada Department of Energy, said they support the programs to aid senior citizens but have problems with this bill. (1) Should be administered by the same agency that does the Weatherization Program, (2) definition of insulation is too broad, eliminate siding for instance, (3) persons should use Weatherization Program benefits first then go to this program, and (4) program could be handicapped in that sometimes federal dollars cannot be used until state dollars are used.

Dr. Robinson closed the hearing on AB 131 and opened it on AB 132.

Assemblyman Schofield, also prime sponsor of this bill, said this bill was to help the elderly obtain electricity and fuel.

After brief discussion of the fiscal impact, Mr. Bremner suggested the bill be withdrawn from committee.

Mr. Schofield said the intent and concept of the bill are good, but it cannot be afforded at this time. Mr. Schofield agreed to withdraw this bill from the Commerce Committee for further study.

AB 347 REQUIRES GROUP HEALTH INSURANCE TO COVER SERVICE OF PSYCHOLOGIST.

Assemblyman Jeffrey said this bill was a redraft of a Senate bill from last session. He said this bill intends to add group coverage for a psychologist's services, as individual coverage is allowed now.

Robert Whittemore, Secretary-Treasurer of the Nevada Board of Psychological Examiners, said he was here to speak for the bill, in that it was just a bill to correct an omission from last session. Mr. Whittemore responded to a question by Mr. Bremner that if the policy does not cover psychologists, this does not make it mandatory. It covers only if it is allowed by the policy.

Dr. Robinson closed the hearing on AB 347 and opened it on AB 612.

AB 612 AUTHORIZES BOARD OF PSYCHOLOGICAL EXAMINERS TO LICENSE PERSONS WHO PRACTICE HYPNOSIS.

Assemblyman Prengaman said the bill was designed to help two of his constituents, Mr. & Mrs. Priszner who operate the Habit Control Institute. They were told by the Board of Psychological Examiners that they could not use the word "hypnosis" in their advertising. Mr. Prengaman said he had two letters from the Attorney General and they say that the laws are silent in the State of Nevada on hypnosis. He said this bill as drafted creates more problems than it would solve.

He said the only mention in the statutes is under 641.020, and read from that section.

Chairman Robinson said instead of having a lengthy hearing against this bill as written, that Mr. Prengaman redraft new language and bring it back to the committee.

The Chairman closed the hearing on AB 612 and opened the hearing on AB 614.

AB 614 REPEALS PROVISION FOR SPECIAL LICENSING OF PHYSICIANS WHO ARE SPECIALISTS.

Joan Rogers, Executive Secretary of the Nevada State Board of Medical Examiners, said doctors obtain their licenses by taking an examination from the National Board or a State Board. She said they want this section repealed to give the Board the authority to limit a license, to eliminate the waiver portion of the section. 1031

The Chairman closed the hearing on AB 614 and opened it on SB 587.

SB 587 CLARIFIES STATUTORY PROVISION WHICH ALLOWS RETURN OF CERTAIN UNUSED DRUGS TO PHARMACY.

Senator Jean Ford, Clark County Senate District 3, said this is the legislation that was presented two years ago which would allow pharmacies to return unit dose drugs. She said this was now a clarified law that everyone agreed to.

Joe Midmore, speaking for the Board of Pharmacy, said it appears that this bill gives the pharmacy the right to accept or reject these items. He said some pharmacies take them back, but scrap them rather than reselling them.

Mr. Dini made the motion to AMEND line 15, changing the last word from "may" to "must," seconded by Mr. Jeffrey. Motion carried unanimously.

Moved by Mr. Bremner, seconded by Mr. Chaney to DO PASS AS AMENDED. Motion carried unanimously.

Mr. Midmore stated that the Board agreed with the change.

AB 614

Motion by Mr. Dini, seconded by Mr. Jeffrey to DO PASS AB 614. Motion carried unanimously.

AB 347

Mr. Dini made the motion to ADOPT AMENDMENT #3 6, seconded by Mr. Jeffrey. Motion carried unanimously.

Motion by Mr. Jeffrey, seconded by Mr. Dini, to DO PASS AS AMENDED. Motion carried unanimously.

AB 131

Moved by Mr. Dini, seconded by Mr. Brady, to INDEFINITELY POSTPONE. Motion carried unanimously.

The meeting was adjourned by Chairman Robinson.

Respectfully submitted,

Evelyn Edwards, Committee Secretary

Hearing on AB 131

The Division for Aging Services supports the efforts by the legislature to assist Nevada's senior citizens in dealing with the severe effects of high energy costs. Within this context we support the principle represented by AB 131 which would assist low-income seniors in insulating their homes.

However, we have reservations regarding the implementation of this bill in its present form.

First, there is no limit on the amount which can be spent on an individual dwelling unit.

Second, the bill does not provide a basis for evaluating the cost effectiveness of different insulation measures. The experiences from our participation in public conservation programs since 1973 strongly indicates the desirability of including a system for evaluating the effectiveness in conserving energy in relation to cost as part of any conservation program.

Third, the financial impact prepared by the Division provides for minimum staffing to do outreach, determine eligibility and handle the paperwork. We have not included personnel who would be qualified to evaluate the costs of the insulation measures and conduct post installation inspections.

Fourth, considerable savings could be utilized by coordinating this program with the insulation and weatherization programs operated by the State Office of Community Services, city and county programs funded by the Community Block Grant Program and the Residential Conservation Program thru local utilities.
