

MINUTES OF THE
MEETING OF THE SENATE COMMITTEE
ON JUDICIARY

SIXTY-FIRST SESSION
NEVADA STATE LEGISLATURE
March 27, 1981

The Senate Committee on Judiciary was called to order by Chairman Melvin D. Close at 8:05 a.m., Friday, March 27, 1981, in Room 213 of the Legislative Building, Carson City, Nevada. Exhibit A is the Meeting Agenda. Exhibit B is the Attendance Roster.

COMMITTEE MEMBERS PRESENT:

Senator Melvin D. Close, Chairman
Senator Keith Ashworth, Vice Chairman
Senator Don W. Ashworth
Senator William J. Raggio
Senator Jean Ford
Senator William H. Hernstadt
Senator Sue Wagner

STAFF MEMBERS PRESENT:

Iris B. Parraguirre, Committee Secretary

SENATE BILL NO. 425--Increases numbers of district judges in eighth judicial district.

Judge Charles Thompson, Eighth Judicial District Court, Department 1, Las Vegas, Nevada, stated they have some statistics they have compiled. See Exhibit C attached hereto. He stated that two years ago he was contacted by the committee informally and asked whether he felt additional judges were needed at that time. He replied that he was not sure at that point because they were lacking in statistics and information about the court and he was not sure they could justify them.

Judge Thompson stated they are now getting meaningful information from the Clerk's office and two things have become apparent during the past two years. The case load has increased substantially, and they are going to need some additional judges in the district.

Senate Committee on Judiciary
March 27, 1981

Judge Thompson felt they could justify four additional judges in Clark County, and that is exactly what they are asking for. There are many measuring sticks by which judges perform their work and case load is demonstrated. In Clark County right now, each judge handles approximately 2500 cases per year. He referred to the graph on page 2 of Exhibit C attached hereto, which also indicates the projected case load per judge for the next two years. The increases have been primarily in the civil area, not in the criminal case filings. The last three years have shown a tremendous increase in the total number of civil case filings, almost 10,000 cases in the last four years. Las Vegas has about twice the number of cases per judge per year as the national average. Reno has always been about 500 cases per judge less than Las Vegas and they have received an additional two judges.

Judge Thompson stated the number of case filings is only one statistic by which they measure the need for additional judges. They know from experience what the increase will be in future years. In their statistics they have not taken into consideration any impact that the MX would have in Clark County, nor have they taken into consideration the impact of property damage cases from the MGM fire. The personal injury cases will be handled in federal court, but the property damage cases and insurance construction problems will be filed in state district court. They have no idea how many cases that will be and it is impossible to estimate.

Senator Hernstadt stated two years ago the committee decided to give Clark County two additional judges but they could not come to any kind of agreement and Clark County strenuously objected. He asked Judge Thompson whether they have reached an agreement with Clark County for facilities for four additional judges. Judge Thompson replied that Clark County is vacating portions of the present courthouse and are expecting to have to make facilities available for new judges. He did not feel the space would be that much of a problem. Clark County sees the need for new judges but they will argue that it is expensive and they do not have the money budgeted. It is always a matter of priorities. Judge Thompson stated he could not put the judges on the top of the priority list two years ago but now they should be in that area and he feels the County will have to spend the money.

Judge Thompson stated the County will probably say that it is going to cost a half million dollars per judge per year as each judge is added; however, he disagrees with those figures.

Senate Committee on Judiciary
March 27, 1981

He discussed the fiscal analysis which is attached hereto as Exhibit D. The bottom line would be approximately \$800,000 for the four additional judges. One of the disagreements he has with the county over the additional cost is the other support services beyond salaries, jury fees and so forth. The county will state that as judges are added, district attorneys will have to be added to try cases. He disagrees with that. The increase in case load is in civil cases, not criminal cases. They do not anticipate trying anymore criminal cases than they are right now.

Judge Thompson stated another measuring stick for determining the need for additional judges is how long it takes cases to get through the system. Criminal cases are fairly current and they intend to keep them current. Civil cases are getting farther and farther behind and it now takes seven months to get a contested divorce trial heard from the time they are requested. It takes approximately 12 months for jury cases and 11 months for non-jury cases. This is not from the time they are filed but is from the time the parties request a trial date. Las Vegas is starting to get serious, heavy litigation and that is why the additional judges are essential. Judge Mendoza is the juvenile judge and it is a full-time job. In 1980, there were 27,914 hearings by the juvenile judge and by the masters.

Senator Ford asked whether there were any alternatives to continuing to have so many civil cases go through the district court. Judge Thompson replied they have been using more alternatives than most people know about. See Exhibit E attached hereto. Many cases are handled by masters under the direction of the Chief Judge. They are using their courtrooms in the afternoons when they are available, trying to make full utilization of the courtrooms. Referees are being considered for use in some of the domestic matters; however, the supreme court has recently held that the judges have no right to simply assign domestic disputes to a referee or a master.

Senator Hernstadt asked whether they would need four additional courtrooms if four additional judges are appointed, since some of them have a one-month vacation period so one courtroom could be rotated. Judge Thompson stated they really do need the courtrooms and they are used for other things. When judges are on vacation, they use them for visiting judges and for master's hearings.

David Russell, attorney with the law office of Guild, Hagen & Clark, stated he is appearing on behalf of Tony Clark, President of the Washoe County Bar Association. He indicated both the

Senate Committee on Judiciary
March 27, 1981

Washoe County Bar Association and the Clark County Bar Association are in favor of S. B. No. 425 and will support the passage of any bill which would increase the district judges in Clark County.

Senator Wagner asked whether both bar associations would be in favor of allowing masters if both parties agree to hear divorce matters and things like that. He felt the attorneys would generally support any mechanism which would expedite the trial time, as long as they were guaranteed they were not injuring their clients. He did not know how the bar associations would feel since they have done no studies on it.

William Maupin, Vice President of the Nevada Federation of Defense Counsel, a newly formed group of law firms in Las Vegas made up of the major law firms defending business people and the insurance industry in Las Vegas, stated they are in support of S. B. No. 425. He stated at this point there are 12 department in Las Vegas, and there are always four departments tied up with criminal litigation. There is one juvenile judge and two that are tied up as rotation judges in overflow criminal matters so that leaves four civil departments to deal with. The problem is that there is usually one major piece of litigation going on that ties up one courtroom and sometimes two for periods of months. It has been estimated that there may be two to three thousand property damage claims arising out of the MGM fire, which will create a tremendous burden on the court system.

Senator Keith Ashworth asked whether the bar association has given any thought to users fees of the courts in civil cases for people who use the courts to pay additional fees to help pay for the costs of running the courts.

Mr. Maupin stated no one to his knowledge has given any thought to that aspect. He personally felt there would be problems getting attorneys to agree to that kind of proposal because there are two sides to every litigation and the questions would be who would pay the fees. To restrict access to the courts in civil litigation to people who can buy the time would be a fundamental equal protection problem.

Mr. Maupin stated the judges have to spend a great deal of time hearing motions every morning and do not have time to review all the necessary information to hear the motions. Every case is important to the litigants that are involved in it but the judges do not have enough time to handle their case loads.

Senate Committee on Judiciary
March 27, 1981

He stated the repeal of the no-fault insurance will have a great impact upon the court system. In their office alone, the new cases have been increased 50 to 60 percent as a result of the repeal.

Thomas Kummer, attorney with the law firm of Vargas & Bartlett and a member of the Nevada Federation of Defense Counsel, confirmed that one of the most important problems is the delay in getting a case to trial. There can be as many as 15 or 20 cases set in each department on the same date, which is called a stacked calendar. The only way the problem can be alleviated is to increase the number of judges in the Clark County area. Even with additional judges, criminal cases always take priority. With regard to paying additional fees to get a case to trial, Mr. Kummer stated the civil litigants are already paying a lot of the expenses by paying the jury fees, court reporting fees and a lot of the other costs that are incurred. The filing fee for filing the action is \$53 and the fee to respond is \$28.

Senator Keith Ashworth asked what happens to the filing fees.

Anna Peterson, District Court Administrator, explained that of the \$53 for civil filings, 51.8 goes to the county general fund, which would amount to \$27.50; 14.1 percent goes to help the law library or \$7.50; 28.3 percent goes to the state supposedly to help cover judges salaries or \$15 out of every filing fee; 5.6 percent goes to the county legal aid, or \$3, which totals the \$53.

Senator Keith Ashworth asked when the fees were raised last. Ms. Peterson stated she thought it was two years ago. Chairman Close asked what the total civil filing fee would be. Judge Thompson stated they would estimate \$300,000 a year would go to the state general fund.

Senator Keith Ashworth asked whether the filing fees support the County Clerk's office. Ms. Peterson stated additional funds are needed beyond that; however, the County Clerk has other functions besides the court system.

Vic Perry, attorney from the law firm of Cromer, Barker, Michaelson, Gillock & Rawlings, indicated their law firm is very much in support of S. B. No. 425. In his opinion, 2500 cases per judge per year is a great burden on any individual. He stated their law firm represents Clark County and the City of Las Vegas in a number of cases and if there were more judges, many of the lawsuits might be disposed of by way of motions.

Senate Committee on Judiciary
March 27, 1981

Senator Keith Ashworth asked whether the filing fees could be increased for trials extending over a long period of time. He stated he agrees that additional judges may be needed but feels alternative methods have to be found to help pay for the additional expenses of the court system.

Mr. Perry stated he would not object to additional fees as long as it would not restrict the court system and access to the system to those individuals who have the ability to pay.

Mr. Patrick Pine, representing Clark County, stated the fees paid in civil practice do not come close to covering the cost incurred by local governments in those processes. Clark County's position is that regardless of the case load projections, work load projections or any testimony that has been given, S. B. 425 has a dramatic fiscal impact. He discussed the fiscal analysis of the bill, which is attached hereto as Exhibit F. He stated it is difficult to estimate the cost and impacts of additional district courts. If the rate of growth in the court system exceeds the rate of growth allowed through taxation or local government financing, more money has to be put into the court system at the expense of some other service that is being provided. Mr. Pine stated there are a number of other difficulties in evaluating both the work load and the fiscal impact of additional district courts. If it is assumed that any new courts would handle both civil and criminal cases, different conclusions and implications will be drawn than if it is assumed the new courts will handle either criminal cases only or civil cases only. In criminal matters, the additional burden on the county clerk, the district attorney and public defender has to be considered. They disagree with any implication that additional courts can be placed without significant capital costs. They will pay for additional space in one of two ways. Either the costs will be incurred directly against the district court budget as remodeling is done or new space is obtained or the costs may be incurred somewhere else in the county budget, which would not show up against the district court budget. If to make room or to relocate certain courts or to fit them into the courthouse other offices have to be relocated somewhere else, the cost of remodeling and moving the other agency would be cost borne by the other agency but would be a cost created by the need to expand the district court system. He stated they did acquire additional office space to absorb all the various offices that are on lease space; however, even with that additional space, they will not be able to accommodate all of the county operations and will have to continue to lease space.

Senate Committee on Judiciary
March 27, 1981

Mr. Pine stated the present courthouse needs some work but it is a difficult facility to get into to get the work done because it is such a heavily used facility. It is very expensive to build a courtroom and they have estimates from architects involved who are quoting \$70 per square foot for remodeling.

Senator Raggio asked Judge Thompson if they had any figures for new courtrooms. Ms. Peterson stated for the last two courtrooms they divided an old commissioner's room and it cost the county about \$25,000 for each courtroom. The estimate the county is using is not taking into consideration any county labor whatsoever. They were using county labor and county maintenance and were hopeful the same county people could be used again. (See Exhibit D attached hereto.)

Mr. Pine stated he had reduced the costs from some of the estimates he had received but the renovation, remodeling and acquiring furnishings has been quoted to them as \$70 per square foot for courtroom-type space and approximately \$50 for office-type space if new offices were needed for other agencies. They also disagree with any implication that they can add additional courts without placing a burden on a number of other county agencies.

Senator Raggio asked how many deputies are in the District Attorney's office now. Mr. Curran replied there are 55 in the criminal and civil departments. Mr. Pine stated he has been advised they will require additional staff if the new courts are established. Some consideration has to be given to how the county is going to accommodate additional costs and additional growth in the justice system. The impact in the first year for all four courts being added would be close to a five million dollar total cost. The second year after capital costs have been taken care of the cost would be approximately two and one-half million for four courts. Mr. Pine asked the committee that before they act on S. B. 425 they look at a number of different alternatives that impact the entire system. Filing fees have to be considered, ways to reduce the case load should be investigated and ways to help out the entire court system should be considered without simply adding more courts.

Senator Wagner asked what other states have done to alleviate some of the work load that judges have.

Judge Thompson replied there has been disagreement between the judges for many years over whether divorce matters and smaller civil litigation should be handled by other than elected officials through the use of a constitutional amendment authorizing that. He stated he has always favored people other than judges handling

Senate Committee on Judiciary
March 27, 1981

matters that it does not take a judge to decide, such as certain kinds of accounting matters. He saw no reason why a lay person or a lawyer could not do just as good a job deciding that kind of a dispute as an elected judge could. He stated he favored Senator Wagner's constitutional amendment regarding that practice; however, it would take five years and approval of the people so it would not solve the problem now. They are deviating around the constitution already to a certain extent in the use of masters for URESA matters, paternity matters and so forth.

Senator Wagner stated the constitutional amendment she proposed was actually based on the Arizona law which makes provisions for both court commissioners and judges pro tem.

Judge Thompson stated the California bill has been used more extensively and is being used well. He hopes to see that same concept in Nevada 10 or 15 years from now but thinks it will take that long before it would have an affect.

Bill Curran, attorney from the Clark County District Attorney's Office, stated their office certainly endorses S. B. No. 425 and feel it is extremely imperative they do have the additional judges for the sake of justice in Clark County. Their office and the Public Defender's office have analyzed what the fiscal impact would be and feel it would have minimal or no impact whatever. They would not have to add another employee, and changing the number of judges would not change the number of attorneys they would need.

Ms. Anna Peterson stated the major difference has been shown that the court's need is in the civil matters. She explained that when Mr. Pine quoted five million dollars, he was giving a track setup for each judge and the courts are saying they do not need a track at all. She explained a track is a team from the district attorney's office and the public defender who follow a case from justice court so that the judges from justice court feed in on a track to district court. The case has the same attorneys from its inception until concluded. It helps in that the cases move more quickly or are disregarded if they are not worthy of going to district court. The figure of \$200,000 is for district court costs per judge. She stated the figures presented by the county were entirely different from the figures she recently received. Their stand is additional judges can be added without affecting the money in the other departments.

With regard to Senator Hernstadt's question regarding whether all of the judges were pulling their own weight, Ms. Peterson referred the committee again to the statistics which have been presented. (See Exhibit C attached hereto.)

Senate Committee on Judiciary
March 27, 1981

SENATE BILL NO. 272--Permits imposition of fine where imprisonment is suspended for certain first offenders possessing controlled substances.

Judge Thompson stated there has been a statute relating to drug offences which allowed a court to place an individual on probation without adjudication after he had agreed to plead guilty to an offence without accepting the plea and adjudging the defendant guilty. The court placed the individual on probation and the probation department supervised him and if he made his probation, the case was then dismissed. They call that "subsection 6 treatment." The judges have used it frequently in the lesser narcotics cases and particularly for young, first offenders. He has no quarrel with it and none of the judges do. It was felt, however, that it was important if they were going to let someone get away with having his case dismissed and no jail time, no prison time, not even a felony conviction, he at least should have to pay a fine commensurate with the type of offense. They have wanted for a long time to fine someone but because of the mechanics, the person was never adjudged guilty so could not be fined. They would not want to put him in jail but feel they should have a right to fine him. When he discussed the matter with Mr. Daykin, he was advised they should not be putting someone on probation who had never been convicted of a crime. Mr. Daykin suggesting rewriting the law whereby a person actually is convicted of an offense and is fined but the case remains sealed. At the conclusion of the case, if he makes his probation the case is dismissed or a way is found of expunging it. S. B. No. 272 corrects a problem they have had all along by rewording the whole thing and adding the provision for imposing fines. The law would apply primarily to cases of possession of marijuana.

Senator Don Ashworth moved that the minutes of the meeting of March 18, 1981 be approved.

Senator Ford seconded the motion.

The motion carried unanimously.

Respectfully busmitted by:

Iris B. Parraguirre, Secretary

* New juvenile petitions filed. See the following page for a breakdown of hearings held in the juvenile court.

** As the juvenile court, Department 5 is not assigned civil or criminal cases. It also receives a limited number of divorce matters.

*** In 1980, Departments 10 and 12 served as overflow criminal departments. Their dispositions are included in the remaining departments.

**** Unassigned cases and cases disposed of by the clerk without judicial intervention. Probate and guardianship matters were handled by Department 9. Mental Commitment Proceedings were rotated among all the trial judges and Support Cases were heard by masters under the direction of the chief judge.

1.137

EIGHTH JUDICIAL DISTRICT COURT

CLARK COUNTY COURTHOUSE

LAS VEGAS, NEVADA 89101

COURT ADMINISTRATION

702/386-4011, Ext. 4278

Anticipated cost breakdown by Department for FY 80/81 is as follows:

| | |
|-----------------|------------------|
| Supplies | \$ 1,043 |
| Services | 91,186 |
| Jury Fees | 30,160 |
| Total per Dept. | <u>\$122,389</u> |

If a new judge were added, the current supplies, services and jury fees should stay approximately the same. The additional expenses per department would be:

| | |
|---------------------|--------------------------|
| Personnel | \$ 70,491 (on going) |
| Capitol/Furnishings | <u>10,000 (one time)</u> |
| Total | \$ 80,491 |

Total additional funding for one new judge would be \$202,880. Four judges would be \$811,520.

Factors to Consider:

If the new judges heard civil matters only, portions of the services account, such as court-appointed attorneys, psychiatrists and court reporters, would not be an expense, and the figure could realistically be reduced by approximately \$70,000 per new judge. Also, to be considered as revenue would be additional filing fees which would go into the general fund. Jury fees would also be reduced, but not considerably, as civil juror fees are only paid by private counsel when they are seated. Major expenses would be personnel, which will be on going, and capitol office furnishings, which are one-time expenses.

Factors not considered in these figures are capitol, office spaces and court rooms. These figures will be presented by a representative from the County Manager's office.

* New juvenile petitions filed. See the following page for a breakdown of hearings held in the juvenile court.

** As the juvenile court, Department 5 is not assigned civil or criminal cases. It also receives a limited number of divorce matters.

*** In 1980, Departments 10 and 12 served as overflow criminal departments. Their dispositions are included in the remaining departments.

**** Unassigned cases and cases disposed of by the clerk without judicial intervention. Probate and guardianship matters were handled by Department 9. Mental Commitment Proceedings were rotated among all the trial judges and Support Cases were heard by masters under the direction of the chief judge.

CLARK COUNTY FISCAL ANALYSIS OF SB 425 EXHIBIT F
 "ADDITIONAL DISTRICT COURTS"
 SENATE JUDICIARY COMMITTEE

FRIDAY, MARCH 27, 1981

The following data has been furnished to estimate the various potential fiscal impacts of SB 425 on Clark County.

A. Estimated Costs Per District Court If Additional Court Handles Criminal Cases Only:

| | <u>Year 1</u> | <u>Year 2</u> |
|----------------------|------------------|------------------|
| Salaries & Wages | \$ 88,230 | \$ 97,053 |
| Rent & Utilities | 69,000 | 69,000 |
| Services & Supplies | 17,975 | 19,773 |
| Remodeling & Capital | <u>350,000</u> | <u>1,000</u> |
| Total | <u>\$525,205</u> | <u>\$186,826</u> |

If all four courts were solely devoted to criminal cases, the estimated fiscal impact would be approximately \$2.1 million in Year 1 and approximately \$750,000 in Year 2.

B. Estimated Costs Per District Court If Additional Court Handles Civil Cases Only:

| | <u>Year 1</u> | <u>Year 2</u> |
|----------------------|------------------|---------------------------|
| Salaries & Wages | \$158,092 | \$173,720 (includes addi- |
| Rent & Utilities | 69,000 | 69,000 tional costs for |
| Services & Supplies | 17,975 | 19,773 County Clerk) |
| Remodeling & Capital | <u>350,000</u> | <u>1,000</u> |
| Total | <u>\$595,067</u> | <u>\$263,493</u> |

If all four courts were solely devoted to civil cases, the estimated fiscal impact would be approximately \$2.4 million in Year 1 and approximately \$1.05 million in Year 2.

C. Potential Additional Costs Associated With Supporting New District Courts

1. For each 2 District Courts which handle criminal caseloads, it is presumed that an additional Justice Court is necessary to process arraignments.
2. Since Clark County has a "Track and Team" program, for each criminal case there are support personnel teams from the District Attorney's Office and the Public Defender's Office assigned for each two District Courts.
3. The summary of additional support service costs necessary for each two District Courts is displayed on the following page.

**Estimated
Additional Support Costs
Per Two District Courts
Year 1**

| | <u>Justice Court</u> | <u>Public Defender</u> | <u>District Attorney</u> | <u>Total</u> |
|----------------------|--------------------------|----------------------------|------------------------------|--------------------|
| Salaries & Wages | \$127,059 | \$193,203 | \$354,091 | \$ 674,353 |
| Rent & Utilities | 69,000 | 7,350 | 28,350 | 104,700 |
| Services & Supplies | 13,863 | 15,048 | 26,572 | 55,483 |
| Remodeling & Capital | <u>275,000</u> | <u>73,500</u> | <u>141,750</u> | <u>490,250</u> |
| Total | <u>\$484,922</u> | <u>\$289,101</u> | <u>\$550,763</u> | <u>\$1,324,786</u> |

**Estimated
Additional Support Costs
Per Two District Courts
Year 2**

| | <u>Justice Court</u> | <u>Public Defender</u> | <u>District Attorney</u> | <u>Total</u> |
|----------------------|--------------------------|----------------------------|------------------------------|------------------|
| Salaries & Wages | \$139,764 | \$212,523 | \$389,500 | \$741,787 |
| Rent & Utilities | 69,000 | 7,350 | 28,350 | 104,700 |
| Services & Supplies | 15,249 | 16,553 | 29,229 | 61,031 |
| Remodeling & Capital | <u>1,000</u> | <u>1,000</u> | <u>1,000</u> | <u>3,000</u> |
| Total | <u>\$225,013</u> | <u>\$237,426</u> | <u>\$448,079</u> | <u>\$910,518</u> |

**Estimated Additional Support
Costs Per Two District Courts
or Four District Courts
Years 1 and 2**

| | <u>If 2 Courts</u> | <u>If 4 Courts</u> |
|--------|--------------------|--------------------|
| Year 1 | \$1,324,786 | \$2,649,572 |
| Year 2 | \$ 910,518 | \$1,821,036 |

D. Summary of Estimated Fiscal Impacts:

| | <u>Year 1</u> | <u>Year 2</u> |
|---------------|----------------------|-----------------------|
| Direct Costs | \$2.1 M or \$2.4 M | \$750,000 or \$1.05 M |
| Support Costs | \$2.65 M | \$1.82 M |
| Total | \$4.75 M to \$5.05 M | \$2.57 M to \$2.87 M |

Note: The above estimates are based on current dollar (1980-81) values with 10% inflation for Year 2. If the courts are initiated in 1982, the cost estimates above should be further inflated.

E. Equivalent Property Tax Rate Necessary to Fund Four District Courts:

In 1981-82 tentative budget, each 1 cent of property tax generates approximately \$400,000 in revenue, therefore, an equivalent countywide tax rate to fund four new courts is approximately 12.5 cents.

A TAX RATE OF 12 CENTS OR MORE IN CLARK COUNTY IS NEEDED TO FUND FOUR NEW COURTS

**Analysis of
Budgeted, Estimated and Actual
Direct District Court Expenditures**

| | <u>1979-80 Actual</u> | <u>1980-81 Estimate</u> | <u>1981-82 Budget (w/12 Depts.)</u> |
|-----------|---------------------------|-----------------------------|---|
| Total | \$2,951,254 | \$3,015,552 | \$2,921,597 |
| Per Dept. | 245,938 | 251,296 | 243,466 |

Our estimate of direct cost ranges from \$186,826 to \$263,493 per department. Our estimate is conservative.

bbt

Bill Curran, testified as follows:

I will be very brief. First, say that on behalf of our office we certainly endorse the bill and feel it is extremely imperative that we have these additional judges for the sake of justice in Clark County. Next, then, on behalf of our office and Morgan Harris in the public defender's office in Clark County, our offices have analyzed what the fiscal impact would be to our particular office and as the judges are presently conceived the utilization of the four new judges we feel would have minimal or no impact whatever fiscally on our office. We wouldn't have to add another employee because under the team and track system that is presently in effect, we have the public defender's office has four attorneys per track, our office has six attorneys per track and changing the number of judges would not change the number of attorneys we would need. We have the same number of cases, the new judges would essentially be devoted to the resolution of civil cases. As presently planned, there would be no impact on our office. If there was a lesser number of judges or another tract was created then obviously there would be an impact but under the present proposal, I don't think there will be any.
