# NEVADA LEGISLATIVE APPROPRIATIONS REPORT

Eighty-Second Legislature  
Thirty-Fourth (2023) Special Session  
Thirty-Fifth (2023) Special Session

Fiscal Years  
2023-24 and 2024-25

NOVEMBER 2023  
*Revised March 2024*

## **INTRODUCTION**

The Nevada Legislative Appropriations Report is prepared by the Fiscal Analysis Division and is designed to provide a summary of all legislative budgetary and taxation actions taken by the Nevada Legislature during the 82<sup>nd</sup> (2023) Legislative Session, the 34<sup>th</sup> (2023) Special Session, and the 35<sup>th</sup> (2023) Special Session. The report also provides comparisons between The Executive Budget recommendations and final legislative actions.

The report contains information on the State General Fund revenues, including schedules detailing the present and projected condition of the General Fund, along with information on all capital improvement projects, special and “one-time” appropriations, supplemental appropriations, and budgetary summaries of state agencies broken down by various governmental functions.

The General Fund Projections section of the report includes a schedule of the projected balance of the State General Fund. A schedule of all General Fund revenues is provided, including estimates through the 2023-25 biennium. This section also contains pie charts of actual General Fund collections by source of revenue in Fiscal Year 2022 and budgetary estimates of General Fund revenues by source during each fiscal year of the 2023-25 biennium.

The General Fund Appropriations section includes a schedule of all operating appropriations approved by the 2023 Legislature; a schedule of General Fund “one-time” and supplemental appropriations; a schedule of appropriations to restore balances in certain funds; information on the status of the Account to Stabilize the Operation of State Government (Rainy Day Account); a schedule outlining the state’s expenditure cap; information on state employee compensation; a position summary; and a listing of capital improvements. This section also contains pie charts of operating appropriations by governmental function. Similar schedules are provided for Highway Fund appropriations approved by the 2023 Legislature.

The Tax Policy section includes a description of all major tax and revenue legislation approved by the Nevada Legislature during the 82<sup>nd</sup> (2023) Legislative Session and the 35<sup>th</sup> (2023) Special Session. The report also contains budget summaries of each major functional area of state government. These summaries include narrative highlights of significant legislative changes to the various budgets and a schedule of funding levels. The functional areas of state government are:

- Elected Officials
- Finance and Administration
- Education
- Commerce and Industry
- Health and Human Services
- Public Safety
- Infrastructure
- Special Purpose Agencies

The report is designed to be as brief as possible, while at the same time provide meaningful information to all interested persons. Only major legislative budgetary actions have been highlighted. Readers are encouraged to contact the Fiscal Analysis Division if more detailed information is needed.

**PREPARED BY THE FISCAL ANALYSIS DIVISION  
FOR MEMBERS OF THE 82<sup>ND</sup> NEVADA LEGISLATURE**

**MEMBERS OF THE LEGISLATIVE COMMISSION**

- Senator Nicole Cannizzaro, Chair
- Senator Dallas Harris, Vice Chair
- Senator Skip Daly
- Senator Ira Hansen
- Senator Lisa Krasner
- Senator Jeff Stone
- Assemblywoman Shea Backus
- Assemblyman Rich Long
- Assemblywoman Alexis Hansen
- Assemblywoman Sandra Jauregui
- Assemblyman C.H. Miller (*Resigned from office on October 30, 2023*)
- Assemblyman Steve Yeager

**MEMBERS OF THE INTERIM FINANCE COMMITTEE**

- Assemblywoman Daniele Monroe-Moreno, Chair
- Senator Marilyn Dondero Loop, Vice Chair
- Senator Nicole Cannizzaro
- Senator Pete Goicoechea
- Senator Dallas Harris
- Senator Dina Neal
- Senator Rochelle Nguyen
- Senator Heidi Seevers Gansert
- Senator Robin Titus
- Assemblywoman Natha Anderson
- Assemblywoman Shea Backus
- Assemblywoman Tracy Brown-May
- Assemblywoman Jill Dickman
- Assemblywoman Michelle Gorelow
- Assemblyman Gregory T. Hafen II
- Assemblywoman Sandra Jauregui
- Assemblywoman Heidi Kasama
- Assemblyman C.H. Miller (*Resigned from office on October 30, 2023*)
- Assemblyman P.K. O'Neill
- Assemblywoman Sarah Peters
- Assemblyman Howard Watts
- Assemblyman Steve Yeager

# TABLE OF CONTENTS

## **General Fund Projections**

General Fund Revenue Estimates and Projected Unappropriated General Fund Balances.....	1
Fiscal Year 2022 .....	3
Fiscal Year 2023 .....	4
Fiscal Year 2024 .....	5
Fiscal Year 2025 .....	6
General Fund Revenue Enhancements.....	7
General Fund Revenues – Economic Forum May 1, 2023, Forecast – Adjusted for Actions Approved by the 2023 Legislature (82 <sup>nd</sup> Session) and the 35 <sup>th</sup> Special Session (June 2023) .....	8
TABLE 1 – Economic Forum May 1, 2023, General Fund Revenue Forecast for the 2023-25 Biennium – Before and After Tax Credits and Without Adjustments .....	18
TABLE 2 – Adjustments to the Economic Forum May 1, 2023, Forecast for Measures Approved by the 2023 Legislature (82 <sup>nd</sup> Session) and the 35 <sup>th</sup> Special Session (June 2023).....	24
TABLE 2 – Adjustments to the State Education Fund/K-12 Education for Measures Approved by the 2023 Legislature (82 <sup>nd</sup> Session) and the 35 <sup>th</sup> Special Session (June 2023).....	29
TABLE 3 – Economic Forum May 1, 2023, General Fund Revenue Forecast – Before/After Tax Credits - Adjusted for Measures Approved by the 2023 Legislature (82 <sup>nd</sup> Session) and the 35 <sup>th</sup> Special Session (June 2023).....	30
Nevada General Fund Revenue Actual by Source After Tax Credits – FY 2022.....	37
Nevada General Fund Revenue – Economic Forum May 1, 2023, Forecast, 2023-25 Biennium, Adjusted for Actions Approved by the 2023 Legislature (82 <sup>nd</sup> Session) and the 35 <sup>th</sup> Special Session (June 2023).....	38

## **General Fund Appropriations**

## GENERAL FUND REVENUE ESTIMATES AND PROJECTED UNAPPROPRIATED GENERAL FUND BALANCES

The 2023 Legislature approved a General Fund operating budget for the 2023-25 biennium that totals \$10.972 billion. The Governor recommended a General Fund operating budget that totaled \$11.013 billion, or approximately \$41.1 million more than was approved by the 2023 Legislature.

State law provides that the Economic Forum must develop a forecast of all State General Fund revenues by December 3 of even-numbered years and a revised forecast by May 1 in odd-numbered years. The Governor's recommended budget was based on the Economic Forum December 5, 2022, revenue forecast. The May 1, 2023, forecast for FY 2023, FY 2024, and FY 2025 combined was adjusted upward by approximately \$212.2 million before accounting for the impact of the various tax credit programs and \$220.0 million after accounting for the impact of the tax credit programs, as depicted in Table 1:

**TABLE 1 - GENERAL FUND REVENUE FORECAST: MAY 2023 VERSUS DECEMBER 2022**

The legislatively approved budget was based on the increased May 1, 2023, Economic Forum revenue projections, after tax credits, of approximately \$169.9 million over the 2023-25 biennium, including adjustments for changes approved during the 82<sup>nd</sup> Legislative Session.

The following tables present the actual General Fund balance for FY 2022 and the projected General Fund balance for FY 2023, FY 2024, and FY 2025, and recap the revenue forecast, including adjustments for legislatively approved changes, upon which the 2023-25 biennial budget was based.

**Statement of Unappropriated General Fund Balance  
Fiscal Year 2022**

	Legislature Approved	FY 2022 Actual	Difference
<b>Unappropriated Balance - July 1, 2021</b>	\$ 555,914,310	\$ 1,040,789,434	\$ 484,875,124

**GENERAL FUND REVENUES - ECONOMIC FORUM MAY 1, 2023, FORECAST**  
**ACTUAL: FY 2020 THROUGH FY 2022 AND FORECAST: FY 2023 THROUGH FY 2025**  
**ECONOMIC FORUM'S FORECAST FOR FY 2023, FY 2024, AND FY 2025 APPROVED AT THE MAY 1, 2023, MEETING**  
**ADJUSTED FOR ACTIONS APPROVED BY THE LEGISLATURE IN THE 2023 REGULAR SESSION (82ND SESSION) AND THE 35TH SPECIAL SESSION (JUNE 2023)**

DESCRIPTION	FY 2020		FY 2021		FY 2022		ECONOMIC FORUM MAY 1, 2023, FORECAST					
	ACTUAL	% Change	ACTUAL	% Change	ACTUAL	% Change	FY 2023 FORECAST	% Change	FY 2024 FORECAST	% Change	FY 2025 FORECAST	% Change

**NOTES:**

**FY 2020: Notes 1 through 8 represent legislative actions approved during the 2019 Legislative Session.**

- [1-20] A.B. 445 requires a marketplace facilitator, defined as a person who facilitates the sale of tangible personal property by a marketplace seller in the state of Nevada, to collect and remit sales and use taxes on certain sales that are facilitated on behalf of the marketplace seller, effective October 1, 2019. Estimated to generate \$16,459,000 in FY 2020 and \$21,945,000 in FY 2021 for the State 2% rate. This requirement is also estimated to increase collections for the General Fund Commissions by \$668,000 in FY 2020 (LSST: \$160,000; BCCRT: \$72,000; SCCRT: \$252,000; PTT: \$184,000) and \$892,000 in FY 2021 (LSST: \$214,000; BCCRT: \$96,000; SCCRT: \$336,000; PTT: \$246,000).
- [2-20] S.B. 535 removes the requirement that an amount equal to \$2 per slot machine collected from quarterly restricted and non-restricted slot machine fees be allocated to the Account to Support Programs for the Prevention and Treatment of Problem Gambling. Estimated to generate \$1,303,100 in FY 2020 (Non-restricted: \$1,149,400; Restricted: \$153,700) and \$1,298,800 in FY 2021 (Non-restricted: \$1,143,900; Restricted: \$154,900).
- [3-20] A.B. 535 increases the existing license fee on wholesale dealers of cigarettes, which is currently distributed between the State General Fund and local governments, and establishes new license fees for manufacturers, wholesale dealers of other tobacco products, and tobacco retailers. This bill requires all license fee proceeds to be retained by the Department of Taxation to administer and enforce the cigarette and OTP statutes. This action to require the license fees on wholesale dealers of cigarettes to be retained by the Department is estimated to reduce General Fund revenue by less than \$10,000 per year in FY 2020 and FY 2021; thus, no adjustment is made to the forecast.
- [4-20] S.B. 551 permanently repeals the provisions requiring the Modified Business Tax (MBT) tax rates on nonfinancial institutions (MBT-NFI), financial institutions (MBT-FI), and mining companies (MBT-Mining) to be reduced by the Department of Taxation if actual collections from these taxes, in combination with collections from the Commerce Tax and Branch Bank Excise Tax and tax credits taken against the MBT, are more than 4% above the Economic Forum's May forecast in any even-numbered fiscal year.  
  
 As a result of the passage of this bill, the rates for the MBT-NFI, which was to be reduced to 1.378% for all taxable wages in excess of \$50,000 per calendar quarter, and the MBT-FI and MBT-Mining, which were to be reduced to 1.853% for all taxable wages, effective July 1, 2019, will remain at the current rates of 1.475% (for the MBT-NFI) and 2% (for the MBT-FI and MBT-Mining), on and after that date. Estimated to generate \$48,166,000 in FY 2020 (MBT-NFI: \$44,101,000; MBT-FI: \$2,335,000; MBT-Mining: \$1,730,000) and \$49,998,000 in FY 2021 (MBT-NFI: \$45,827,000; MBT-FI: \$2,420,000; MBT-Mining: \$1,751,000).
- [5-20] S.B. 541 requires 25% of the proceeds from the portion of the Governmental Services Tax (GST) generated from the 10% depreciation schedule change, approved in S.B. 429 (2009), to be allocated to the State General Fund on a permanent basis, effective July 1, 2019. The remaining 75% portion of these proceeds are to be deposited in the State Highway Fund. Estimated to generate \$21,954,000 in FY 2020 and \$22,321,000 in FY 2021.
- [6-20] S.B. 263 specifies that alternative nicotine products and vapor products, including e-cigarettes and their components, are subject to the 30 percent wholesale tax on other tobacco products, effective January 1, 2020. Estimated to generate \$3,699,000 in FY 2020 and \$7,931,000 in FY 2021.
- [7-20] Estimated portion of the revenue generated from Court Administrative Assessment Fees to be deposited in the State General Fund (pursuant to subsection 9 of NRS 176.059), based on the legislatively approved projections and the authorized allocation for the Court Administrative Assessment Fee revenues (pursuant to subsection 8 of NRS 176.059) for FY 2020 and FY 2021. Estimated to generate \$351,220 in FY 2020 and \$270,166 in FY 2021.
- [8-20] Adjustment to the Statewide Cost Allocation amount included in the Legislatively Approved budget after the May 1, 2019, approval of the General Fund revenue forecast by the Economic Forum.

**FY 2021: Notes 1 through 3 represent legislative actions approved during the 31<sup>st</sup> Special Session (July 2020).**

- [1-21] S.B. 3 requires the advance payment on the net proceeds of minerals (NPM) tax in FY 2021 based on the estimated net proceeds for the current calendar year 2021. This additional NPM tax payment in FY 2021 is estimated to generate \$54,500,000 from the General Fund portion of the tax due on the estimated net proceeds for calendar year 2021 based on the consensus estimate prepared by the Department of Taxation, Budget Division, and the Fiscal Analysis Division. The provisions of S.B. 3 also apply to FY 2022 and FY 2023, but the NPM tax reverts back to the former method (tax due based on actual mining activity from the preceding calendar year) of taxing net proceeds on July 1, 2023.
- [2-21] S.B. 3 requires 100% of the proceeds from the portion of the Governmental Services Tax (GST) generated from the 10% depreciation schedule change, approved in S.B. 429 (2009), to be allocated to the State General Fund in FY 2021 only. Beginning in FY 2022, the distribution reverts to 75% of the additional revenue generated from the GST 10% depreciation schedule change deposited in the State Highway Fund and 25% deposited in the State General Fund, as approved in S.B. 541 (2019). Estimated to generate an additional \$71,346,000 in FY 2021 for the State General Fund, based on the consensus estimate prepared by the Budget Division and the Fiscal Analysis Division.
- [3-21] S.B. 3 requires the Department of Taxation to establish and conduct a tax amnesty program by which taxpayers may pay a fee, tax, or assessment required to be paid to the Department without incurring any penalties or interest that would otherwise be required as a result of the unpaid fee, tax, or assessment. This program is required to be conducted by the Department for a period of not more than 90 calendar days and must be concluded no later than June 30, 2021. Estimated to generate \$14,000,000 to the State General Fund and \$7,000,000 to the Distributive School Account (DSA) in FY 2021 based on the consensus estimate prepared by the Department of Taxation, Budget Division, and the Fiscal Analysis Division.

**FY 2022: Notes 1 and 2 represent legislative actions approved during the 2019 Legislative Session.**

- [1-22] Section 1 of A.B. 512 provides a General Fund appropriation of \$2,138,800 in FY 2020 to the Division of Enterprise Information Technology Services of the Department of Administration for the implementation of an enterprise cloud electronic mail and business productivity application. The legislatively approved repayment of this appropriation is 25 percent of the cost of the implementation of an enterprise cloud electronic mail and business productivity application per year, beginning in FY 2022.
- [2-22] Section 2 of A.B. 512 provides a General Fund appropriation of \$4,186,202 in FY 2020 to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of firewalls. The legislatively approved repayment of this appropriation is 25 percent of the cost of the replacement of the firewalls per year, beginning in FY 2022.

**FY 2022: Notes 3 through 11 represent legislative actions approved during the 2021 Legislative Session.**

- [3-22] A.B. 495 imposes an annual tax on each business entity engaged in the business of extracting gold or silver in this State whose Nevada gross revenue in a taxable year exceeds \$20 million, effective July 1, 2021. The tax rate is 0.75% of all taxable revenue in excess of \$20 million, but not more than \$150 million; and 1.1% of all Nevada gross revenue in excess of \$150 million. The proceeds from this tax are to be deposited in the State General Fund in FY 2022 and FY 2023, but will be deposited in the State Education Fund as a dedicated state funding source for the benefit of K-12 education under the Pupil-Centered Funding Plan beginning in FY 2024. Estimated to generate \$83,802,000 in FY 2022 and \$80,996,000 in FY 2023.
- [4-22] S.B. 440 provides an exemption from sales and use taxes on purchases of tangible personal property by members of the Nevada National Guard who are on active status and who are residents of this State and certain relatives of such members, if the purchase occurs on the date on which Nevada Day is observed or the immediately following Saturday or Sunday, between July 1, 2021, and June 30, 2031. The bill also revises the eligibility requirements for the current exemption that is authorized for members of the Nevada National Guard called into active service to provide that this exemption is available to these members and certain relatives, if the member has been called into active duty for a period of more than 30 days outside of the United States. The exemption is anticipated to reduce sales and use tax revenue for the state and local governments; however, an estimate of the potential reduction was not prepared.
- [5-22] S.B. 367 provides an exemption from the Live Entertainment Tax for live entertainment that is provided by or entirely for the benefit of a governmental entity, effective upon passage and approval (June 4, 2021). Because this exemption is expected to provide a minimal reduction to LET revenues, no adjustment to the forecast was made.

**GENERAL FUND REVENUES - ECONOMIC FORUM MAY 1, 2023, FORECAST**  
**ACTUAL: FY 2020 THROUGH FY 2022 AND FORECAST: FY 2023 THROUGH FY 2025**  
**ECONOMIC FORUM'S FORECAST FOR FY 2023, FY 2024, AND FY 2025 APPROVED AT THE MAY 1, 2023, MEETING**  
**ADJUSTED FOR ACTIONS APPROVED BY THE LEGISLATURE IN THE 2023 REGULAR SESSION (82ND SESSION) AND THE 35TH SPECIAL SESSION (JUNE 2023)**

DESCRIPTION	FY 2020		FY 2021		FY 2022		ECONOMIC FORUM MAY 1, 2023, FORECAST					
	ACTUAL	% Change	ACTUAL	% Change	ACTUAL	% Change	FY 2023 FORECAST	% Change	FY 2024 FORECAST	% Change	FY 2025 FORECAST	% Change

[6-22] On May 13, 2021, the Nevada Supreme Court upheld a First Judicial District Court ruling that certain actions by the Legislature in Senate Bill 551 (2019) were unconstitutional, as that legislation was approved without the two-thirds majority in each house required in Article 4, Section 18 of the Nevada Constitution. As a result, the tax rates for the Modified Business Tax were reduced effective April 1, 2021 to the rates determined by the Department of Taxation on or before September 30, 2018, that were to become effective on July 1, 2019, pursuant to the provisions of NRS 360.203. The rate for the MBT-NFI was reduced from 1.475% to 1.378% for all taxable wages in excess of \$50,000 per calendar quarter and the rate for the MBT-FI and MBT-Mining was reduced from 2.0% to 1.853% on all quarterly taxable wages. The court ruling additionally requires the Department of Taxation to issue refunds for all MBT that was collected at the higher rates, between July 1, 2019, and March 31, 2021, based on the difference between the rate approved in S.B. 551 and the reduced rate determined by the Department in September 2018, as well as interest on the excess amount collected.

The adjustments to the May 2021 Economic Forum forecast reflect the estimated combined negative impact for each fiscal year for the refund and interest attributable to FY 2020 and FY 2021 overpayments as allocated to FY 2021 and FY 2022 and the tax rate reduction for the fourth quarter of FY 2021 and all four quarters of FY 2022 and FY 2023. The estimated negative impact to total MBT collections attributable to the refund and interest on tax overpayments for FY 2020 and FY 2021 allocated to FY 2021 is \$75,575,000 (MBT-NFI: \$68,066,000, MBT-FI: \$4,647,000, MBT-Mining: \$2,862,000) and allocated to FY 2022 is \$4,717,000 (MBT-NFI: \$3,722,000, MBT-FI: \$943,000, MBT-Mining: \$52,000). The estimated negative impact to total MBT collections attributable to the reduction in the tax rates for FY 2021 is \$12,128,000 (MBT-NFI: \$10,917,000, MBT-FI: \$785,000, MBT-Mining: \$426,000), for FY 2022 is \$50,573,000 (MBT-NFI: \$45,445,000, MBT-FI: \$3,386,000, MBT-Mining: \$1,742,000), and for FY 2023 is \$53,659,000 (MBT-NFI: \$48,238,000, MBT-FI: \$3,637,000, MBT-Mining: \$1,784,000). The estimates for the refund and interest are based on information provided by the Department of Taxation, based on an analysis of actual taxpayer accounts, regarding the potential total refund and interest amounts for the four quarters of FY 2020 and the three quarters of FY 2021 and the actual refund and interest amounts issued for each fiscal year in FY 2021 by each component of the MBT.

[7-22] S.B. 9 provides an exemption from licensure for investment advisers to certain qualifying private funds, effective July 1, 2022, if: (1) the investment adviser solely advises one or more qualifying private funds; (2) the investment adviser is not required to register with the Securities and Exchange Commission; (3) neither the investment adviser nor any of its advisory affiliates have engaged in certain bad acts; (4) the investment adviser files certain reports with the Administrator, who is the Deputy of Securities appointed by the Secretary of State; and (5) the investment adviser pays a fee prescribed by the Administrator. Estimated to reduce revenue by \$12,000 in FY 2023.

[8-22] S.B. 389 provides for the regulation and licensing of peer-to-peer car sharing programs by the Department of Motor Vehicles, and also provides that passenger cars that are shared through such a program are subject to a Short Term Car Lease Fee that is identical to the fee already collected by the Department of Taxation on the rental of other passenger cars in this state, effective October 1, 2021. Estimated to generate \$750,000 in FY 2022 and \$1,000,000 in FY 2023.

[9-22] The proceeds from the licensure of certain professional employer organizations (employee leasing companies), which were being retained by the Division of Industrial Relations in the Department of Business and Industry, were going to be deposited in the State General Fund beginning on July 1, 2021. The Economic Forum May 4, 2021, forecast accounted for this action by including an estimate of \$103,500 in G.L. 3107. Senate Bill 55 transfers the duties for regulating and licensing professional employer organizations from the Division to the Labor Commissioner, effective July 1, 2021. It was determined after the passage of S.B. 55 that the Labor Commissioner will post the revenues from the licensing fees in G.L. 3601, not G.L. 3107. Thus, a new line for G.L. 3601 – Professional Employer Organization Fee is added to the table and \$103,500 is transferred from the forecast for G.L. 3107 to this new G.L., resulting in a net zero change to the Economic Forum May 4, 2021, forecast.

[10-22] Adjustment to the Statewide Cost Allocation amount included in the Legislatively Approved budget after the May 4, 2021, approval of the General Fund revenue forecast by the Economic Forum.

[11-22] A.B. 445 requires the State Controller, as soon as practicable after the close of FY 2021, to transfer \$1,000,000 from the Abandoned Property Trust Account (Unclaimed Property) to the Grant Matching Account for the purpose of providing grants or satisfying matching requirements for nongovernmental organizational grants by the Office of Federal Assistance in the Office of the Governor. For FY 2023 and all subsequent years, the first \$1.0 million of revenue from Unclaimed Property that is generated after the required transfer of the first \$7.6 million to the Millennium Scholarship Trust Fund must be transferred to the Grant Matching Account. The actions in A.B. 445, therefore, reduce the forecast for this revenue source by \$1.0 million per year in FY 2022, FY 2023, and all future fiscal years.

**FY 2023: Note 1 represents legislative actions approved during the 2023 Legislative Session.**

[1-23] S.B. 124 amends the provisions originally approved in S.B. 3 of the 31st Special Session (July 2020), which required the prepayment of the State General Fund portion of the Net Proceeds of Minerals Tax for FY 2021, FY 2022, and FY 2023 based on the estimated mining activity during each of those calendar years, to revert the payment of the tax back to its former method (tax due based on actual mining activity from the preceding calendar year) of taxing net proceeds on July 1, 2022, rather than on July 1, 2023, as originally approved in S.B. 3. The passage of S.B. 124 will require these tax proceeds to be paid based on actual calendar year 2023 mining activity during FY 2024, and the proceeds will be deposited in the State Education Fund, pursuant to A.B. 495 (2021); thus, the resultant forecast for this tax remains zero in FY 2024 and FY 2025, based on current law.

**FY 2024: Notes 1 and 2 represent legislative actions approved during the 2021 Legislative Session.**

[1-24] A.B. 495 provides that, beginning in FY 2024, the portion of the Net Proceeds of Minerals Tax currently deposited in the State General Fund be instead deposited in the State Education Fund as a dedicated state funding source for the benefit of K-12 education under the Pupil-Centered Funding Plan. This action does not affect the Economic Forum's forecast for FY 2022 or FY 2023.

[2-24] S.B. 426 provides a General Fund appropriation of \$1,784,500 to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of the content management and portal platform. The legislatively approved annual repayment of this appropriation is 25 percent of the cost of the replacement of the content management and portal platform per year, beginning in FY 2024.

**FY 2024: Note 3 represents actions resulting from the Department of Taxation's September 2022 Modified Business Tax rate reduction determination, as required pursuant to NRS 360.203.**

[3-24] S.B. 483 (2015) enacted a rate reduction mechanism, codified in NRS 360.203, by which the rates for the Modified Business Tax are to be lowered if combined collections from the MBT, Commerce Tax, and Branch Bank Excise Tax in any even-numbered fiscal year exceed the May 1 forecast for the Economic Forum, adjusted for any actions approved by the Legislature, for that fiscal year by more than 4%, as determined by the Department of Taxation on or before September 30 of each even-numbered year. The rate reduction under this mechanism is to become effective at the beginning of the fiscal year following the determination by the Department.

On September 30, 2022, the Department of Taxation determined that actual collections for these taxes in FY 2022 exceeded the Economic Forum's May 4, 2021, forecasts, adjusted for legislative actions and court decisions, by more than 4%. As a result, the tax rate reduction mechanism approved in S.B. 483 requires the MBT-Nonfinancial rate to be reduced from 1.378% to 1.17% on all taxable wages in excess of \$50,000 per calendar quarter, and the MBT-Financial and MBT-Mining rates to be reduced from 1.853% to 1.554% on all taxable wages, effective at the beginning of FY 2024 (July 1, 2023). The rate reduction determined by the Department on September 30, 2022, reduces the MBT-Nonfinancial rate to the minimum by which this may be reduced pursuant to NRS 360.203; thus, no further rate reductions may occur under these provisions based on current law.

**GENERAL FUND REVENUES - ECONOMIC FORUM MAY 1, 2023, FORECAST**  
**ACTUAL: FY 2020 THROUGH FY 2022 AND FORECAST: FY 2023 THROUGH FY 2025**  
**ECONOMIC FORUM'S FORECAST FOR FY 2023, FY 2024, AND FY 2025 APPROVED AT THE MAY 1, 2023, MEETING**  
**ADJUSTED FOR ACTIONS APPROVED BY THE LEGISLATURE IN THE 2023 REGULAR SESSION (82ND SESSION) AND THE 35TH SPECIAL SESSION (JUNE 2023)**

DESCRIPTION	FY 2020 ACTUAL	% Change	FY 2021 ACTUAL	% Change	FY 2022 ACTUAL	% Change	ECONOMIC FORUM MAY 1, 2023, FORECAST					
							FY 2023 FORECAST	% Change	FY 2024 FORECAST	% Change	FY 2025 FORECAST	% Change

**FY 2024: Notes 4 through 14 represent legislative actions approved during the 2023 Legislative Session.**

- [4-24] S.B. 266 excludes, for the purposes of gross gaming revenue for the calculation of the percentage fee tax on gross gaming revenue, cash received as entry fees for the right to participate in a contest or tournament conducted on the premises of a licensed gaming establishment with the participants physically present at those premises when participating under certain circumstances, effective July 1, 2023. The effective date of July 1, 2023, results in a reduction of revenue of \$1,563,100 for the last 11 months of FY 2024, and \$1,705,200 for all twelve months of FY 2025.
- [5-24] S.B. 435 specifies that if an assessment against the operators of certain private medical providers in Nevada is imposed by the Division of Health Care Financing and Policy of the Department of Health and Human Services, the proceeds must be used to provide additional support and services under Medicaid for Medicaid recipients with serious behavioral health conditions, effective upon passage and approval (June 8, 2023).  
  
If such an assessment is imposed, the use of these proceeds for Medicaid services is anticipated to increase capitation payments to contracted managed care organizations, which would increase insurance premium tax collections (as these capitation payments are considered as net direct considerations for the calculation of the tax). However, as it is not known what the rate of assessment that may be imposed or when such an assessment may begin, the effect on the State General Fund is not known at this time.
- [6-24] A.B. 448 clarifies that the exemption from the real property transfer tax for a mere change in identity, form or place of organization, does not apply if the business entity to which the real property is transferred was formed for the purpose of avoiding those taxes, effective upon passage and approval (June 15, 2023). The effect upon the State General Fund is not known at this time, as it is anticipated that the Department of Taxation will need to develop regulations to establish guidelines for determining which entities are formed for the purpose of avoiding the tax.
- [7-24] S.B. 452 requires 100% of the proceeds from the portion of the Governmental Services Tax (GST) generated from the 10% depreciation schedule change, approved in S.B. 429 (2009), to be permanently allocated to the State Highway Fund, effective July 1, 2023. As approved under this bill, the State General Fund will no longer receive proceeds from this tax beginning in FY 2024.
- [8-24] A.B. 232 revises the tax on other tobacco products to specify that the tax on premium cigars, defined as a cigar that is rolled by hand, has a wrapper made of whole tobacco leaves, and which does not have a filter or mouthpiece, is 30 percent of the wholesale price of the cigar, but cannot be less than 30 cents per premium cigar or more than 50 cents per premium cigar, effective July 1, 2023, until June 30, 2027. Estimated to reduce collections by \$1,000,000 per fiscal year in FY 2024 and FY 2025.
- [9-24] A.B. 260 provides an exemption from any fees imposed by the Secretary of State's Office under Title 7 of the NRS for veterans services organizations, as recognized by the United States Secretary of Veterans Affairs, any agent or officer of such an organization, effective January 1, 2024. Estimated to reduce revenue by \$650 in FY 2024 and \$1,300 in FY 2025.
- [10-24] S.B. 145 revises the fine structure that may be imposed by the Labor Commissioner for violations of provisions relating to intentional misclassification of employees by an employer, removing the \$2,500 fine that may be imposed upon an employer for a first offense of these provisions. Estimated to reduce revenue by \$10,000 per fiscal year in FY 2024 and FY 2025.
- [11-24] S.B. 450 provides a General Fund appropriation of \$12,000,000 to the Housing Division of the Department of Business and Industry to establish a program for the relocation of persons residing in the Windsor Park neighborhood of the City of North Las Vegas whose residences have been damaged by the sinking of the ground beneath the residences. The legislatively approved repayment of this appropriation is \$250,000 per month, which must be withheld from the payment made from the Local Government Tax Distribution Account to the City of North Las Vegas for each month beginning on July 1, 2023, until the month when the total amount withheld from the city equals \$12,000,000.
- [12-24] S.B. 448 eliminates the distribution of certain court administrative assessment fees to the Office of the Court Administrator and other functions pursuant to subsection 8 of NRS 176.059, and instead requires that those proceeds be deposited in the State General Fund in addition to the \$5 per assessment that is currently deposited pursuant to subsections 5 and 6 of NRS 176.059, effective July 1, 2023. The elimination of this revenue distribution additionally eliminates the provisions that require court administrative assessment revenue that was not used or distributed for these purposes to be deposited in the State General Fund. Estimated to generate \$15,569,000 per fiscal year in FY 2024 and FY 2025.
- [13-24] Adjustment to the Statewide Cost Allocation amount included in the Legislatively Approved budget after the May 1, 2023, approval of the General Fund revenue forecast by the Economic Forum.
- [14-24] A.B. 45 requires, by the end of each fiscal year, the transfer of \$2,500,000 from the Abandoned Property Trust Account (Unclaimed Property) to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities, effective January 1, 2024. This revenue must be transferred after the required transfer of the first \$7.6 million to the Millennium Scholarship Trust Fund and the next \$1 million to the Grant Matching Account.  
  
A.B. 45 additionally requires, if the Nevada Health Service Corps has been established pursuant to NRS 396.900, that \$250,000 per fiscal year, beginning in FY 2024, be transferred to the University of Nevada School of Medicine for the purpose of obtaining matching money for the Corps from the federal government. This transfer must occur after the \$7.6 million transfer to the Millennium Scholarship Trust Fund; the \$1 million transfer to the Grant Matching Account; and the \$2.5 million transfer to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities.

**FY 2025: Note 1 represents legislative actions approved during the 2023 Legislative Session.**

- [1-25] S.B. 428 requires the submission of a question on the November 2024 General Election ballot seeking approval to amend the Sales and Use Tax Act of 1955 to provide an exemption from the State 2% sales and use tax for diapers for children and adults. If this question is approved by the voters, the sales tax exemption for these products will be effective January 1, 2025, until December 31, 2050.  
  
S.B. 428 also provides that if the ballot question is approved by the voters, identical exemptions for these products from the Local School Support Tax and other state and local taxes would become effective January 1, 2025, and would also expire on December 31, 2050. If approved, these exemptions would reduce the amount of the commission that is kept by the Department of Taxation and deposited in the State General Fund for collection of these taxes.

**FY 2026: Notes 1 through 4 represent legislative actions approved during the 2023 Legislative Session.**

- [1-26] A.B. 482 provides General Fund appropriations totalling \$422,932 to the Office of Finance in the Office of the Governor as a loan to the Enterprise Application Services Unit of the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of the information technology service management provider and for the replacement of computer hardware and associated software. The legislatively approved repayment of this appropriation is 25 percent of the costs for these specified purposes per fiscal year, beginning in FY 2026.
- [2-26] A.B. 487 provides a General Fund appropriation of \$17,147 to the Office of Finance in the Office of the Governor as a loan to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of computer hardware and associated software. The legislatively approved repayment of this appropriation is 25 percent of the cost of the replacement of the computer hardware and associated software per fiscal year, beginning in FY 2026.
- [3-26] A.B. 488 provides General Fund appropriations totalling \$1,611,624 to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of computer hardware and associated software; for the replacement of components of a security firewall; and for security upgrades to mountaintop microwave sites. The legislatively approved repayment of this appropriation is 25 percent of the costs for these specified purposes per fiscal year, beginning in FY 2026.
- [4-26] A.B. 506 provides General Fund appropriations totalling \$272,082 to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of the system for tracking information technology investments and for the replacement of computer hardware and associated software. The legislatively approved repayment of this appropriation is 25 percent of the costs for these specified purposes per fiscal year, beginning in FY 2026.

**TAX CREDIT PROGRAMS APPROVED BY THE LEGISLATURE**

- [TC-1] Pursuant to S.B. 165 (2013), the Governor's Office of Economic Development (GOED) could issue up to \$20 million per fiscal year for a total of \$80 million for the four-year pilot program in transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and Gaming Percentage Fee Tax. The provisions of the film tax credit program were amended in S.B. 1 (28th Special Session (2014)) to reduce the total amount of the tax credits that may be approved by GOED to a total of \$10 million.
- Pursuant to A.B. 492 (2017), a total of \$10 million per year in film tax credits may be awarded by GOED beginning in FY 2018, in addition to any remaining amounts from S.B. 1 of the 28th Special Session (2014). Any portion of the \$10 million per fiscal year that is not approved by GOED may be carried forward and made available during the next or any future fiscal year. The forecasts for FY 2023, FY 2024, and FY 2025 are based on information provided by the Nevada Film Office of GOED.
- [TC-2] Pursuant to S.B. 1 (28th Special Session (2014)), for certain qualifying projects, the Governor's Office of Economic Development (GOED) is required to issue transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and the Gaming Percentage Fee Tax. The amount of transferrable tax credits are equal to \$12,500 for each qualified employee employed by the participants in the project, to a maximum of 6,000 employees, plus 5 percent of the first \$1 billion of new capital investment in the State made collectively by the participants in the qualifying project, plus an additional 2.8 percent of the next \$2.5 billion in new capital investment in the State made collectively by the participants in the project. The amount of credits approved by GOED may not exceed \$45 million per fiscal year (though any unissued credits may be issued in subsequent fiscal years), and GOED may not issue total credits in excess of \$195 million. The forecast is \$0 per fiscal year for FY 2023, FY 2024, and FY 2025, because the entirety of the \$195 million in transferrable tax credits that could be authorized pursuant to S.B. 1 have been awarded and used.
- Pursuant to S.B. 1 (29th Special Session (2015)), for certain qualifying projects, the Governor's Office of Economic Development (GOED) is required to issue transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and the Gaming Percentage Fee Tax. The amount of transferrable tax credits are equal to \$9,500 for each qualified employee employed by the participants in the project, to a maximum of 4,000 employees. The amount of credits approved by GOED may not exceed \$7.6 million per fiscal year (though any unissued credits may be issued in subsequent fiscal years), and GOED may not issue total credits in excess of \$38 million.
- Pursuant to Senate Bill 410 of the 2019 Session, a project is eligible for the transferable tax credits only if the Interim Finance Committee approves a written request submitted by GOED for the issuance of the transferable tax credits. The Interim Finance Committee may approve such a request only if the Interim Finance Committee determines that approval of the request will not impede the ability of the Legislature to carry out its duty to provide for an annual tax sufficient to defray the estimated expenses of the State for each fiscal year as set forth in Article 9, Section 2 of the Nevada Constitution; and will promote the economic development of this State and aid the implementation of the State Plan for Economic Development developed by the Executive Director of GOED.
- 16 On January 31, 2023, the Interim Finance Committee, under the provisions required pursuant to Senate Bill 410 of the 2019 Session, approved a written request by the Office of Economic Development for the issuance of \$2,137,500 in transferable tax credits to Redwood Materials, Inc., the lead participant engaged in a qualified project in Storey County. The Board of Economic Development approved the application for this project at its meeting on December 1, 2022. Based on information received from GOED, the estimated amount of credits that will be used is \$950,000 in FY 2024, \$475,000 in FY 2025, and \$712,500 in FY 2026.
- [TC-3] Pursuant to S.B. 357 (2013), the Nevada New Markets Jobs Act allows insurance companies to receive a credit against the tax imposed on insurance premiums in exchange for making qualified equity investments in community development entities, particularly those that are local and minority-owned. A total of \$200 million in qualified equity investments may be certified by the Department of Business and Industry. In exchange for making the qualified equity investment, insurance companies are entitled to receive a credit against the Insurance Premium Tax in an amount equal to 58 percent of the total qualified equity investment that is certified by the Department. The credits, which were allowed to be taken by insurance companies beginning in the third quarter of FY 2015 under the provisions of S.B. 357, may be taken in increments beginning on the second anniversary date of the original investment, as follows:
- 2 years after the investment is made: 12%; 3 years after the investment is made: 12%; 4 years after the investment is made: 12%; 5 years after the investment is made: 11%; and 6 years after the investment is made: 11%.
- Pursuant to A.B. 446 (2019), an additional \$200 million in qualified equity investments could be certified by the Department of Business and Industry, effective July 1, 2019, with a total of \$116 million of credits that may be taken based on the increment percentages originally approved in S.B. 357 (2013). However, pursuant to A.B. 446, no credits could be taken against the Insurance Premium Tax before July 1, 2021 (FY 2022).
- Pursuant to S.B. 450 (2023), an additional \$170 million in qualified equity investments may be certified by the Department of Business and Industry, effective July 1, 2024, with a total of \$98.6 million of credits that may be taken based on the increment percentages originally approved in S.B. 357 (2013). However, pursuant to S.B. 450, no credits may be taken against the Insurance Premium Tax before July 1, 2026 (FY 2027).
- S.B. 240 additionally allows the Department of Business and Industry, effective July 1, 2024, to certify \$30 million in impact qualified equity investments, with a total of \$22.5 million of credits that may be taken based on the increment percentages in the bill (0% in the first two years, and 15% per year in the next five years). Pursuant to S.B. 240, none of these credits may be taken against the Insurance Premium Tax before July 1, 2026 (FY 2027).
- [TC-4] S.B. 507 (2015) authorizes the Governor's Office of Economic Development (GOED) to approve transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and Gaming Percentage Fee Tax to new or expanding businesses to promote the economic development of Nevada. As approved in S.B. 507, the total amount of transferrable tax credits that may be issued is \$500,000 in FY 2016, \$2,000,000 in FY 2017, and \$5,000,000 for FY 2018 and each fiscal year thereafter.
- A.B. 1 of the 29th Special Session (2015) reduced the total amount of transferrable tax credits that may be issued by GOED to zero in FY 2016, \$1 million in FY 2017, \$2 million per year in FY 2018 and FY 2019, and \$3 million in FY 2020. For FY 2021 and future fiscal years, the amount of credits that may be issued by GOED remains at \$5 million per year. The forecasts for FY 2023, FY 2024, and FY 2025 are based on information provided by GOED.

**GENERAL FUND REVENUES - ECONOMIC FORUM MAY 1, 2023, FORECAST**  
**ACTUAL: FY 2020 THROUGH FY 2022 AND FORECAST: FY 2023 THROUGH FY 2025**  
**ECONOMIC FORUM'S FORECAST FOR FY 2023, FY 2024, AND FY 2025 APPROVED AT THE MAY 1, 2023, MEETING**  
**ADJUSTED FOR ACTIONS APPROVED BY THE LEGISLATURE IN THE 2023 REGULAR SESSION (82ND SESSION) AND THE 35TH SPECIAL SESSION (JUNE 2023)**

DESCRIPTION	FY 2020		FY 2021		FY 2022		ECONOMIC FORUM MAY 1, 2023, FORECAST					
	ACTUAL	% Change	ACTUAL	% Change	ACTUAL	% Change	FY 2023 FORECAST	% Change	FY 2024 FORECAST	% Change	FY 2025 FORECAST	% Change

[TC-5] A.B. 165 (2015) allows taxpayers who make donations of money to certain scholarship organizations to receive a dollar-for-dollar credit against the taxpayer's liability for the Modified Business Tax (MBT). The total amount of credits that may be approved by the Department of Taxation (Department) is \$5 million in FY 2016, \$5.5 million in FY 2017, and 110 percent of the total amount of credits authorized in the previous year, for all subsequent fiscal years.

S.B. 555 (2017) authorized an additional \$20 million in credits against the MBT under this program in Fiscal Year 2018 beyond those that were authorized in FY 2018 based on the provisions of A.B. 165 (2015). Any amount of the \$20 million in credits that is not approved by the Department may be issued in future fiscal years.

A.B. 458 (2019) permanently eliminated the 10 percent increase in the amount of credits that may be authorized in each year, capping the total amount that may be authorized in each year at \$6,655,000 beginning in FY 2020. The bill additionally clarified that the \$6,655,000 limit per year applies to the combined credits that may be taken under both chapters of the MBT (Chapters 363A and 363B), rather than as a separate limit for each chapter.

S.B. 551 (2019) authorized an additional \$4,745,000 in credits against the MBT (Chapters 363A and 363B combined) under this program per year in FY 2020 and FY 2021 beyond those that were authorized in those years based on the provisions of A.B. 458 (2019). Any amount of the \$4,745,000 in credits that is not approved by the Department in each fiscal year may be issued in future fiscal years.

A.B. 495 (2021) authorized an additional \$4,745,000 in credits against the MBT (Chapters 363A and 363B combined) under this program per year in FY 2022 beyond those that are authorized in that year based on the provisions of A.B. 458 (2019). Any amount of the \$4,745,000 in credits that is not approved by the Department in FY 2022 may be issued in future fiscal years. The forecast for FY 2022 is based on the maximum amount of \$6,655,000 allowed pursuant to A.B. 458 (2019) plus the additional \$4,745,000 per year authorized under A.B. 458 (2019) that are expected to be taken in this fiscal year. The forecasts for FY 2023, FY 2024, and FY 2025 were prepared by the Governor's Finance Office and the Fiscal Analysis Division based on information provided by the Department of Taxation.

[TC-6] S.B. 412 (2015) provides a tax credit against the Modified Business Tax (MBT) to certain employers who match the contribution of an employee to one of the college savings plans offered through the Nevada Higher Education Prepaid Tuition Program and the Nevada College Savings Program authorized under existing law. The amount of the tax credit is equal to 25 percent of the matching contribution, not to exceed \$500 per contributing employee per year, and any unused credits may be carried forward for 5 years. The provisions relating to the Nevada College Savings Program are effective January 1, 2016, and the Higher Education Prepaid Tuition Program are effective July 1, 2016.

The forecasts for FY 2023, FY 2024, and FY 2025 are based on information provided by the Treasurer's Office on enrollment and contributions for the College Savings Program.

[TC-7] S.B. 448 (2019) authorizes the Housing Division of the Department of Business and Industry (Division) to approve a total of \$40 million of transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and Gaming Percentage Fee Tax. Under the provisions of S.B. 448, the Division may award up to \$10 million in transferable tax credits per year to persons who develop affordable housing projects in Nevada over the four years of the pilot program, but may award an additional \$3 million in credits in any fiscal year if the issuance of the credits is necessary for the development of additional affordable housing projects in the state. If the Division approves any credits in excess of \$10 million in a fiscal year, the amount to be awarded in the next fiscal year must be reduced by the amount in excess of \$10 million that was issued in the previous fiscal year. If the Division does not issue all of the \$10 million in credits authorized in a fiscal year, that amount is carried forward and may be issued in a subsequent fiscal year.

S.B. 284 (2021) made several changes to this tax credit program, including revising the procedure for the issuance of transferable tax credits so that transferable tax credits are issued before, rather than after, the project is completed; removing the 4-year sunset provisions originally established by S.B. 448 (2019), making the program permanent; and clarifying that the maximum amount of tax credits that may be issued under the program remains at \$40 million as established in S.B. 448 (2019).

The forecasts for FY 2023, FY 2024, and FY 2025 are based on information provided by the Division.

[TC-8] S.B. 1 (35th Special Session (June 2023)) authorizes the developer partner of a qualified major league baseball stadium project to apply to the Stadium Authority for a certificate of eligibility for transferrable tax credits which may be applied to the Modified Business Tax, the Gaming Percentage Fee Tax, or the Insurance Premium Tax (with the exception of any of these taxes generated from activity occurring within the stadium district). A qualified project may be approved for a maximum of \$36 million in tax credits per fiscal year, beginning in Fiscal Year 2026, and a maximum of \$180 million in transferrable tax credits may be awarded to all qualified projects in the state.

<p><b>ECONOMIC DEVELOPMENT TRANSFERRABLE TAX CREDITS (S.B. 1 (29<sup>TH</sup> SPECIAL SESSION))</b></p> <p>Pursuant to S.B. 1 (29th Special Session (2015)), for certain qualifying projects, the Governor's Office of Economic Development (GOED) is required to issue transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and the Gaming Percentage Fee Tax. The amount of transferrable tax credits are equal to \$9,500 for each qualified employee employed by the participants in the project, to a maximum of 4,000 employees. The amount of credits approved by GOED may not exceed \$7.6 million per fiscal year (though any unissued credits may be issued in subsequent fiscal years), and GOED may not issue total credits in excess of \$38 million.</p> <p>Pursuant to Senate Bill 410 of the 2019 Session, a project is eligible for the transferable tax credits only if the Interim Finance Committee approves a written request submitted by GOED for the issuance of the transferable tax credits. The Interim Finance Committee may approve such a request only if the Interim Finance Committee determines that approval of the request will not impede the ability of the Legislature to carry out its duty to provide for an annual tax sufficient to defray the estimated expenses of the State for each fiscal year as set forth in Article 9, Section 2 of the Nevada Constitution; and will promote the economic development of this State and aid the implementation of the State Plan for Economic Development developed by the Executive Director of GOED.</p> <p>On January 31, 2023, the Interim Finance Committee, under the provisions required pursuant to Senate Bill 410 of the 2019 Session, approved a written request by the Office of Economic Development for the issuance of \$2,137,500 in transferable tax credits to Redwood Materials, Inc., the lead participant engaged in a qualified project in Storey County. The Board of Economic Development approved the application for this project at its meeting on December 1, 2022. The amounts shown for FY 2024 and FY 2025 are based on information provided by GOED.</p>			-\$950,000		-\$475,000		-\$1,425,000

<p>NEVADA EDUCATIONAL CHOICE SCHOLARSHIP TAX CREDIT PROGRAM (A.B. 165 (2015)/S.B. 555 (2017)/A.B. 458 (2019)/S.B. 551 (2019)/A.B. 495 (2021))</p> <p>A.B. 165 (2015) allows taxpayers who make donations of money to certain scholarship organizations to receive a dollar-for-dollar credit against the taxpayer's liability for the Modified Business Tax (MBT). The total amount of credits that may be approved by the Department of Taxation is \$5 million in FY 2016, \$5.5 million in FY 2017, and 110 percent of the total amount of credits authorized in the previous year, for all subsequent fiscal years, for each chapter of the MBT (Chapters 363A and 363B).</p> <p>S.B. 555 (2017) authorized an additional \$20 million in credits against the MBT under this program in Fiscal Year 2018 beyond those that were authorized in FY 2018 based on the provisions of A.B. 165 (2015). Any amount of the \$20 million in credits that is not approved by the Department may be issued in future fiscal years.</p> <p>A.B. 458 (2019) permanently eliminated the 10 percent increase in the amount of credits that may be authorized in each year, capping the total amount that may be authorized in each year at \$6,655,000 beginning in FY 2020. The bill additionally clarified that the \$6,655,000 limit per year applies to the combined credits that may be taken under both chapters of the MBT (Chapters 363A and 363B), rather than as a separate limit for each chapter.</p> <p>S.B. 551 (2019) authorized an additional \$4,745,000 in credits against the MBT (Chapters 363A and 363B combined) under this program per year in FY 2020 and FY 2021 beyond those that were authorized in those years based on the provisions of A.B. 458 (2019). Any amount of the \$4,745,000 million in credits that is not approved by the Department in each fiscal year may be issued in future fiscal years.</p> <p>A.B. 495 (2021) authorized an additional \$4,745,000 in credits against the MBT (Chapters 363A and 363B combined) under this program in FY 2022 beyond those that are authorized in that year based on the provisions of A.B. 458 (2019). Any amount of the \$4,745,000 in credits that is not approved by the Department in FY 2022 may be issued in future fiscal years. The forecasts for FY 2023, FY 2024, and FY 2025 were prepared by the Governor's Finance Office and the Fiscal Analysis Division based on information provided by the Department of Taxation.</p>	-\$13,000,000		-\$8,910,000		-\$6,655,000		-\$15,565,000

<p>NEVADA NEW MARKETS JOBS ACT TAX CREDIT PROGRAM (S.B. 357 (2013)/A.B. 446 (2019))</p> <p>Pursuant to S.B. 357 (2013), the Nevada New Markets Jobs Act allows insurance companies to receive a credit against the tax imposed on insurance premiums in exchange for making qualified equity investments in community development entities, particularly those that are local and minority-owned. A total of \$200 million in qualified equity investments may be certified by the Department of Business and Industry. In exchange for making the qualified equity investment, insurance companies are entitled to receive a credit against the Insurance Premium Tax in an amount equal to 58 percent of the total qualified equity investment that is certified by the Department. The credits, which were allowed to be taken by insurance companies beginning in the third quarter of FY 2015 under the provisions of S.B. 357, may be taken in increments beginning on the second anniversary date of the original investment, as follows:</p> <p>2 years after the investment is made: 12 percent of the qualified investment  3 years after the investment is made: 12 percent of the qualified investment  4 years after the investment is made: 12 percent of the qualified investment  5 years after the investment is made: 11 percent of the qualified investment  6 years after the investment is made: 11 percent of the qualified investment</p> <p>Pursuant to A.B. 446 (2019), an additional \$200 million in qualified equity investments may be certified by the Department of Business and Industry, effective July 1, 2019, with a total of \$116 million of credits that may be taken based on the increment percentages originally approved in S.B. 357 (2013). However, pursuant to A.B. 446, no credits may be taken against the Insurance Premium Tax before July 1, 2021 (FY 2022).</p> <p>The amounts shown reflect estimates of the amount of tax credits that will be taken in each fiscal year based on information provided by the Department of Business and Industry and the Department of Taxation during the 2023 Session.</p>	-\$24,000,000		-\$24,000,000		-\$22,000,000		-\$46,000,000

<p>CATALYST ACCOUNT TRANSFERRABLE TAX CREDIT PROGRAM (S.B. 507 (2015)/A.B. 1 (29TH S.S.))  S.B. 507 (2015) authorizes the Governor's Office of Economic Development (GOED) to approve and issue transferrable tax credits that may be used against the Modified Business Tax (MBT), Insurance Premium Tax, and Gaming Percentage Fee Tax to new or expanding businesses to promote the economic development of Nevada. Pursuant to A.B. 1 of the 29th Special Session (2015), the total amount of transferrable tax credits that may be issued is \$1 million in FY 2017, \$2 million per year in FY 2018 and FY 2019, and \$3 million in FY 2020. For FY 2021 and future fiscal years, the amount of credits that may be issued by GOED remains at \$5 million per year. The amounts shown for FY 2023, FY 2024, and FY 2025 are based on information provided by GOED.</p>							
<p>COLLEGE SAVINGS PLAN EMPLOYER MATCHING EMPLOYEE CONTRIBUTION TAX CREDIT PROGRAM (S.B. 412 (2015))  S.B. 412 (2015) provides a tax credit against the Modified Business Tax (MBT) to certain employers who match the contribution of an employee to one of the college savings plans offered through the Nevada Higher Education Prepaid Tuition Program and the Nevada College Savings Program authorized under existing law. The amount of the tax credit is equal to 25 percent of the matching contribution, not to exceed \$500 per contributing employee per year, and any unused credits may be carried forward for 5 years. The amounts shown are estimates based on information provided by the Treasurer's Office on enrollment and contributions for the college savings plans.</p>	-\$500		-\$550		-\$605		-\$1,155
<p>AFFORDABLE HOUSING TRANSFERRABLE TAX CREDIT PROGRAM (S.B. 448 (2019)/S.B. 284 (2021))  S.B. 448 (2019) authorizes the Housing Division of the Department of Business and Industry (Division) to approve a total of \$40 million of transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and Gaming Percentage Fee Tax. Under the provisions of S.B. 448, the Division may award up to \$10 million in transferrable tax credits per year to persons who develop affordable housing projects in Nevada over the four years of the pilot program, but may award an additional \$3 million in credits in any fiscal year if the issuance of the credits is necessary for the development of additional affordable housing projects in the state. If the Division approves any credits in excess of \$10 million in a fiscal year, the amount to be awarded in the next fiscal year must be reduced by the amount in excess of \$10 million that was issued in the previous fiscal year. If the Division does not issue all of the \$10 million in credits authorized in a fiscal year, that amount is carried forward and may be issued in a subsequent fiscal year.</p> <p>S.B. 284 (2021) made several changes to this tax credit program, including revising the procedure for the issuance of transferable tax credits so that transferable tax credits are issued before, rather than after, the project is completed; removing the 4-year sunset provisions originally established by S.B. 448 (2019), making the program permanent; and clarifying that the maximum amount of tax credits that may be issued under the program remains at \$40 million as established in S.B. 448 (2019).</p>	-\$6,000,000		-\$10,000,000		-\$10,000,000		-\$20,000,000

<b>Economic Forum May 1, 2023, Forecast <u>Before</u> Tax Credits and <u>Without</u> Adjustments for Measures Approved by the 2023 Legislature and the 35th Special Session</b>  <b>ADJUSTMENTS TO REVENUE</b>  <b>TAXES</b>  <b>NET PROCEEDS OF MINERALS TAX (S.B. 124)</b> <p>S.B. 124 amends the provisions originally approved in S.B. 3 of the 31st Special Session (July 2020), which required the prepayment of the State General Fund portion of the Net Proceeds of Minerals Tax for FY 2021, FY 2022, and FY 2023 based on the estimated mining activity during each of those calendar years, to revert the payment of the tax back to its former method (tax due based on actual mining activity from the preceding calendar year) of taxing net proceeds on July 1, 2022, rather than on July 1, 2023, as originally approved in S.B. 3. The passage of S.B. 124 will require these tax proceeds to be paid based on actual calendar year 2023 mining activity during FY 2024, and the proceeds will be deposited in the State Education Fund, pursuant to A.B. 495 (2021); thus, the resultant forecast for this tax remains zero in FY 2024 and FY 2025, based on current law. Because this bill was signed by the Governor on February 27, 2023 and became effective upon passage and approval, the Economic Forum's May 1, 2023, forecast includes the effect of this legislation.</p>	\$5,822,073,322	5.4%	\$5,851,240,561	0.5%	\$6,005,250,343	2.6%	\$11,856,490,904
<b>SALES &amp; USE TAX (S.B. 428)</b> <b>SALES &amp; USE TAX: GENERAL FUND COMMISSION - LSST (S.B. 428)</b> <b>SALES &amp; USE TAX: GENERAL FUND COMMISSION - BCCRT (S.B. 428)</b> <b>SALES &amp; USE TAX: GENERAL FUND COMMISSION - SCCRT (S.B. 428)</b> <b>SALES &amp; USE TAX: GENERAL FUND COMMISSION - PTT (S.B. 428)</b> <p>S.B. 428 requires the submission of a question on the November 2024 General Election ballot seeking approval to amend the Sales and Use Tax Act of 1955 to provide an exemption from the State 2% sales and use tax for diapers for children and adults. If this question is approved by the voters, the sales tax exemption for these products will be effective January 1, 2025, until December 31, 2050.</p> <p>S.B. 428 also provides that if the ballot question is approved by the voters, identical exemptions for these products from the Local School Support Tax and other state and local taxes would become effective January 1, 2025, and would also expire on December 31, 2050. If approved, these exemptions would reduce the amount of the commission that is kept by the Department of Taxation and deposited in the State General Fund for collection of these taxes.</p>							
<b>PERCENTAGE FEES - GROSS GAMING REVENUE (S.B. 266)</b> <p>S.B. 266 excludes, for the purposes of gross gaming revenue for the calculation of the percentage fee tax on gross gaming revenue, cash received as entry fees for the right to participate in a contest or tournament conducted on the premises of a licensed gaming establishment with the participants physically present at those premises when participating under certain circumstances, effective July 1, 2023. The effective date of July 1, 2023, results in a reduction of revenue of \$1,563,100 for the last 11 months of FY 2024, and \$1,705,200 for all twelve months of FY 2025.</p>			-\$1,563,100		-\$1,705,200		-\$3,268,300

<b>TAXES (CONTINUED)</b>							
<p><b>INSURANCE PREMIUM TAX (S.B. 435)</b>            S.B. 435 specifies that if an assessment against the operators of certain private medical providers in Nevada is imposed by the Division of Health Care Financing and Policy of the Department of Health and Human Services, the proceeds must be used to provide additional support and services under Medicaid for Medicaid recipients with serious behavioral health conditions, effective upon passage and approval (June 8, 2023).</p> <p>If such an assessment is imposed, the use of these proceeds for Medicaid services is anticipated to increase capitation payments to contracted managed care organizations, which would increase insurance premium tax collections (as these capitation payments are considered as net direct considerations for the calculation of the tax). However, as it is not known what the rate of assessment that may be imposed or when such an assessment may begin, the effect on the State General Fund is not known at this time.</p>							
<p><b>REAL PROPERTY TRANSFER TAX (A.B. 448)</b>            A.B. 448 clarifies that the exemption from the real property transfer tax for a mere change in identity, form or place of organization, does not apply if the business entity to which the real property is transferred was formed for the purpose of avoiding those taxes, effective upon passage and approval (June 15, 2023). The effect upon the State General Fund is not known at this time, as it is anticipated that the Department of Taxation will need to develop regulations to establish guidelines for determining which entities are formed for the purpose of avoiding the tax.</p>							
<p><b>GOVERNMENTAL SERVICES TAX (S.B. 452)</b>            S.B. 452 requires 100% of the proceeds from the portion of the Governmental Services Tax (GST) generated from the 10% depreciation schedule change, approved in S.B. 429 (2009), to be permanently allocated to the State Highway Fund, effective July 1, 2023. As approved under this bill, the State General Fund will no longer receive proceeds from this tax beginning in FY 2024.</p>							
<p><b>OTHER TOBACCO TAX (A.B. 232)</b>            A.B. 232 revises the tax on other tobacco products to specify that the tax on premium cigars, defined as a cigar that is rolled by hand, has a wrapper made of whole tobacco leaves, and which does not have a filter or mouthpiece, is 30 percent of the wholesale price of the cigar, but cannot be less than 30 cents per premium cigar or more than 50 cents per premium cigar, effective July 1, 2023, until June 30, 2027. Estimated to reduce collections by \$1,000,000 per fiscal year in FY 2024 and FY 2025.</p>							
<p><b>NET IMPACT - TOTAL TAXES</b></p>							
<b>LICENSES</b>							
<p><b>COMMERCIAL RECORDINGS (A.B. 260)</b>            A.B. 260 provides an exemption from any fees imposed by the Secretary of State's Office under Title 7 of the NRS for veterans services organizations, as recognized by the United States Secretary of Veterans Affairs, any agent or officer of such an organization, effective January 1, 2024. Estimated to reduce revenue by \$650 in FY 2024 and \$1,300 in FY 2025.</p>

<b>USE OF MONEY AND PROPERTY</b>							
EITS REPAYMENT - I.T. SERVICE MANAGEMENT PROVIDER REPLACEMENT (A.B. 482) A.B. 482 provides General Fund appropriations totalling \$422,932 to the Office of Finance in the Office of the Governor as a loan to the Enterprise Application Services Unit of the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of the information technology service management provider and for the replacement of computer hardware and associated software. The legislatively approved repayment of this appropriation is 25 percent of the costs for these specified purposes per fiscal year, beginning in FY 2026.							
EITS REPAYMENT - COMPUTER HARDWARE AND SOFTWARE REPLACEMENT (A.B. 487) A.B. 487 provides a General Fund appropriation of \$17,147 to the Office of Finance in the Office of the Governor as a loan to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of computer hardware and associated software. The legislatively approved repayment of this appropriation is 25 percent of the cost of the replacement of the computer hardware and associated software per fiscal year, beginning in FY 2026.							
EITS REPAYMENT - FIREWALL REPLACEMENT AND SECURITY UPGRADES (A.B. 488) A.B. 488 provides General Fund appropriations totalling \$1,611,624 to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of computer hardware and associated software; for the replacement of components of a security firewall; and for security upgrades to mountaintop microwave sites. The legislatively approved repayment of this appropriation is 25 percent of the costs for these specified purposes per fiscal year, beginning in FY 2026.							
EITS REPAYMENT - INFORMATION TECHNOLOGY INVESTMENTS TRACKING SYSTEM (A.B. 506) A.B. 506 provides General Fund appropriations totalling \$272,082 to the Division of Enterprise Information Technology Services of the Department of Administration for the replacement of the system for tracking information technology investments and for the replacement of computer hardware and associated software. The legislatively approved repayment of this appropriation is 25 percent of the costs for these specified purposes per fiscal year, beginning in FY 2026.							
CITY OF NORTH LAS VEGAS REPAYMENT - WINDSOR PARK RELOCATION (S.B. 450) S.B. 450 provides a General Fund appropriation of \$12,000,000 to the Housing Division of the Department of Business and Industry to establish a program for the relocation of persons residing in the Windsor Park neighborhood of the City of North Las Vegas whose residences have been damaged by the sinking of the ground beneath the residences. The legislatively approved repayment of this appropriation, which must be withheld from the payment made from the Local Government Tax Distribution Account to the City of North Las Vegas, is \$250,000 per month for each month beginning on July 1, 2023, and ending in the month when the total amount withheld from the city equals \$12,000,000.			\$3,000,000		\$3,000,000		\$6,000,000

<b>OTHER REVENUE</b>							
COURT ADMINISTRATIVE ASSESSMENT FEE (S.B. 448) S.B. 448 eliminates the distribution of certain court administrative assessment fees to the Office of the Court Administrator and other functions pursuant to subsection 8 of NRS 176.059, and instead requires that those proceeds be deposited in the State General Fund in addition to the \$5 per assessment that is currently deposited pursuant to subsections 5 and 6 of NRS 176.059, effective July 1, 2023. The elimination of this revenue distribution additionally eliminates the provisions that require court administrative assessment revenue that was not used or distributed for these purposes to be deposited in the State General Fund. Estimated to generate \$15,569,000 per fiscal year in FY 2024 and FY 2025.			\$15,569,000		\$15,569,000		\$31,138,000

UNCLAIMED PROPERTY (A.B. 45) A.B. 45 requires, by the end of each fiscal year, the transfer of \$2,500,000 from the Abandoned Property Trust Account (Unclaimed Property) to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities, effective January 1, 2024. This revenue must be transferred after the required transfer of the first \$7.6 million to the Millennium Scholarship Trust Fund and the next \$1 million to the Grant Matching Account.  A.B. 45 additionally requires, if the Nevada Health Service Corps has been established pursuant to NRS 396.900, that \$250,000 per fiscal year, beginning in FY 2024, be transferred to the University of Nevada School of Medicine for the purpose of obtaining matching money for the Corps from the federal government. This transfer must occur after the \$7.6 million transfer to the Millennium Scholarship Trust Fund; the \$1 million transfer to the Grant Matching Account; and the \$2,500,000 transfer to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities.			-\$2,750,000		-\$2,750,000		-\$5,500,000

<b>ADJUSTMENTS TO TAX CREDIT PROGRAMS</b>							
NEVADA NEW MARKETS JOBS ACT TAX CREDITS (S.B. 240)							
Pursuant to S.B. 240, an additional \$170 million in qualified equity investments may be certified by the Department of Business and Industry, effective July 1, 2024, with a total of \$98.6 million of credits that may be taken based on the increment percentages originally approved in S.B. 357 (2013). However, pursuant to S.B. 240, none of these credits may be taken against the Insurance Premium Tax before July 1, 2026 (FY 2027).							
S.B. 240 additionally allows the Department of Business and Industry, effective July 1, 2024, to certify \$30 million in impact qualified equity investments, with a total of \$22.5 million of credits that may be taken based on the increment percentages in the bill (0% in the first two years, and 15% per year in the next five years). Pursuant to S.B. 240, none of these credits may be taken against the Insurance Premium Tax before July 1, 2026 (FY 2027).							
BASEBALL STADIUM PROJECT TRANSFERRABLE TAX CREDITS (S.B. 1 (35th S.S.))							
S.B. 1 (35th S.S.) authorizes the developer partner of a qualified major league baseball stadium project to apply to the Stadium Authority for a certificate of eligibility for transferrable tax credits which may be applied to the Modified Business Tax, the gaming percentage fee, or the insurance premium tax (with the exception of any of these taxes generated from activity occurring within the stadium district). A qualified project may be approved for a maximum of \$36 million in tax credits per fiscal year, beginning in Fiscal Year 2026, and a maximum of \$180 million in transferrable tax credits may be awarded to all qualified projects in the state.

NET PROCEEDS OF MINERALS TAX (S.B. 124) S.B. 124 amends the provisions originally approved in S.B. 3 of the 31st Special Session (July 2020), which required the prepayment of the State General Fund portion of the Net Proceeds of Minerals Tax for FY 2021, FY 2022, and FY 2023 based on the estimated mining activity during each of those calendar years, to revert the payment of the tax back to its former method (tax due based on actual mining activity from the preceding calendar year) of taxing net proceeds on July 1, 2022, rather than on July 1, 2023, as originally approved in S.B. 3. The passage of S.B. 124 will require these tax proceeds to be paid based on actual calendar year 2023 mining activity during FY 2024, and the proceeds will be deposited in the State Education Fund, pursuant to A.B. 495 (2021). Because this bill was signed by the Governor on February 27, 2023 and became effective upon passage and approval, the May 2023 consensus forecast for the State Education Fund by the Fiscal Analysis Division and the Governor's Finance Office that was used for the Legislatively Approved budget already included the resultant increase in revenue to the State Education Fund in FY 2024.				
FINES - DEPARTMENT OF AGRICULTURE (NRS 555.470) (A.B. 523) Section 1 of A.B. 523 transfers violation revenue collected by the Department of Agriculture relating to the application of pesticides, which was previously transferred to school districts, to the State Education Fund, effective July 1, 2023.		\$11,000	\$11,000	\$22,000

<p><b>ECONOMIC DEVELOPMENT TRANSFERRABLE TAX CREDITS (S.B. 1 (29TH SPECIAL SESSION))</b></p> <p>Pursuant to S.B. 1 (29th Special Session (2015)), for certain qualifying projects, the Governor's Office of Economic Development (GOED) is required to issue transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and the Gaming Percentage Fee Tax. The amount of transferrable tax credits are equal to \$9,500 for each qualified employee employed by the participants in the project, to a maximum of 4,000 employees. The amount of credits approved by GOED may not exceed \$7.6 million per fiscal year (though any unissued credits may be issued in subsequent fiscal years), and GOED may not issue total credits in excess of \$38 million.</p> <p>Pursuant to Senate Bill 410 of the 2019 Session, a project is eligible for the transferable tax credits only if the Interim Finance Committee approves a written request submitted by GOED for the issuance of the transferable tax credits. The Interim Finance Committee may approve such a request only if the Interim Finance Committee determines that approval of the request will not impede the ability of the Legislature to carry out its duty to provide for an annual tax sufficient to defray the estimated expenses of the State for each fiscal year as set forth in Article 9, Section 2 of the Nevada Constitution; and will promote the economic development of this State and aid the implementation of the State Plan for Economic Development developed by the Executive Director of GOED.</p> <p>On January 31, 2023, the Interim Finance Committee, under the provisions required pursuant to Senate Bill 410 of the 2019 Session, approved a written request by the Office of Economic Development for the issuance of \$2,137,500 in transferable tax credits to Redwood Materials, Inc., the lead participant engaged in a qualified project in Storey County. The Board of Economic Development approved the application for this project at its meeting on December 1, 2022. The amounts shown for FY 2024 and FY 2025 are based on information provided by GOED.</p>			-\$950,000		-\$475,000		-\$1,425,000

<p>CATALYST ACCOUNT TRANSFERRABLE TAX CREDIT PROGRAM (S.B. 507 (2015)/A.B. 1 (29TH S.S.))                      S.B. 507 (2015) authorizes the Governor's Office of Economic Development (GOED) to approve and issue transferrable tax credits that may be used against the Modified Business Tax (MBT), Insurance Premium Tax, and Gaming Percentage Fee Tax to new or expanding businesses to promote the economic development of Nevada. Pursuant to A.B. 1 of the 29th Special Session (2015), the total amount of transferrable tax credits that may be issued is \$1 million in FY 2017, \$2 million per year in FY 2018 and FY 2019, and \$3 million in FY 2020. For FY 2021 and future fiscal years, the amount of credits that may be issued by GOED remains at \$5 million per year. The amounts shown for FY 2023, FY 2024, and FY 2025 are based on information provided by GOED.</p>							
<p>COLLEGE SAVINGS PLAN EMPLOYER MATCHING EMPLOYEE CONTRIBUTION TAX CREDIT PROGRAM (S.B. 412 (2015))                      S.B. 412 (2015) provides a tax credit against the Modified Business Tax (MBT) to certain employers who match the contribution of an employee to one of the college savings plans offered through the Nevada Higher Education Prepaid Tuition Program and the Nevada College Savings Program authorized under existing law. The amount of the tax credit is equal to 25 percent of the matching contribution, not to exceed \$500 per contributing employee per year, and any unused credits may be carried forward for 5 years. The amounts shown are estimates based on information provided by the Treasurer's Office on enrollment and contributions for the college savings plans.</p>	-\$500		-\$550		-\$605		-\$1,155

<p>AFFORDABLE HOUSING TRANSFERRABLE TAX CREDIT PROGRAM (S.B. 448 (2019)/ S.B. 284 (2021))</p> <p>S.B. 448 (2019) authorizes the Housing Division of the Department of Business and Industry (Division) to approve a total of \$40 million of transferrable tax credits that may be used against the Modified Business Tax, Insurance Premium Tax, and Gaming Percentage Fee Tax. Under the provisions of S.B. 448, the Division may award up to \$10 million in transferrable tax credits per year to persons who develop affordable housing projects in Nevada over the four years of the pilot program, but may award an additional \$3 million in credits in any fiscal year if the issuance of the credits is necessary for the development of additional affordable housing projects in the state. If the Division approves any credits in excess of \$10 million in a fiscal year, the amount to be awarded in the next fiscal year must be reduced by the amount in excess of \$10 million that was issued in the previous fiscal year. If the Division does not issue all of the \$10 million in credits authorized in a fiscal year, that amount is carried forward and may be issued in a subsequent fiscal year.</p> <p>S.B. 284 (2021) made several changes to this tax credit program, including revising the procedure for the issuance of transferable tax credits so that transferable tax credits are issued before, rather than after, the project is completed; removing the 4-year sunset provisions originally established by S.B. 448 (2019), making the program permanent; and clarifying that the maximum amount of tax credits that may be issued under the program remains at \$40 million as established in S.B. 448 (2019).</p> <p>The forecasts for FY 2023, FY 2024, and FY 2025 are based on information provided by the Division.</p>	-\$6,000,000		-\$10,000,000		-\$10,000,000		-\$20,000,000

BASEBALL STADIUM PROJECT TRANSFERRABLE TAX CREDITS (S.B. 1 (35th S.S.)) S.B. 1 (35th Special Session (June 2023)) authorizes the developer partner of a qualified major league baseball stadium project to apply to the Stadium Authority for a certificate of eligibility for transferrable tax credits which may be applied to the Modified Business Tax, the Gaming Percentage Fee Tax, or the Insurance Premium Tax (with the exception of any of these taxes generated from activity occurring within the stadium district). A qualified project may be approved for a maximum of \$36 million in tax credits per fiscal year, beginning in Fiscal Year 2026, and a maximum of \$180 million in transferrable tax credits may be awarded to all qualified projects in the state.

<b>Total FY 2025</b>	<b>\$ 5,724,694,146</b>	<b>\$ 5,986,371,819</b>	<b>\$ 261,677,673</b>
<b>Total Cumulative</b>	<b>\$ 13,095,047,485</b>	<b>\$ 13,553,037,802</b>	<b>\$ 457,990,317</b>
<sup>1</sup> One-time Appropriations includes \$14.0 million approved through Section 41 of S.B. 1 of the 35 <sup>th</sup> (2023) Special Session of the Nevada Legislature to the Nevada State Infrastructure Bank Fund for credit enhancements associated with the Major League Baseball stadium project.			
<sup>2</sup> The Capital Improvements Program bill was approved during the 34 <sup>th</sup> (2023) Special Session of the Nevada			
<sup>3</sup> Restricted funds have been appropriated to the Interim Finance Committee's Contingency Account for purposes specified in A.B. 468, A.B. 480, A.B. 518, A.B. 525, S.B. 231, S.B. 341, S.B. 342, S.B. 490, S.B. 503, and S.B. 511 of the 82 <sup>nd</sup> (2023) Legislative Session.			

For FY 2024, General Fund operating appropriations of \$5.175 billion were approved, which represents an 11.2% increase when compared to \$4.652 billion appropriated for FY 2023. For FY 2025, General Fund operating appropriations of \$5.796 billion were approved, which represents a 12.0% increase from the FY 2024 operating appropriations. Operating appropriations approved by the 2023 Legislature were approximately \$226.4 million less in FY 2024 and approximately \$185.3 million more in FY 2025 than the amounts recommended by the Governor.

The following table compares the Governor’s recommended General Fund operating appropriations with the operating appropriations approved by the 2023 Legislature. Please refer to the sections on functional areas of state government for additional information concerning the General Fund operating appropriations as approved by the 2023 Legislature.

<b>General Fund Operating Appropriations</b>

Infrastructure	\$	91,390,341 0.8%	\$	96,980,053 0.9%	\$ 5,589,712
Special Purpose Agencies	\$	30,962,809 0.3%	\$	58,188,703 0.5%	\$ 27,225,894
<b>Total</b>	<b>\$</b>	<b>11,012,943,572 100.0%</b>	<b>\$</b>	<b>10,971,817,700 100.0%</b>	<b>\$ (41,125,872)</b>

<sup>1</sup>: Senate Bill 431 transfers the Commission on Postsecondary Education from the Department of Employment Training and Rehabilitation to the Department of Business and Industry effective July 1, 2023, which changed the functional area for that budget from Health and Human Services to Commerce and Industry.

After adjusting for interagency transfers, the total authority for spending for the 2023-25 biennium for revenue sources other than the General Fund is \$35.953 billion. Total spending authority from all sources, including General Fund appropriations, is \$46.925 billion, compared to \$40.659 billion for the 2021-23 biennium.

The \$6.266 billion increase in total revenues for the 2023-25 biennium can be attributed to greater General Fund revenues of \$10.972 billion projected over the 2023-25 biennium, compared to \$9.285 billion projected over the 2021-23 biennium, a difference of \$1.686 billion. In addition, Other Funds projected for the Education function are anticipated to increase from \$6.899 billion over the 2021-23 biennium to \$9.009 billion over the 2023-25 biennium, a difference of \$2.110 billion.

- a. Includes supplemental appropriations approved by the 2023 Legislature.
- b. Assembly Bill 445 of the 81<sup>st</sup> (2021) Legislative Session transferred the Office of Grant Procurement, Coordination and Management from the Department of Administration to the Governor's Office effective July 1, 2022, which changed the functional area for that budget from Finance and Administration to Elected Officials in the second year of the 2021-23 biennium. Accordingly, the Legislature Approved 2021-23 reflected General Fund appropriations of \$824,663 in the Finance and Administration function in FY 2022 and General Fund appropriations of \$1.6 million in FY 2023 in the Elected Officials function to account for the transfer of the Office of Grant Procurement, Coordination and Management budget.
- c. Senate Bill 431 transfers the Commission on Postsecondary Education from the Department of Employment Training and Rehabilitation to the Department of Business and Industry effective July 1, 2023. The General Fund operating appropriations for the Commission on Postsecondary Education is included in the Health and Human Services Function for the Governor Recommended 2023-25 appropriations and the Commerce and Industry function for the Legislatively Approved 2023-25 appropriations.

## **CAPITAL IMPROVEMENT PROGRAM**

The 2023 Capital Improvement Program (CIP), as approved by the 2023 Legislature, totals \$1.189 billion, which is \$37.2 million less than the \$1,226 billion originally recommended by the Governor. A comparison of funding sources originally recommended by the Governor to the funding sources approved by the Legislature for the 2023 CIP is reflected in the table below:

<b>2023 CIP Funding Sources</b>					
<b>Funding Sources</b>	<b>Governor Recommended</b>	<b>% of Total</b>	<b>Legislature Approved</b>	<b>% of Total</b>	<b>Difference</b>
General Obligation Bonds <sup>1</sup>	\$ 560,880,131	45.7%	\$ 560,695,336	45.7%	\$ (184,795)
General Fund Appropriations <sup>2</sup>	\$ 412,069,529	33.6%	\$ 422,153,108	34.4%	\$ 10,083,579
Highway Fund General Obligation Bonds <sup>3</sup>	\$0	0.0%	\$ 111,304,685	9.1%	\$ 111,304,685
Highway Fund Appropriations <sup>3</sup>	\$122,767,221	10.0%	\$ 11,462,536	0.9%	\$ (111,304,685)
Federal Funds <sup>4</sup>	\$80,034,755	6.5%	\$69,935,259	5.7%	\$ (10,099,496)
Funds Reallocated From Prior CIPs <sup>5</sup>	\$30,000,000	2.4%	\$5,000,000	0.4%	\$ (25,000,000)
Special Higher Education Capital Construction Fund <sup>6</sup>	\$15,000,000	1.2%	\$3,000,000	0.2%	\$ (12,000,000)
Agency Funds	\$5,459,625	0.4%	\$5,459,625	0.4%	\$ -
<b>Total</b>	<b>\$1,226,211,261</b>	<b>100.0%</b>	<b>\$1,189,010,549</b>	<b>97.0%</b>	<b>\$ (37,200,712)</b>

<sup>1</sup>General Obligation bonds, as originally recommended by the Governor, with debt service paid from ad valorem tax includes \$23.3 million in Conservation Bonds authorized through the passage of A.B. 84 in the 2019 Legislative Session to fund CIP Project 23-C20. The Legislature also approved a funding source change for CIP Project 23-C12 from General Fund appropriations to \$3.7 million in Conservation Bonds.

<sup>2</sup>The net increase in General Fund appropriations is primarily the result of the Legislature's approval of the Governor's revised recommendation to add CIP projects, which were requested through budget amendments submitted on April 3, 2023, and April 30, 2023.

<sup>3</sup>The Governor's 2023 CIP, as originally recommended, included five construction and maintenance projects originally recommended to be funded with Highway Fund appropriations. However, as these projects were determined to have useful lives greater than 20 years, the 2023 Legislature revised the funding source for these projects to state general obligation bonds to be repaid with Highway Fund appropriations.

<sup>4</sup>The 2023 Legislature approved the Governor's revised recommendation to add General Fund appropriations of \$10.1 million to replace federal funds recommended for CIP Project 23-P04, Advance Planning, North Las Vegas State Veterans Home, inclusive of a requirement that the Department of Veterans Services deposit any federal funds awarded for the advance planning project to the State General Fund immediately upon receipt of such federal funds.

<sup>5</sup>The Governor's 2023 CIP, as originally recommended, overstated the funds available for reallocation of previously issued bond funds that would be available for projects in the 2023 CIP. Through a budget amendment submitted on April 3, 2023, the Governor requested to reduce this amount to \$5.0 million to ensure that the state is expending all available bond available bond proceeds from prior issuances on capital projects. The Legislature further approved the Governor's revised recommendation to add \$25.0 million in General Fund appropriations to offset the reduction in funds reallocated from prior CIPs.

<sup>6</sup>The 2023 Legislature approved the Governor's revised recommendation to reduce slot tax revenue from \$15.0 million to \$3.0 million and to offset the reduction with an increase of \$12.0 million in General Fund appropriations to support the costs for CIP Project 23-M01, Deferred Maintenance, NSHE.

The legislatively approved 2023 CIP includes a total of 98 projects as follows:

- \$830.5 million for 30 construction projects
- \$258.9 million for 49 maintenance projects
- \$57.1 million for 6 planning projects
- \$42.5 million for 13 statewide projects

The table below compares the 2023 CIP funding by department, as originally recommended by the Governor in January 2023, with the funding approved by the Legislature:

<b>2023 CIP Funding by Department</b>					
<b>State Agency</b>	<b>Governor Recommended</b>	<b>% of Total</b>	<b>Legislature Approved</b>	<b>% of Total</b>	<b>Difference</b>
Department of Administration <sup>1</sup>	\$ 664,066,947	54.2%	\$ 623,907,836	52.5%	\$ (40,159,111)
Department of Conservation and Natural Resources	\$ 7,430,250	0.6%	\$ 7,430,250	0.6%	\$ -
Department of Corrections <sup>2</sup>	\$ 90,386,401	7.4%	\$ 93,344,800	7.9%	\$ 2,958,399
Department of Health and Human Services	\$ 60,516,422	4.9%	\$ 60,516,422	5.1%	\$ -
Department of Motor Vehicles	\$ 109,479,087	8.9%	\$ 109,479,087	9.2%	\$ -
Department of Public Safety	\$ 17,555,614	1.4%	\$ 17,555,614	1.5%	\$ -
Department of Tourism and Cultural Affairs	\$ 40,095,055	3.3%	\$ 40,095,055	3.4%	\$ -
Department of Veterans Services	\$ 122,664,169	10.0%	\$ 122,664,169	10.3%	\$ -
Department of Wildlife	\$ 3,012,526	0.2%	\$ 3,012,526	0.3%	\$ -
Nevada System of Higher Education	\$ 70,382,593	5.7%	\$ 70,382,593	5.9%	\$ -
Office of the Military	\$ 40,622,197	3.3%	\$ 40,622,197	3.4%	\$ -
<b>Total</b>	<b>\$ 1,226,211,261</b>	<b>100.0%</b>	<b>\$ 1,189,010,549</b>	<b>100.0%</b>	<b>\$ (37,200,712)</b>

<sup>1</sup> The 2023 Legislature approved the Governor's recommendation to withdraw four construction projects for a total cost of \$350.9 million, originally recommended by the Governor, and approved the Governor's revised recommendation requested through budget amendments submitted on April 3, 2023, and April 30, 2023, to add three new construction projects for the purchase of existing office buildings and building improvements for a total cost of \$310.8 million. This revision resulted in a reduction of \$40.2 million for the Department of Administration CIP projects.

<sup>2</sup> The 2023 Legislature approved the Governor's revised recommendation to add one additional project for the Department of Corrections (CIP Project 23-C34, Demolition of Silver Springs Conservation Camp) requested through a budget amendment submitted by the Governor on April 3, 2023. This revision resulted in an additional \$3.0 million for the Department of Corrections CIP projects.

As approved, Assembly Bill (A.B.) 1 (34<sup>th</sup> Special Session [CIP legislation]) includes \$105.9 million in state general obligation bonds with debt service to be repaid by the Highway Fund for CIP Project 23-C02, a 73,488 square foot full-service Department of Motor Vehicles facility with Commercial Driver's License services located on Silverado Ranch Boulevard in Las Vegas. Additionally, A.B. 1 authorizes \$35.8 million in general obligation bonds along with \$64.0 million in federal funds to construct CIP Project 23-C06, Remodel and Addition of the Southern Nevada State Veterans Home in Boulder City. When completed, the Southern Nevada State Veterans Home will provide 86,280 square feet of existing space and will include a new addition of single occupancy resident rooms.

Assembly Bill 1 also authorizes the Governor's recommendation of CIP Project 23-C30 funded with \$158.5 million in state general obligation bonds to design and construct a 130,000 square foot office building on the Kinkead Building site to rent to state agencies in Carson City. The legislation also authorizes CIP Project 23-C37, Building Purchase

and Improvements, Carson City, funded with General Fund appropriations of \$22.3 million to purchase an existing commercial office building to be occupied by state agencies.

Additionally, A.B. 1 includes \$213.9 million in state general obligation bonds for CIP Project 23-C35, Purchase of State Office Buildings in Las Vegas, as recommended by the Governor in budget amendments received on April 3, 2023, and April 30, 2023, to purchase a parking garage and 18 buildings providing 835,518 gross square feet of combined office space. Of the 18 buildings, 15 buildings are for the future occupancy by Executive Branch agencies and 3 buildings are for the future occupancy by the Legislative Branch. General Fund appropriations of \$74.5 million were approved in CIP Project 23-C36 to complete building improvements on the purchased facilities in Las Vegas to meet the needs for occupancy by state agencies. With the revised recommendation to purchase existing office space, the Legislature approved the Governor's proposal to withdraw and not fund CIP Projects 23-C05, 23-C18, 23-C28, and 23-C29, which were originally recommended to construct state office space and expanded parking totaling 479,000 square feet at an estimated total cost of \$350.9 million in state funding.

The 2023 Legislature approved six of the seven CIP planning projects recommended by the Governor. Due to concerns with the recommended number and the potential future construction costs of the 2023 CIP planning projects, the Legislature did not approve CIP Project 23-P10 for advance planning of a state office building at the Capitol Complex in Carson City which was recommended to be funded with \$10.8 million in General Fund appropriations.

The 2023 Legislature approved the extension of the following 13 projects from previous CIPs, as requested by the Department of Administration:

<b>Legislatively Approved CIP Project Extensions</b>	
<b>Project Number</b>	<b>Project Name</b>
19-C03	Cemetery Expansion (Southern Nevada Veterans Memorial Cemetery)
19-C08	Marlette Lake Dam Rehabilitation (Marlette Lake Water System)
19-C16	Renovation of Collections Storage Building 19 (Stewart Facility)
19-M01	Freezer Replacement (Department of Agriculture Purchasing Warehouse)
19-M07	Emergency Generator & Service Entrance Upgrade (Reno Purchasing Warehouse)
19-M10	Underground Piping and Boiler Replacement (Lovelock Correctional Center)
19-M29	Central Plan Renovation (Paul Laxalt State Office Building)
19-M31	HVAC Systems Renovation (Washoe County Armory)
19-M40	Construct Water Wells and Water Systems (Various Wildlife Management Area Sites)
19-M59	HVAC System Renovation (Capitol Building)
19-S02	Statewide Americans with Disabilities Act (ADA) Program
19-S09	Statewide Building Official Program
21-C03	Washoe County Training Center Addition (Nevada Army National Guard)

During the 2023 Session, the Legislature considered the Governor's revised recommendation for the Department of Conservation and Natural Resources bond programs and approved general obligation bond funding for program areas through the passage of A.B. 1 (34<sup>th</sup> Special Session [2023]). As such, information is provided below under this section of the Appropriations Report as well as under the Department of Conservation and Natural Resources section of the report.

#### Department of Conservation and Natural Resources Bond Programs

The Department of Conservation and Natural Resources administers four resource protection programs that are funded through general obligation bonds. The 2023 Legislature approved the issuance of \$59.3 million in general obligation bonds over the 2023-25 biennium to support three of the Department of Conservation and Natural Resources resource protection programs as follows: the Conservation Bond Program (\$43.3 million) established through the passage of A.B. 84 from the 2019 Legislative Session; the Lake Tahoe Environmental Improvement Program (\$13.0 million); and the Cultural Centers and Historic Preservation Grant Program (\$3.0 million). The Governor did not recommend, nor did the 2023 Legislature approve, any new funding over the 2023-25 biennium for the Water Infrastructure Grant Program.

#### Property Tax Rates Approved for the Support of General Obligation Bond Debt Service

The 2023 Legislature established the property tax rate at \$0.1618 per \$100 of assessed valuation to support the principal and interest payments on existing and newly approved general obligation bonds that will be issued to pay for capital improvement projects and projects for the preservation and promotion of the state's cultural resources. The Legislature also approved the levy of an additional \$0.0082 property tax per \$100 of assessed valuation to support the principal and interest payments on the existing issuance of general obligation bonds as a result of the approval of Question 1 by the voters at the 2002 General Election, conducted on November 5, 2002, as well as the issuance of bonds that will be sold for the Conservation Bond Program pursuant to A.B. 84 of the 2019 Session. Both programs were approved to protect, preserve, and obtain the benefits of the property and natural resources of the state. The total property tax levy of 17 cents remains unchanged from the levies approved for the 2021-23 biennium. The levies above the historic 15-cent levy (2 cents) are not subject to the \$3.64 local government property tax cap.

## **ACCOUNT TO STABILIZE THE OPERATION OF STATE GOVERNMENT (NRS 353.288)**

In 1991, the Legislature created the Fund to Stabilize the Operation of State Government to help stabilize the budget. The 2011 Legislature, through the enactment of Senate Bill (S.B.) 74, changed the name of the fund to the Account to Stabilize the Operation of State Government (hereinafter referred to as the Rainy Day Account) within the State General Fund. The intent of the Rainy Day Account was to create an account that could be funded during good economic times and accessed in a financial emergency. When the State General Fund surplus reaches a certain threshold at the end of a fiscal year, a portion of the excess is maintained in the account to help the state through financial emergencies. The conditions under which monies from the account can be accessed for expenditures are set forth in *Nevada Revised Statutes* (NRS) 353.288, which provides that the Director of the Office of Finance in the Office of the Governor may submit a request to the State Board of Examiners to transfer funds from the Rainy Day Account to the State General Fund to offset a budget shortfall or fiscal emergency under certain circumstances. Any transfer from the Rainy Day Account to the State General Fund must be approved by either the Legislature, if in session, or the Interim Finance Committee if the Legislature is not in session. This negates the need to call a special session to access the Rainy Day Account. The Interim Finance Committee is not bound to follow the recommendation of the State Board of Examiners. The Committee provides an independent evaluation of the recommendation and may take action to establish the amount, set forth by resolution, for any funding transfers from the Rainy Day Account to the State General Fund.

### **Transfers from the General Fund to the Rainy Day Account (FY 2012 – FY 2023)**

*Nevada Revised Statutes* 353.288 1(a) provides that 40.0% of the unrestricted balance of the State General Fund, as of the close of the previous fiscal year, which remains after subtracting an amount equal to 7.0% of all appropriations made from the State General Fund during that previous fiscal year for the operation of the State Government, shall be transferred from the General Fund to the Rainy Day Account. Accordingly, the State Controller transferred from the State General Fund to the Rainy Day Account:

- \$39.2 million in FY 2012
- \$45.5 million in FY 2013
- \$28.1 million in FY 2014\*
- \$63.9 million in FY 2017
- \$64.3 million in FY 2018
- \$55.8 million in FY 2019
- \$25.0 million in FY 2020
- \$97.5 million in FY 2021
- \$295.8 million in FY 2022
- \$516.9 million in FY 2023

\*No transfers were made in FY 2015 or FY 2016, as the fund balance did not exceed 7.0%.

Revisions to the Rainy Day Account were approved by the 2009 Legislature through the passage of Assembly Bill (A.B.) 165, which required the Governor to reserve 1.0% of the total anticipated revenue for each fiscal year as projected by the Economic Forum in December of even-numbered years. The bill also required that the State Controller transfer from the General Fund to the Rainy Day Account, at the beginning of each

fiscal year, 1.0% of the total anticipated revenue projected by the Economic Forum in May of odd-numbered years and be adjusted by any legislation enacted by the Legislature that affects state revenue. However, due to the economic condition of the state following the nation's recession, these provisions were delayed first by the 2011 Legislature in A.B. 561 and again by the 2013 Legislature in A.B. 507. Following the actions of the previous two Legislatures, the 2015 Legislature also extended the effective date of the statutory changes to July 1, 2017, with the passage of S.B. 514. Accordingly, pursuant to NRS 353.288 1(b), the Controller has transferred from the State General Fund to the Rainy Day Account:

- \$39.2 million in FY 2018
- \$40.7 million in FY 2019
- \$44.5 million in FY 2020\*
- \$44.3 million in FY 2022
- \$47.2 million in FY 2023

\*No transfer was made in FY 2021, as Assembly Bill 3, 31<sup>st</sup> Special Session (2020), suspended the transfer for FY 2021.

Senate Bill 487, approved by the 2017 Legislature, enacted Section 5 of NRS 372A.290, which stated that proceeds from the 10.0% excise tax imposed on the sale price of each retail sale of marijuana or marijuana products by a retail marijuana store be deposited in the Rainy Day Account. Pursuant to this statute, \$42.5 million in FY 2018 and \$55.2 million in FY 2019 of excise tax collections were remitted for deposit to the Rainy Day Account. However, NRS 372A.290 was amended with the passage of S.B. 545 by the 2019 Legislature to direct revenue collected from the 10.0% excise tax on each retail sale of marijuana or marijuana products be credited to the State Distributive School Account rather than the Rainy Day Account effective July 1, 2019.

The 2023 Legislature, through the passage of Senate Bill 431 (Section 141.7), approved the transfer of \$269.6 million from the General Fund to the Rainy Day Account. S.B. 431 (Section 113) also increased the cap on the balance in the Rainy Day Account from 20.0% of state operating appropriations to 26.0%.

#### Transfers from the Rainy Day Account to the General Fund (FY 2012 – FY 2023)

The 2011 Legislature, through the passage of A.B. 561 (Section 16), approved the transfer of \$41.3 million from the Rainy Day Account to the General Fund for unrestricted use.

The 2013 Legislature approved the transfer of the combined total of \$84.7 million from the Rainy Day Account to the General Fund (A.B. 507) in FY 2014 for unrestricted General Fund use.

The 2015 Legislature, through the passage of S.B. 490, approved the transfer of \$28.1 million from the Rainy Day Account to the General Fund in FY 2015 for unrestricted use.

The 2017 Legislature, through the passage of S.B. 550 (Section 3.1) and S.B. 553 (Section 4.3), approved the transfer of a total of \$30.0 million (\$5.0 million effective July 1, 2017, \$25.0 million in FY 2017) to the General Fund for unrestricted use.

At its May 18, 2020, meeting, the Interim Finance Committee approved the transfer of \$401.2 million from the Rainy Day Account to the General Fund for unrestricted use based on the fiscal emergency that was declared by the Governor on May 11, 2020.

The 2021 Legislature, through the passage of A.B. 494 (Section 86), approved the transfer of \$97.5 million from the Rainy Day Account to the General Fund for unrestricted use.

The following table shows the summary of activity in the Rainy Day Account from the close of the 2011 Legislative Session to the actions taken by the 2023 Legislature.

## Account to Stabilize the Operation of the State Government (NRS 353.288)

**Notes:**

**NRS 353.288(1)(a)** - Requires the State Controller to transfer from the State General Fund to the Account to Stabilize the Operation of the State Government, 40.0% of the unrestricted balance of the State General Fund, as of the close of the previous fiscal year, which remains after subtracting an amount equal to 7.0% of all appropriations made from the State General Fund during the previous fiscal year for the operation of all departments, institutions and agencies of state government and for the funding of schools.

**NRS 353.288(1)(b)** - Requires the Controller to transfer 1.0% of the total anticipated revenue for the fiscal year in which the transfer will be made, as projected by the Economic Forum for that fiscal year pursuant to paragraph (e) of subsection 1 of NRS 353.228, and as adjusted by any legislation enacted by the Legislature that affects state revenue for that fiscal year. Assembly Bill 3, 31<sup>st</sup> Special Session (2020), required the State Controller not to make this transfer for FY 2021.

**NRS 372A.290** - Subsection 2 imposed an excise tax on each retail sale of marijuana or marijuana products by a retail marijuana store at the rate of 10.0% of the sales price of the marijuana or marijuana products. Subsection 5 stipulated the revenues collected from the excise tax imposed pursuant to subsection 2 must be paid over as collected for deposit to the credit of the Account to Stabilize the Operation of the State Government created in the State General Fund pursuant to NRS 353.288. The 2019 Legislature amended the statute through the passage of S.B. 545 and redirected the revenue collected from the excise tax to the State Distributive School Account instead of the Account to Stabilize the Operation of the State Government.

## **EXPENDITURE CAP**

The 1979 Legislature established the state's current expenditure limitation, which is found in *Nevada Revised Statutes* (NRS) 353.213. The expenditure limitation applies to all General Fund appropriations recommended by the Governor, except appropriations recommended for construction or to reduce the unfunded liability of the State Retirees' Health and Welfare Benefits Fund. The base period is the 1975-77 biennium (FY 1976 and FY 1977), and the base amount is increased by the growth in population and the rate of inflation each biennium. The limitation can be exceeded to the extent necessary to meet situations involving a threat to life or property.

The current expenditure limitations and the General Fund appropriations approved by the Legislature for each biennium are outlined below.

**Expenditure Limitation  
Legislatively Approved 2023-25 Biennium**

<b>General Fund Appropriations/Transfers Included in Expenditure Limitation</b>	<b>\$ 10,731,501,409</b>	<b>\$ 11,587,989,450</b>
<b>General Fund Appropriations/Transfers Over/(Under) Expenditure Limitation</b>	<b>\$ (20,413,654)</b>	<b>\$ (998,175,403)</b>

- a. Includes transfers of \$7,600,000 per year to the Millennium Scholarship Trust Fund, \$1,000,000 per year to the Grant Matching Account, \$150,000 per year to the Nevada Arts Council, and \$2,000,000 per year to the Disaster Relief Account.
- b. Includes transfers of \$7,600,000 per year to the Millennium Scholarship Trust Fund, \$1,000,000 per year to the Grant Matching Account, \$150,000 per year to the Nevada Arts Council, \$2,000,000 per year to the Disaster Relief Account, and \$2,750,000 per year to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities (A.B. 45 of the 82<sup>nd</sup> (2023) Legislative Session).
- c. During the 34<sup>th</sup> (2023) Special Session, the Legislature approved A.B. 1, which is the Capital Improvement Program (CIP) bill for the 2023-25 biennium. The measure made General Fund appropriations of \$536,340,622 in FY 2023 for Executive and Legislative Department capital improvement projects.
- d. During the 35<sup>th</sup> (2023) Special Session, the Legislature approved S.B. 1, also known as the Southern Nevada Tourism Innovation Act. The measure made a \$14,000,000 General Fund appropriation in FY 2023 to the Nevada State Infrastructure Bank for a credit enhancement related to financing the construction of a Major League Baseball stadium.
- e. Includes General Fund appropriations for deferred maintenance and debt payments for Casa Grande Transitional Housing, Nevada State College, and the Richard H. Bryan Building.
- f. Includes one-time General Fund appropriations for construction of a visitor center at Valley of Fire State Park (S.B. 471), construction of a Joint Emergency Training Institute facility (A.B. 496), and various deferred maintenance projects for Executive Department agencies.
- g. Includes General Fund appropriations for deferred maintenance and debt payments for Casa Grande Transitional Housing, Nevada State College, and the Richard H. Bryan Building.
- h. During the 34<sup>th</sup> (2023) Special Session, the Legislature approved A.B. 1, which is the Capital Improvement Program (CIP) bill for the 2023-25 biennium. The measure made General Fund appropriations of \$536,340,622 in FY 2023 for Executive and Legislative Department capital improvement projects.

## **STATE EMPLOYEE COMPENSATION**

### ***COST-OF-LIVING SALARY INCREASES***

The Governor recommended General Fund appropriations of \$474.1 million and Highway Fund appropriations of \$89.4 million over the 2023-25 biennium to fund cost-of-living salary increases of 8.0% or 10.0% in FY 2024 and an additional 4.0% in FY 2025. State employees who received a 1.0% salary increase in FY 2023 were recommended by the Governor to receive a 10.0% salary increase in FY 2024 for purposes of parity with state employees who received a 3.0% salary increase in FY 2023. State employees who received a 3.0% salary increase in FY 2023 were recommended by the Governor to receive an 8.0% salary increase in FY 2024. All state employees were recommended by the Governor to receive a 4.0% salary increase in FY 2025. The Legislature approved salary increases greater than recommended by the Governor, as summarized below.

The Legislature approved a 12.0% salary increase in FY 2024, for state personnel not within a bargaining unit, including personnel in the Legislative Department and the Judicial Department. In addition, personnel in the following collective bargaining units also received a 12.0% salary increase in FY 2024:

- Unit B: Administrative and clerical employees
- Unit C: Technical aides to professional employees
- Unit D: Professional employees who do not provide health care
- Unit J: Supervisory employees from all occupational group

For state employees organized in the following collective bargaining units, the Legislature approved a 13.0% salary increase for FY 2024:

- Unit A: Labor, maintenance, custodial and institutional employees
- Unit E: Professional employees who provide health care
- Unit F: Employees, other than professional employees, who provide health care and personal care
- Unit G: Category I peace officers
- Unit I: Category III peace officers

For state employees organized in the following collective bargaining units, the Legislature approved a 10% salary increase for FY 2024:

- Unit H: Category II peace officers
- Unit K: Firefighters

In addition to the 4.0% salary increase for all state employees recommended by the Governor for FY 2025, the Legislature approved an additional 7.0% salary increase, for a total salary increase of 11.0%. In total, the Legislature approved General Fund appropriations of \$526.3 million and Highway Fund appropriations of \$44.2 million for salary increases to state employees over the 2023-25 biennium.

**PAY GRADE INCREASES**

The Legislature approved General Fund appropriations of \$40.6 million and Highway Fund appropriations of \$9.4 million for one-, two-, and three-grade pay increases for certain classified positions, as identified in the following table:

Title	Previous Grade	Legislatively Approved Grade
DEVELOPMENTAL SUPPORT TECHNICIAN 4	29	31
DEVELOPMENTAL SUPPORT TECHNICIAN 3	27	29
AGRICULTURAL POLICE OFFICER 3	37	39
AGRICULTURAL POLICE OFFICER 2	35	37

SUPERVISORY CRIMINAL INVESTIGATOR 1	42	43
CORRECTIONAL OFFICER	34	36
FORENSIC SPECIALIST 4	36	38
FORENSIC SPECIALIST 3	34	36

***LONGEVITY PAY***

The Legislature approved General Fund appropriations of \$12.9 million and Highway Fund appropriations of \$2.8 million over the 2023-25 biennium to provide semiannual longevity payments to state employees with a minimum of 8 years of continuous service with the state. The payments vary based on the years of continuous service, beginning with semiannual payments of \$100 after 8 years, not to exceed \$1,200 after 30 years.

***RETENTION INCENTIVES***

The Legislature approved General Fund appropriations of \$50.0 million over the 2023-25 biennium for retention incentives of \$250 per quarter for employees of the Executive Department, the Judicial Department, and the Legislative Department.

## **POSITION SUMMARY**

The following table displays the eliminated positions and new positions approved by the 2023 Legislature, by functional area, over the 2023-25 biennium. The FY 2023 work program year is displayed to provide a perspective of the total number of positions in the current fiscal year compared to the total number of positions approved by the 2021 Legislature for FY 2023. A comparison can be made to the total number of positions approved by the Legislature for the 2023-25 biennium. The total number of positions for the Nevada System of Higher Education (NSHE) is detailed separately and included in the grand total.

Over the 2021-23 biennium, the number of positions, excluding NSHE, increased from 20,915.16, as approved by the 2021 Legislature for FY 2023, to 21,310.65, a net increase of 395.49 positions. Significant position additions include 120.00 positions for Division of Public and Behavioral Health to support an expansion of forensic hospital beds in Las Vegas, Crisis Response and 988 Programs, and reproductive health services program; 63.00 positions for the Division of Child and Family Services to support children's behavioral health initiatives, Mobile Crisis Response Team services, behavioral healthcare workforce development programs, and Latency Age and Early Childhood Day Treatment programs; 26.00 positions for the Division of Health Care Financing and Policy to support the Medicaid program, the implementation of a public option health benefit plan, and the development of an oral health service delivery infrastructure; and 23.00 positions for the Cannabis Compliance Board to license and regulate cannabis consumption lounges.

For FY 2024, excluding NSHE, the Legislature approved a total of 21,760.81 positions. The Legislature approved the elimination of 352.60 existing positions when compared to FY 2023 (work program year), the addition of 771.76 new positions, and 31 technical corrections. The net increase in positions (new, less eliminated, net transfers, and technical corrections) is 450.16 when compared to the FY 2023 work program.

For FY 2025, excluding NSHE, the Legislature approved a total of 21,814.81 positions. The Legislature approved the elimination of 164.00 positions and the addition of 218.00 new positions. The net increase in positions (new, less eliminated, net transfers) is 54.00. This resulted in a total of 516.60 eliminated positions, 989.76 new positions, and 31.00 positions added due to technical corrections over the 2023-25 biennium. The net increase in positions (new, less eliminated, net transfers, and technical corrections) for the 2023-25 biennium is 504.16 when compared to the number of positions in the FY 2023 work program year.

Significant position additions approved by the Legislature over the 2023-25 biennium include the addition of 361.00 positions in FY 2024 and 197.00 positions in FY 2025 (558.00 positions total) for the Health and Human Services functional area, the addition of 154.00 positions in FY 2024 and 8.00 positions in FY 2025 (162.00 positions total) for the Elected Officials functional area, and the addition of 90.25 positions in FY 2024 and 1.00 position in FY 2025 (91.25 positions total) for the Infrastructure functional area.

The 558.00 additional positions for the Health and Human Services functional area were primarily approved to meet increased demand for services provided by the Aging and Disability Services Division, the Division of Child and Family Services, Division of Public and Behavioral Health, Division of Health Care Financing and Policy, and Division of Welfare and Supportive Services. The additional 162.00 positions approved by the Legislature for the Elected Officials functional area were primarily approved to staff three new legislative buildings in Las Vegas. Finally, the additional 91.25 positions for the Infrastructure functional area are primarily approved to support programs within the Nevada Department of Transportation.

Significant position eliminations approved by the Legislature over the 2023-25 biennium include the elimination of 202.00 positions in FY 2024 and 148.00 position in FY 2025 for the Health and Human Services functional area primarily due to caseload adjustments, expiration of various federal grants, and a delay on the start dates of certain positions due to the delay in completing the Las Vegas Detention Center renovation. Additionally, the Legislature approved the elimination of 120.00 positions in FY 2024 and 16.00 positions in FY 2025 for the Public Safety functional area primarily due to the temporary closure of the Warm Springs Correctional Center.

The budgeting and allocation of state-funded positions at NSHE is determined when the Board of Regents approves its annual operating budgets. NSHE's anticipated position counts for FY 2024, pending Board of Regents approval at its December 2023 meeting, reflect 5,472.39 professional positions and 1,985.86 classified positions for a total of 7,458.25 positions. Final FY 2025 position count information will not be available until NSHE's FY 2025 operating budgets are prepared and approved by the Board of Regents.

<sup>a</sup> The FY 2023 work program subtotal by Government Function in The Appropriations Report differs from The Executive Budget due to necessary adjustments for those items which are not reflected in The Executive Budget work program. The FY 2023 work program subtotal for NSHE reflects the positions approved by the Board of Regents for FY 2023. Reconciliation is on file in the Fiscal Analysis Division.

<sup>b</sup> The 2023 Legislature approved transferring the Office of the Chief Information Officer, formerly known as the Division of Enterprise Information Technology Services (190 existing FTE), from the Finance and Administration function to the Elected Officials function (Senate Bill 431), the Commission on Postsecondary Education (4 existing FTE) from the Health and Human Services function to the Commerce and Industry function (Senate Bill 431), and the Statewide Infrastructure Bank (2 existing FTE) from the Infrastructure function to the Elected Officials function (Senate Bill 10).

<sup>c</sup> FTE counts that fall into the technical corrections are system adjustments needed to match the total position count in The Executive Budget.

<sup>d</sup> The FY 2024 FTE Professional and Classified FTE count information for NSHE is pending approval by the Board of Regents, which is anticipated to occur in December 2023. Final FY 2025 FTE count information for NSHE will not be available until the FY 2025 state-supported operating budgets are prepared and approved by the Board of Regents.

<sup>e</sup> Total position count for the Nevada System of Higher Education includes the legislatively approved positions for the Nevada Office of Western Interstate Commission for Higher Education.

<sup>f</sup> Total does not include Boards, Commissions, or the Tahoe Regional Planning Agency.

## **2023 TAX LEGISLATION**

Following unprecedented revenue collection for the State General Fund in FY 2022, there was little appetite before and during the 2023 Session for implementing new taxes or increasing existing taxes. In fact, the more significant proposed revenue actions by Governor Lombardo following his election in November 2022 dealt with reducing tax liability. In his first State of the State Address in January 2023, the Governor proposed an increase in the exemption threshold for the Commerce Tax from \$4.0 million to \$6.0 million. Additionally, the Governor's budget included a proposal to provide a holiday from gasoline taxes in FY 2024, with surplus General Fund revenues recommended to offset the lost revenue to the State Highway Fund.

The 2023 Legislature chose not to consider either proposal from the Governor and instead decided to focus more on revenue actions dealing with the distribution of revenue. These actions included: 1) the passage of a bill to require that all the proceeds from the Governmental Services Tax that were previously deposited in the State General Fund instead be deposited in the State Highway Fund; and 2) ending the prepayment of the General Fund portion of the Net Proceeds of Minerals Tax in FY 2023 rather than in FY 2024. This prepayment was originally approved in July of 2020 during the 31<sup>st</sup> Special Session to provide additional revenue for the state during the COVID-19 pandemic.

Though the Legislature did not approve any actions that would create new revenue in the 2023-25 biennium, the Legislature considered and adopted a joint resolution that proposes a constitutional amendment to allow for the state to create a lottery. If the Legislature approves the joint resolution in identical form during the 2025 Session and the voters approve the change at the 2026 General Election, the Legislature could create a state lottery to provide for additional state revenue as early as the 2027 Session.

The 2023 Session also included a number of proposals to create or expand tax credit programs that would have affected State General Fund revenue, including a proposal from the Governor to increase the amount of credits against the Modified Business Tax for donations under the Educational Choice Scholarship Program, as well as a proposal to dramatically increase the availability of film tax credits in Clark County. The 2023 Legislature did not approve either of these proposals; however, a proposal introduced late in the 2023 Session, which included transferable tax credits as part of a package to finance a Major League Baseball stadium project in Las Vegas, was revived and passed by the Legislature during the 35<sup>th</sup> Special Session shortly after the conclusion of the regular session.

## **BILLS REGARDING STATE REVENUE AND TAXES**

**Senate Bill 452** revises the distribution of the Governmental Services Tax attributable to the 10% increase in the depreciation factor for all ages and categories of vehicles that was originally approved in Senate Bill (S.B.) 429 of the 2009 Session. The bill requires

that 100% of these proceeds be deposited in the State Highway Fund beginning in FY 2024. Prior to the passage of S.B. 452, 25% of these proceeds were to be deposited in the State General Fund pursuant to S.B. 541 of the 2019 Session, with the remaining 75% to be deposited in the State Highway Fund.

**Senate Bill 124** revises the provisions governing the distribution of the portion of the Net Proceeds of Minerals Tax which is transferred to the State Education Fund and amends various provisions concerning the State Education Fund and the Education Stabilization Account in the State Education Fund.

Senate Bill 124 amends the provisions originally approved in S.B. 3 of the 31<sup>st</sup> Special Session (July 2020), which required the prepayment of the State General Fund portion of the Net Proceeds of Minerals Tax for FY 2021, FY 2022, and FY 2023 based on the estimated mining activity during each of those calendar years, to revert the payment of the tax back to its former method, according to which the taxes due are based on actual mining activity from the preceding calendar year of taxing net proceeds on July 1, 2022, rather than on July 1, 2023, as originally approved in S.B. 3. The passage of S.B. 124 requires these tax proceeds to be paid based on actual calendar year 2023 mining activity during FY 2024, and the proceeds will be deposited in the State Education Fund, pursuant to Assembly Bill (A.B.) 495 of the 2021 Session.

Senate Bill 124 further removes provisions requiring the portion of the Net Proceeds of Minerals Tax that is levied for counties' school districts to be distributed to the county treasurer first, before being passed on by the county treasurer, after the subtraction of a 5% commission, to the State Education Fund, and instead requires the Department of Taxation to direct these revenues to the State Education Fund. Any rates levied for a county school district for capital projects or debt service for the county school district are exempted from these provisions.

Senate Bill 124 also amends the provisions requiring each county school district to annually transfer any amount by which the budgeted ending fund balance of a county school district fund exceeds 16.6% of the total budgeted expenditures to the Education Stabilization Account. The bill requires instead that each county school district must annually transfer any amount by which the actual – rather than budgeted – ending fund balance of the county school district fund exceeds 16.6% of the total actual – rather than budgeted – expenditures to the Education Stabilization Account. It also clarifies that certain proceeds, such as any money deposited in the county school district fund on or before June 30, 2020, or any money apportioned for capital projects or debt service, are exempted from that calculation.

Finally, the bill clarifies that revenues generated from the Net Proceeds of Minerals Tax in the State Education Fund are not only deemed to be the first money appropriated to

the county school district, but also deemed to be the first money spent by a county school district from the county school district fund in each fiscal year.

**Assembly Joint Resolution 5** proposes to amend the Nevada Constitution to authorize the Legislature to provide by law for the operation and regulation of lotteries, including, without limitation, the sale of lottery tickets. The proposed constitutional amendment prohibits the Legislature from passing any laws which grant a special charter or similar governing document to any person or entity to operate a lottery or sell lottery tickets, and further prohibits political subdivisions of the state from operating a lottery or selling lottery tickets. Additionally, the amendment clarifies that the operation of any charitable lotteries must comply with existing provisions in the Nevada Constitution governing charitable lotteries. This resolution must also be passed in identical form by the 2025 Legislature and then approved and ratified by voters at the November 2026 General Election before the proposed amendments to the Nevada Constitution become effective.

**Assembly Bill 45** requires, effective January 1, 2024, the transfer of \$2.5 million from the Abandoned Property Trust Account (Unclaimed Property) to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities by the end of each fiscal year. This transfer must occur annually after the required transfer of the first \$7.6 million to the Millennium Scholarship Trust Fund and the next \$1.0 million to the Grant Matching Account.

Additionally, A.B. 45 provides that if the Nevada Health Service Corps has been established pursuant to *Nevada Revised Statutes* (NRS) 396.900, a transfer of \$250,000 per fiscal year be made to the University of Nevada School of Medicine beginning in FY 2024, for the purpose of obtaining matching money for the Corps from the federal government. This transfer must occur after the \$7.6 million transfer to the Millennium Scholarship Trust Fund; the \$1.0 million transfer to the Grant Matching Account; and the \$2.0 million transfer to the Account for Student Loan Repayment for Providers of Health Care in Underserved Communities.

**Assembly Bill 216** repeals the existing provisions in Chapter 683A of the NRS governing producers of limited lines travel insurance and travel retailers. The bill reenacts, reorganizes, and revises those provisions into a new chapter of the NRS relating to travel insurance to align with the Travel Insurance Model Act adopted by the National Association of Insurance Commissioners. In addition, the bill introduces licensing requirements for limited lines travel insurance producers; addresses authorized and prohibited practices; defines travel administrators; classifies travel insurance for filing purposes; and grants regulatory authority to the Commissioner of Insurance. The bill also requires insurers to pay the tax imposed by NRS 680B.027 on all premiums for travel insurance paid by certain persons.

**Assembly Bill 232** revises the tax on other tobacco products to specify that the tax on premium cigars, defined as a cigar that is rolled by hand, has a wrapper made of whole tobacco leaves, and which does not have a filter or mouthpiece, is 30% of the wholesale

price of the cigar, but cannot be less than 30 cents per premium cigar or more than 50 cents per premium cigar, effective July 1, 2023, until June 30, 2027.

**Assembly Bill 424** requires the State Board of Finance to issue not more than \$13.0 million in general obligation bonds to fund certain environmental improvement and conservation projects included in the second phase of the Environmental Improvement Program for the Lake Tahoe Basin. The bill also allows the use of interest accrued on the proceeds of previously issued bonds to carry out such projects.

**Assembly Bill 430** revises the provisions governing the 15% wholesale excise tax on cannabis to specify that the tax only applies to the first wholesale sale and to provide that the tax is imposed at the rate of 15% of the fair market value at wholesale for sales made to an affiliate of the medical cannabis cultivation facility or to an affiliate of the adult-use cannabis cultivation facility; or the sales price of the cannabis, if the sale is made to a cannabis establishment that is not an affiliate of the medical cannabis cultivation facility or the adult-use cannabis cultivation facility.

The bill further establishes that for the purposes of the wholesale tax on cannabis, the fair market value must be calculated and published by the Department of Taxation on a quarterly basis using a median of sales prices for wholesale sales between cannabis cultivation facilities and cannabis establishments that are not affiliates during the period specified in the bill. Finally, the bill also amends the provisions in *Nevada Revised Statutes* imposing a 10% excise tax on the retail sales price of cannabis to allow a cannabis retailer to recover the tax, which is the obligation of the retailer, from the purchaser.

**Assembly Bill 523**, the budget implementation bill providing funding for K-12 education for the 2023-25 biennium, additionally revising various provisions relating to the State Education Fund and the Pupil-Centered Funding Plan, including:

- Revising the sources of revenue for the State Education Fund to include Department of Agriculture fine revenue related to the application of pesticides and revising NRS 387.1212 so various items currently deposited in the fund are included in this section of statute.
- Authorizing temporary advances from the Education Stabilization Account to the State Education Fund if needed for cash flow as payments are made from the Pupil-Centered Funding Plan. The bill also authorizes temporary advances from the State General Fund to the State Education Fund if needed for cash flow as payments are made from the Pupil-Centered Funding Plan and funding from the Education Stabilization Account will not provide adequate funding.
- Revising provisions relating to the calculation of inflation for the Pupil-Centered Funding Plan to reflect a three-year average for the Consumer Price Index to be used when calculating inflation, rather than a single year.

**Senate Bill 195** revises provisions relating to disciplinary actions taken by the Cannabis Compliance Board against a holder of a license or registration card. The bill authorizes the Board to enter into a consent or settlement agreement with a licensee or registrant as long as the terms are discussed and approved at a meeting of the Board; sets forth certain mitigating circumstances for consideration when approving or modifying terms of a consent or settlement agreement; requires that the complaint for multiple alleged same or similar acts which otherwise constitute multiple violations be charged as a single alleged violation under certain circumstances; and limits the civil penalty amount charged by the Board for a single violation not to exceed \$20,000.

Senate Bill 195 further requires the Board to establish regulations related to transfers of ownership interest in a cannabis establishment and procedures to bill for certain investigation costs and prohibits the Board from charging a licensee, registrant, or applicant any fee, cost, or fine that is not authorized by statutes governing the cannabis industry in the state.

**Senate Bill 266** exempts entry fees for contests and tournaments of gaming establishments where the participants are physically present at the gaming facility from being included in the monthly gross revenue calculations of a gaming establishment if these entry fees are designated as:

- Employee compensation;
- A donation remitted to a tax-exempt organization;
- Prize money in the contest or tournament or future contests or tournaments; or
- Guaranteed payout in future contests or tournaments.

Senate Bill 266 also revises provisions governing the approval of nonrestricted license applications for gaming establishments in a county whose population is 700,000 or more (currently only Clark County). The bill provides that a proposed establishment that consists of 20 or more contiguous acres, whose property is separated by an interstate highway from any residential district, school, or structure used for religious services, and is partly within the Las Vegas Boulevard gaming corridor is not subject to certain requirements outlined in these provisions. Finally, the bill revises the reporting requirement for gaming establishments in Nevada who also conduct gaming operations outside the state.

**Senate Bill 277** eliminates the system of separate licensure for medical cannabis establishments and adult-use cannabis establishments such that, with certain exceptions, no medical cannabis establishment licenses will be issued as of January 1, 2024, and any adult-use cannabis establishment license is deemed to be a dual license authorizing the establishment to engage in the full range of activities relating to the medical use of cannabis to the same extent as if the adult-use cannabis establishment held a medical cannabis establishment license. Exempt from these changes are “covered” local government jurisdictions where the operation of adult-use cannabis establishments is prohibited. In these covered jurisdictions, medical cannabis establishment licenses continue to be issued pursuant to S.B. 277.

In all non-covered jurisdictions, S.B. 277 exempts from the excise tax imposed on retail sales of cannabis products by an adult-use cannabis retail store any sale of cannabis for the medical use of cannabis products to a holder of a registry identification card or letter of approval. The bill further revises the fee schedule related to the licensure of adult-use cannabis establishments such that certain fees for the initial license or renewal of a license are reduced as follows:

- For the renewal of a retail store license, from \$6,600 to \$5,000;
- For the initial issuance of a cultivation facility license, from \$30,000 to \$3,000;
- For the renewal of a cultivation facility license, from \$10,000 to \$1,000;
- For the initial issuance of a production facility license, from \$10,000 to \$3,000;
- For the renewal of a production facility license, from \$3,300 to \$1,000;
- For the initial issuance of an independent testing laboratory license, from \$15,000 to \$5,000; and
- For the renewal of an independent testing laboratory license, from \$5,000 to \$3,000.

Senate Bill 277 further allows the board of county commissioners and the governing body of an incorporated city to use any money collected from the license tax these entities are authorized to impose on cannabis establishments for the education of the public on safely purchasing and consuming cannabis products.

Finally, S.B. 277 revises other provisions governing the cannabis industry, such as that the Cannabis Compliance Board, before adopting, amending, or repealing any regulation, shall consider whether the proposed action is likely to have an adverse effect on holders of an adult-use or medical cannabis establishment license. It also authorizes any cannabis establishment to have more than one entrance so long as each entrance is secure, increases the amount of usable cannabis that can be owned and sold in this state, eliminates the requirement for a person who holds an ownership interest of less than 5% in a cannabis establishment to register with the Cannabis Compliance Board as a cannabis establishment agent, and revises other provisions concerning the cannabis industry.

**Senate Bill 428** provides for the submission of a question to the voters at the November 5, 2024, General Election to determine whether the Sales and Use Tax Act of 1955 should be amended to provide an exemption for diapers. The bill specifies that “diaper” includes any type of diaper intended for use by a child or an adult, including, without limitation, a disposable diaper. If the ballot question is approved by the voters, these products would be exempt from all state and local sales and use taxes between January 1, 2025, and December 31, 2050.

**The December 31, 2050, expiration date for the proposed exemption is included to comply with the provisions of Article 10, Section 6 of the Nevada Constitution, which requires that any exemption enacted by the Legislature from property taxes or sales and use taxes have a specific date on which the exemption will cease to be effective.**

**Senate Bill 448** removes the requirement to deposit of a portion of the revenues generated by court-ordered administrative assessments in misdemeanor cases to a special account in the State General Fund for distribution and use in a certain prescribed manner and instead requires this portion to be deposited in the State General Fund without any specific requirements for the distribution or use.

#### **BILLS REGARDING TECHNICAL AND ADMINISTRATIVE CHANGES**

**Assembly Bill 53** revises existing penalties for sales of tobacco products to persons under the age of 21. The bill specifies that for violations which occur within a 24-month period at the same premise, a licensee is liable for a civil penalty of \$2,500 for a first violation; \$5,000 for a second violation; \$7,500 for a third violation; and \$10,000 for a fourth and any subsequent violation.

**Assembly Bill 55** revises provisions of the Uniform Unclaimed Property Act (Act), including, but not limited to, changing the dates on which certain unclaimed property is presumed abandoned; requiring the Administrator of Unclaimed Property to create and maintain a statewide publicly available searchable database that includes the name of the person reported to be the apparent owner of the unclaimed property; removing the requirement that the Administrator must provide written consent before the abandoned property is delivered to the apparent owner if the receipt of the property is in the best interests of the state; revising the notice that the Administrator must make to sell certain abandoned property at a public sale; and providing for the annual publication of a notice concerning abandoned property in a newspaper of general circulation in a county whose population is less than 700,000 (all counties except for Clark) and sets forth the criteria for the contents of such a notice.

The bill also authorizes the Administrator to request a state or local agency to provide certain confidential information for the purpose of facilitating the return of unclaimed or abandoned property, and to adopt regulations relating to agreements which assist a property owner in the return of property that is presumed abandoned. Finally, the bill repeals a provision requiring that the Act must be applied and construed to effectuate its general purpose to make the law uniform among the states that enact the Act.

**Assembly Bill 122** provides an exception to current law relating to age verification for tobacco sales for persons selling, distributing, or offering to sell cigarettes, cigarette paper or other tobacco products in face-to-face transactions that occur in an area within a casino where loitering by persons who are under 21 years of age is already prohibited.

**Assembly Bill 143** authorizes a board of county commissioners of a county whose population is less than 4,500 (Eureka, Esmeralda, and Storey counties) to convey, without consideration and without complying with certain requirements in existing law, real property that the county acquired directly from the federal government for the purpose of clearing title to the property. The real property must be conveyed, as prescribed, to the

person or persons, as applicable, who have an interest in the property. The measure exempts such a conveyance from the provisions that generally apply to the sale or lease of property by a board of county commissioners and the real property transfer tax. The county recorder of any county in which the board of county commissioners conveys any real property per the provisions of this bill between October 1, 2023, and June 30, 2024, must report on or before July 1, 2024, to the Joint Interim Standing Committee on Government Affairs, the number of such conveyances initiated or completed.

**Assembly Bill 455** authorizes the Department of Taxation to impose a civil penalty for certain violations relating to contraband tobacco products. The penalty that the department may impose for these violations is \$10,000 or the total costs incurred by the department for the transportation, storage, and disposal of the contraband tobacco products, whichever is greater.

**Assembly Bill 457** removes the requirement for the Department of Motor Vehicles to automatically reissue certain license plates every eight years, effective October 1, 2023.

**Senate Bill 10** removes the Nevada State Infrastructure Bank (Bank) from the Department of Transportation and establishes the Bank within the Office of the State Treasurer. The bill also provides that the State Treasurer serves as Chair of the Board of Directors of the Bank, revises the governance of the board and amends its membership rules. Senate Bill 10 further authorizes the Bank to provide loans and other financial assistance for K-12 school facilities in counties with a population of less than 100,000 (all counties except for Washoe and Clark) and provides that under certain conditions it may offer a school district a loan with a 0% rate of interest. Finally, the bill revises the provisions governing the confidentiality of information submitted or disclosed to the Bank, requires the Bank to keep certain information confidential, and authorizes the board to hold closed meetings.

**Senate Bill 14** authorizes the Chair of the Gaming Control Board to approve at his or her sole discretion persons associated with a deceased licensee or a licensee who has been judicially declared disabled to temporarily engage in gaming activities or receive proceeds therefrom without procuring a gaming license for such time as the Chair deems necessary to settle the estate of the licensee. Persons granted such approval are required to comply with relevant statutory and administrative provisions.

The bill also amends the provisions under the law concerning the designation of debt assigned by the Gaming Control Board to the State Controller for collection as bad debt. For any amount of debt the Gaming Control Board determines is impossible or impractical to collect, S.B. 14 authorizes the Gaming Control Board to designate such amount as bad debt instead of the Gaming Control Board having to request the State Board of Examiners to designate identified debt that is impossible or impractical to collect as bad debt. Senate Bill 14 also requires the State Controller to request the State Board of Examiners

to designate any debt assigned to it by the Gaming Control Board for collection as bad debt if it has determined that it is impossible or impractical to collect.

Senate Bill 14 further clarifies that any person authorized to receive a share of revenue from any slot machine operated on the premises of a licensee is liable to the licensee for a proportionate share of the license fee and is required to remit or credit the proportionate share to the licensee by a certain date. Finally, the bill exempts a person appointed as a Gaming Commissioner by the Governor from certain provisions governing the employment of retired public employees.

**Senate Bill 29** revises provisions governing refunds and interest to be paid on refunds by the Department of Taxation to taxpayers, establishing that no interest on refunds is to be paid by the Department of Taxation to a taxpayer on any tax which was over-collected by the taxpayer and which the taxpayer is required to refund to the person from whom it was collected.

**Senate Bill 50** revises the process through which members of the Nevada National Guard who are on active status and who are residents of Nevada, and certain relatives of such members of the Nevada National Guard, can claim an exemption from sales and use taxes on purchases that occur on the date on which Nevada Day is observed or the immediately following Saturday or Sunday. Senate Bill 50 requires the respective eligible member of the Nevada National Guard and his or her relatives to pay the full amount of sales tax to the retailer and submit a request for refund to the Department of Taxation after the purchase, including a copy of the letter of exemption and a copy of receipts of eligible purchases.

**Senate Bill 98** revises provisions relating to the transfer of funds from the Education Stabilization Account to the State Education Fund by authorizing a transfer if money deposited in the State Education Fund was found by an audit to have been deposited in error or if an error in the application of the Pupil-Centered Funding Plan by the Department of Education creates a shortfall in the State Education Fund. The bill further revises provisions governing the Commission on School Funding, including the provisions outlining its various tasks, which are expanded to include a review of the academic progress made by pupils in each public school and consideration of strategies to improve existing and new programs within and between public schools.

**Senate Bill 205** revises provisions governing the registration of certain off-highway vehicles located in Nevada by authorizing such vehicles, in addition to the existing annual registration, to make use of a 3-year registration period at a fee determined by the Commission on Off-Highway Vehicles between \$20 and \$30 for annual registrations and between \$60 and \$90 for 3-year registrations. The bill also clarifies that the existing exemption from registration for off-highway vehicles registered or certified in another state only applies if this other state provides for a similar exemption from registration for off-highway vehicles registered in Nevada.

**Senate Bill 435** specifies that if an assessment against the operators of certain private medical providers in Nevada is imposed by the Division of Health Care Financing and Policy of the Department of Health and Human Services, the proceeds (less administrative costs) must be used to provide additional support and services under Medicaid for Medicaid recipients with serious behavioral conditions. The bill limits the amount of revenue derived from the assessments used for administrative costs to 15%.

If such an assessment is imposed, the use of these proceeds for Medicaid services is anticipated to increase capitation payments to contracted managed care organizations, which would increase insurance premium tax collections (as those capitation payments are considered as net direct considerations for the calculation of the tax).

#### **BILLS REGARDING TAX CREDITS, EXEMPTIONS, ABATEMENTS, AND POSTPONEMENTS**

**Assembly Bill 260** provides an exemption from any fee imposed on a business entity under Title 7 of the *Nevada Revised Statutes* for veterans' services organizations, as recognized by the United States Secretary of Veterans Affairs, any agent or officer of such an organization, effective January 1, 2024.

**Assembly Bill 62** changes the existing exemption from real and personal property taxes for certain low-income or very low-income housing and related facilities by expanding the exemption to include projects financed by additional federal programs specified in the bill or from the state's Account for Affordable Housing. The bill clarifies the exemption only applies in years where the project qualifies as a low-income or very low-income housing project or related facility, and the exemption only applies to the portion of the housing project that was federally financed, in the case of a low-income housing project or related facility, or which is occupied by or used exclusively for very low-income elderly persons or very low-income persons with disabilities, in the case of a very low-income housing project or related facility.

**Assembly Bill 448** clarifies that the exemption from the real property transfer tax for a mere change in identity, form, or place of organization does not apply if the business entity to which the real property is transferred was formed for the purpose of avoiding those taxes, effective upon passage and approval (June 15, 2023).

**Senate Bill 257** changes the payroll reporting requirements for renewable energy facilities which are recipients of partial abatements from annual reporting to quarterly reporting during the term of construction of a facility. Annual reporting is required at all other times. The bill clarifies that the term of construction commences when a building permit is issued and does not end until the facility goes online or at such other time that is determined by the Director of the Office of Energy within the Office of the Governor.

**Senate Bill 429** requires that certain abatements of taxes for new and expanding businesses, which will have 50 or more full-time employees on the payroll of the business in Nevada by the eighth calendar quarter following the calendar quarter in which the

abatement becomes effective, can only be approved by the Governor's Office of Economic Development if the applying business provides at least 12 weeks of family and medical leave at a rate of at least 55% of the regular wage of an employee who has been employed by the business for at least one year.

Senate Bill 429 also provides that if the business applying for a certain abatement of taxes has a policy for paid family and medical leave for employees on its payroll in a location outside of Nevada, employees on the payroll of the business in Nevada will be eligible for the same policy provisions for paid family and medical leave or for the provisions detailed above, whichever is greater, at the time an employee seeks paid family and medical leave.

**Senate Bill 429 was vetoed by the Governor on June 5, 2023; however, its provisions were included in Senate Bill 1 of the 35<sup>th</sup> Special Session, which was approved by the Governor.**

**Senate Bill 1 of the 35<sup>th</sup> Special Session** requires the establishment of a sport and entertainment district with certain defined parameters within Clark County outside of any incorporated city for the financing of a Major League Baseball stadium project. The district is to include only the land on which the Major League Baseball stadium project is located and any surrounding or adjacent properties necessary for the operation of the project. The Clark County Stadium Authority is to undertake the development of the project.

The bill requires, under certain conditions, the authorization of the following public financing contributions of Clark County and the State of Nevada to the project:

- The issuance of transferrable tax credits of up to \$180.0 million in total to developer partners for qualified projects in relation to the Major League Baseball stadium project.
- The issuance of general obligations of Clark County for the Major League Baseball stadium project and the pledge of a range of state and local taxes, fees, and charges collected within the sport and entertainment district for the payment of these bonds.
- A \$14.0 million appropriation to the State Infrastructure Bank to support the State Treasurer providing a credit enhancement on bonds issued to finance the construction of the Major League Baseball stadium project.
- The exemption of the Major League Baseball stadium project land and property from ad valorem and property taxes.

The total public financing contribution resulting from the issuance of transferrable tax credits and general obligation bonds, including the appropriation of \$14.0 million to the State Treasurer for a credit enhancement, is limited to \$380.0 million.

**Senate Bill 1 of the 35<sup>th</sup> Special Session was originally introduced as Senate Bill 509 during the 2023 Legislative Session but was not approved during the regular session.**

## **BILLS REGARDING STATE AND LOCAL ECONOMIC DEVELOPMENT**

**Assembly Bill 37** authorizes the Board of Regents of the Nevada System of Higher Education to establish the Behavioral Health Workforce Development Center of Nevada at one or more institutions within the Nevada System of Higher Education for purposes related to strengthening the workforce of providers of behavioral health care in Nevada. The bill also requires the Behavioral Health Workforce Development Center to establish a behavioral health workforce development consortium consisting of various persons and entities involved in education, behavioral health, and workforce development and requires the Behavioral Health Workforce Development Center to develop and implement a strategic plan for the recruitment, education, and retention of a qualified, diverse, and evolving behavioral health workforce in the state.

**Assembly Bill 58** provides that the Nevada Air Service Development Commission is part of the Office of Economic Development, revises the membership and terms of the Commission, and revises the provisions governing grants issued from the Aviation Fund by requiring the Nevada Air Service Development Commission to provide grants to an air carrier or any governmental entity for the purpose of establishing air service or providing enhance air service routs that service a public use airport that is a National Plan of Integrated Airport Systems Public Airport.

The bill makes a General Fund appropriation of \$1.0 million in each year of the 2023-25 biennium to the Fund for Aviation to be granted to counties, cities and other local governments, except for facilities owned or controlled by the Reno-Tahoe Airport Authority or a county whose population is 700,000 or more (Clark County), for the planning, establishment, development, construction, enlargement, improvement, or maintenance of any airport, landing area or air navigation facility owned or controlled by the county, city or other local government.

**Assembly Bill 77** creates the Office of Entrepreneurship within the Governor's Office of Economic Development to strengthen policies and programs supporting the growth of entrepreneurship in Nevada and to serve as a point of contact to assist businesses that have been in operation for not more than five years in their interactions with state agencies.

**Assembly Bill 98** makes various changes to the Governor's Workforce Investment Board, including changing the name to the Governor's Workforce Development Board; expanding the representation of the board to include members of local workforce development boards and other business representatives from industry sectors; and requiring the board to collaborate with local workforce development boards and regional development authorities on various economic and workforce development activities. The bill additionally requires each regional industry or sector partnership working with a local workforce development board to submit certain reports to the Governor's Workforce Development Board.

**Assembly Bill 261** requires the Executive Director of the Office of Economic Development to include a statement in the State Plan for Economic Development regarding the manner in which Nevada can maximize the efficient use of the water resources of the state through its economic development programs. The bill further requires that plans, including the development and enhancement of certain recruiting and marketing efforts submitted to the Office of Economic Development by each regional development authority located in a county whose population is 100,000 or more (Clark and Washoe counties), include strategies to encourage the conservation of water resources of the state through such recruiting and marketing efforts.

**Assembly Bill 428** requires the Governor's Office of Workforce Innovation to establish and administer a Career Pathways Demonstration Program to develop and implement career pathways to enable students to prepare for employment in professions which serve the long-term needs of the state. The bill further requires each large school district which has more than 100,000 pupils (currently only Clark County) to offer a Teacher Academy College Pathway Program at certain high schools in the district that will enable interested pupils in grades 9 through 12 to prepare for employment in professions in K-12 education. The bill also requires the State Treasurer to create a program to provide reimbursement for tuition charges and other fees paid to an institution within the Nevada System of Higher Education by a person who completes a Teacher Academy College Pathway Program.

Among the other changes in the bill, A.B. 428 requires the Commission on Professional Standards in Education to conduct a study during the 2023-24 Interim concerning the Praxis II and pedagogy examinations and present those recommendations to the Assembly and Senate Committees on Education during the 83<sup>rd</sup> Session of the Nevada Legislature.

**Assembly Bill 528** creates a program to provide matching funds to certain qualified projects that are facilities to provide support services to individuals and families experiencing homelessness or at risk of becoming homeless. This bill authorizes the lead participant of a project to apply to the Office of Economic Development for a certificate of eligibility for matching funds up to \$100.0 million if meeting the requirements set forth in the bill in order to be eligible for such matching funds. Additionally, the bill establishes requirements with respect to the contribution to the cost of a project which may be made from matching funds and provides the requirements for the issuance of matching funds.

The bill creates the Homelessness Support Services Matching Account, appropriates \$100.0 million from the State General Fund, and requires the money in the Account to be used to provide matching funds of up to \$100.0 million to qualified projects as well as to pay the operating costs of a facility within a qualified project up to \$15.0 million per fiscal year, an amount adjusted annually by the percentage increase in the Consumer Price Index, as defined in the bill. Additionally, the bill authorizes the

Department of Health and Human Services to administratively create any necessary provider codes to maximize Medicaid billing for the services provided by the qualified project to provide additional support to pay the operating costs of a facility within a qualified project.

For the purpose of encouraging local economic development, the governing body of a city or county in which a qualified project is located may grant to any participant in a qualified project an abatement of all or any percentage of the amount of any permitting fee or licensing fee which the local government is authorized to impose or charge pursuant to Chapter 244 or 268 of the NRS.

**Senate Bill 23** authorizes a legislative body of a city whose population is less than 25,000 (Boulder City, Caliente, Carlin, Elko, Ely, Fallon, Fernley, Lovelock, Mesquite, Wells, West Wendover, Winnemucca, and Yerington) to amend a redevelopment plan to remove part of a redevelopment area if it determines, following a public hearing, that; 1) the removal will not adversely impair any outstanding bonds or securities; 2) the area consists primarily of single-family or multifamily residential dwellings of three stories or less, or both; and 3) the removal is necessary or desirable because it is in the public interest for the purpose of property tax collections. The measure also prohibits a legislative body from amending a redevelopment plan to remove an area if the removal would adversely impair outstanding obligations of any political subdivision of the state or any other public entity.

**Senate Bill 126** revises the NV Grow Act and the administration of the NV Grow Program. The bill appropriates from the State General Fund \$950,000 in each year of the 2023-25 biennium to the College of Southern Nevada to administer the NV Grow Program, of which \$100,000 in each fiscal year must be disbursed to the University of Nevada Cooperative Extension in Clark County to provide counseling and training in geographic information systems and data scrubbing, and \$30,000 in each fiscal year must be disbursed to the NV Grow Program stakeholder group to employ or contract a part-time marketing professional to provide marketing services for the program.

**Senate Bill 181** increases the maximum threshold for the projected value of a partial tax abatement to a single entity from \$250,000 to \$500,000, which the Executive Director may approve on behalf of the Governor's Office of Economic Development.

**Senate Bill 240** amends the Nevada New Markets Jobs Act by requiring the Department of Business and Industry to certify an additional \$170.0 million in qualified equity investments under the Nevada New Markets Jobs Act on or after July 1, 2024. The tax credits earned against the Insurance Premium Tax for these investments may not be taken until July 1, 2026.

The bill further amends the Nevada New Markets Jobs Act by requiring the Department of Business and Industry to certify \$30.0 million in impact qualified equity investments to qualified active low-income community businesses, as specified in the bill, on or after July 1, 2024. In exchange for the impact qualified equity investment, insurance companies are entitled to receive a credit against the insurance premium tax equal to 75% of the total impact qualified equity investment, which may be taken against the tax in equal installments over a five-year period. The first portion of the credit may not be taken against the tax until July 1, 2026.

### **BILLS REGARDING LOCAL GOVERNMENT TAXES AND REVENUE**

**Assembly Bill 60** requires the governing body of a municipality that acquires or improves a neighborhood improvement project to annually prepare an amendment to the assessment roll and an estimate of the expenditures for the next fiscal year, provide notice and hold a public hearing regarding the amendment, and confirm and mail notice of the amendment.

**Assembly Bill 359** authorizes the continued imposition of certain annual increases in taxes on certain motor vehicles fuels and special fuels used in motor vehicles, in a county whose population is 700,000 or more (Clark County), if the board of county commissioners, on or before December 31, 2026, adopts an ordinance authorizing the effectuation of such annual increases. If the board of county commissioners does not adopt such an ordinance on or before December 31, 2026, the board is prohibited from imposing any additional annual increases in those taxes.

**This bill was vetoed by Governor Lombardo on June 1, 2023.**

**Assembly Bill 519** requires the board of county commissioners of a county whose population is 52,500 or more and less than 57,500 (Elko County) to levy a tax at a rate of not less than 1 cent and not more than 25 cents on each \$100 of assessed valuation of taxable property within the county for school district capital projects. The bill also requires that, if the board of county commissioners of a county which is required to levy such a tax does not adopt an ordinance levying the tax on or before June 30, 2024, the tax is levied at a rate of 25 cents on each \$100 of assessed valuation of taxable property within the county. Assembly Bill 519 provides that for the first fiscal year in which the property taxes included in the bill are imposed, the partial tax abatements provided pursuant to NRS 361.4722, NRS 361.4723, and NRS 361.4724 do not apply, but that those partial abatements will apply in all future fiscal years.

Assembly Bill 519 creates the Fund to Assist Rural School Districts in Financing Capital Improvements to make capital project grants to school districts in counties whose population is less than 100,000 (all counties except for Clark and Washoe) and authorizes the board of county commissioners of a county whose population is less than 100,000,

other than Elko County, to levy a tax on all taxable property in the county for a capital project for which a grant may be obtained from the fund.

The measure also provides a General Fund appropriation of \$25.0 million to the Fund to Assist Rural School Districts in Financing Capital Improvements for grants to school districts and appropriates an additional \$25.0 million for grants to school districts for capital projects for schools located on qualified tribal land.

The bill further requires the board of county commissioners to determine the amount of money required for a capital project, excluding any amount that the board anticipates will be covered by a grant from the fund, and fix a rate of taxation which will raise that amount. The bill then requires the revenue from the tax to be expended for a capital project for which a grant was made from the fund, or if the amount collected for a fiscal year exceeds the amount of the grant for that year, in the same manner as other money in the fund for capital projects established by the school district.

Assembly Bill 519 requires the board of trustees of a school district in a county with a population less than 100,000 which levies a tax to apply for a grant of money from the fund, requires a grant of money from the fund in an amount which is equal to the total amount of tax assessed by the county for the capital project during the immediately preceding fiscal year, or the amount of the proceeds of the tax imposed for the immediately preceding fiscal year which the board of trustees of the school district has certified will be dedicated to the capital project. The bill requires the board of county commissioners of a county which levies a tax to establish an oversight panel for school district capital improvement projects.

**Senate Bill 92** creates requirements for and authorizes the licensing and regulation of sidewalk vendors by the governing body of a county whose population is 100,000 or more (currently Clark and Washoe counties) or a city in a county whose population is 100,000 or more (the cities of Boulder City, Henderson, Las Vegas, Mesquite, North Las Vegas, Reno, and Sparks). If such a city or county enacts an ordinance regulating sidewalk vendors, the bill requires this ordinance to include provisions on the process through which a person must apply for a permit, license, or other authorization to operate as a sidewalk vendor with a local board of health and on the collection of fees and fines as well as the imposition of penalties by the respective governing body.

Senate Bill 92 prohibits sidewalk vendors, with certain exceptions, from selling food, beverages, or merchandise within 1,500 feet of:

- A resort hotel
- Event facilities with a capacity of at least 20,000 people and is constructed to accommodate a major or minor league sports team
- Convention facilities which are operated by a county fair or recreation board
- A median of a highway if the median is adjacent to a parking lot.

**Senate Bill 282** revises provisions governing the carry-forward of the year-end balance of local school precincts (any public school in a school district which has more than 100,000 pupils enrolled). The bill requires local school precincts that carry forward a balance of more than 5% of their actual expenditures to use the money for certain purposes, including tutoring or other supplemental academic achievement programs, support for social and emotional learning, and extracurricular activities. If a local school precinct fails to spend the entire amount of money within 24 months after the end of the school year, the school district is, pursuant to S.B. 282, required to transfer the balance in excess of 5% of the expenditures of the local school precinct to the Education Stabilization Account. Senate Bill 282 further clarifies that the hiring of staff by a principal of a local school precinct must conform to the applicable collective bargaining agreement and makes other revisions to the governance of local school precincts and local school districts.

**Senate Bill 450** establishes a program that allows the remaining owners of a single-family residence in the Windsor Park neighborhood in the City of North Las Vegas to exchange that residence for another single-family residence unaffected by the ground subsidence that damaged the Windsor Park neighborhood homes. To implement the program, S.B. 450:

- Requires the City of North Las Vegas to repay a \$12.0 million State General Fund loan toward the cost of the program over a period of four years through a monthly amount withheld from the City's distribution of Consolidated Tax revenues from the Department of Taxation.
- Obligates \$25.0 million in Coronavirus Recovery Funds toward the cost of the program.
- Requires unexpended Windsor Park-related Fannie Mae and other federal funds to be used.
- Requires an agreement between the City of North Las Vegas and the Housing Division of the Department of Business and industry that ensures rights-of-way for the Housing Division and any developer implementing the relocation plan to access and cross lots owned by the City of North Las Vegas for home assessments.

# Elected Officials

---

The Elected Officials function encompasses elected officials of the Executive Branch of state government, including the Governor, Lieutenant Governor, Attorney General, Secretary of State, State Treasurer, and Controller, as well as the Judicial and Legislative Branches of state government. For the 2023-25 biennium, General Fund appropriations for this function total \$973.3 million, which is an increase of \$641.4 million, or 193.2%, compared to the \$331.9 million approved for the 2021-23 biennium by the 2021 Legislature. The increase is primarily due to \$485.5 million appropriated to the Board of Examiners for allocation to state agencies to support state employee compensation increases.

## **OFFICE OF THE GOVERNOR**

The Governor is the Chief Executive Officer of the state and is elected to a four-year term. The responsibilities of the Governor include, but are not limited to, serving as the Commander in Chief of the state's military forces and as the chairperson of the Board of Examiners, the Board of Directors of the Department of Transportation, the Executive Branch Audit Committee, the Board of State Prison Commissioners, and the Board of Pardons Commissioners.

### ***OFFICE OF THE GOVERNOR***

The 2023 Legislature approved General Fund appropriations of \$9.1 million over the 2023-25 biennium in support of the Office of the Governor, which is an increase of \$3.0 million, or 49.3%, over the \$6.1 million approved by the 2021 Legislature for the 2021-23 biennium. The Legislature did not approve the Governor's recommendation for General Funds totaling \$2.7 million over the 2023-25 biennium for five new non-classified cabinet-level Secretary positions to provide administrative oversight to state agencies. However, through the passage and approval of Senate Bill (S.B.) 431, the 2023 Legislature alternatively approved \$1.8 million for salaries of staff of the Office of the Governor.

### ***GOVERNOR'S MANSION MAINTENANCE***

The Governor's Mansion Maintenance budget was established to account for funding provided for the staffing, operation, and maintenance of the Governor's Mansion in Carson City. The budget also supports the cost of travel to official functions for the Governor's spouse. For the 2023-25 biennium, the legislatively approved budget includes funding for 2.64 full-time equivalent (FTE) positions to support the staff of the mansion. The 2023 Legislature approved General Fund appropriations of \$935,961 over the 2021-23 biennium for the Mansion Maintenance budget, which represents a \$267,706, or 40.1%, increase from the amount approved by the 2021 Legislature for the 2021-23 biennium. The increase is primarily due to the approval of General Funds totaling \$250,870 over the 2023-25 biennium for maintenance of the Governor's Mansion.

## **COVID-19 RELIEF PROGRAMS**

The COVID-19 Relief Programs account was established in FY 2020 by the Governor's Office of Finance as a non-executive budget account in order to receive and account for the state's portion of assistance from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Coronavirus Relief Fund (CRF). The 2021 Legislature approved the Governor's recommendation to convert the COVID-19 Relief Programs account to an executive budget account and designate the account as the location to account for additional COVID-19 relief funding from other federal legislation, such as the American Rescue Plan (ARP) Act. The \$2.739 billion in funding received by the state from the ARP Act, Coronavirus State Fiscal Recovery Fund was authorized for expenditure in this budget by the 2021 Legislature.

Through legislation passed by the 2023 Legislature, as well as action taken by the 2021 Legislature and during the 2021-22 Interim by the Governor's Office of Finance and the Interim Finance Committee, pursuant to the revision of work programs pursuant to *Nevada Revised Statutes* (NRS) 353.220 and in accordance with the State Budget Act, \$2.736 billion has been authorized for expenditure. Through the passage and approval of the 2023 Authorizations Act (S.B. 504), the 2023 Legislature approved \$1.76 billion in authority over the 2023-25 biennium in the COVID-19 Relief Programs budget to support various programs funded with federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds.

In addition, the Legislature passed and the Governor subsequently signed three bills authorizing expenditure of federal Coronavirus State Fiscal Recovery Funds, including Assembly Bill (A.B.) 468, which authorized \$10.0 million to support a portion of the costs associated with the implementation of the Enterprise Resource Planning System, S.B. 450, which authorized \$25.0 million for the relocation of persons residing in the Windsor Park neighborhood in the City of North Las Vegas, and S.B. 510, which authorized \$5.3 million to support costs of implementing provisions of the collective bargaining agreement for the bargaining unit established in paragraph (i) (Category III peace officers) of subsection 1 of NRS 288.515.

## **OFFICE OF THE CHIEF INFORMATION OFFICER**

The Office of the Chief Information Officer, formerly known as Enterprise IT Services, was transferred by the 2023 Legislature from the Department of Administration to the Office of the Governor. The Office of the Chief Information Officer consists of five operational units: Office of the Chief Information Officer, Agency IT Services, Computing, Communications, and Information Security. For the 2023-25 biennium, the Legislature approved funding totaling \$135.8 million, an 11.6% increase from the \$121.7 million approved for the 2021-23 biennium.

## **AGENCY IT SERVICES**

The Agency IT Services Unit is responsible for interfacing with customer agencies and consists of 24/7 help desk operations, desktop support, database development and management, application development, project management services, and webpage

support. The Agency IT Services Unit houses staff from the Agency IT Services and Office of the Chief Information Officer budget accounts.

The 2023 Legislature approved to increase interagency transfers by \$520,376 over the 2023-25 biennium to fund the transfer of the OnBase Digital Document Management System from the Nevada State Library, Archives, and Public Records to Agency IT Services to reduce system administration challenges, security incidents, and lower the cost for per-user licensing.

### ***COMPUTER FACILITY***

The Computer Facility budget is responsible for managing, operating, and supporting servers in the state data center, including the mainframe enterprise server, internet servers, and application servers in a secure 24/7 environment.

The 2023 Legislature approved to increase mainframe service fees by \$828,000 over the 2023-25 biennium to fund contracted staffing for the Mainframe Unit to ensure uninterrupted support and reduce the risk of unplanned downtime as customer agencies transition off the mainframe platform.

In addition, the 2023 Legislature also approved to increase Infrastructure assessment fees by \$764,753 in FY 2025 to replace the Endpoint Device Protection System to provide security for state-managed mobile devices and identify which devices are potentially the target of a cyber security attack.

Lastly, the 2023 Legislature approved one-time General Fund appropriations of \$1.3 million in the Governor's Office of Finance Special Appropriations budget as a loan to the Office of the Chief Information Officer to replace components of the security firewall.

### ***IT SECURITY***

The Office of Information Security provides leadership and oversight of a comprehensive state information security program, including information security policies and standards, security assessments, security incident response, physical access control solutions, and security awareness training, with the goal of protecting critical state data, networks, and data processing environments.

The 2023 Legislature approved to increase Security Assessment fees by \$363,954 over the 2023-25 biennium to fund the expansion of the Tenable Security Center contract to improve the assessment of cyber threats.

### **OFFICE OF SCIENCE, INNOVATION AND TECHNOLOGY**

The Office of Science, Innovation, and Technology (OSIT) was established to promote the development of a skilled workforce in the areas of science, technology, engineering, or math, and to improve broadband availability, adoption, and use. The OSIT also manages the Graduate Medical Education grant program. The 2023 Legislature approved \$17.2 million in General Fund appropriations over the 2023-25 biennium, which

is an increase of \$8.9 million, or 107.7%, from the \$8.3 million approved by the 2021 Legislature over the 2021-23 biennium. Most of this increase is explained by the Legislature approving the Governor's recommendation to transfer \$8.5 million in General Fund appropriations from the Governor's Office of Finance Special Appropriations budget to the OSIT budget in FY 2024 to support the Graduate Medical Education grant program and align program funding with the staff that provide direct oversight of the granting of funds to develop new medical residency and fellowship programs.

Additionally, the Legislature approved the Governor's recommendation to add \$198,929 in General Fund appropriations over the 2023-25 biennium to support one additional Management Analyst and associated expenditures to assist with the management of the Graduate Medical Education program.

The Legislature also approved \$230.0 million in federal grant funds in FY 2024 to fund two broadband programs, including \$130.0 million for the American Rescue Plan Act Capital Projects Fund, awarded by the US Department of Treasury, and \$100.0 million for the Broadband Equity Access and Deployment program, administered by the National Telecommunications and Information Administration in the U.S. Department of Commerce.

Finally, the Legislature approved \$202.6 million over the 2023-25 biennium in American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds to carry forward remaining budgetary authority that was approved by the Interim Finance Committee during the 2021-23 biennium. This funding includes \$100.0 million to be utilized as state match for the Broadband Equity Access and Deployment program, which has a 25.0% state match requirement.

## **GOVERNOR'S OFFICE OF FINANCE**

### ***BUDGET DIVISION***

The Budget Division's primary responsibilities are to produce and present The Executive Budget, provide budgetary oversight and training to all agencies, coordinate statewide planning efforts, and forecast state revenues. The division also provides staff support to the Board of Examiners and the Economic Forum. For the 2023-25 biennium, the 2023 Legislature approved General Fund appropriations of \$5.1 million in FY 2024 and \$5.6 million in FY 2025 to support the operations of the Budget Division and American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$2.1 million in each fiscal year of the 2023-25 biennium to fund positions, contract staff, a data management system, and other expenditures to administer and monitor American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds.

The 2023 Legislature approved a budget amendment that included General Fund appropriations of \$918,655 over the 2023-25 biennium to fund three new Executive Branch Budget Officer positions. Two of the positions were approved to be at a higher grade level than existing Executive Branch Budget Officer positions to oversee and manage the Health and Human Services and K-12/Higher Education teams. The third

position was approved to change an existing temporary/overlap Executive Branch Budget Officer 1 position to a permanent position effective July 1, 2023.

Additionally, the Legislature approved A.B. 451 in combination with a budget amendment that included General Fund appropriations of \$57,531 in FY 2025 to allow for up to 300 hours of compensated overtime pay for the unclassified Director, Deputy Director, and Budget Division Administrator positions during the development of the proposed state budget from September 1, 2024, through January 31, 2025.

The 2023 Legislature did not approve the Governor's recommendation to reclassify an unclassified Budget Division Administrator position established by the 2021 Legislature to a second unclassified Deputy Director position.

### ***SMART 21***

The 2023 Legislature approved the Governor's recommendation to continue the Office of Project Management in the Silver State Modernization Approach for Resources and Technology in the 21<sup>st</sup> Century (SMART 21) budget in the 2023-25 biennium to support efforts to replace the state's existing financial and human resource information systems with a modernized, cloud-based enterprise resource planning information system (known as the Core.NV project). Funding totaling \$7.9 million, including General Fund appropriations of \$6.4 million, excluding one-time appropriations, was approved for the 2023-25 biennium.

Recognizing that the project has failed thus far and was paused, the 2023 Legislature approved the Governor's recommendation to eliminate 18 vacant positions based on duties anticipated to be needed in the 2023-25 biennium, resulting in a \$3.9 million (\$3.1 million General Fund) reduction over the 2023-25 biennium. The Legislature also approved eliminating funding totaling \$6.3 million (\$5.1 million General Fund) for cloud computing services that are not anticipated to be needed in the 2023-25 biennium.

To support one-time costs associated with system implementation, the 2023 Legislature approved A.B. 468, which appropriated funding totaling \$166.3 million (\$126.6 million General Fund appropriations, \$29.7 million Highway Fund appropriations, and \$10.0 million American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds) for this purpose.

### ***SPECIAL APPROPRIATIONS***

The Special Appropriations budget is used by the Governor's Office of Finance to pass through legislatively approved General Fund appropriations to other governmental entities and not-for-profit organizations. The Governor recommended and the 2023 Legislature approved a General Fund appropriation of \$8.5 million in FY 2024 to continue funding for the Graduate Medical Education grant program that is available for both FY 2024 and FY 2025 and is approved to transfer to the Governor's Office of Science, Innovation and Technology to align program funding with the staff that provide direct oversight of the program. The Governor recommended and the 2023 Legislature approved the following appropriations:

- Nevada Governor's Advisory Council on Education Relating to the Holocaust: \$100,000 in each fiscal year of the 2023-25 biennium
- Nevada Volunteers: \$150,000 in each fiscal year of the 2023-25 biennium
- Nevada Civil Air Patrol: \$25,000 in FY 2024 that is available for both FY 2024 and FY 2025

Additionally, the 2023 Legislature approved S.B. 341 and A.B. 525 that provided General Fund appropriations in FY 2023 totaling \$55.4 million and \$58.2 million, respectively, to various non-profit organizations and government agencies.

## **LIEUTENANT GOVERNOR'S OFFICE**

The Lieutenant Governor is elected to a four-year term and serves as the President of the Senate. The Lieutenant Governor serves as the Chair of the Commission on Tourism, Chair of the Advisory Board on Outdoor Recreation, a member of the Board of Economic Development, a member of the Board of Directors of the Department of Transportation, and a member of the Executive Branch Audit Committee. The Lieutenant Governor is a member of the Governor's cabinet and serves as acting Governor whenever the Governor is out of state or unable to perform the duties of the office. The Office of the Lieutenant Governor is supported entirely by General Fund appropriations.

The 2023 Legislature approved General Fund appropriations totaling \$1.7 million over the 2023-25 biennium to support the Office of the Lieutenant Governor. This represents an increase in General Fund appropriations of 30.0% from the \$1.3 million approved by the 2021 Legislature for the 2021-23 biennium. To address an increase in administrative workload in the Office of the Lieutenant Governor, and to provide resources to ensure there is an administrative level position in both the Carson City and Las Vegas offices, the 2023 Legislature appropriated General Funds of \$197,616 over the 2023-25 biennium for a new unclassified Executive Assistant position. The 2023 Legislature approved additional General Fund appropriations of \$61,925 over the 2023-25 biennium to increase in-state and out-of-state travel.

### ***OFFICE OF SMALL BUSINESS ADVOCACY***

The 2023 Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$630,320 to continue staffing and operations of the Office of Small Business Advocacy over the 2023-25 biennium. The Office of Small Business Advocacy works in coordination with other state agencies to serve as a centralized hub to connect small business owners to available resources within state and local government and other business organizations. While the Office of Small Business Advocacy was set to expire by limitation on June 30, 2023, pursuant to A.B. 184 (2021), the 2023 Legislature passed S.B. 24 which extended the expiration of the office through June 30, 2025.

## **ATTORNEY GENERAL**

The Office of the Attorney General serves as legal advisor to nearly all state agencies, boards, and commissions, and assists the county district attorneys throughout the state. As the state's Chief Law Enforcement Office, the Attorney General represents the people of the State of Nevada before trial and appellate courts of Nevada and the United States in criminal and civil matters.

The 2023 Legislature approved total funding of \$164.4 million over the 2023-25 biennium for the Office of the Attorney General, an increase of 16.0% compared to the \$141.7 million approved for the 2021-23 biennium. The General Fund portion totals \$18.5 million for the 2023-25 biennium, an increase of 94.3% compared to the legislatively approved General Fund total of \$9.5 million for the 2021-23 biennium.

The 2023 Legislature approved total funding of \$2.8 million (\$1.5 million General Fund included in A.B. 522, Section 23) to fund a three-grade increase for Office of the Attorney General Legal Secretary, Legal Office Manager, Criminal Investigator, Cybercrime Investigator, and Criminal Investigator Supervisor positions, as well as a two-grade increase for Deputy Chief Investigator positions.

### ***ADMINISTRATIVE BUDGET ACCOUNT***

The Administrative Budget Account is primarily funded through assessments paid by agencies and boards and commissions that receive legal services from the Office of the Attorney General, known as the Attorney General Cost Allocation Plan (AGCAP). In addition to General Fund appropriations and other miscellaneous revenues, the budget also receives transfers from the Nevada Department of Transportation and the Cannabis Compliance Board in each fiscal year of the biennium, as staff from the Office of the Attorney General provides dedicated services to each of those agencies.

The 2023 Legislature approved the Governor's recommendations for General Fund appropriations of \$31,251 over the 2023-25 biennium to reclassify an unclassified Deputy Attorney General to an unclassified Senior Deputy Attorney General, and AGCAP revenue totaling \$94,145 over the 2023-25 biennium to reclassify an unclassified Bureau Chief to an unclassified Assistant Attorney General and a vacant Accountant Technician to an Administrative Services Officer.

The 2023 Legislature approved AGCAP revenue over the 2023-25 biennium of \$362,361 to fund two new unclassified Victim Advocate positions to provide services in compliance with Article 1, Section 8A of the Nevada Constitution, also known as Marsy's Law, and \$329,447 to fund an unclassified Chief Deputy Attorney General to conduct investigations related to patterns or practices of civil rights violations.

The 2023 Legislature also approved General Fund appropriations of \$274,683 over the 2023-25 biennium to fund a dedicated unclassified Deputy Attorney General position to support the Secretary of State by providing consistency and attention to legal issues and advising investigators on best practices.

Finally, the 2023 Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$1.3 million over the 2023-25 biennium to continue supporting the Legal Aid Center of Southern Nevada for its Legal Advocacy to Address Pandemic Educational Deficiencies for Vulnerable Youth with Disabilities project.

### ***CONSUMER ADVOCATE***

The Bureau of Consumer Protection (BCP), under the direction of the State Consumer Advocate, statutorily represents public and customer interests related to certain operations of public utilities and other areas of consumer protection. The Consumer Advocate also provides victim assistance, consumer education, and public outreach.

The Legislature approved the transfer of 21 positions and other expenditures related to general and financial fraud activities previously conducted under the National Settlement Administration budget to the Consumer Advocate budget due to diminishing one-time National Mortgage Settlement funds used to support the noted positions. The National Settlement Administration budget was established to provide for the general administration of one-time funds received from the National Mortgage Multi-Bank Settlement and the Bank of America Mortgage Settlement, which are projected to be depleted in the 2023-25 biennium.

### **SECRETARY OF STATE**

The Office of the Secretary of State (Office) maintains the official records of the acts of the Nevada Legislature and of the Executive Branch of state government. The Office is responsible for ensuring the integrity of elections, receiving and recording business entity filings, administering the uniform commercial code, protecting consumers against securities fraud, preserving public records, and promoting public awareness and education in these areas.

### ***SECRETARY OF STATE***

The 2023 Legislature approved General Fund appropriations totaling \$57.2 million for the 2023-25 biennium, which is an increase of \$7.9 million, or 15.9%, from the \$49.4 million approved for the 2021-23 biennium.

As recommended by the Governor, the 2023 Legislature approved General Funds totaling \$502,360 over the 2023-25 biennium for one new position to support the SilverFlume Portal and three new positions to support the Elections Division to improve the operations of the Secretary of State's Office. Additionally, the Legislature approved General Funds of \$464,345 over the 2023-25 biennium for three new positions to provide additional resources for election integrity investigations that were not recommended by the Governor. The 2023 Legislature approved funding for a one-grade salary increase for Criminal Investigators and Criminal Investigator Supervisors. The Legislature also approved the Governor's recommendation for General Funds of \$935,400 over the 2023-25 biennium to change the source of funding for certain positions and operating costs from federal Help America Vote Act grant funds to General Funds. To support mail-in

ballots, the Legislature approved A.B. 192, including General Fund appropriations totaling \$11.7 million over the 2023-25 biennium.

The Legislature approved funding totaling \$30.5 million, including \$25.0 million in General Funds, in S.B. 484 to support one-time costs associated with a statewide top-down voter registration database and election management system. The Legislature also approved General Funds of \$15.0 million in S.B. 485 to support enhancements and modifications to the SilverFlume business registration and filing system.

## **STATE TREASURER**

The State Treasurer's Office, which has offices located in Carson City and Las Vegas, is responsible for investing state and local government funds, issuing and servicing debt on behalf of the state, managing the state's pooled collateral program, distributing interest earnings to statutorily approved funds and budgets, managing the state's banking relationships, reconciling bank transactions, drawing federal funds, and distributing state checks. The State Treasurer's Office is also responsible for the administration of the Governor Guinn Millennium Scholarship program, the Nevada Prepaid Tuition Program, the Nevada College Savings Plans Program, and the Unclaimed Property program.

The 2023 Legislature approved funding of \$597,223 (General Funds of \$43,128) over the 2023-25 biennium for the personnel and operating costs to add three new classified positions within the Treasurer's Office main budget. The new positions include an Accountant and an Investment Analyst for the Investment Division to complete account reconciliations and reporting and to bring more investing duties in-house, as well as an Accountant Technician for the Cash Management Division to manage increasing electronic fund transactions.

### ***NEVADA COLLEGE SAVINGS TRUST***

The Nevada College Savings Plans Program allows individuals to establish and contribute to a child's college savings account and then use the savings proceeds to pay for qualifying higher education expenses. Withdrawals, including earnings on contributions, which are used for qualifying educational expenses, are not subject to federal taxation pursuant to Internal Revenue Code Section 529. The value of each account is based upon investment performance and is subject to investment gains and losses. The proceeds from the 529 college savings plans can be used at any eligible educational institution in the United States.

The 2023 Legislature approved transfers from the College Savings Endowment Account totaling \$545,082 over the 2023-25 biennium to support three new positions as recommended by the Governor. A new unclassified Deputy Treasurer of Financial Literacy was approved to lead the creation and implementation of an Individual Development Account Program and work on the Nevada Statewide Council on Financial Independence. Additionally, two new classified Program Officer positions were approved, one to serve as a college savings navigator in providing increased education and outreach to Nevada communities and the second to serve as a liaison between

community and organization partners to increase awareness about the Nevada Achieving a Better Life Experience (ABLE) Savings Program.

To support the funding of the new Deputy Treasurer of Financial Literacy and the Program Officer dedicated to the Nevada ABLE Savings Program with transfers from the College Savings Endowment Account, the 2023 Legislature passed S.B. 499 to authorize the Nevada ABLE Savings Program as an allowable expenditure from the account, and increased the maximum amount that may be expended from the account for financial education from 3.0% to 10.0% of the money received in the account during the first fiscal year of the immediately preceding biennium.

### ***HIGHER EDUCATION TUITION ADMINISTRATION***

The Higher Education Tuition program is a qualified federal Internal Revenue Code Section 529 plan that provides a method for Nevada's families to prepay undergraduate tuition at a Nevada System of Higher Education (NSHE) institution or any other accredited public, private, or out-of-state institution that is eligible to participate in federal student financial aid programs. The 2023 Legislature approved transfers from the College Savings Endowment Account totaling \$146,473 over the 2023-25 biennium to support personnel and operating costs for one new Program Officer position to provide education and outreach to Nevada communities, help increase enrollment in the Prepaid Tuition Program, and assist families with saving and paying for higher education costs.

### ***MILLENNIUM SCHOLARSHIP ADMINISTRATION***

The Governor Guinn Millennium Scholarship program was recommended by Governor Guinn and approved by the 1999 Legislature to increase the number of Nevada students who attend and graduate from Nevada institutions of higher education. Pursuant to NRS 396.930, in general, to be eligible for a Millennium Scholarship, a student must graduate with a diploma from a Nevada public or private high school with an overall grade point average (GPA) of 3.25 for all coursework, have been a resident of Nevada for at least two years of high school, and must maintain at least a 2.75 GPA for each semester of enrollment in the Governor Guinn Millennium Scholarship program. Alternative eligibility paths have been established for students who: (1) receive at least the minimum score established by the Board of Regents on a college entrance examination; (2) have a documented physical disability, mental disability, or were subject to an individualized education plan while participating in grades kindergarten through 12; and (3) meet high school graduation eligibility without having graduated from a Nevada public or private high school.

The Millennium Scholarship provides \$40 per enrolled lower division credit hour and \$60 per enrolled upper division credit hour at a Nevada System of Higher Education (NSHE) community college; \$60 per enrolled credit hour at an NSHE state college; and \$80 per enrolled credit hour at all other eligible institutions. The funding is limited to a maximum of 15 credits per semester, counting all coursework at all institutions, with a lifetime maximum award of \$10,000 per student.

The 2023 Legislature approved S.B. 486, which included a General Fund appropriation of \$75.0 million to the Millennium Scholarship Trust Fund. With the addition of these funds, the Millennium Scholarship Trust Fund is projected to be financially viable through FY 2027, with a projected balance at the end of FY 2027 of \$4.1 million.

### ***UNCLAIMED PROPERTY***

The Unclaimed Property program within the Treasurer's Office is responsible for collecting unclaimed property, locating owners of unclaimed property, and auditing businesses (holders) to ensure that they have reported unclaimed property in their possession. All money received by the program, and the proceeds from the sale of other (safe deposit box contents, financial securities) unclaimed property received by the program, are deposited in the state's Abandoned Property Trust (Trust) Account. Pursuant to NRS 120A.620, by the end of each fiscal year and after the first \$7.6 million of the Trust Account's balance is transferred to the Millennium Scholarship Trust Fund, and the next \$1.0 million is transferred to the Grant Matching Account, the balance of the money in the Trust Account must be transferred to the General Fund. Although properties may be sold and the proceeds transfer to the General Fund, the rightful owners or heirs never surrender their claiming rights.

The 2023 Legislature approved A.B. 45, which created the Student Loan Repayment for Providers of Health Care in Underserved Communities Program to repay student education loans of certain health providers. Pursuant to the legislation, the program is funded with an annual transfer of \$2.5 million from the Abandoned Property Trust Account, after the \$7.6 million transfer to the Millennium Scholarship Trust Fund and after the \$1.0 million transfer to the Grant Matching Account. The new loan repayment program will be administered by the Treasurer's Office. In addition, A.B. 45 requires the annual transfer of \$250,000 from the Abandoned Property Trust Account to the University of Nevada, Reno School of Medicine for the purpose of obtaining matching money for the Nevada Health Service Corps from the federal government.

The 2023 Legislature approved transfers from the Abandoned Property Trust Account totaling \$167,220 over the 2023-25 biennium to support personnel and operating costs for one new Claims Officer position and reclassify two existing Administrative Assistant positions to Claims Officer positions, contingent upon the approval by the Department of Administration, Division of Human Resource Management to establish a new Claims Officer class series. The new position was approved to address an increased workload associated with claim requests, and the new class series was funded to better align the level of duties required of staff in managing unclaimed property claims.

### **OTHER LEGISLATIVE ACTIONS AFFECTING THE STATE TREASURER**

Additionally, the 2023 Legislature passed and the Governor approved the following bills affecting the State Treasurer's Office:

**A.B. 428** Requires the State Treasurer to create a program to provide reimbursement for tuition charges and other fees paid to an institution within the Nevada System of Higher Education by a person who completes a Teacher Academy College Pathway Program.

The bill included a \$10.0 million General Fund appropriation to support the reimbursement program.

**S.B. 10** Removes the Nevada State Infrastructure Bank from the Department of Transportation and places the Bank in the Office of the State Treasurer and provides that the State Treasurer serves as the Chair of the Board of Directors of the Bank.

**S.B. 305** Establishes the Nevada Employee Savings Trust Program under the direction of a board of trustees with the power to establish a retirement savings program for private sector employees. Senate Bill 305 authorizes the board established by the bill to borrow money or enter certain long-term procurement contracts with financial providers for start-up and operational costs until the program is self-sustaining. The bill requires the State Treasurer, within the limits of legislative appropriations, to provide staff and administrative support to the board and appropriates General Funds of \$1.2 million over the 2023-25 biennium to the State Treasurer's Office for administration costs of the program as a loan ,which must be repaid as soon as the office has received sufficient money for the operation of the program.

## **CONTROLLER'S OFFICE**

The State Controller's Office maintains the state's accounting system, pays claims against the state, administers the state's debt collection program, and publishes the annual financial statements. The 2023 Legislature approved General Fund appropriations totaling \$12.0 million over the 2023-25 biennium, a 6.5% increase from the \$11.3 million approved for the 2021-23 biennium. The 2023 Legislature also approved American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$1.6 million over the 2023-25 biennium to continue funding four state positions and four contract positions to support increased workload related to pandemic funding and accounting.

The 2023 Legislature approved the Governor's recommendation for General Fund appropriations of \$156,255 and Transfer from Debt Recovery Account revenue of \$404 over the 2023-25 biennium to add an Accountant Technician 2 position to support the Debt Collection section, effective October 1, 2023.

The 2023 Legislature approved one-time General Fund appropriations in FY 2023 of \$2.0 million to fund a new debt collection system through the passage of S.B. 460 .

## **LEGISLATIVE BRANCH**

### **LEGISLATIVE COUNSEL BUREAU**

The Legislative Counsel Bureau is the administrative support agency for the Nevada Legislature. The bureau includes the Administration Division, the Legal Division, the Research Division, the Audit Division, and the Fiscal Analysis Division.

The 2023 Legislature approved General Fund appropriations of \$150.5 million over the 2023-25 biennium, which is a 100.5% increase over General Fund appropriations of \$75.1 million approved by the 2021 Legislature for the 2021-23 biennium.

The 2023 Legislature approved funding for a total of 488 full-time equivalent (FTE) positions. In comparison, the 2021 Legislature approved funding for 317 FTE positions, a difference of 171 positions. A majority of these new positions were recommended to staff three new legislative buildings in Las Vegas that were approved to be purchased through the passage of A.B. 1 (34<sup>th</sup> Special Session [2023]), the Capital Improvement Program Bill).

## **JUDICIAL BRANCH**

The budgets for the Judicial Branch are included in The Executive Budget but are not subject to review by the Governor; therefore, the budgets presented represent the budget request of the Judicial Branch.

The budgets of the Judicial Branch include funding for the Supreme Court, Court of Appeals, Specialty Court, Administrative Office of the Courts, Judicial Programs and Services Division, Uniform System of Judicial Records, and Supreme Court Law Library. Additionally, the Judicial Branch budgets include funding for the salaries, travel, and pension expenses of district court judges; continuing education requirements of district court judges, justices of the peace, municipal court judges, and, if funding permits, quasi-judicial officers such as masters and trial court personnel; and the salaries and travel expenses of retired justices and judges who are recalled to active service by the Chief Justice to expedite judicial business.

The 2023 Legislature approved General Fund appropriations of \$131.0 million over the 2023-25 biennium for the Judicial Branch, excluding the budget for the Commission on Judicial Discipline, which is an increase of \$38.7 million, or 41.9%, over the 2021-23 legislatively approved amount of \$92.3 million. The increase is primarily due to the addition of 30 new positions and the replacement of court administrative assessment revenue with General Fund appropriations.

The Judicial Branch's original budget proposal for the 2023-25 biennium was based on proposed legislation designated as the Judicial Branch Budget Reform Act of 2023. Senate Bill 58 (2023), as introduced, included requests to create a Judicial Fund and, provided that money in the fund does not revert to the State General Fund at the end of a fiscal year, to create a Judicial Infrastructure Contingency Account to be used by the Judicial Branch in case of certain emergencies related to its physical or information technology infrastructure. The Judicial Branch recommended total funding of \$13.3 million (\$8.8 million General Fund) over the 2023-25 biennium to move 170 existing positions and 32 new positions, recommended by the Judicial Branch, excluding elected officials, into a new non-classified position classification with salary increases of varying degrees through a new proposed Judicial Branch Classification and Compensation

schedule. The 2023 Legislature did not approve the Judicial Branch's proposal as submitted, but approved various other budgetary measures noted below.

The Executive Budget included \$23.3 million in court administrative assessment revenue over the 2023-25 biennium. In closing the budgets for the Judicial Branch and through the passage and approval of S.B. 58, as amended, the 2023 Legislature approved replacing all court administrative assessment revenue in Judicial Branch budgets with commensurate direct General Fund appropriations. Through the replacement of that revenue source, the 2023 Legislature approved total General Fund appropriations of \$5.7 million over the 2023-25 biennium to fund 30 new non-classified positions for the Judicial Branch, including 3 budget management and accounting positions, a human resources and payroll position, 2 Deputy Marshal positions, 10 Auditor positions, 1 Information Technology Project Manager position, 4 Judicial Programs and Services Division positions (2 to support the trial courts and 2 in the Court Services Unit), 5 Information Technology positions to assist the trial courts, and 4 Judicial Education positions. The 2023 Legislature did not approve funding for a new non-classified Public Information Officer position or a new non-classified Web Content Specialist position, as recommended by the Judicial Branch.

The 2023 Legislature approved the consolidation of the Judicial Branch's 170 existing and 30 new non-elected positions into a new Judicial Department Staff Salaries budget account and provided the Supreme Court with the authority to employ such persons as it deems necessary with salaries and benefits determined by the Supreme Court, within the limits of legislative appropriations available for that purpose, through the passage of S.B. 58.

In addition, the 2023 Legislature approved funding for Judicial Branch positions at the levels approved by the 2021 Legislature, inclusive of cost-of-living adjustments approved for Executive and Legislative Branch staff not represented by a collective bargaining unit.

The 2023 Legislature also approved budget reorganizations for the Judicial Branch that included consolidating the Judicial Programs and Services Division, Uniform System of Judicial Records, and Judicial Education budgets into the Administrative Office of the Courts budget, and consolidating the Judicial Retirement System State Share budget into the State Judicial Elected Officials budget.

### **SUPREME COURT**

The Supreme Court, established under Article 6 of the Nevada Constitution, is the highest court of record in Nevada's court system and its primary responsibility is to review and rule on appeals from district court cases. The Supreme Court provides administrative oversight of the Nevada Judicial System, assigns cases to the Court of Appeals, and provides admittance to the legal profession in Nevada. The Supreme Court consists of seven justices, chambers staff, the Office of the Court Clerk, central legal staff, the Law Library, and the Administrative Office of the Courts.

The 2023 Legislature approved one-time General Fund appropriations of \$2.4 million over the 2023-25 biennium to fund the replacement of the Supreme Court's legacy case management system for the appellate court, \$1.3 million over the 2023-25 biennium to implement a statewide digital evidence management system, and \$1.4 million in FY 2024 to build a hybrid training facility within existing space in the Carson City Supreme Court building.

## **COURT OF APPEALS**

### ***STATE JUDICIAL ELECTED OFFICIALS***

The State Judicial Elected Officials budget funds the salaries and fringe benefit costs of the justices of the Supreme Court, judges of the Court of Appeals, and judges of the District Court. Currently, there are 7 justices of the Supreme Court, 3 judges of the Court of Appeals, and 90 judges of the District Court. It also funds Judicial Selection for any judicially-elected or appointed vacancy that occurs before the expiration of any term of office in the Supreme Court, Court of Appeals, or among District Court judges.

The 2023 Legislature approved increases in the annual base salary of judicial elected officials every six years based on the cumulative percentage increase in the salaries of the classified employees of Nevada through the passage of A.B. 15 for district court judges and A.B. 16 for justices of the Nevada Supreme Court and judges of the Nevada Court of Appeals. Assembly Bill 16 includes a General Fund appropriation to the State Judicial Elected Officials budget of \$86,113 in FY 2025 to fund salary increases for three justices of the Nevada Supreme Court.

## **ADMINISTRATIVE OFFICE OF THE COURTS**

The Administrative Office of the Courts serves as the Office of the Court Administrator and provides payroll, personnel, budgeting, accounting, and information technology support to the Nevada Supreme Court. The Administrative Office of the Courts also provides support to the statewide court system by managing the judicial education program, statewide court statistics, and trial courts' technology grants and loan programs.

The 2023 Legislature approved a budget amendment submitted by the Judicial Branch that provided General Fund appropriations of \$474,126 over the 2023-25 biennium to fund up to 8,000 square feet of new office space in Las Vegas for the Administrative Office of the Courts.

The 2023 Legislature approved American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$13.7 million in FY 2024 and \$9.1 million in FY 2025 to continue funding the implementation of a statewide e-filing solution and the implementation of a case management system for the trial courts.

## **UNIFORM SYSTEM OF JUDICIAL RECORDS**

The Uniform System of Judicial Records is responsible for the standardization and implementation of technology to assist the Supreme Court and the state's 75 trial courts in managing their caseloads, judicial records, and the reporting of court and judicial

statistics. The Uniform System of Judicial Records helps produce the Nevada Judiciary Annual Report, which provides statistical information about caseloads throughout the Nevada Court System. Funding in this budget is also used for the development of standards and the purchase and development of information technology systems that meet those standards. The Uniform System of Judicial Records manages two major systems, the Nevada Court System and the Multi-County Integrated Justice Information System.

The 2023 Legislature approved the consolidation of the Uniform System of Judicial Records budget account with the Administrative Office of the Courts budget account and replaced administrative court assessment revenue with General Fund appropriations.

The 2023 Legislature approved General Fund appropriations of \$365,431 in FY 2024 to fund enhancements to the Multi-County Integrated Justice Information System (MCIJIS).

# Finance and Administration

---

The Finance and Administration function includes those Executive Branch agencies that generally coordinate, assist, and provide services and information to other agencies and programs in state government. This function includes the Department of Administration, the Department of Taxation, and the Cannabis Compliance Board. The 2023 Legislature approved total General Fund appropriations of \$89.3 million, with \$44.6 million in FY 2024 and \$44.7 million in FY 2025, which is a \$1.0 million, or 1.1%, decrease from the \$90.4 million in General Fund appropriations approved for the 2021-23 biennium. Total funding approved for the 2023-25 biennium was \$342.1 million (net of interagency transfers), which is \$27.3 million, or 7.4%, lower than the \$369.4 million approved by the 2021 Legislature.

## **DEPARTMENT OF ADMINISTRATION**

The Department of Administration consists of divisions that generally provide services to state agencies and programs to ensure efficient and effective operations in state government.

### **DIRECTOR'S OFFICE**

The Department of Administration Director's Office is responsible for the administration of Hearings and Appeals; Deferred Compensation; and certain internal service agencies consisting of Administrative Services, Human Resource Management, Library, Archives and Public Records, Purchasing, Risk Management, and Public Works, which includes the management of all Capital Improvement Program projects and state-owned buildings and grounds. Additionally, the department provides staff assistance to the Nevada Commission for Women.

The Director's Office budget receives funding through cost allocation assessments to other divisions within the department. The 2023 Legislature approved total funding of \$1.8 million (\$81,707 General Fund appropriation) for the Director's Office for the 2023-25 biennium, a \$41,841, or 2.3%, decrease from the \$1.8 million (\$65,155 General Fund appropriation) approved for the 2021-23 biennium. The General Fund appropriations support an Administrative Assistant position and related expenses that provides staff assistance to the Nevada Commission on Women.

### **ADMINISTRATIVE SERVICES DIVISION**

The Administrative Services Division provides fiscal and administrative support to divisions of the Department of Administration, as well as fiscal services to other entities such as the Board of Examiners, the Office of the Governor, Lieutenant Governor, Agency for Nuclear Projects, Office of Energy, Civil Air Patrol, Commission on Ethics, and the Commission on Judicial Discipline. The division is funded entirely through an administrative assessment charged to the other divisions within the Department of Administration and other agencies utilizing its services.

To support the agency's Capital Improvement Program team, the 2023 Legislature approved the Governor's recommendation for one new Accounting Assistant and one new Management Analyst and associated operating and equipment expenditures, funded with administrative charges totaling \$337,050 over the 2023-25 biennium. The 2023 Legislature also approved administrative charges totaling \$395,778 over the 2023-25 biennium for two new Budget Analyst positions to assist the agency's Budget team.

### **FLEET SERVICES DIVISION**

The Fleet Services Division provides ground transportation services for state employees and operates a fleet of approximately 1,224 vehicles dispersed throughout the state. The division provides agencies with short-term daily rentals, long-term leased vehicles, maintenance, vehicle acquisition and disposal, registration, fueling, accident management, and 24-hour roadside assistance. The division operates three facilities, one each in Carson City, Reno, and Las Vegas, and is primarily funded through vehicle rental fees. The 2023 Legislature approved Assembly Bill (A.B.) 473, which provided one-time General Fund appropriations of \$12.8 million for the replacement and purchase of new vehicles.

### **HEARINGS AND APPEALS DIVISION**

The Hearings and Appeals Division is responsible for adjudicating disputed workers' compensation claims for private and public-insured employees and establishing a bi-level appeal system utilizing administrative hearings officers at the first administrative level of appeal. Appeals officers, appointed by the Governor, process the second administrative level of appeal. The decision of the appeals officer is the final and binding administrative determination of a workers' compensation claim and is limited to judicial review by the district court. The division also conducts hearings for various state agencies pursuant to interagency agreements. Funding for the division comes primarily from the Fund for Workers' Compensation and Safety, with nominal revenues derived from state agencies.

The 2023 Legislature approved the Governor's recommendation for one new Administrative Assistant position to serve as a scheduling clerk in the Las Vegas Hearing Office, funded with an allocation from the Fund for Workers' Compensation and Safety of \$112,429, over the 2023-25 biennium.

### **DIVISION OF HUMAN RESOURCE MANAGEMENT**

The Division of Human Resource Management (DHRM) is responsible for attracting and retaining a qualified workforce that serves the citizens of Nevada. The DHRM is primarily funded by assessments to all state agencies for personnel, payroll, and collective bargaining services. In addition, the DHRM performs personnel services for select state agencies through its Agency Human Resource Services Unit. Only agencies receiving personnel services from that unit are assessed for those services. The 2023 Legislature approved total funding of \$33.6 million over the 2023-25 biennium, which is \$4.0 million, or 13.7%, higher than the \$29.6 million approved over the 2021-23 biennium.

The 2023 Legislature approved the Governor's recommendation to eliminate three vacant Compliance Investigator positions that have been difficult to fill, increasing reserves by \$419,678 over the 2023-25 biennium.

In addition, A.B. 451 included a one-time General Fund appropriation of \$500,000 to the Division of Human Resource Management in FY 2024 to fund a comprehensive salary study to evaluate the pay of all classified and unclassified positions within the Executive Department of the State Government, including, without limitation, a review of the feasibility or desirability of providing compensation for overtime for positions which are currently not entitled to such compensation.

### **MAIL SERVICES DIVISION**

The Mail Services Division provides mail services to participating state and local government agencies in the Carson City, Reno, and Las Vegas areas. The 2023 Legislature approved reserve reductions of \$206,945 over the 2023-25 biennium to reestablish the equipment depreciation fund transfer from the Mail Services Division budget to the Mail Services Equipment budget.

### **PURCHASING DIVISION**

The Purchasing Division is responsible for procuring services and obtaining supplies, materials, and equipment on behalf of state agencies and local governments in a timely and cost-effective manner. The division is primarily funded through an administrative assessment charged to Executive Branch agencies. Secondary sources of funding include service and handling fees, as well as a vendor administration fee on master service agreements.

To address the increased workload in administering the Preferred Purchase Program, direct client service agreements, and the collection and oversight of administrative fee revenues, the 2023 Legislature approved the Governor's recommendation for three new positions, including one Purchasing Officer, one Management Analyst, and one Purchasing Technician, funded with reserve reductions totaling \$491,697 over the 2023-25 biennium. The 2023 Legislature further approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$1.4 million over the 2023-25 biennium to fund the lease for space associated with storing personal protective equipment at the Southern Nevada warehouse and to eliminate federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$856,172 associated with the Southern Nevada warehouse lease that expired on June 30, 2023.

### **STATE PUBLIC WORKS DIVISION**

The duties of the State Public Works Division (SPWD) of the Department of Administration include implementing the state's Capital Improvement Program (CIP); providing the physical building and grounds maintenance and housekeeping for state-owned buildings; procuring office space leases for state agencies; and managing the Marlette Lake Water System that provides water to Carson City and Virginia City. The Buildings and Grounds

Section of the SPWD also funds security services provided by the Capitol Police Division of the Department of Public Safety.

### ***ENGINEERING AND PLANNING***

Total funding from project management and inspection fees collected from the CIP was approved to increase by 17.5% to \$18.6 million in the 2023-25 biennium, compared to the \$15.8 million approved for the 2021-23 biennium. The 2023 Legislature approved the Governor's budget amendment for four new unclassified Project Managers and one new Program Officer to assist in implementing the 2023 CIP, funded by Inspection fee revenue of \$1.3 million over the 2023-25 biennium.

### ***BUILDINGS AND GROUNDS***

The primary source of funding for the Buildings and Grounds (B&G) section is rent charged to state agencies for the use of state-owned office, dormitory, and storage space. The 2023 Legislature approved rental revenues collected by B&G totaling \$28.6 million over the 2023-25 biennium, which is a decrease of 3.9% from the \$29.7 million approved for the 2021-23 biennium. The rental rate charged by B&G for state-owned office space, which is the primary source of rental income, was approved to decrease by 4.2% to \$0.94 per square foot in each fiscal year of the 2023-25 biennium, compared to \$.981 per square foot that was approved for FY 2023. Excess reserves generated over the 2021-23 biennium, approved to be expended in the 2023-25 biennium, allow the agency to charge lower rent to state agencies than otherwise would have been required.

The Legislature further approved reserve reductions totaling \$1.8 million over the 2023-25 biennium to address deferred maintenance, renovation, and energy-saving projects in state-owned facilities. These projects are supplemental to the projects approved in the 2023 CIP.

## **DEPARTMENT OF TAXATION**

The Department of Taxation is responsible for the administration of the majority of the state's non-gaming tax laws as well as the Local Government Budget Act. The 2023 Legislature approved funding of \$80.9 million (net of interagency transfers) over the 2023-25 biennium, of which General Fund appropriations totaled \$78.5 million, a 1.2% increase from the \$77.6 million in General Fund appropriations approved for the 2021-23 biennium.

The 2023 Legislature approved the Governor's budget amendment for \$18.0 million in FY 2024 and \$21.6 million in FY 2025 in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds to continue Project Modernize Your Nevada Tax to replace the Department of Taxation's Unified Tax System.

## **CANNABIS COMPLIANCE BOARD**

The Cannabis Compliance Board administers the regulation and licensure of medical and recreational marijuana establishments and their agents. The Cannabis Compliance Board is primarily funded with the 15.0% excise tax on wholesale sale of marijuana products and license fees. *Nevada Revised Statutes* 372A.290 and 678B.390 require any revenues in excess of the costs to administer the marijuana program to be credited to the State Education Fund. For the 2023-25 biennium, the 2023 Legislature approved revenue totaling \$121.7 million, largely generated by the 15.0% excise tax on marijuana wholesale sales (\$99.3 million) and application/license fees (\$8.2 million).

To address the need for additional supervisory positions and information technology support, the 2023 Legislature approved the Governor's recommendation for eight new positions and associated operating, equipment, and travel expenditures, including one IT Professional, one Auditor, two Marijuana Program Inspectors, three Compliance/Audit Investigators, and one Chief Compliance/Audit Investigator, reducing reserves by \$1.5 million over the 2023-25 biennium. The 2023 Legislature further approved the Governor's recommendation to relocate the agency's Carson City office, reducing reserves by \$358,704 over the 2023-25 biennium. Finally, the 2023 Legislature approved funding for a one-grade salary increase for Compliance Enforcement Investigator positions.

# Education

---

The Education function consists of two subfunctions: The Department of Education (inclusive of K-12 and the State Public Charter School Authority) and the Nevada System of Higher Education. The Education function continues to be the largest function in the state budget supported by the General Fund for the 2023-25 biennium. General Fund appropriations for educational programs approved by the 2023 Legislature total \$4.824 billion, which is a 6.2% increase over General Fund appropriations of \$4.544 billion approved for the 2021-23 biennium. The appropriations for educational programs account for 44.0% of total General Fund expenditures over the 2023-25 biennium as compared to 48.9% over the 2021-23 biennium.

Total funding approved by the 2023 Legislature from all sources for education, net of interagency transfers, totals \$8.963 billion in FY 2024, a 45.1% increase when compared to the legislatively approved total of \$6.177 billion in FY 2023. This large increase is related to increases in the balance forward and non-General Fund revenue in the State Education Fund and increases in federal K-12 education funding to address the COVID-19 pandemic being approved for FY 2024, when compared to the legislatively approved amounts for FY 2023. Total funding approved by the 2023 Legislature from all sources for education, net of interagency transfers, totals \$8.439 billion in FY 2025, which represents a decrease of 5.8% from FY 2024, largely due to projected decreases in federal K-12 education funding to address the COVID-19 pandemic.

## **DEPARTMENT OF EDUCATION (K-12)**

Senate Bill (S.B.) 503 of the 2023 Legislative Session was enacted to provide funding for K-12 education. The bill, referred to as the 2023 K-12 Education Funding Bill, includes the following K-12 education budgets: Pupil-Centered Funding Plan Account, Education Stabilization Account, Other State Education Programs, Professional Development Programs, Account for State Special Education Services, Teach Nevada Scholarship Program, and 1/5 Retirement Credit Purchase Program.

Excluding the Education Stabilization Account that serves as the state's K-12 rainy day account, the 2023 Legislature approved total funding for the K-12 education budgets of \$11.775 billion, net of interagency transfers, for the 2023-25 biennium, an increase of 26.4% when compared to the legislatively approved total of \$9.312 billion for the 2021-23 biennium. As previously indicated, this large increase is related to increases in the balance forward and non-General Fund revenue in the State Education Fund (i.e., the Pupil-Centered Funding Plan Account).

As reflected in the table that follows, the Legislature approved General Fund appropriations totaling \$3.234 billion for the 2023-25 biennium, an increase of 2.0% when compared to the legislatively approved General Fund appropriations totaling \$3.171 billion for the 2021-23 biennium. General Fund appropriations approved by the 2023 Legislature for the

K-12 education budgets (which exclude the Nevada Department of Education [NDE] operating budgets) account for 29.5% of the total recommended ongoing General Fund appropriations over the 2023-25 biennium, which is a decrease from the 34.2% approved over the 2021-23 biennium. This decrease is largely reflective of the overall increase in statewide General Fund appropriations approved for the 2023-25 biennium and the 2023 Legislature largely approving the Governor’s recommendation to provide the same level of General Fund appropriations in the Pupil-Centered Funding Plan Account for the 2023-25 biennium, as approved in the 2021-23 biennium, which is discussed in greater detail later in this section.

<b>Ongoing Legislatively Approved General Fund Appropriations for the K-12 Education Budgets and All Other State Budgets in the 2021-23 Biennium and the 2023-25 Biennium</b>

<b>Total Statewide General Fund Appropriations</b>	<b>\$9,285,420,975</b>	<b>100.0%</b>	<b>\$10,971,817,700</b>	<b>100.0%</b>

**EDUCATION STABILIZATION ACCOUNT**

The Education Stabilization Account receives certain ending fund balances from school districts and remaining uncommitted balances from the State Education Fund. Created to support the Pupil-Centered Funding Plan, this account provides funding to the NDE for distribution to school districts, charter schools, and university schools for profoundly gifted pupils (i.e., the Davidson Academy on the University of Nevada, Reno campus) when the Interim Finance Committee determines the State Education Fund would receive 97.0% or less of its projected revenue in a fiscal year. In addition, NRS 387.1213 allows the funding in the account to also be used if actual enrollment exceeds projected enrollment growth, and historically limited the funding in the account to no more than 15.0% of all appropriations and authorizations from the State Education Fund, excluding the Education Stabilization Account, for the immediately preceding fiscal year.

The 2021 Legislature approved S.B. 458 that, among other items, provided the Education Stabilization Account with a loan of \$50.0 million from the General Fund effective FY 2021. This loan was intended to provide initial funding for the account since it would likely not otherwise have any funding in the 2021-23 biennium. Pursuant to S.B. 458, this loan must be repaid from the Education Stabilization Account in annual installments equal to future amounts that are transferred into the account. During the 2023 Legislative Session, the Governor’s Office of Finance indicated this loan would be repaid in full at the end of FY 2023 utilizing the funding that was projected to be transferred to the Education Stabilization Account.

The Education Stabilization Account was not included in the Governor’s recommended budget for the 2023-25 biennium. However, the 2023 Legislature approved including the account in the 2023 K-12 Education Funding Bill (S.B. 503), which would require the account to be subject to the provisions of the State Budget Act (NRS 353.150 through NRS 353.246), including requiring the Interim Finance Committee to review and approve certain budgetary changes for the account.

Based on the consensus revenue projections prepared by the Legislative Counsel Bureau's Fiscal Analysis Division and the Governor's Office of Finance for the Pupil-Centered Funding Plan, and year-to-date and projected expenditures provided by the NDE, a remaining balance of \$1.117 billion was projected for the Pupil-Centered Funding Plan Account at the end of the 2021-23 biennium (i.e., end of FY 2023). This large remaining balance is attributed to revenue for the Pupil-Centered Funding Plan exceeding projections as the state recovered from the COVID-19 pandemic, as well as actual pupil enrollment being less than projected in the legislatively approved budget for the 2021-23 biennium. Based on this available funding and in compliance with the 15.0% funding cap established for the Education Stabilization Account by NRS 387.1213, the 2023 Legislature approved the following:

- A projected transfer of \$825.5 million from the Pupil-Centered Funding Plan Account to the Education Stabilization Account at the end of FY 2023.
- A projected balance forward of \$291.4 million in the Pupil-Centered Funding Plan Account from FY 2023 into FY 2024.

The following table provides the calculation for the legislatively approved transfer to the Education Stabilization Account and the balance forward amount in the Pupil-Centered Funding Plan Account into FY 2024.

<b>Calculation of the Legislatively Approved Transfer to the Education Stabilization Account and the Balance Forward Amount in the Pupil-Centered Funding Plan Account at the End of the 2021-23 Biennium</b>	
<b>Calculation of the Projected Remaining Funding in the Pupil-Centered Funding Plan Account at the End of FY 2023 <sup>1</sup></b>	
FY 2023 Projected Revenue in the Pupil-Centered Funding Plan Account	\$ 5,507,751,477
Less FY 2023 Projected Expenditures in the Pupil-Centered Funding Plan Account	\$ 4,390,897,859
<b>Remaining Funding in the Pupil-Centered Funding Plan Account at the End of FY 2023</b>	<b>\$ 1,116,853,618</b>
<b>Calculation of the Maximum Amount Allowed to be Transferred to the Education Stabilization Account at the End of FY 2023</b>	
Total FY 2023 Authorizations and Appropriations (Projected Revenue) in the Pupil-Centered Funding Plan Account	\$ 5,507,751,477
x Education Stabilization Account Funding Cap per NRS 387.1213(3)	15.0%
Maximum Allowable Balance in the Education Stabilization Account at the End of FY 2023	\$ 826,162,722
Less Projected Balance in the Education Stabilization Account at the End of FY 2023 (Estimated Interest Earnings Over the 2021-23 Biennium)	\$ 685,049
<b>Net (Balance that May be Transferred to the Education Stabilization Account)</b>	<b>\$ 825,477,673</b>
<b>Distribution of the Remaining Funding in the Pupil-Centered Funding Plan Account at the End of FY 2023</b>	
Transfer to the Education Stabilization Account at the End of FY 2023	\$ 825,477,673
Balance Forward in the Pupil-Centered Funding Plan Account into FY 2024	\$ 291,375,945
<b>Total</b>	<b>\$ 1,116,853,618</b>
<sup>1</sup> Projections provided by the Nevada Department of Education using consensus revenue forecast information provided by the Legislative Counsel Bureau's Fiscal Analysis Division and the Governor's Office of Finance, and year-to-date and projected expenditures in the Pupil-Centered Funding Plan Account as of April 2023.	

Based on the projected balance in the Education Stabilization Account, the 2023 Legislature also approved projected interest earnings of \$25.6 million in FY 2024 and \$27.2 million in FY 2025 for the account. This provides the account with total projected funding of \$878.9 million at the end of the 2023-25 biennium in the legislatively approved budget.

### ***PUPIL-CENTERED FUNDING PLAN ACCOUNT***

*Nevada Revised Statutes* 387.121 provides a legislative declaration that the proper objective of state financial aid to public education is to ensure each Nevada child a reasonably equal educational opportunity. To achieve this objective, the Pupil-Centered Funding Plan is designated as the formula by which the state provides funding for K-12 education. The Pupil-Centered Funding Plan is a relatively new funding formula, replacing the former Nevada Plan funding formula as a means of distributing funding to Nevada public schools beginning in FY 2022.

*Nevada Revised Statutes* 387.1212 establishes the State Education Fund as a special revenue fund for supporting the operation of public schools in the state, with funding provided by various revenue sources available for K-12 education. This revenue is placed in the Pupil-Centered Funding Plan Account (a budget within the State Education Fund), which is then distributed to school districts, charter schools, and university schools for profoundly gifted pupils based on the requirements detailed in Chapter 387 of NRS.

The Pupil-Centered Funding Plan reflects the following major statutory provisions for its administration:

- Legislative intent that the statewide base per pupil funding amount increase each year by not less than inflation.
- A requirement that the Governor, to the extent practicable, increase or decrease General Fund appropriations for the State Education Fund based on the revenue projections of the Economic Forum in relation to inflation and growth in enrollment.
- Allocation of plan funding for the following purposes:
  - Food service and transportation costs of school districts
  - Local funding to support pupils with disabilities (i.e., special education pupils)
  - Base per pupil funding, along with adjustment factors to account for variations among the counties for the cost of living/cost of labor and increased costs to operate schools in attendance areas with low population densities
  - Weighted funding for English learner, at-risk, and gifted and talented pupils
- Legislative intent that school districts, charter schools, and university schools for profoundly gifted pupils should receive at least a reasonably similar level of funding on a per pupil basis under the Pupil-Centered Funding Plan as they received in FY 2020.
- Allows the Governor, if he or she determines it would be impracticable to fund K-12 programs as required under the provisions of Chapter 387 of NRS, to instead propose a budget for K-12 education that he or she determines to be appropriate.

- The balance remaining in the Pupil-Centered Funding Plan that has not been committed for expenditure at the end of a biennium, excluding the Net Proceeds of Minerals revenue attributed to school districts that are required to be used in the fiscal year following their collection, does not revert to the General Fund and is instead required to be transferred to the Education Stabilization Account.
- The utilization of an 11-member Commission on School Funding to provide guidance, monitor implementation, make recommendations, and review the funding provided under the Pupil-Centered Funding Plan.

#### LEGISLATIVELY APPROVED REVENUE FOR THE PUPIL-CENTERED FUNDING PLAN

The Pupil-Centered Funding Plan differs from most state programs in that it is a revenue-based funding formula whereby available revenue, rather than projected expenditures, determines the funding provided for K-12 education. Based on the consensus revenue projections prepared by the Legislative Counsel Bureau's Fiscal Analysis Division and the Governor's Office of Finance, the 2023 Legislature approved total revenue in the Pupil-Centered Funding Plan Account of \$5.477 billion in FY 2024 and \$5.720 billion in FY 2025. As detailed in the following table, this provided total funding of \$11.197 billion over the 2023-25 biennium, a 26.2% increase over the \$8.874 billion that was legislatively approved for the 2021-23 biennium.

**Comparison of the Pupil-Centered Funding Plan Revenue Reflected in the Legislatively Approved Budgets for the 2021-23 Biennium and the 2023-25 Biennium**

Source	Legislatively Approved			Legislatively Approved			Change

<sup>1</sup> The Governor recommended total General Fund appropriations for the Pupil-Centered Funding Plan remain unchanged between the 2021-23 biennium and the 2023-25 biennium. The 2023 Legislature approved this recommendation; however, it also approved additional General Fund appropriations of \$5.3 million over the 2023-25 biennium by not approving the Governor's recommended dual language program and instead transferring the program funding to the Pupil-Centered Funding Plan.

<sup>2</sup> Pursuant to NRS 387.1212(2)(k) and NRS 362.170(5), Net Proceeds of Minerals attributed to school districts is to be deposited in the State Education Fund. Pursuant to NRS 387.195(2), this revenue is required to be used in the fiscal year following the fiscal year it is distributed to the State Education Fund. Additionally, NRS 387.1214(6)(a) requires this revenue to be deemed the first money distributed to school districts through the Pupil-Centered Funding Plan. This funding was included in the legislatively approved budget for the 2021-23 biennium; however, the balance forward of funding into the following fiscal year was not included in the legislatively approved budget.

<sup>3</sup> Pursuant to NRS 387.1213, the remaining balance in the Pupil-Centered Funding Plan Account at the end of a biennium must be transferred to the Education Stabilization Account. However, the Education Stabilization Account may only have a balance of 15.0% of all appropriations and authorizations from the Pupil-Centered Funding Plan Account for the preceding fiscal year. A balance forward is projected for FY 2024 that reflects the balance remaining in the Pupil-Centered Funding Plan Account that exceeds this 15.0% cap. It should be noted the 2023 Legislature also approved A.B. 523 that increased the Education Stabilization Account funding cap to 20.0% of all appropriations and authorizations from the Pupil-Centered Funding Plan Account for the preceding fiscal year, effective October 1, 2023.

<sup>4</sup> Through the passage of A.B. 495, the 2021 Legislature imposed an annual tax on each business entity engaged in the business of extracting gold or silver in the state whose Nevada gross revenue in a taxable year exceeds \$20.0 million, effective July 1, 2021. The proceeds from this tax are deposited in the State General Fund in the 2021-23 biennium and then deposited in the State Education Fund beginning in FY 2024.

<sup>5</sup> Through the passage of A.B. 495, the 2021 Legislature approved the portion of the Net Proceeds of Minerals Tax provided to the State General Fund instead be deposited in the State Education Fund as a dedicated state funding source for the benefit of K-12 education under the Pupil-Centered Funding Plan beginning in the 2023-25 biennium. Due to the temporary prepayment of this revenue that was approved by the Legislature through the passage of S.B. 3 of the 31<sup>st</sup> Special Session (2020), no revenue was projected to initially be received in FY 2024. However, the 2023 Legislature passed and the Governor approved S.B. 124, which moved the prepayment true-up from FY 2024 in the State Education Fund to FY 2023 in the General Fund.

<sup>6</sup> Pursuant to NRS 387.1212(2)(o), administrative fines levied by the State Environmental Commission pursuant to NRS 445B.640 are to be deposited in the State Education Fund. The legislatively approved budget for the 2021-23 biennium did not reflect any funding from this revenue source, but projected revenue was reflected in the legislatively approved budget for the 2023-25 biennium.

<sup>7</sup> Pursuant to NRS 555.470, the Director of the Department of Agriculture assesses fines for violations related to the application of pesticides and this revenue was historically provided to the school district in the county in which the violation occurred. However, to account for all revenue allocated to school districts through the Pupil-Centered Funding Plan, the 2023 Legislature approved A.B. 523 that modified NRS 555.470 by requiring this revenue to be deposited in the State Education Fund beginning in FY 2024.

FUNDING ALLOCATIONS UNDER THE PUPIL-CENTERED FUNDING PLAN

As required by NRS 387.1214(2), the Legislature approved utilizing the funding in the Pupil-Centered Funding Plan Account to provide tier funding, which include auxiliary services (transportation and food services), local special education funding, adjusted base per pupil funding, and weighted formula funding (English learner, at-risk, and gifted and talented pupils) as reflected in the following table:

<b>Allocations Approved for the Pupil-Centered Funding Plan by the 2021 Legislature for FY 2023 and the 2023 Legislature for FY 2024 and FY 2025</b>					
<b>Description</b>	<b>FY 2023</b>	<b>FY 2024</b>	<b>% Change</b>	<b>FY 2025</b>	<b>% Change</b>
Transportation Funding	\$ 199,260,749	\$ 193,150,692	-3.1%	\$ 193,187,746	0.0%
Food Services Funding	\$ 2,207,551	\$ 1,619,718	-26.6%	\$ 1,620,030	0.0%
Local Special Education Funding	\$ 442,438,392	\$ 483,781,493	9.3%	\$ 483,874,302	0.0%
Adjusted Base Per Pupil Funding	\$ 3,667,227,214	\$ 4,379,176,006	19.4%	\$ 4,601,409,680	5.1%
English Learner Pupil Funding	\$ 85,099,950	\$ 212,534,769	149.7%	\$ 223,153,735	5.0%
At-Risk Pupil Funding	\$ 60,376,474	\$ 198,666,203	229.0%	\$ 208,593,011	5.0%
Gifted and Talented Pupil Funding	\$ 6,753,950	\$ 7,992,928	18.3%	\$ 8,392,360	5.0%
<b>Total Allocations</b>	<b>\$ 4,463,364,280</b>	<b>\$ 5,476,921,809</b>	<b>22.7%</b>	<b>\$ 5,720,230,864</b>	<b>4.4%</b>

The following describes the methodologies utilized to fund the various expenditures under the Pupil-Centered Funding Plan in the legislatively approved budget for the 2023-25 biennium:

Food Service and Transportation Costs

The legislatively approved budget calculated the average annual expenditures for food service and transportation over the past four fiscal years for each school district (FY 2019 - FY 2022). The calculated four-year annual average will be provided to each school district in each fiscal year of the 2023-25 biennium in the legislatively approved budget. The legislatively approved budget provided total funding of \$194.8 million in each fiscal year of the 2023-25 biennium for food service and transportation costs for school districts.

Local Funding to Support Pupils with Disabilities

The legislatively approved budget provides local funding to support pupils with disabilities (i.e., special education pupils) based on the actual local revenue provided by each school district and charter school for these students in FY 2022. These calculated amounts will be provided back to each school district, charter school, and university school for profoundly gifted pupils in each fiscal year of the 2023-25 biennium in the legislatively approved budget. The legislatively approved budget reflected total funding of \$483.8 million in FY 2024 and \$483.9 million in FY 2025 in recognition of the local funding utilized to support pupils with disabilities.

Statewide Base Per Pupil Funding

The 2021 Legislature approved a statewide base per pupil funding amount of \$7,074 for FY 2023 and the 2023 Legislature approved increasing this amount to \$8,966 in FY 2024 (an increase of \$1,892, or 26.7%, from the prior fiscal year) and to \$9,414 in FY 2025 (an increase of \$448, or 5.0%, from the prior fiscal year), as detailed in the following table:

<b>Calculation of the Statewide Base Per Pupil Amount Approved by the 2023 Legislature for Each Year of the 2023-25 Biennium</b>		
	<b>FY 2024</b>	<b>FY 2025</b>
Beginning Statewide Base Per Pupil Amount	\$ 7,074	\$ 8,966
x Inflationary Increase	4.52%	4.52%
Initial Statewide Base Per Pupil Amount	\$ 7,394	\$ 9,371
+ Residual Funding Available	\$ 1,587	\$ 57
Adjusted Statewide Base Per Pupil Amount	\$ 8,981	\$ 9,428
Proportional Reduction to Balance to Revenue	0.17%	0.15%
<b>Final Statewide Base Per Pupil Amount</b>	<b>\$ 8,966</b>	<b>\$ 9,414</b>
<i>Funding Change from the Prior Fiscal Year</i>	\$ 1,892	\$ 448
<i>Percentage Change from the Prior Fiscal Year</i>	26.7%	5.0%

The Legislature approved increasing the statewide base per pupil amount by the 4.52% Consumer Price Index inflationary increase from calendar year 2020 to calendar year 2021 (the most recent annual data available when The Executive Budget was developed).

The Legislature also approved increasing the statewide base per pupil amount further based on the projected Pupil-Centered Funding Plan revenue that would be available in the 2023-25 biennium (referred to as residual funding available). Furthermore, to balance the Pupil-Centered Funding Plan expenditures with available revenue, the Legislature approved applying a proportional reduction to this amount consistent with NRS 387.1214 and the legislatively approved budget for the 2021-23 biennium.

Enrollment: Each school district, charter school, and university school for profoundly gifted pupil's level of funding is determined by multiplying its adjusted base per pupil funding amount by its weighted enrollment. Weighted enrollment (largely utilized to distribute Pupil-Centered Funding Plan formula funding) equals a full count of pupils enrolled in full-day kindergarten and grades 1 through 12, net of transfers. Weighted enrollment also includes children with disabilities enrolled in special education programs within a school district, charter school, or university school for profoundly gifted pupils, and six-tenths of the count of pupils enrolled in programs for three- and four-year-old children with disabilities. Special needs preschoolers are counted as six-tenths of a pupil since they typically attend school for a half day or less.

The Governor's recommended budget reflected projected weighted enrollment of 475,256 in FY 2023 with increases of 0.10% in FY 2024 and an additional increase of 0.10% in FY 2025. However, based on updated enrollment information provided by the NDE during the legislative session, the 2023 Legislature approved a revised projected weighted enrollment of 470,812 in FY 2023, with increases of 0.10% in FY 2024 and an additional increase of 0.10% in FY 2025. The following table compares audited weighted enrollment numbers by fiscal year and the percentage of change each year compared to the preceding year.

Nevada Weighted Enrollment: All School Districts, Charter Schools, and University Schools for Profoundly Gifted Pupils <sup>1</sup>									
FY 2016 Actual	FY 2017 Actual	FY 2018 Actual <sup>2</sup>	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Actual	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected
450,333	456,943	477,894	482,029	484,892	471,069	473,616	470,812	471,283	471,754
Change #	6,610	20,951	4,135	2,863	-13,823	2,547	-2,804	471	471
Change %	1.47%	4.59%	0.87%	0.59%	-2.85%	0.54%	-0.59%	0.10%	0.10%

<sup>1</sup> Excludes any pupil counts included under the hold harmless provisions reflected in NRS 387.1223(3).  
<sup>2</sup> Enrollment reflects the addition of kindergarten pupils into the funding formula as full-time students effective July 1, 2017. Prior to that time, kindergarten students were weighted as six-tenths of a pupil.

To protect school districts and charter schools during times of declining enrollment, Section 3 of NRS 387.1223 contains a “hold harmless” provision, which was applied to the former Nevada Plan funding formula and is applied to the Pupil-Centered Funding Plan. Under this provision, the guaranteed level of funding is based on the current year’s quarterly enrollment, unless there is a decline in enrollment of 5.0% or more from the previous year, in which case the funding is based on the higher of the current or the previous year’s quarterly enrollment. The 2021 Legislature approved a temporary revision to the provisions of NRS 387.1223 in FY 2022 only that allowed school districts, charter schools, and university schools for profoundly gifted pupils to base their enrollment comparison for the hold harmless calculation on a two-year period (FY 2020 or FY 2021). This temporary revision provided some flexibility as the Pupil-Centered Funding Plan was initially implemented and the state recovered from the COVID-19 pandemic.

According to the NDE, the hold harmless provision for eligible school districts and charter schools increased the state responsibility by \$3.1 million in FY 2020, \$70.5 million in FY 2021, and \$14.5 million in FY 2022. The large increase in FY 2021 was related to a decrease in enrollment for the Clark County School District in the latter part of that fiscal year, causing the school district to be eligible for the hold harmless provisions provided by NRS 387.1223. Due to the uncertainty of projected enrollments, the cost of the hold harmless provision has not historically been budgeted and this cost is not budgeted in the 2023-25 biennium.

Cost Adjustment Factor: Pursuant to NRS 387.1215, a cost adjustment factor is established for each county to account for variation in the cost of living and the cost of labor within the state. The cost adjustment factor for each county, otherwise known as the Nevada Cost of Education Index, is applied to each school district, charter school that provides classroom-based instruction, and university school for profoundly gifted pupils. The baseline for this index is 1.000, with schools operating in counties above that baseline receiving additional funding and schools operating in counties below that baseline receiving reduced funding.

As recommended by the Governor, the calculated Nevada Cost of Education Index for the 2023-25 biennium would have only benefited schools operating in Clark County, which had a calculated index of 1.006. Schools operating in 5 counties had a calculated index below 1.000, which included Carson City, Douglas, Lyon, and Storey counties that each had an index of 0.957 and Washoe County that had an index of 0.987.

The remaining 11 counties had a calculated index of 1.000, including Churchill, Elko, Esmeralda, Eureka, Humboldt, Lander, Lincoln, Mineral, Nye, Pershing, and White Pine counties. However, the Governor, consistent with the action by the 2021 Legislature, recommended a floor of 1.000 be applied to the Nevada Cost of Education Index. Accordingly, schools operating in Clark County would have benefited from the Nevada Cost of Education Index since that county's index was greater than 1.000, while schools operating in the 5 counties that had a calculated index below 1.000 would not have reduced funding due to the application of the floor.

However, rather than approving the Governor's recommendation for the calculation and application of the Nevada Cost of Education Index, the 2023 Legislature approved the Commission on School Funding's recommendation to instead apply an index of 1.000 for all counties for the 2023-25 biennium only. This legislative action effectively removed any funding adjustments for this index in the 2023-25 biennium.

Attendance Area Adjustment: Pursuant to NRS 387.1218, an attendance area adjustment is established for each portion of a school district to account for the increased cost to provide services in areas with lower population densities. *Nevada Revised Statutes* 387.1218 also requires a charter school which provides in-person instruction and university schools for profoundly gifted pupils to receive the same attendance area adjustment on a per pupil basis that a public school within a school district at the same location would receive. The 2023 Legislature approved the Governor's recommendation that the attendance area adjustment be applied in a consistent manner as approved by the 2021 Legislature for the 2021-23 biennium.

Adjusted Base Per Pupil Funding Amounts Approved by the Legislature: The following table provides the adjusted base per pupil funding amounts (i.e., the statewide base per pupil amount applied to the Nevada Cost of Education Index and the attendance area adjustment for each school district, charter school, and university school for profoundly gifted pupils as applicable) approved by the 2021 Legislature for the 2021-23 biennium, as well as the adjusted base per pupil funding amounts approved by the 2023 Legislature for the 2023-25 biennium. The table also indicates the school districts, charter schools (as a group), and university school for profoundly gifted pupils that would be designated as funded under the Pupil-Centered Funding Plan and those school districts that would qualify for the hold harmless provisions of the Pupil-Centered Funding Plan, which enables them to receive a reasonably similar level of funding on a per pupil basis under the Pupil-Centered Funding Plan as they received in FY 2020 (i.e., FY 2020 baseline funding).

Adjusted Base Per Pupil Amounts for School Districts, Charter Schools, and University School for Profoundly Gifted Pupils

<sup>1</sup> The FY 2020 baseline per pupil amounts were generally calculated in the 2021-23 biennium by determining the total adjusted base funding provided to the school district, charter school, and university school for profoundly gifted pupils in FY 2020 and dividing this amount by the total projected enrollment in each year of the 2021-23 biennium. However, Senate Bill 458 of the 2021 Legislative Session amended NRS 387.121(3) by providing legislative intent that school districts, charter schools, and university schools for profoundly gifted pupils be provided with a reasonably similar level of funding on a per pupil basis as they received in FY 2020. Based on this legislative intent, the FY 2020 baseline per pupil amounts are generally calculated for the 2023-25 biennium by dividing the total adjusted base funding provided to these school districts in FY 2020 and dividing that amount by the actual FY 2020 enrollment.

<sup>2</sup> The adjusted base per pupil amount provided to charter schools varies based on the county in which the charter school is located or if the charter school only provides distance learning. Due to this variation, a statewide adjusted base per pupil amount is not provided for charter schools.

**Weighted Funding for English Learner, At-Risk, and Gifted and Talented Pupils:** As required by NRS 387.1214(2)(e), weighted funding is provided for English learner, at-risk, and gifted and talented pupils. As recommended by the Governor, the 2023 Legislature approved using the audited October 2022 enrollment counts to determine the weighted funding that would be allocated to pupils in both FY 2024 and FY 2025, with pupils eligible for state special education funding excluded from this count. Furthermore, a pupil eligible for more than one category of weighted funding under the Pupil-Centered Funding Plan was legislatively approved to only receive the greatest weight for which that pupil was eligible. The weighted funding approved by the 2021 Legislature for FY 2023 and the weighted funding approved by the 2023 Legislature for FY 2024 and FY 2025, in total and on an average statewide basis, is provided in the following table:

Weighted Funding Approved by the 2021 Legislature for FY 2023 and by the 2023 Legislature for the 2023-25 Biennium												
Weighted Category	FY 2023				FY 2024				FY 2025			
	Total Funding	Projected Number of Pupils <sup>1</sup>	Average Amount Per Pupil	Weight Based on Statewide Base Per Pupil Amount of \$7,074	Total Funding	Projected Number of Pupils <sup>1</sup>	Average Amount Per Pupil	Weight Based on Statewide Base Per Pupil Amount of \$8,966	Total Funding	Projected Number of Pupils <sup>1</sup>	Average Amount Per Pupil	Weight Based on Statewide Base Per Pupil Amount of \$9,414
English Learner	\$ 85,099,950	51,597	\$ 1,649	0.23	\$ 212,534,769	52,678	\$ 4,035	0.45	\$ 223,153,735	52,678	\$ 4,236	0.45
At-Risk	\$ 60,376,474	247,286	\$ 244	0.03	\$ 198,666,203	63,325	\$ 3,137	0.35	\$ 208,593,011	63,325	\$ 3,294	0.35
Gifted and Talented	\$ 6,753,950	7,838	\$ 862	0.12	\$ 7,992,928	7,434	\$ 1,075	0.12	\$ 8,392,360	7,434	\$ 1,129	0.12

<sup>1</sup> Projections exclude special education pupils and are unduplicated counts (i.e., reflect a pupil only receiving the highest weight a pupil is eligible to receive if a pupil is eligible for multiple weights).

The count of at-risk pupils decreased from 247,286 in the legislatively approved budget for FY 2023 to 63,325 in each fiscal year of the 2023-25 biennium in the legislatively approved budget, which is reflective of a change in the identification of at-risk pupils. Although the 2021 Legislature approved identifying at-risk pupils based on their eligibility for free or reduced-price lunch, the Governor recommended and the 2023 Legislature approved utilizing a different methodology to identify at-risk pupils in the 2023-25 biennium. Specifically, and consistent with the State Board of Education and the Commission on School Funding recommendations, at-risk pupils were identified utilizing various data from the Infinite Campus student data system including academic proficiency, attendance, and behavior. This data was used to create a Grad Score for pupils, with those in the bottom 20<sup>th</sup> percentile identified as at-risk pupils. Based on this revised methodology for identifying at-risk pupils, the count of pupils eligible for this weight decreased.

As previously indicated, the audited October 2022 enrollment counts were used to determine the weighted funding that would be allocated to pupils in both FY 2024 and FY 2025 in the legislatively approved budget. However, the Legislature provided the NDE with authority to request approval from the Interim Finance Committee to revise the FY 2025 weighted funding amounts based on the count of these pupils as of October 2023.

*Total Funding for the Pupil-Centered Funding Plan:* The following table provides the total funding approved by the 2023 Legislature for the Pupil-Centered Funding Plan for each school district, charter schools (as a group), and university school for profoundly gifted pupils in each fiscal year of the 2023-25 biennium based on their projected enrollment.

<sup>1</sup> The adjusted base per pupil amount provided to charter schools varies based on the county in which the charter school is located or if the charter school only provides distance learning. Due to this variation, a statewide adjusted base per pupil amount is not provided for charter schools.

<sup>2</sup> Totals may not balance due to rounding.

## CHANGES TO THE PUPIL-CENTERED FUNDING PLAN

The 2023 Legislature approved several bills that revise various items related to the Pupil-Centered Funding Plan, as described below.

- Assembly Bill (A.B.) 523 revises provisions relating to the plan by:
  - Allowing the State Education Fund to receive an advance from the Education Stabilization Account for cash flow purposes, if the State Superintendent of Public Instruction and the Director of the Governor’s Office of Finance determine it is needed, and the Interim Finance Committee approves such a request. If approved, these advances must be repaid by August 31<sup>st</sup> following the end of the fiscal year in which a temporary advance is made.
  - Allowing the State Education Fund to receive a temporary General Fund advance for cash flow purposes, if the State Superintendent of Public Instruction and the Director of the Governor’s Office of Finance determine it is needed, when an advance from the Education Stabilization Account will not provide adequate funding to address a shortfall, and the Interim Finance Committee approves such

a request. If approved, these advances must be repaid by August 31<sup>st</sup> following the end of the fiscal year in which a temporary advance is made.

- Increasing the funding cap for the Education Stabilization Account, effective October 1, 2023, from 15.0% to 20.0% of all appropriations and authorizations from the State Education Fund, excluding the Education Stabilization Account, for the immediately preceding fiscal year.
  - Allowing the Interim Finance Committee to utilize funding in the Education Stabilization Account for any decreases in non-General Fund revenue in the State Education Fund, as opposed to the prior language that limited access to this funding for only decreases of 3.0% or more.
  - Revising the calculation for the “rate of inflation” for the Pupil-Centered Funding Plan that would be used, to the extent practicable, as the Governor develops The Executive Budget in the future. Specifically, this revised definition reflects the average annual percentage increase or decrease in the Consumer Price Index for the immediately preceding three calendar years, as opposed to the prior use of the percentage increase or decrease for the immediately preceding calendar year.
- S.B. 98 revises provisions relating to the plan by:
- Allowing the Interim Finance Committee to utilize funding in the Education Stabilization Account if an audit determines money was deposited in the State Education Fund in error or the NDE created a shortfall in the State Education Fund due to an error in the application of the Pupil-Centered Funding Plan.
  - Extending the timeframe for which the Commission on School Funding may meet.
  - Expanding the duties of the Commission on School Funding to include a review of the academic progress made by pupils and a review and consideration of strategies to improve the accessibility and equitability of programs within and between public schools.
- S.B. 124 revises provisions relating to the plan by:
- Requiring the money received by school districts from the tax upon the net proceeds of minerals and royalties of mining operations to instead be deposited directly in the State Education Fund for distribution to school districts. Prior to this legislation, funding was provided to the counties which in turn provided this revenue to the State Education Fund.
  - Moving the prepayment true-up for the state portion of the Net Proceeds of Minerals Tax from FY 2024 in the State Education Fund to FY 2023 in the General Fund. For background, the 2021 Legislature approved A.B. 495 that required the state portion of the Net Proceeds of Minerals Tax provided to the General Fund instead be deposited in the State Education Fund as a dedicated state funding source for the benefit of K-12 education under the Pupil-Centered Funding Plan, beginning in the 2023-25 biennium. Due to the temporary prepayment of this revenue that was approved by the Legislature through the passage of S.B. 3 of the 31<sup>st</sup> Special Session (2020), no revenue was projected to be received in FY 2024 when the Governor’s recommended budget for the 2023-25 biennium was prepared. However, this legislation allowed the decrease in revenue to instead be reflected in the General Fund in FY 2023.

- Revising the requirement that school districts transfer certain ending fund balances greater than 16.6% to the Education Stabilization Account by basing this on actual, rather than budgeted, ending funding balances.
- Allowing any money that was deposited in a school district fund on or before June 30, 2020, to be excluded from the actual ending fund balance calculation for the purpose of the transfer to the Education Stabilization Account.

Further, the Legislature acknowledged there were areas of the plan that warranted additional review and possible changes in future biennia. Accordingly, the Legislature recommended the NDE and the Commission on School Funding study various topics over the 2023-24 Interim and report their findings to the Interim Finance Committee no later than August 1, 2024. The topics to be studied include:

- A review of and recommended changes to the Nevada Cost of Education Index so a cost adjustment factor may be applied to the Pupil-Centered Funding Plan in future biennia as specified in NRS 387.1215.
- A review of the effect and development of recommendations on providing school districts receiving FY 2020 baseline funding with the statewide base per pupil funding amount for their online schools.
- A review of the use of the Grad Score for the Pupil-Centered Funding Plan and its effectiveness in identifying at-risk pupils.
- A review of the English learner weighted funding to determine if it would be an allowable use of these funds by school districts and charter schools to establish and operate dual language programs, or a determination of the legislative changes that would be necessary to do so.
- A determination of the recommended weight that would be required if a new dual language program weight was to be established for the Pupil-Centered Funding Plan.

### ***OTHER STATE EDUCATION PROGRAMS***

The Other State Education Programs budget provides state funds to school districts, charter schools, and other entities for various educational programs. The 2023 Legislature approved General Fund appropriations totaling \$44.3 million in each fiscal year of the 2023-25 biennium for the support of categorical grant programs that include Career and Technical Education, Jobs for Nevada’s Graduates, and Public Broadcasting. In addition, the budget provides state funds for the Adult High School Diploma program, which is considered outside of K-12 Education funding.

The 2023 Legislature did not approve the Governor’s recommendation for a new dual language pilot program in the 2023-25 biennium, consistent with prior Legislatures’ intent when establishing the Pupil-Centered Funding Plan to limit the number of K-12 categorical programs. Instead, the Legislature approved transferring the General Fund appropriations of \$2.6 million in each fiscal year of the 2023-25 biennium, recommended by the Governor in a budget amendment for the pilot program, to the Pupil-Centered Funding Plan Account to provide additional funding for the plan.

Although not recommended by the Governor, the 2023 Legislature approved additional General Fund appropriations of \$314,293 in each fiscal year of the 2023-25 biennium for the Jobs for Nevada's Graduates program, with the funding placed in reserves. Upon demonstration that matching funds have been secured and approval by the Interim Finance Committee, the funding is eligible to be transferred from reserves for use by the Jobs for Nevada's Graduates program.

Additionally, the Legislature approved the Governor's recommendation for General Fund appropriations of \$6.8 million in each fiscal year of the 2023-25 biennium to fund a new Incentivizing Pathways to Teaching Grant program that was established through the passage of A.B. 515 of the 2023 Legislative Session. However, the 2023 Legislature approved transferring the program from the Teach Nevada Scholarship Program budget, as originally recommended by the Governor, to the Other State Education Programs budget, as this budget requires a reversion of unexpended funding and does not earn interest.

### ***PROFESSIONAL DEVELOPMENT PROGRAMS***

The 2023 Legislature approved total General Fund appropriations of \$7.7 million in each fiscal year of the 2023-25 biennium for the continued support of the Regional Professional Development Programs. The approved funding includes General Fund appropriations of \$327,696 in each fiscal year of the 2023-25 biennium to restore the Regional Professional Development Programs to pre-pandemic funding levels.

### ***TEACH NEVADA SCHOLARSHIP PROGRAM***

The Teach Nevada Scholarship Program Account provides funding to encourage students to enter the teaching profession and to address the long-term plan for recruiting future teachers in the state. Prior to the 2023 Legislative Session, scholarships could be awarded in the amount of up to \$3,000 per semester or \$24,000 in the aggregate for students entering certain teaching programs. However, A.B. 400 of the 2023 Legislative Session revised the funding thresholds that could be awarded for scholarships, which included the following parameters:

- Not to exceed the cost of receiving a bachelor's degree at a public university prorated over the number of semesters required for the student to complete the program.
- Equal to the difference between the amount of tuition, registration fees, and other mandatory fees charged to the student for the program, excluding any amount of the tuition and fees that is waived by the university, college, or other provider of an alternative licensure program, and the total amount of any other gift aid received by the student.

Students receive 75.0% of the value of the scholarship each semester of attendance while the remaining 25.0% is available to the student upon successfully completing a teacher preparation program and teaching in Nevada for five consecutive years following graduation. A student is entitled to request the 25.0% portion of the scholarship as long as it is requested within the required timeframe of fulfilling all program and employment requirements. The 2023 Legislature approved total funding of \$6.2 million in FY 2024 and

\$6.4 million in FY 2025 (General Fund appropriations of \$2.4 million each fiscal year) to continue these scholarships.

Additionally, the 2023 Legislature supported the Governor's recommendation and approved one-time General Fund appropriations of \$3.2 million in each fiscal year of the 2023-25 biennium to increase funding for the Teach Nevada Scholarship program; however, the funding was appropriated as restricted funding to the Interim Finance Committee for possible allocation once additional information regarding the success of the program, reconciliation of program funding, and possible legislative changes are considered.

### ***ACCOUNT FOR STATE SPECIAL EDUCATION SERVICES***

The Account for State Special Education Services is administered by the Superintendent of Public Instruction and provides state funding for pupils with disabilities (i.e., special education pupils). The Account for State Special Education Services provides state funding for the following areas:

- The State Special Education program provides funding proportionally to each school district and charter school largely based upon the number of pupils identified with a disability, not to exceed 13.0% of the total pupil enrollment for the school district or charter school as required by NRS 387.122. The 2023 Legislature approved the Governor's recommendation for General Fund appropriations of \$233.1 million in FY 2024 and \$237.5 million in FY 2025 for this program, which includes \$13.1 million over the 2023-25 biennium for the State Special Education program to fund 2.0% "roll-up" costs related to merit increases for special education staff as they attain additional education and/or additional years of service. Although not recommended by the Governor, the 2023 Legislature approved additional General Fund appropriations of \$11.1 million in FY 2024 and \$13.8 million in FY 2025 for the State Special Education program to provide a minimum per pupil amount for targeted school districts, charter schools, and the university school for profoundly gifted pupils. Combined, the 2023 Legislature approved total funding of \$244.2 million in FY 2024 and \$251.3 million in FY 2025 for the State Special Education program.
- Funding for those pupils with disabilities exceeding 13.0% of total pupil enrollment is provided to those school districts and charter schools that exceed the funding limit for special education. The 2023 Legislature approved General Fund appropriations of \$1.5 million in each fiscal year of the 2023-25 biennium to support these pupils.
- The Special Education Contingency program provides funding to reimburse school districts and charter schools for extraordinary program expenses and related services for pupils with significant disabilities. The 2023 Legislature approved funding of \$2.0 million in each fiscal year of the 2023-25 biennium, balanced forward from FY 2023 and into each fiscal year of the upcoming biennium, for this program.

Total state funding approved by the 2023 Legislature for students with disabilities in the 2023-25 biennium, net of balance forwards, is \$498.5 million.

ADDITIONAL FUNDING FOR PRE-K-12 EDUCATION

The 2023 Legislature passed, and the Governor approved, the following legislative measures which provide additional funding for pre-K-12 education:

<u>Bill</u>	<u>Description</u>
A.B. 400	Appropriates \$70.0 million in each fiscal year of the 2023-25 biennium to the NDE for the newly created Early Childhood Literacy and Readiness Account to award grants of money to school districts, sponsors of charter schools, and nonprofit organizations to support early childhood literacy and readiness programs. The bill also appropriates \$2.0 million in each fiscal year of the 2023-25 biennium to the NDE for the newly created Nevada Teacher Advancement Scholarship Program Account to award grants to universities, colleges, and providers of alternative licensure programs to award scholarships to students that pursue a master's degree in education or related field of study.
A.B. 519	Appropriates \$50.0 million to the newly created Fund to Assist Rural School Districts in Financing Capital Improvements, with \$25.0 million to be allocated as grants to rural school districts (populations less than 100,000) and \$25.0 million to be allocated as grants to rural school districts for capital projects for schools located on qualified tribal land. The bill also appropriates \$64.5 million to the Elko County School District for the construction of a school on the Duck Valley Indian Reservation to replace the Owyhee Combined School.
S.B. 231	Appropriates \$250.0 million to the Interim Finance Committee for allocation to school districts that provide salary increases for teachers and education support professionals.
S.B. 291	Appropriates \$1.6 million to the NDE for the Nevada Institute on Teaching and Educator Preparation to establish a highly selective program for the education and training of teachers; conduct research concerning approaches and methods used to educate and train teachers and to teach pupils; and evaluate, develop, and disseminate approaches to teaching.
S.B. 339	Appropriates \$10.0 million to the NDE for the purpose of creating a grant program to allow teachers and specialized instructional personnel to obtain necessary supplies and materials for their classrooms or school operations, respectively.
S.B. 425	Appropriates \$250,000 to the NDE for the Commission on Innovation and Excellence in Education for the commission to enter into a contract with an organization to assist in the work of the commission.

TOTAL FUNDING APPROVED FOR K-12 EDUCATION

As detailed in the following table, the 2021 Legislature approved total projected state and federal funding for K-12 education on a per pupil basis of \$10,209 in FY 2022 and \$10,293 in FY 2023. Based on the action of the 2023 Legislature, the total projected state and federal funding for K-12 education on a per pupil basis is \$12,904 in FY 2024 (an increase

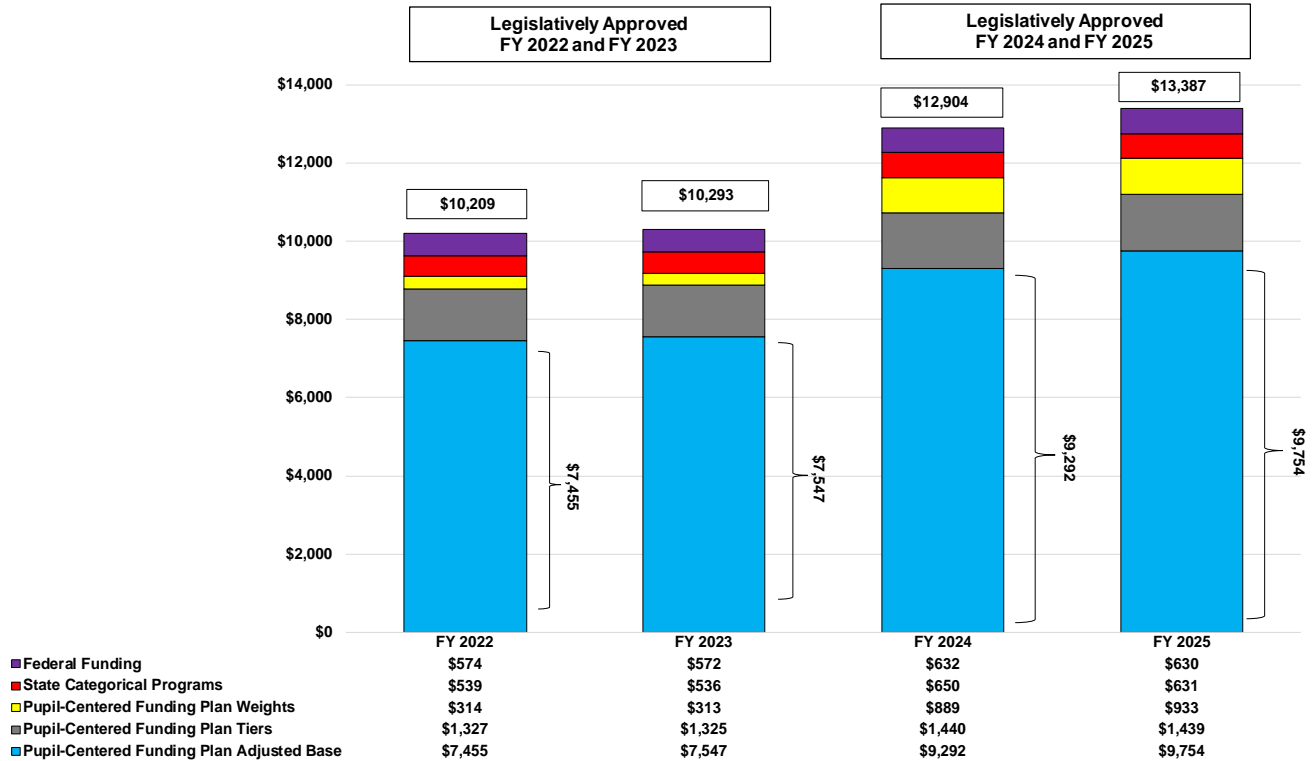

of approximately \$2,611 from the prior fiscal year) and \$13,387 in FY 2025 (an increase of approximately \$483 from the prior fiscal year). It should be noted the federal funding provided for K-12 education is reflected in the Department of Education (Administration) budgets and discussed in that section of this report.

**Funding Approved for K-12 Education from State and Federal Sources by the  
2021 Legislature for the 2021-23 Biennium and the 2023 Legislature for the 2023-25 Biennium**

	Legislatively Approved		Legislatively Approved	
	FY 2022	FY 2023	FY 2024	FY 2025
Pupil-Centered Funding Plan Adjusted Base	\$ 3,614,960,061	\$ 3,667,227,214	\$ 4,379,176,006	\$ 4,601,409,680
(Food Service, Transportation, Local Special Education Funding)	\$ 643,344,709	\$ 643,906,692	\$ 678,551,903	\$ 678,682,078

<b>Total Per Pupil Funding</b>	<b>\$ 10,209</b>	<b>\$ 10,293</b>	<b>\$ 12,904</b>	<b>\$ 13,387</b>

Note: Totals may not balance due to rounding.

**State and Federal Funding for Nevada School Districts/Charter Schools as Approved by the  
2021 Legislature (FY 2022 and FY 2023) and the 2023 Legislature (FY 2024 and FY 2025)**

Notes: Excludes pre-K funding, adult education funding, federal grants received directly by school districts/charter schools, one-time federal funding provided in response to the COVID-19 pandemic, funding in the Education Stabilization Account, \$250.0 million appropriated in FY 2023 to the Interim Finance Committee Contingency Account for allocation to school districts to fund salary increases for educational personnel in the 2023-25 biennium (Section 1 of Senate Bill 231 [2023]), and \$3.2 million appropriated in each year of the 2023-25 biennium to the Interim Finance Committee Contingency Account for possible allocation to the Department of Education for the Teach Nevada Scholarship Program (Section 14 of Senate Bill 503 [2023]).

Legislatively approved per pupil amounts differ from the amounts provided in Sections 1 and 2 of the K-12 Education Funding Bills (Senate Bill 458 [2021] and Senate Bill 503 [2023]) due to the inclusion of K-12 categorical funding approved in the final days of the legislative sessions.

Prepared by the Fiscal Analysis Division of the Legislative Counsel Bureau.

## **DEPARTMENT OF EDUCATION (ADMINISTRATION)**

The 2023 Legislature approved total funding of \$1.630 billion over the 2023-25 biennium (less interagency transfers and funding for the K-12 pass-through budgets) for the Nevada Department of Education (NDE), a 21.4% decrease from the \$2.072 billion total funding approved for the 2021-23 biennium. This decrease is largely due to projected reductions in federal K-12 education funding to address the COVID-19 pandemic in the 2023-25 biennium when compared to the funding approved in the 2021-23 biennium. Of the total funding of \$1.630 billion, the Legislature approved General Fund appropriations totaling \$119.5 million for the 2023-25 biennium, an increase of 30.4% when compared to the legislatively approved amount of \$91.7 million for the 2021-23 biennium. As previously noted, the K-12 education budgets, which are identified in the Department of Education (K-12) section, are not included in these totals.

### ***OFFICE OF THE SUPERINTENDENT***

The Office of the Superintendent is responsible for the administration of the provisions of law relating to the jurisdiction, duties, and functions of the three divisions of the department, which include Student Investment, Educator Effectiveness and Family Engagement, and Student Achievement. As recommended by the Governor, the 2023 Legislature approved a reduction in federal grant revenue of \$95,657 in FY 2025 related to an expiring federal grant, which had supported an Education Programs Supervisor position. The Legislature also approved the Governor's recommendation to continue this position by replacing the expiring federal grant funds with a General Fund appropriation of \$95,657 in FY 2025. Additionally, the Legislature directed the NDE to eliminate this position from the base budget for the 2025-27 biennium given the limited duration of the federal grant work that would be assigned to this position.

As recommended by the Governor, the 2023 Legislature approved General Fund appropriations of \$500,000 in each fiscal year of the 2023-25 biennium for document translation services. However, the Legislature approved placing this funding in reserve and provided direction to the NDE to expend the federal funding authorized for document translation services in the department's NDE COVID-19 Funding budget prior to seeking the Interim Finance Committee's approval to utilize the reserve funds for translation services.

The 2023 Legislature further approved additional General Fund appropriations for the following travel related expenditures:

- \$16,750 in each fiscal year of the 2023-25 biennium for out-of-state travel
- \$12,573 in each fiscal year of the 2023-25 biennium for in-state travel
- \$9,206 in each fiscal year of the 2023-25 biennium for State Board of Education travel
- \$16,426 in FY 2024 for Commission on School Funding travel expenditures and staff travel expenditures to support the Commission.

Through the passage and approval of S.B. 98, the Legislature appropriated General Funds totaling \$22,400 over the 2023-25 biennium for additional travel expenditures for members of the Commission on School Funding and staff travel expenditures to support the Commission. Additionally, the 2023 Legislature approved one-time General Fund appropriations totaling \$1.5 million over the 2023-25 biennium through the passage of S.B. 98 and A.B. 400 for the costs to conduct interim studies and for the operational costs of the Commission.

### ***DISTRICT SUPPORT SERVICES***

The District Support Services budget supports positions and operating expenditures for the department staff assigned to administer and distribute state and federal funds to the 17 school districts and the State Public Charter School Authority, including allocations from the Pupil-Centered Funding Plan Account and the Special Education program. The budget also includes support related to the state and federal grant monitoring function as well as the department's state auditing function.

The 2023 Legislature approved the Governor's recommendation of General Fund appropriations totaling \$685,906 over the 2023-25 biennium to add one new Management Analyst position to assist with the supervision of the Grants Management Unit; one new Management Analyst position to support the electronic grants management system and to provide oversight of grant awards; one new Management Analyst position to assist with subgrants; and one new Management Analyst position to assist with risk assessments and monitoring. The Legislature also approved General Fund appropriations totaling \$32,988 over the 2023-25 biennium, as recommended by the Governor, to reclassify an Accounting Assistant position to a Program Officer position to reflect increased compliance reporting duties.

### ***COVID-19 FUNDING***

The 2021 Legislature approved the creation of the COVID-19 Funding budget for the NDE, which contains federal funding provided to address pre-K-12 issues related to the COVID-19 pandemic. Legislatively approved funding in this budget for the 2023-25 biennium will be provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act (Elementary and Secondary School Emergency Relief II funding, Governor's Emergency Education Relief II funding, and Emergency Assistance to Non-Public Schools funding) and the American Rescue Plan Act (Elementary and Secondary School Emergency Relief III funding, Emergency Assistance to Non-Public Schools funding, Homeless Children and Youth funding, and Coronavirus State and Fiscal Recovery Funds transferred from the COVID-19 Relief Programs budget in the Office of the Governor).

The 2023 Legislature approved total federal funding of \$1.029 billion over the 2023-25 biennium in this budget. This is a decrease of 20.4% when compared to the funding of \$1.292 billion approved by the 2021 Legislature for the 2021-23 biennium, net of balance forwards. This decrease is reflective of the expiration of certain federal grant programs that provided funding to address pre-K-12 issues related to the COVID-19 pandemic.

A majority of the federal funding, \$714.5 million, legislatively approved for the 2023-25 biennium will be distributed to school districts, charter schools, and non-public schools, as required by the federal guidelines. The remaining funding will largely be utilized by the NDE to fund projects that address educational issues related to the COVID-19 pandemic.

#### ***DEPARTMENT SUPPORT SERVICES***

The Department Support Services budget supports the department's accounts payable and receivable, payroll and personnel, budgeting and purchasing, and information technology support functions. The 2023 Legislature approved the Governor's recommendation to add one new Administrative Services Officer position to assist with budgeting and fiscal responsibilities; one new Management Analyst position to assist with contract management; and one new Accounting Assistant position to assist with the department's accounts payable functions; funded with reserve reductions totaling \$509,669 over the 2023-25 biennium. The 2023 Legislature also approved reserve reductions totaling \$100,000 over the 2023-25 biennium to fund enhancements to the functionality of the NDE's existing Smartsheet software that is used to track data, assist with project management, and compile grant data.

#### ***STANDARDS AND INSTRUCTIONAL SUPPORT***

The Standards and Instructional Support budget supports the positions that coordinate the monitoring and technical support of school district and regional training program implementation of standards through the approval of textbooks and other instructional support measures. The operational expenses of the Commission on Educational Technology are also funded in this budget.

The 2023 Legislature approved the Governor's recommendation to add three new Education Programs Professional positions to assist with distance learning and educator professional development in science and English language arts, funded with General Fund appropriations of \$634,430 over the 2023-25 biennium. The Legislature also approved General Fund appropriations totaling \$2.7 million over the 2023-25 biennium for the continuation of the Canvas Learning Management System, which had previously been supported with federal Elementary and Secondary School Emergency Relief funding.

#### ***ASSESSMENTS AND ACCOUNTABILITY***

The Assessments and Accountability budget includes funding for the Nevada Proficiency Examination Program and supports the costs of administering student assessments that are required pursuant to Chapters 389 and 390 of NRS, including the Smarter Balanced Assessments Consortium, ACT assessment, and the National Assessment of Educational Progress.

The 2023 Legislature approved the Governor's recommendation for General Fund appropriations of \$1.6 million in FY 2024 and \$1.8 million in FY 2025 to fund projected increases in assessments and reporting contracts. The Legislature also approved placing this funding in reserve, which requires the department to provide additional justification

and approach the Interim Finance Committee to request approval prior to expending the funding. The Legislature further approved the Governor's recommendation to provide increased funding for the administration of the Measures of Academic Progress assessment, funded with General Fund appropriations of \$934,535 in FY 2024 and \$992,535 in FY 2025. Finally, the 2023 Legislature approved the Governor's recommendation to eliminate funding for End of Course examinations, consistent with the elimination of the administration of these examinations with approval of S.B. 9.

### ***DATA SYSTEMS MANAGEMENT***

The department maintains an automated system of accountability information to provide and report information; make longitudinal comparisons and analyses; and assist in the improvement of student achievement, classroom instruction, and educator performance. This budget funds the positions, contracts, and hardware/software costs associated with student data systems. The 2023 Legislature approved General Fund appropriations of \$309,338 over the 2023-25 biennium to continue two existing full-time positions that were previously funded with expiring federal grant funds. The Legislature further approved the Governor's recommendation for a General Fund appropriation of \$501,114 in FY 2025 for premium products associated with the Infinite Campus statewide student data system which are currently supported with federal funds. Finally, the 2023 Legislature approved General Fund appropriations of \$1.1 million over the 2023-25 biennium to support the single sign-on identity management system for the Student Accountability Information Network.

### ***EDUCATOR LICENSURE***

The Educator Licensure budget funds the Office of Educator Licensure as well as the Commission on Professional Standards in Education. The Office of Educator Licensure is responsible for determining eligibility for licensure; approving and issuing licenses for administrators, teachers, and other educational personnel; and maintaining a competency testing program for educational personnel. The Commission on Professional Standards in Education, which consists of 11 members appointed by the Governor, sets licensure standards for state educational personnel. The Educator Licensure budget is funded by the fees collected for educator licenses, renewals, endorsements, fingerprinting, and testing. The 2023 Legislature approved American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$500,000 in FY 2025 to support the continuation of the department's professional development management system.

### ***OFFICE OF EARLY LEARNING AND DEVELOPMENT***

The Office of Early Learning and Development manages and administers programs for at-risk children who are ready for kindergarten, as well as administers the State Pre-K program, federal Head Start, and certain Child Care Development Fund programs to improve access and quality of early childhood programs throughout the state.

The 2023 Legislature did not approve the Governor's recommendation for General Fund appropriations of \$3.1 million in each fiscal year of the 2023-25 biennium to replace funding historically supplied by the providers of the State Pre-K program to fund approximately

368 additional pre-K seats. Further, the 2023 Legislature did not approve the Governor's recommendation for General Fund appropriations of \$3.2 million in each fiscal year of the 2023-25 biennium to replace federal Governor's Emergency Education Relief funds to support 377 pre-K seats, but rather approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$3.2 million in each fiscal year of the 2023-25 biennium to be used for this purpose. The 2023 Legislature approved the Governor's recommendation of General Fund appropriations of \$2.5 million in FY 2024 and \$5.0 million in FY 2025 to provide an additional 300 pre-K seats in FY 2024 and 600 pre-K seats (inclusive of the 300 additional pre-K seats that would be added in FY 2024) in FY 2025. In total, the 2023 Legislature approved funding to increase the total number of seats for the State Pre-K program to approximately 3,026 seats in FY 2024 and 3,326 seats in FY 2025 based on an annual per seat cost of \$8,410.

The 2023 Legislature further approved the Governor's recommendation for the addition of one new Education Programs Professional position and associated operating costs funded with General Fund appropriations totaling \$227,539 over the 2023-25 biennium to support data collection and reporting for the Office of Early Learning and Development. Lastly, the 2023 Legislature approved grant funding of \$10.0 million in FY 2024 and \$9.7 million in FY 2025 for the federal Preschool Development Grant Birth through Five Renewal Grant and associated expenditures.

### ***SAFE AND RESPECTFUL LEARNING***

The Safe and Respectful Learning budget includes funding for the Office of Safe and Respectful Learning and oversight of the department's SafeVoice program, a 24-hour anonymous reporting and response system focused on school safety and student well-being. Although the Governor recommended General Fund appropriations of \$386,000 in each fiscal year of the 2023-25 biennium to fund the software licensing fee for the SafeVoice reporting system, previously funded with grant funds, the Governor later submitted a budget amendment recommending General Fund appropriations of \$193,000 in each fiscal year of the biennium based on the actual licensing fee. However, the 2023 Legislature instead approved funding this cost with federal funding of \$116,854 identified in the NDE COVID-19 Funding budget in FY 2024 to fund a portion of the annual licensing fee for the SafeVoice reporting system and General Fund appropriations of \$76,146 in FY 2024 and \$193,000 in FY 2025.

The Legislature approved the Governor's recommendation for General Fund appropriations of \$174,510 over the 2023-25 biennium for one new Program Officer position and associated operating costs. This new position will support the SafeVoice program and the Handle with Care program that requires law enforcement officers to report to a school when they encounter a school age child who may have been exposed to a traumatic event during an event where law enforcement is involved. Additionally, the 2023 Legislature approved the Governor's recommendation for reductions in federal grant funding totaling \$2.0 million over the 2023-25 biennium, due to the expiration of various grants, and approved the continuation of an associated Program Officer position by replacing expiring federal grant funds with a General Fund appropriation of \$77,955 in

FY 2025. This position will continue to provide ongoing support for Nevada students facing trauma-related issues.

Lastly, the 2023 Legislature approved a budget amendment to eliminate General Fund appropriations of \$1.0 million over the 2023-25 biennium, originally recommended by the Governor to be used for school climate and working conditions surveys, which were instead approved by the Interim Finance Committee in October 2022 to be funded with federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds.

### ***STUDENT AND SCHOOL SUPPORT***

The Student and School Support budget provides for the distribution and administration of federal Title I assistance to Nevada schools for economically and educationally disadvantaged pupils. The 2023 Legislature approved the Governor's recommendation for General Fund appropriations of \$1.0 million over the 2023-25 biennium to fund a new school improvement program for Nevada's lowest performing schools and General Fund appropriations of \$224,801 over the 2023-25 biennium for one new Education Programs Professional position and associated expenditures to support the new program.

### ***LITERACY PROGRAMS***

The Literacy Programs budget provides resources for the state's Read by Grade Three program that supports school district and charter school literacy programs and ensures the administration of the literacy instruction requirements defined in NRS 392.750 through 392.775. These statutory provisions prescribe the requirements for public schools to provide intervention services and monitoring plans for pupils in the subject area of reading, require a public school to develop a plan for intervention services to improve literacy instruction to pupils and submit the plan to the NDE for approval, and require each public school to designate a licensed teacher it employs as a literacy specialist.

The 2023 Legislature approved General Fund appropriations of \$249,200 in each fiscal year of the 2023-25 biennium to fund the development of a revised State Literacy Plan. Additionally, the 2023 Legislature approved General Fund appropriations of \$47,000 in each fiscal year of the 2023-25 biennium to provide funding for Nevada Reading Week events.

### ***CAREER AND TECHNICAL EDUCATION***

The Career and Technical Education budget, funded primarily by a federal grant authorized by the Carl D. Perkins Career and Technical Education Improvement Act of 2006, supports occupational education programs. The 2023 Legislature approved to increase General Fund appropriations by \$73,887 in each fiscal year of the 2023-25 biennium in the Career and Technical Education budget. However, this additional funding was approved to be placed in reserve and the department was directed to seek the Interim Finance Committee's approval to utilize these funds should an additional increase in federal Carl D. Perkins grant funds become available and additional state funding is needed for the federal maintenance of effort.

Additionally, through the passage and approval of A.B. 428, the Legislature appropriated General Funds totaling \$383,486 over the 2023-25 biennium for two new positions and associated operating costs to support an increase in the number of teaching and training programs the department would be responsible for supporting.

### ***INDIVIDUALS WITH DISABILITIES EDUCATION ACT***

The Individuals with Disabilities Education Act budget includes federal Individuals with Disabilities Education Act funding and administrative support for the state's Gifted and Talented Education program. Federal Individuals with Disabilities Education Act funding is provided through formula grants to states to increase performance of students with disabilities on statewide assessments with the goal of increasing the high school graduation rate and assisting students with disabilities to improve skills and behaviors to benefit postsecondary outcomes.

The 2023 Legislature did not approve the Governor's recommendation to transfer a portion of the expenditures associated with the Nevada Alternative Assessment from the Individuals with Disabilities Education Act budget to the Assessments and Accountability budget and instead approved continuing to fund 23.2% of the expenditures associated with this assessment with federal Individuals with Disabilities Education Act funds.

The 2023 Legislature approved the Governor's recommendation for General Fund appropriations of \$227,539 over the 2023-25 biennium for the addition of one new Education Programs Professional position and associated operating costs to assist with federally required tribal consultations. Additionally, the Legislature approved the transfer of the federal Indian Education grant and one Education Programs Professional position and associated operating costs from the Student and School Support budget to the Individuals with Disabilities Education Act budget, as recommended by the Governor through a budget amendment.

The 2023 Legislature approved the Governor's recommendation for the addition of one new Grants and Projects Analyst position and associated operating costs to manage data in the Office of Inclusive Education. However, rather than fund this position entirely with Individuals with Disabilities Act grant funding, as recommended by the Governor, the 2023 Legislature approved funding this position 50.0% with General Fund appropriations (\$87,256 over the biennium) and 50.0% with federal Individuals with Disabilities Education Act grant funds (\$87,254 over the biennium) to enable the position to also work on state-funded projects. Lastly, the 2023 Legislature approved the Governor's recommendation for federal Individuals with Disabilities Education Act grant funding of \$251,847 over the 2023-25 biennium for the addition of one new Education Programs Professional position and associated operating costs to monitor local educational agencies' administration of this federal grant.

## **STATE PUBLIC CHARTER SCHOOL AUTHORITY**

The State Public Charter School Authority is responsible for authorizing charter schools of high quality throughout the state, providing oversight and technical assistance to state-sponsored charter schools, and fostering a climate in which all charter schools can succeed. *Nevada Revised Statutes* (NRS) 388A.414 authorizes the State Public Charter School Authority to collect up to a 2.0% administrative fee. For the 2021-23 biennium, the agency collected an administrative fee of 1.25% on each sponsored school's per pupil funding, which the 2023 Legislature approved to continue for the 2023-25 biennium. Additionally, as a local educational agency, the State Public Charter School Authority, receives federal funding authorized by the Elementary and Secondary Education Act and the Individuals with Disabilities Education Act, as well as funding from various state K-12 education grants. During the 2022-23 school year, there were 57 operating charter schools, of which 43 were sponsored by the State Public Charter School Authority and 14 were sponsored by 3 school districts [Clark County School District (6), Washoe County School District (7), Carson City School District (1)].

The 2023 Legislature approved the Governor's recommendation to add six new positions which include one Business Process Analyst position, one Education Programs Professional position, one Grants and Projects Analyst position, three Management Analyst positions, and associated operating and equipment expenditures, funded with reserve reductions of \$1.1 million over the 2023-25 biennium. These positions were approved to address the increase in the number of charter schools, campuses, pupils, and grant programs, as well as to assist the agency in fulfilling its role as a local educational agency and charter school sponsor.

The 2023 Legislature also approved A.B. 400 which, among other things, provides additional funding for pre-K-12 education. This bill provides the State Public Charter School Authority with General Fund appropriations of \$7.0 million in each fiscal year of the 2023-25 biennium for allocation to charter schools to provide funding for the transportation of pupils. To receive funding, charter schools must submit a transportation plan to the State Public Charter School Authority for review and approval. Among other requirements, these plans must indicate the transportation of pupils would not cost more, on a per pupil basis, than the average cost for transportation for other public schools operating in the school district in which the charter school is located.

Pursuant to NRS 388A.435, the State Public Charter School Loan program provides loans at or below market rate to charter schools for the costs incurred in preparing a charter school to commence its first year of operation, to improve a charter school that has been in operation, and to fund the recruitment of teachers and enrollment of pupils to new charter school facilities. The 2023 Legislature did not approve the Governor's recommendation to provide the State Public Charter School Authority with direct authority to issue loans of up to \$200,000 in each fiscal year of the 2023-25 biennium through this program. Instead, the Legislature approved retaining this funding in reserve, which requires the State Public Charter School Authority to request approval from the Interim Finance Committee before utilizing the funding.

## **NEVADA SYSTEM OF HIGHER EDUCATION**

The Nevada System of Higher Education (NSHE) is governed by an elected 13-member Board of Regents. NSHE comprises the Chancellor’s Office; University of Nevada, Las Vegas (UNLV); University of Nevada, Reno (UNR); Nevada State University (NSU); College of Southern Nevada (CSN); Great Basin College (GBC); Truckee Meadows Community College (TMCC); Western Nevada College (WNC); UNR School of Medicine; UNLV Law School; UNLV Dental School; UNLV School of Medicine; the Desert Research Institute (DRI); and related entities. The following table provides a comparison of the legislatively approved funding for the 2023-25 biennium, compared to the funding level recommended by the Governor.

<b>Comparison of the Legislatively Approved and the Governor's Recommended Funding for the 2023-25 Biennium</b>				
<b>Funding Source (in millions)</b>	<b>2023-25 Governor Recommended (Millions)<sup>1</sup></b>	<b>2023-25 Legislatively Approved (Millions)<sup>1</sup></b>	<b>2023-25 Dollar Change (Millions)</b>	<b>Percent Change</b>
State General Fund	\$1,468.4	\$1,467.7	-\$0.7	0.0%
Student Fee/Tuition Revenue <sup>2</sup>	\$747.9	\$747.9	\$0.0	0.0%
Other Sources	\$11.6	\$12.9	-\$0.7	0.0%
<b>TOTAL</b>	<b>\$2,227.9</b>	<b>\$2,228.5</b>	<b>\$0.0</b>	<b>0.0%</b>
<p><b>Note:</b> The State General Fund amount reflected in the 2023-25 legislatively approved amount does not include the \$59.7 million and \$121.3 million appropriated to the Board of Examiners in FY 2024 and FY 2025, respectively, for allocation to NSHE for the purpose of funding the 10.0% - 13.0% cost-of-living pay increase in FY 2024 and 11.0% cost-of-living pay increase in FY 2025. The General Fund appropriation for this purpose was approved in Sections 7 and 15 of A.B. 522.</p> <p><sup>1</sup> Amounts are exclusive of Western Interstate Commission for Higher Education budgets  <sup>2</sup> Registration (per credit hour) fees, Non-Resident Tuition, Miscellaneous Student Fees</p>				

In closing the budgets for NSHE, the 2023 Legislature approved revenues from all sources totaling \$2.229 billion over the 2023-25 biennium. Of the total revenues, \$1.468 billion, or 65.9%, are General Fund appropriations while \$747.9 million in budgeted student registration fees, miscellaneous student fees, and non-resident tuition charges comprise 33.6% of the total revenues. When compared to the \$1.279 billion in General Fund operating appropriations approved by the 2021 Legislature for the 2021-23 biennium, General Fund appropriations increased by \$188.6 million, or 14.7%.

For the 2023-25 biennium, the \$1.468 billion in General Fund appropriations represents 13.4% of the \$10.972 billion in total General Fund operating appropriations approved by the 2023 Legislature for all state budgets. The following table shows the distribution of General Fund appropriations by the NSHE state-supported operating budget as approved by the 2023 Legislature.

Legislatively Approved NSHE 2023-25 Biennium General Fund Appropriations					
NSHE Budget Account	FY 2023 Leg. Approved Gen. Fund <sup>2</sup>	FY 2024 Leg. Approved Gen. Fund <sup>2</sup>	% Change from FY 2023 Leg. Approved	FY 2025 Leg. Approved Gen. Fund <sup>2</sup>	% Change from FY 2023 Leg. Approved

**NOTES:**

<sup>1</sup> The legislatively approved General Fund appropriation in FY 2023 for each of the instructional formula budgets is inclusive of performance funding, capacity enhancements, and work programs approved by the IFC at its June 21, 2022 meeting.

<sup>2</sup> The FY 2023, FY 2024, and FY 2025 legislatively approved General Fund appropriations are exclusive of funding allocated to the Board of Examiners for salary adjustment funds authorized in A.B. 493 (2021) and A.B. 522 (2023). Since the appropriation was not allocated directly to NSHE, the salary adjustment funds are not reflected in this table. The FY 2023, FY 2024, and FY 2025 legislatively approved General Fund appropriations also include the performance funding for the seven instructional formula budgets.

<sup>3</sup> The legislatively approved General Fund appropriation in FY 2023 for DRI is inclusive of capacity enhancements.

## NSHE FUNDING FORMULA AND PERFORMANCE FUNDING FOR INSTRUCTIONAL BUDGETS

The following summarizes the major components of the NSHE funding formula for the seven formula instructional budgets as approved by the 2023 Legislature:

1. Weighted Student Credit Hour (WSCH) and Suspension of Formula Distribution of Funds: Under the existing funding formula policy, the General Fund appropriations approved for the instructional formula budgets for UNLV, UNR, CSN, GBC, TMCC, WNC, and NSU have been primarily based upon the count of WSCHs completed by Nevada resident students. The WSCHs for non-resident students are excluded. The value of each WSCH is uniform across all institutions and is calculated by dividing the available General Fund appropriations in each fiscal year, after any “pre-formula allocations” are distributed, by the total number of WSCHs in the even-numbered fiscal year. The WSCH value is an output as the result of this calculation, is not predetermined, and is not used to determine overall General Fund appropriations.

For FY 2024, the calculated, Governor recommended, General Fund value of a WSCH is \$172.78 and the FY 2025 value is \$173.54, compared to the legislatively approved WSCH calculated value of \$166.24 for FY 2022 and \$166.90 in FY 2023. After calculating the value of the WSCH, under the funding formula policy, available General Fund appropriations are reallocated through the formula. Available General Fund appropriations are determined through the traditional base, maintenance, and enhancement methodology, less any pre-formula allocations (i.e., small institution and research operations and maintenance funding).

The 2023 Legislature approved to suspend the funding formula distribution component and allocate the General Fund appropriations to each of the instructional institutions using the traditional base, maintenance, and enhancement decision unit model. This action resulted in no net change to the total General Fund appropriations for the seven instructional formula budgets. As the WSCH value is an output calculation based upon the available General Funds to be distributed through the funding formula, suspending the distribution component results in there being no output calculation for the WSCH value for the 2023-25 biennium.

Through the passage and approval of A.B. 493, \$2.0 million was appropriated to NSHE to complete an interim study of the funding formula for the system. Given the potential for a new funding methodology to be presented during the 2025 Legislative Session as a result of the approved funding formula study over the 2023-24 Interim, and the uncertainty of what direction may come out of the study, the Legislature recommended that NSHE present and submit a budget for the 2025-27 biennium in a manner consistent with the approach approved by the Legislature for the 2023-25 biennium in the event that a new funding formula or methodology has not been developed in preparing the 2025-27 biennium budget, and/or in order to compare the impacts of a recommendation to implement a new funding formula/methodology.

WSCH Caseload Adjustment: The 2023 Legislature approved to reduce General Fund appropriations by \$15.6 million in each fiscal year of the 2023-25 biennium based on a systemwide decrease of 93,340, or 3.0%, WSCHs in FY 2022 compared to FY 2020 WSCHs. Consistent with policy decisions of prior Legislatures, the caseload adjustment for the 2023-25 biennium is calculated by taking the difference in WSCHs between FY 2020 and FY 2022, as shown in the “WSCH Adjustment” column of the following table, multiplied by the legislatively approved FY 2023 WSCH value of \$166.90. This is the first instance in which overall caseload across the seven instructional institutions resulted in a reduction of funding since the formula’s implementation.

<b>Legislatively Approved Weighted Student Credit Hour Caseload Adjustment</b>						
<b>Institution</b>	<b>FY 2020 WSCH</b>	<b>FY 2022 WSCH</b>	<b>WSCH Adjustment</b>	<b>FY 2023 WSCH Calculated Value (Leg. Approved)</b>	<b>FY 2024 Caseload Adjustment (Leg. Approved)</b>	<b>FY 2025 Caseload Adjustment (Leg. Approved)</b>
UNLV	1,115,625	1,149,097	33,472	\$ 166.90	\$ 5,586,493	\$ 5,586,493
UNR	783,516	763,960	(19,556)	\$ 166.90	\$ (3,263,863)	\$ (3,263,863)
CSN	663,630	564,061	(99,570)	\$ 166.90	\$ (16,618,066)	\$ (16,618,066)
GBC	87,716	81,614	(6,102)	\$ 166.90	\$ (1,018,424)	\$ (1,018,424)
TMCC	227,510	204,001	(23,509)	\$ 166.90	\$ (3,923,652)	\$ (3,923,652)
WNC	87,071	89,534	2,463	\$ 166.90	\$ 411,158	\$ 411,158
NSU	157,417	176,879	19,462	\$ 166.90	\$ 3,248,291	\$ 3,248,291
<b>Total</b>	<b>3,122,485</b>	<b>3,029,145</b>	<b>(93,340)</b>	<b>\$ 166.90</b>	<b>\$ (15,578,063)</b>	<b>\$ (15,578,063)</b>

2. Small Institution Funding: As recommended by the Governor, the 2023 Legislature approved GBC and WNC to collectively receive General Fund appropriations totaling \$865,560 in each fiscal year of the 2023-25 biennium, resulting from the small institution factor calculation. The approved small institution funding is to recognize that all institutions have certain fixed administrative costs regardless of size. However, at the larger institutions, sufficient fee revenues are collected to support administrative expenditures without additional General Fund appropriations. The level of recommended funding for the GBC and WNC is determined by the actual number of WSCHs greater than 50,000, but less than 100,000, with a maximum amount for each institution of \$1.5 million per year. As the institutions’ WSCHs grow closer to 100,000, the level of small institution funding decreases. For the purposes of calculating the small institution funding, each WSCH is valued at \$30.00 and is allocated prior to the calculation of the WSCH value. As shown in the previous table, GBC and WNC had 81,614 and 89,534 WSCHs in FY 2022, respectively. Funding for each fiscal year of the 2023-25 biennium is based upon 18,386 WSCHs for GBC and 10,466 WSCHs for WNC. The following table shows the legislatively approved small institution factor funding for the 2023-25 biennium:

Legislatively Approved Small Institution Funding Allocations for GBC and WNC					
	FY 2023 Gen. Fund (Leg. Approved)	FY 2024 Gen. Fund (Leg. Approved)	FY 2025 Gen. Fund (Leg. Approved)	Annual % Change Compared to FY 2023	2023-25 Biennium Gen. Fund (Leg. Approved)
GBC	\$ 368,520	\$ 551,580	\$ 551,580	49.7%	\$ 1,103,160
WNC	\$ 387,885	\$ 313,980	\$ 313,980	-19.1%	\$ 627,960
<b>Total</b>	<b>\$ 756,405</b>	<b>\$ 865,560</b>	<b>\$ 865,560</b>	<b>14.4%</b>	<b>\$ 1,731,120</b>
Note: M201 decision unit reflects net change in funding as base funding includes General Fund appropriations for the Small Institution Funding. This table reflects the total amount requested.					

3. Research Space Operations and Maintenance Funding: The 2023 Legislature approved General Fund appropriations of \$10.1 million in each fiscal year of the 2023-25 biennium in dedicated research space operations and maintenance (O&M) funding for UNR (\$5.6 million) and UNLV (\$4.5 million), as reflected in the following table. The recommended funding for UNLV represents an annual decrease of 1.5%, or \$69,455, compared to the \$4.6 million approved by the 2021 Legislature for FY 2023. The recommended funding for UNR represents an annual decrease of 2.1%, or \$121,094, compared to the \$5.7 million approved by the 2021 Legislature for FY 2023:

Legislatively Approved University Research Space Operations and Maintenance (O&M) Funding Allocations for the 2023-25 Biennium					
	FY 2023 (Leg. Approved)	FY 2024 (Leg. Approved)	FY 2025 (Leg. Approved)	Annual % Change Compared to FY 2023	2023-25 Biennium (Leg. Approved)
UNLV	\$ 4,563,433	\$ 4,493,978	\$ 4,493,978	-1.5%	\$ 8,987,955
UNR	\$ 5,696,206	\$ 5,575,112	\$ 5,575,112	-2.1%	\$ 11,150,224
<b>Total</b>	<b>\$ 10,259,639</b>	<b>\$ 10,069,090</b>	<b>\$ 10,069,090</b>	<b>-1.9%</b>	<b>\$ 20,138,180</b>
Note: M200 decision unit reflects net change in funding as base funding includes General Fund appropriations for research O&M. This table reflects the total amount approved.					

In general, research O&M funding is determined by identifying dedicated research space square footage at each university and the associated expenditures. In response to a letter of intent issued by the 2021 Legislature, the universities aligned their methodologies and identification of research space to ensure a consistent application of calculated funding need for this purpose. Changes in total research space and/or associated expenditures are identified in collaboration with the Governor's Office of Finance, and any differences from the base budget are reflected in the M200 Decision Unit. State funding in support of O&M costs have generally increased over time; however, the legislatively approved O&M expenditures collectively decrease by 1.9% in each fiscal year of the 2023-25 biennium when compared to the FY 2023 amount. The decrease in funding for UNLV is due to a decrease in dedicated research space in FY 2022 when compared to FY 2020, as well

as a decrease in the per square foot cost of O&M. NSHE indicates UNLV excluded animal care space from the research space calculation and changed its methodology in calculating common space, resulting in a decrease in dedicated research space. While UNR experienced an increase in its dedicated research space primarily due to the new Pennington Engineering Building, its per square foot cost of O&M expenditures in FY 2022 declined, resulting in an overall decrease of funding for research O&M at UNR.

4. Performance Funding Pool Set-Aside: Consistent with the existing policy, and as recommended by the Governor, the 2023 Legislature approved a 20.0% set-aside of General Fund appropriations for the performance funding pool totaling \$108.6 million in FY 2024 and \$109.7 million in FY 2025. These General Fund appropriations are transferred from each institution’s instructional budget to the Performance Funding Pool budget. Based on the institution’s performance, funds would then be transferred from the Performance Funding Pool budget to the applicable institution’s instructional budget upon approval of the IFC. The majority of the performance metrics are based on the number of certificates and degrees granted.

The following table reflects the amount of approved General Fund appropriations for performance funding in FY 2024 and FY 2025:

<b>Legislatively Approved NSHE Performance Funding Set-Aside @ 20.0%</b>					
FY 2024 General Fund Appropriation Performance Funding Set-Aside			FY 2025 General Fund Appropriation Performance Funding Set-Aside		
Institution	FY 2024 Legislatively Approved General Fund	FY 2024 20.0% Performance Funding Set-Aside	Institution	FY 2025 Legislatively Approved General Fund	FY 2025 20.0% Performance Funding Set-Aside
UNLV	\$ 209,161,530	\$ 41,832,306	UNLV	\$ 212,055,165	\$ 42,411,033
UNR	\$ 140,775,640	\$ 28,155,128	UNR	\$ 142,779,829	\$ 28,555,966
CSN	\$ 97,023,583	\$ 19,404,717	CSN	\$ 97,470,737	\$ 19,494,147
GBC	\$ 14,649,803	\$ 2,929,961	GBC	\$ 14,718,802	\$ 2,943,760
TMCC	\$ 35,038,431	\$ 7,007,686	TMCC	\$ 35,191,759	\$ 7,038,352
WNC	\$ 15,617,852	\$ 3,123,570	WNC	\$ 15,673,802	\$ 3,134,760
NSU	\$ 30,586,823	\$ 6,117,365	NSU	\$ 30,675,435	\$ 6,135,087
<b>Total</b>	<b>\$ 542,853,662</b>	<b>\$ 108,570,732</b>	<b>Total</b>	<b>\$ 548,565,529</b>	<b>\$ 109,713,106</b>

The 2023 Legislature approved to include the FY 2024 performance funding in each institution's General Fund appropriations, as the performance measure results were known prior to closing the budgets. All institutions earned 100% of available Performance Funding in FY 2024.

In order to allow for sufficient advance planning of operational costs and budgeting, the performance funding earned for a fiscal year is based on actual performance from two years preceding the fiscal year in which funds are appropriated. This allows for the performance funding to be made available for, and transferred to, the institutions at the beginning of the fiscal year in which they will be expended. The institutions’

performance is based on a year-over-year comparison and, as such, each institution is “competing” against its own prior year performance rather than against each other. All institutions earned 100.0% of the available performance funding pool in FY 2024 based on outcomes achieved in FY 2022.

The Legislature approved the inclusion of FY 2024 performance funding in each institution’s General Fund operating budget. The FY 2025 funding was approved and appropriated to the Performance Funding Pool budget. Based on the institution’s actual performance in FY 2023, funds would then be transferred from the Performance Funding Pool budget to the applicable institution’s instructional budget with approval of the IFC. The following table reflects each institution’s actual performance achieved as a percentage of the performance metric targets along with each institution’s ten-year performance average since implementation of the performance funding pool:

<b>Summary of Actual Performance Results for NSHE Instructional Institutions FY 2013 - FY 2022</b>											
<b>Institution</b>	<b>FY 2013</b>	<b>FY 2014</b>	<b>FY 2015</b>	<b>FY 2016</b>	<b>FY 2017</b>	<b>FY 2018</b>	<b>FY 2019</b>	<b>FY 2020</b>	<b>FY 2021</b>	<b>FY 2022</b>	<b>Ten-Year Average</b>

The percentages displayed in this table reflect the percent of the target/goal that each institution achieved. If an institution reaches at least 100% of the target, they receive 100% of the performance set-aside.											

**RESTORATION OF GENERAL FUND REDUCTIONS APPROVED BY THE 2021 LEGISLATURE**

The 2023 Legislature approved General Fund appropriations of \$37.4 million in each fiscal year of the 2023-25 biennium to restore the budget reductions approved by the 2021 Legislature for the 2021-23 biennium. As background information, the 2021 Legislature approved the Governor’s recommendation to reduce General Fund appropriations by \$83.7 million in each fiscal year of the 2021-23 biennium. The reductions included a hiring freeze (approximately \$47.4 million per year), reduced travel (\$1.9 million per year), operating expenditure reductions (approximately \$32.2 million per year), and revenue/expenditure offsets between non-state and state-supported budgets (\$2.2 million per year). The 2021 Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds (\$46.6 million in FY 2022 and \$46.5 million in FY 2023) to restore positions that were to be held vacant during the 2021-23 biennium. The 2023 Legislature restored General Funds in the base budget to support these position costs in the 2023-25 biennium.

When considering General Fund restorations of approximately \$46.5 million in each fiscal year of the 2023-25 biennium within the base budget for positions funded with federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds during the 2021-23 biennium, NSHE indicates the budget restorations would fully restore all General Fund reductions approved by the 2021 Legislature. The following table summarizes the legislatively approved budget restorations in each fiscal year of the 2023-25 biennium:

<b>Legislatively Approved Budget Restoration for the 2023-25 Biennium</b>			
<b>Institution/Budget</b>	<b>FY 2024</b>	<b>FY 2025</b>	<b>Budget Restoration Description</b>
	<b>General Fund</b>	<b>General Fund</b>	
University of Nevada, Las Vegas	\$ 4,487,198	\$ 4,487,198	General operating expenditures (classroom materials, technology, equipment, facility maintenance)
University of Nevada, Reno	\$ 7,640,477	\$ 7,640,477	Funding restoration for positions that were eliminated by the 2021 Legislature that were not funded with federal ARPA funds
College of Southern NV	\$ 7,924,845	\$ 7,924,845	College-wide operating expenditures
Great Basin College	\$ 224,954	\$ 224,954	Academic support, instructional and classroom supplies, library materials, resources for tutoring, software, and facility maintenance
Truckee Meadows Comm. College	\$ 2,626,390	\$ 2,626,390	Instruction operating expenditures, academic support, student support, institutional support, and travel

UNLV Intercollegiate Athletics	\$ 966,744	\$ 966,744	Facilities maintenance
Agricultural Experiment Station	\$ 551,172	\$ 551,172	Outreach, contract services, funding restoration for positions that were eliminated by the 2021 Legislature that were not funded with federal ARPA funds
Cooperative Extension Services	\$ 213,771	\$ 213,771	Outreach operation and services and funding restoration for positions that were eliminated by the 2021 Legislature that were not funded with federal ARPA funds
System Computing Center	\$ 857,139	\$ 857,139	Increase salaries of vacant positions by 15% to attract highly qualified candidates, bandwidth network and internet connection
UNLV Statewide Programs	\$ 469,041	\$ 469,041	Critical facilities maintenance
Business Center, North	\$ 3,713	\$ 3,713	Operating and contract services
Business Center, South	\$ 3,730	\$ 3,730	Operating and facilities maintenance
Prison Education Program	\$ 45,622	\$ 45,622	Funding for a non-credit, evidence-based re-entry model and in-prison bachelor's degree program for incarcerated individuals
Health Laboratory and Research	\$ 162,836	\$ 162,836	Funding restoration for positions that were eliminated by the 2021 Legislature that were not funded with federal ARPA funds
<b>Total Legislatively Approved Budget Restoration</b>	<b>\$ 37,355,683</b>	<b>\$ 37,355,683</b>	

INCREASE GRADUATE ASSISTANT POSITIONS AND STIPENDS

The 2023 Legislature approved General Fund appropriations of \$20.0 million over the 2023-25 biennium to increase the number of Graduate Assistant positions (\$4.0 million for UNR and \$6.0 million for UNLV) and to increase Graduate Assistant stipends (\$1.9 million for UNR and \$8.1 million for UNLV). According to NSHE, the funding would increase the minimum master’s stipend amount from \$16,000 to \$17,000 per year for UNR, from \$11,250 to \$17,000 per year for UNLV, and baseline doctoral stipend amount by an average of \$2,000 per year for UNR and UNLV. The funding to increase the stipend amounts was approved to address the increased cost of living and to allow Graduate Assistants to focus less on living necessities, and rather focus on their education or trajectory and to get them to graduate sooner.

NSHE further indicates the funding would increase the annual number of state-funded Graduate Assistant positions by 25.0% (132 positions for UNLV and 88 positions for UNR). The increase in Graduate Assistant positions, according to NSHE, would allow the universities to enhance their research mission, maintain their Carnegie R1 classification, and to be more competitive in attracting the best students nationally.

FUNDING FOR SUMMER TEACHER EDUCATION PROGRAMS AT UNR, UNLV, CSN, GBC & NSU

As recommended by the Governor, the 2023 Legislature approved General Fund appropriations of \$1.0 million in each fiscal year of the 2023-25 biennium for summer school teacher education courses to improve the teacher pipeline. Under budget policy approved by the Legislature, summer school courses, other than Nursing programs, have not traditionally been supported with state General Fund appropriations. Therefore, this decision establishes a policy to support existing, and implement new summer courses for teacher education programs to expedite completion/graduation and increase the teacher workforce. The following table provides the approved summer school funding for teacher education programs by institution:

<b>Legislatively Approved Summer School Funding for Teacher Education Program for the 2023-25 Biennium</b>		
<b>Institution</b>	<b>FY 2024</b>	<b>FY 2025</b>
University of Nevada, Las Vegas	\$ 160,524	\$ 160,524
University of Nevada, Reno	\$ 132,936	\$ 132,936
College of Southern Nevada	\$ 193,771	\$ 193,771
Great Basin College	\$ 77,876	\$ 77,876
Nevada State University	\$ 475,748	\$ 475,748
<b>TOTAL</b>	<b>\$ 1,040,855</b>	<b>\$ 1,040,855</b>

#### TWO-GRADE SALARY INCREASE FOR UNIVERSITY POLICE OFFICERS

The 2023 Legislature approved funding for a two-grade salary increase for University Police Officer, Sergeant, Lieutenant, and Detective positions for UNR, UNLV, UNLV Dental School, College of Southern Nevada, and Western Nevada College.

#### BUDGETING OF STUDENT-DERIVED REVENUES

The budgeting of student-derived revenues is based on budget policy decisions adopted by prior Legislatures rather than being a component of the funding formula or a statutory requirement. In addition, whether student-derived revenues are counted first and/or considered an offset to General Fund appropriations is not dictated by the funding formula. The 2013 Legislature initially adopted the recommendation of the 2011-12 Interim Committee to Study the Funding of Higher Education (S.B. 374 [2011]) that, for purposes of determining the level of General Fund appropriations to be budgeted in NSHE's state-supported operating budgets, budgeted non-General Fund revenues should not offset the amount of General Funds otherwise appropriated. The 2023 Legislature approved the continuance of this policy through the 2023-25 biennium.

As shown in the following tables, the 2023 Legislature approved student registration fee and non-resident tuition revenues over the 2023-25 biennium of \$607.8 million and \$134.7 million, respectively, for the seven teaching institutions and four professional schools. Dependent upon the course level (e.g., undergraduate versus graduate or lower division versus upper division), the registration fee revenues approved in and allocated to the state-supported operating budgets represent 64.9% to 77.5% of total registration fees collected by the institutions. The remaining registration fee revenue is budgeted in the various institutions' self-supporting budgets overseen by the Board of Regents.

DESERT RESEARCH INSTITUTE FUNDING FORMULA

As recommended by the Governor, the 2023 Legislature approved General Fund appropriations of \$1.1 million for the Desert Research Institute (DRI) for institutional support and research administration functions for the DRI based upon the existing DRI funding formula. The existing DRI funding formula consists of three components: (1) a research grants and contracts formula component; (2) an operations and maintenance component based on the traditional base, maintenance, and enhancement methodology; and (3) an inflationary adjustment intended to capture expenditures not otherwise budgeted.

1. DRI Research Grants and Contracts: The research grants and contracts component is a sliding scale formula calculation based on the level of grant and contract activity at the DRI. State support is calculated at 12.0% of the first \$25.0 million of grants and contracts. An additional 7.5% is calculated on the next \$5.0 million in grants and contracts (from \$25.0 million to \$30.0 million), 6.0% of the next \$5.0 million in grants and contracts (from \$30.0 million to \$35.0 million), and 5.0% of any additional grants and contracts above \$35.0 million. Based upon the formula and increases in the DRI’s grants and contracts, the 2023 Legislature approved additional General Fund appropriations of \$235,559 in each fiscal year of the 2023-25 biennium. In total, the 2023 Legislature approved General Fund appropriations of \$3.7 million in each fiscal year of the 2023-25 biennium for the DRI funding formula component based on grant and contract revenue of \$35.6 million as detailed in the following table:

<b>Legislatively Approved Research and Contract Funding for the Desert Research Institute</b>					
<b>FY 2024</b>			<b>FY 2025</b>		
<b>Grant &amp; Contract Funds Awarded (Increments)</b>	<b>% Per Step</b>	<b>Gen. Fund (Leg. Approved)</b>	<b>Grant &amp; Contract Funds Awarded (Increments)</b>	<b>% Per Step</b>	<b>Gen. Fund (Leg. Approved)</b>
\$ 25,000,000	12.0%	\$ 3,000,000	\$ 25,000,000	12.0%	\$ 3,000,000
\$ 5,000,000	7.5%	\$ 375,000	\$ 5,000,000	7.5%	\$ 375,000
\$ 5,000,000	6.0%	\$ 300,000	\$ 5,000,000	6.0%	\$ 300,000
\$ 556,169	5.0%	\$ 27,808	\$ 556,169	5.0%	\$ 27,808
<b>\$ 35,556,169</b>		<b>\$ 3,702,808</b>	<b>\$ 35,556,169</b>		<b>\$ 3,702,808</b>
FY 2022 Base DRI Formula: \$		3,467,250	FY 2022 Base DRI Formula: \$		3,467,250
Legislatively Approved Adjustment: \$		235,559	Legislatively Approved Adjustment: \$		235,559
<b>Total Formula Funding \$</b>		<b>3,702,808</b>	<b>Subtotal Formula Funding \$</b>		<b>3,702,808</b>

2. DRI O&M Funding: The DRI O&M funding addresses costs associated with space utilization and is funded using the existing base, maintenance, and enhancement methodology. Based upon changes in O&M costs, the 2023 Legislature approved increases in General Fund appropriations of \$315,399 in FY 2024 and \$335,815 in FY 2025. The adjustment is based on a calculation of base-level funding for O&M operating costs as reported by the DRI, including O&M personnel-related costs. In total, \$3.7 million (\$3.6 million General Funds) in FY 2024 and \$3.8 million (\$3.6 million General Funds) in FY 2025 was approved for DRI O&M support.

3. DRI Inflationary Adjustments: As recommended by the Governor, the 2023 Legislature approved General Fund appropriations of \$276,051 in FY 2024 and \$290,904 in FY 2025 to account for inflationary increases that are not otherwise specifically accounted for in the DRI formula. The approved funding is based on increases to retirement and insurance rates, salary reduction restoration, and employee step increases, consistent with the policy initially approved by the 2017 Legislature.

The 2023 Legislature approved the Governor's recommendation to prospectively change the funding policy for the DRI by eliminating the existing DRI-specific formula and directed the DRI to build future biennial budgets using the base, maintenance, and enhancement model. The 2023 Legislature further approved additional General Fund appropriations totaling \$1.3 million over the 2023-25 biennium in conjunction with the funding policy change, which, according to the DRI, would increase funding for personnel, operating, and maintenance expenditures.

Through the passage and approval of S.B. 99, the 2023 Legislature appropriated \$600,000 in each fiscal year of the 2023-25 biennium to DRI for support of the Nevada Cloud Seeding Program.

#### SALARY AND BENEFIT ADJUSTMENTS

Consistent with actions for all other state employees, including those employees in a collective bargaining agreement for the 2023-25 biennium, the 2023 Legislature appropriated \$59.7 million in General Funds to the Board of Examiners in FY 2023 and \$121.3 million in FY 2024 to fund salary increases for NSHE classified and professional employees through the passage and approval of A.B. 522 (Sections 7 and 15). The appropriations were based on the proportionate share of General Fund appropriations to total revenues within each state-supported budget, consistent with the approved budget policy of funding NSHE cost-of-living adjustments based upon the proportionate share of funding.

Additionally, A.B. 522 appropriated General Funds of \$3.5 million in each fiscal year of the 2023-25 biennium for the payment of quarterly retention incentives to employees of NSHE who are not in the classified service of the state and requires the system to report to the Interim Finance Committee the criteria for the eligibility, the amount of, and the number of recipients of the retention incentive payments.

#### OTHER MAJOR LEGISLATIVE ACTIONS AFFECTING NSHE

The 2023 Legislature passed and the Governor approved the following major bills affecting NSHE:

**A.B. 37** Appropriated \$2.1 million over the 2023-25 biennium to establish the Behavioral Health Workforce Development Center at the University of Nevada, Las Vegas.

**A.B. 118** Revises the membership and length of terms of the Board of Regents of the University of Nevada.

- A.B. 150** Revises residency requirements for students who are members or descendants of an Indian tribe or nation and meet certain requirements to be eligible for fee waivers by the Board of Regents. Assembly bill 150 also appropriated \$457,449 in each fiscal year of the 2023-25 biennium to defray the cost of granting waivers of fees for certain students who are Native American.
- A.B. 226** Prohibits the Board of Regents of the University of Nevada from assessing tuition charges against students who have successfully completed a high school equivalency assessment selected by the State Board of Education and from denying an exemption from tuition charges to a student on the basis of immigration status under certain circumstances.
- A.B. 279** Requires the Board of Regents of the University of Nevada to waive registration fees and any other mandatory fees and prohibits the assessment of tuition charges against a student who is the child of a veteran who has been awarded the Purple Heart under certain circumstances.
- A.B. 328** Appropriated \$500,000 in each fiscal year of the 2023-25 biennium to the Thomas & Mack Legal Clinic at the William S. Boyd School of Law of the University of Nevada, Las Vegas to provide pro bono legal services.
- S.B. 126** Appropriated \$950,000 in each fiscal year of the 2023-25 biennium to the College of Southern Nevada to carry out the NV Grow Program.
- S.B. 273** Changes the name of the Nevada State College to the Nevada State University and designates the Nevada State University as a state college.
- S.B. 375** Appropriated \$10.0 million in each fiscal year of the 2023-25 biennium for a grant program to expand undergraduate and graduate nursing programs at institutions within the Nevada System of Higher Education.
- S.B. 457** Appropriated \$9.2 million in FY 2023 for the costs of operations and expansion of class size at the Kirk Kerkorian School of Medicine at the University of Nevada, Las Vegas and for the costs of interdisciplinary opportunities for health students at the University of Nevada, Las Vegas.
- S.B. 486** Appropriated \$6.0 million to support the Nevada Promise Scholarship program. The Promise Scholarship is a last-dollar scholarship to support Nevada high school graduates attending an NSHE community college. Senate Bill 486 also appropriated \$75.0 million to the Governor Guinn Millennium Scholarship Trust Fund to support the Governor Guinn Millennium Scholarship Program. This program is a statewide, merit-based program generally available to students who graduated from a Nevada high school and meet initial and ongoing grade point average and enrollment requirements.

**S.J.R. 7** Proposes to amend the Nevada Constitution to remove the constitutional provisions governing the election and duties of the Board of Regents and authorize the Legislature to provide, by statute, for the governance of the State University and for the auditing of public institutions of Nevada institutions of higher education.

**WESTERN INTERSTATE COMMISSION ON HIGHER EDUCATION**

The Western Interstate Commission on Higher Education (WICHE) is governed by an appointed three-member commission that has direct operational oversight and budgetary authority over WICHE. The two WICHE budgets include two full-time equivalent positions and General Fund appropriations of \$2.7 million over the 2023-25 biennium.

Additionally, the 2023 Legislature, through S.B. 342, appropriated \$8.0 million to the Interim Finance Committee Contingency Account for allocation to WICHE to enter a contract with Utah State University to provide stipends for students earning a doctorate degree in veterinary medicine. Senate Bill 342 further appropriated \$155,851 for one new Program Officer position to assist WICHE in carrying out the program.

# Commerce and Industry

---

The Commerce and Industry function of state government includes those agencies responsible for licensing or regulating various business and financial activities with the state as well as those agencies responsible for the promotion of commerce and industry in Nevada. These agencies include the Department of Business and Industry, the Department of Agriculture, the Division of Minerals, the Nevada Gaming Control Board, the Public Utilities Commission of Nevada, the Governor's Office of Economic Development, and the Department of Tourism and Cultural Affairs. For the 2023-25 biennium, the 2023 Legislature approved General Fund appropriations totaling \$121.5 million, an increase of \$11.5 million, or 10.5%, from the \$110.0 million approved by the 2021 Legislature for the 2021-23 biennium. Total funding for the 2023-25 biennium is \$1.370 billion (net of \$577.7 million in interagency transfers), an increase of \$393.0 million, or 40.2%, compared to the \$977.2 million approved for the 2021-23 biennium.

## **DEPARTMENT OF AGRICULTURE**

The Department of Agriculture is responsible for preserving, protecting, and promoting the livestock and agricultural industries of the state and encouraging sound agricultural resource management. The Department of Agriculture consists of five divisions: Administrative Services, Plant Health and Compliance, Animal Industry, Measurement Standards, and Food and Nutrition. The 2023 Legislature approved total funding (net of interagency transfers) for the department of \$586.0 million over the 2023-25 biennium, an increase of \$218.1 million, or 59.3%, when compared to the legislatively approved total of \$367.9 million for the 2021-23 biennium. This increase is primarily due to additional one-time federal funding allocated to new and existing programs within the Food and Nutrition Division. The Legislature further approved the Governor's recommendation of General Fund appropriations totaling \$8.3 million over the 2023-25 biennium, which represents an increase of \$690,298 or 9.1%, compared to the legislatively approved General Fund appropriations of \$7.6 million for the 2021-23 biennium. General Fund appropriations are mainly used to support Plant Health and Quarantine Services, Predatory Animal and Rodent Control, and Veterinary Medical Services, as well as 50.0% of the personnel costs for the department's Agricultural Enforcement Officer positions.

## **DIVISION OF ADMINISTRATIVE SERVICES**

The Division of Administrative Services provides oversight, guidance, and coordination to all programs and activities within the department. The 2023 Legislature approved the Governor's recommendation of departmental cost allocation reimbursement revenues totaling \$107,643 over the 2023-25 biennium for one new Administrative Assistant position and associated operating costs to provide support for the department's front desk in the Las Vegas office. The Legislature further approved the Governor's recommendation of cost allocation reimbursement revenues totaling \$184,858 over the

2023-25 biennium to provide additional operating costs for buildings and grounds maintenance, contract staff, and annual memberships to national agricultural trade associations.

In lieu of approving a General Fund appropriation of \$50,000 in FY 2024 for contract fiscal support, as recommended by the Governor, the 2023 Legislature approved this funding as restricted Interim Finance Committee Contingency Account funds for allocation to the department upon determination of the Interim Finance Committee of the need of additional contract fiscal support for the division. Lastly, the 2023 Legislature approved a budget amendment recommended by the Governor for one full-time IT Technician position to replace a contract employee. The position and associated operating costs total \$203,860 over the 2023-25 biennium and are funded through cost allocation reimbursement revenue.

### **DIVISION OF PLANT HEALTH AND COMPLIANCE**

The Division of Plant Health and Compliance is responsible for licensing and regulating plant nurseries; regulating the use of fertilizers and pesticides; and controlling insects, pests, and noxious weeds. The division is comprised of three budgets: Plant Health and Quarantine Service, Agriculture Registration and Enforcement, and Pest, Plant Disease and Noxious Weed Control.

For the Registration/Enforcement budget, the 2023 Legislature approved the Governor's recommendation for federal EPA Pesticide Enforcement grant funds of \$3,705 and reserve reductions of \$86,146 in FY 2024 to fund maintenance and calibration contracts for chemistry equipment to prevent system malfunctions and delays in sample analyses that are used for protecting the public and environmental health. In reviewing and approving this recommendation, the 2023 Legislature expressed concern regarding the age of the equipment purchased in 2009 and as such, directed the agency to submit a report to provide an update on the effectiveness of the maintenance contract and a plan to replace the equipment purchased in 2009. The report must be submitted for review by the Interim Finance Committee at its June 2024 meeting. Additionally, the 2023 Legislature approved the Governor's recommendation of reserve reductions totaling \$24,860 over the 2023-25 biennium in the Registration/Enforcement budget to fund a laboratory assessment and inspection to achieve accreditation with the International Organization for Standardization to support sample analyses for hemp.

### **DIVISION OF ANIMAL INDUSTRY**

The Division of Animal Industry provides diagnostic services to protect domestic and wild animals from communicable, infectious, nutritional, and parasitic diseases, and to protect people from animal diseases that are transmissible to humans. The division is also responsible for protecting livestock owners from the theft or loss of their animals as well as regulating the branding and dealer licensing related to the sale of livestock animals. The Division of Animal Industry is comprised of six budgets: Livestock Inspection, Livestock Enforcement, Veterinary Medical Services, Predatory Animal and Rodent Control, Commercial Feed, and the Dairy Fund.

For the Veterinary Medical Services budget, the 2023 Legislature approved the Governor's recommendation of \$239,897 over the 2023-25 biennium for the addition of one new unclassified Deputy Administrator position and associated operating costs to assist in managing the six programs within the Division of Animal Industry. However, the Legislature did not concur with the Governor's recommendation to fund this new position 100.0% General Fund and instead approved funding the position costs with 24.0% General Fund (\$57,574) and 76.0% cost allocation reimbursement revenue (\$182,323), which resulted in General Fund savings of \$182,323 over the 2023-25 biennium, with corresponding increases in the cost allocation reimbursement revenue received from other division budgets. The 2023 Legislature also approved total funding of \$28,349 (\$7,331 General Fund) over the 2023-25 biennium, as recommended by the Governor, to align the salary of the unclassified Division Administrator position with the salary of the department's four other division administrator positions.

In support of the statewide initiative to increase salaries for law enforcement positions, the 2023 Legislature approved the Governor's recommendation of General Fund appropriations totaling \$89,158 over the 2023-25 biennium for a two-grade salary increase for five existing Agriculture Police Officer positions in the Livestock Enforcement budget.

#### FINANCIAL SOLVENCY CONCERNS

Due to concerns regarding the declining operating reserve levels budgeted over the 2023-25 biennium, as well as the long-term solvency and the reserve balance in the Registration and Enforcement budget, the 2023 Legislature directed the department to develop a long-term, sustainable plan to align the revenues and expenditures for the financial sustainability of this budget and submit the plan for review by the Interim Finance Committee at its June 2024 meeting.

Likewise, due to similar concerns regarding the long-term financial solvency of the Livestock Inspection budget, the 2023 Legislature directed the department to work to align this budget's revenues and expenditures in order to remain solvent in future biennia. The division must report every six months to the Interim Finance Committee on the status of its reserve level, and if reserves fall below 60 days of operating expenditures, provide a plan to ensure the budget will remain solvent.

#### GAMING CONTROL BOARD

The regulation of Nevada's gaming industry is conducted through a tiered system comprised of the Gaming Control Board (3 members), the Gaming Commission (5 members), and the Gaming Policy Committee (12 members). The Gaming Control Board functions as the enforcement, investigative, and regulatory agency. The Gaming Commission has final authority on all gaming matters. The Gaming Policy Committee serves as an advisory body and meets to examine and make recommendations on gaming policy. The Gaming Control Board has six divisions, including Administration, Audit, Enforcement, Investigations, Tax and License, and Technology. This budget is primarily funded with General Fund appropriations and transfers from the Gaming Investigative

Fund, which pays the investigation costs of those individuals applying for a gaming license through applicant reimbursement.

The 2023 Legislature approved \$69.5 million in General Fund support for the Gaming Control Board, an increase of \$5.6 million, or 8.7%, compared to the \$63.9 million approved for the 2021-23 biennium.

The 2023 Legislature approved \$1.2 million to support four new positions for the Technology Division and two new positions for the Audit Division. For the Technology Division, the Legislature approved one full-time Application Developer and one full-time Database Administrator beginning FY 2024, and one full-time System Administrator and one Quality Assurance Engineer beginning FY 2025. These four new unclassified positions will provide ongoing support and development services to the Gaming Control Board's emerging Systems and Gaming Enterprise System.

Within the Audit Division, the Legislature approved two new full-time positions, including one Agent and one Senior Agent position. These positions will form a new Information Technology Audit Group within the Audit Division, which will specialize in advanced information technology audits, required by cybersecurity regulations, and act as a liaison to, and bridge the gap between, the Technology and Audit Divisions.

Additionally, the Legislature approved \$1.4 million to support an approximate 4.5% salary increase for Agent positions throughout the Gaming Control Board's various divisions. General Fund appropriations totaling \$1.2 million were approved to support the salary increase for Agents of the Audit, Enforcement, Tax and License, and Technology Divisions while transfers from the Gaming Investigation Fund totaling \$249,260 over the 2023-25 biennium was approved to support the salary increase for Agents of the Investigation Division.

The 2023 Legislature, through the passage and approval of Senate Bill (S.B.) 490, appropriated one-time General Funds totaling \$8.0 million to the Gaming Control Board and \$5.5 million to the Interim Finance Committee Restricted Contingency Account to support continued efforts to replace the Gaming Control Board's information technology system with the new Systems and Gaming Enterprise system, anticipated to be complete by the summer of 2025.

## **PUBLIC UTILITIES COMMISSION**

The Public Utilities Commission of Nevada regulates public companies engaged in electric, natural gas, telephone, water, and sewer services; gas and electric "master metering" service at mobile home parks; some propane systems; and is involved in monitoring gas pipeline and railroad safety. Additionally, the Public Utilities Commission makes determinations in multiple renewable energy-related dockets (filings), has oversight authority regarding electric and gas utilities' administration of renewable energy incentive and demonstration programs, and administers the portfolio energy credit program.

The Public Utilities Commission is comprised of three commissioners whose responsibilities are to balance the interests of customers of public utilities to receive safe and adequate service with reasonable rates, while providing shareholders of public utilities the opportunity to earn a fair return on their investment. The Public Utilities Commission is responsible for the collection of the Universal Energy Charge, authorized by NRS 702.150-170, that is deposited into the Fund for Energy Assistance and Conservation. The Universal Energy Charge is based upon each kilowatt-hour of electricity and therm of gas sold at the retail level. The fund is administered in conjunction with the Division of Welfare and Supportive Services and the Division of Housing to assist low-income consumers with power bill payments and energy conservation, weatherization, and energy efficiency needs.

Primary funding for this budget is Regulatory Assessments derived from a mill assessment on gross utility operating revenues, statutorily capped at 3.5 mills (one mill = 1/10 of one cent). *Nevada Revised Statutes* 704.033 provides statutory authority for the Public Utilities Commission to adjust its mill assessment annually based upon operating needs. The 2023 Legislature approved Regulatory Assessment revenue of \$24.1 million over the 2023-25 biennium, a decrease of \$46,532, or 0.2%, over the \$24.1 million approved for the 2021-23 biennium. The revenue approved by the 2023 Legislature is based on the Public Utilities Commission annual regulatory assessment of 2.93 mills for the 2023-25 biennium, based on the budget for the Public Utilities Commission as recommended by the Governor. The mill assessment for FY 2022 and FY 2023 was set at 3.13 mills and 2.93 mills, respectively. An additional assessment of up to 0.75 mills is assessed by the Public Utilities Commission and transferred to the Attorney General's Consumer Advocate budget.

Pursuant to NRS 704.035, the Public Utilities Commission is required to notify utilities of the annual assessment by June 15 each year for the following year.

## **DEPARTMENT OF BUSINESS AND INDUSTRY**

The Department of Business and Industry is charged with regulating business enterprises, promoting worker safety, educating the public and businesses regarding their legal rights and responsibilities, and promoting the legal operation of businesses in Nevada. The department consists of the following divisions: Administration, Insurance, Industrial Relations, Housing, Employee Management Relations Board, Real Estate, Taxicab Authority, Transportation Authority, Labor Commissioner, Attorney for Injured Workers, Financial Institutions, and Mortgage Lending. Funding sources for the department include General Fund appropriations, Highway Fund appropriations, license and fee revenue, assessments, and federal funds.

For the 2023-25 biennium, total legislatively approved funding for the department is \$430.5 million (net of \$422.7 million in interagency transfers), which is a \$72.6 million, or 20.3%, increase over the \$358.0 million approved for the 2021-23 biennium. General Fund support for the department totals \$13.2 million, an increase of \$3.6 million, or 37.3%, from the \$9.6 million approved for the 2021-23 biennium.

## **DIVISION OF INDUSTRIAL RELATIONS**

The Division of Industrial Relations regulates workers' compensation insurance to ensure injured workers receive the benefits to which they are entitled; enforces federal and state health and safety standards; assists employers with workplace safety programs; and provides safety training and inspections for all active mines in the state. The division is funded primarily through assessments charged to workers' compensation insurers. The division also receives grants from the United States Department of Labor, Occupational Safety and Health Administration, the Mine Safety and Health Administration, and the Bureau of Labor Statistics, and a small portion of funding is received through licenses and fees. The 2023 Legislature approved funding of \$58.7 million over the 2023-25 biennium for the Division of Industrial Relations, which is an increase of \$6.3 million, or 12.1%, from the \$52.4 million legislatively approved for the 2021-23 biennium.

The 2023 Legislature approved an allocation from the Workers' Compensation and Safety Fund of \$2.1 million over the 2023-25 biennium for the modernization of the Division of Industrial Relations' Claims and Regulatory Data System to expand the user base; integrate an online payment portal for insurers to pay fines, penalties, and assessments; and enhance report functions.

## **HOUSING DIVISION**

The Housing Division assists and encourages the private sector and other governmental entities in the financing, creation, and maintenance of affordable housing throughout the state. The Housing Division has eight major programs: Multi-Family Bond Financing, First-Time Homebuyer Program, Low-Income Housing Tax Credit Program, Low-Income Housing Tax Credit Monitoring and Compliance, Home Investment Partnership Program (HOME), Low-Income Housing Trust Fund, Emergency Solutions Grant Program, and the Weatherization Program. The budgets within the Housing Division are supported by a combination of federal grants, resources generated through the administration of lending resources, cost allocations, and real property transfer taxes.

The 2023 Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$375.0 million over the 2023-25 biennium, as adjusted, to align with the COVID-19 Relief Programs budget; to continue funding for the Home Means Nevada Initiative, which aims to lower the cost of housing; help seniors make repairs and accessibility retrofits to stay in their homes; and boost housing availability. The Legislature also approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$4.4 million in each fiscal year of the 2023-25 biennium in the Account for Affordable Housing, as recommended by the Governor, to continue funding for a portion of an affordable housing project on county-owned land in West Las Vegas.

The Legislature also approved the transfer of six positions from the Housing and Inspection Compliance budget to the Housing Division budget, as recommended by the Governor, to provide a more efficient method for inter-divisional cost allocations. The approved transfer includes one Chief Housing Assistant position, three Administrative Assistant positions,

one Information Technology Professional position, and one Housing Advocate position with personnel and associated costs totaling \$623,786 in FY 2022 and \$633,017 in FY 2023.

### **TAXICAB AUTHORITY**

The Taxicab Authority is responsible for regulating the taxicab industry in counties with a population that exceeds 700,000 (currently only Clark County). The Taxicab Authority is primarily funded through a \$0.20 trip charge assessed on every taxicab ride, as well as through various other fee revenues.

The 2023 Legislature approved the Governor's recommendation to reclassify one vacant classified Chief Compliance/Enforcement Investigator position to an unclassified Deputy Administrator position, increasing reserves by \$17,761 over the 2023-25 biennium, to provide an additional senior administrative manager position to oversee and regulate the taxicab industry. The 2023 Legislature further approved funding for a one-grade salary increase for a Chief Investigator position, Supervisory Compliance/Enforcement Investigator positions, and Compliance/Enforcement Investigator positions.

### **NEVADA TRANSPORTATION AUTHORITY**

The Nevada Transportation Authority has statewide regulatory responsibility for the intrastate transportation of passengers, household goods, tow cars, the bus industry, the limousine industry, transportation network companies, and taxicabs (except taxicabs in Clark County) to promote safe, adequate, economical, and efficient service of motor transportation. The budget is funded through Highway Fund appropriations, licensing fees, and regulatory assessments collected from transportation network companies. The 2023 Legislature approved Highway Fund appropriations totaling \$8.1 million over the 2023-25 biennium, a 52.7% increase compared to the \$5.3 million in Highway Fund appropriations approved by the 2021 Legislature. The 2023 Legislature approved total funding of \$18.9 million over the 2023-25 biennium, a 15.8% increase compared to the \$16.3 million legislatively approved for the 2021-23 biennium.

The 2023 Legislature approved the Governor's recommendation for three new Compliance/Enforcement Investigator positions, funded with Highway Fund appropriations totaling \$744,206 over the 2023-25 biennium, to create a Special Investigations Unit for complex case investigations. The 2023 Legislature further approved Highway Fund appropriations totaling \$252,956 over the 2023-25 biennium for two new Administrative Assistant positions and associated operating expenditures to provide administrative support for the Las Vegas and Reno offices. Finally, the 2023 Legislature approved funding for a one-grade salary increase for Supervisory Compliance/Enforcement Investigator positions and Compliance/Enforcement Investigator positions.

### **OFFICE OF THE LABOR COMMISSIONER**

The Office of the Labor Commissioner was formed in 1915 and is responsible for the enforcement of all labor laws of the state that are not specifically and exclusively vested in any other office, board, or commission. Major program areas include the following: investigating claims for wages, enforcement of public works laws, determination of

prevailing wage rates, oversight of child labor laws, oversight of the Nevada State Apprenticeship Council, licensing of private employment agencies, licensing of producer-promoters, and enforcement of the use of apprentices on public works projects. The Labor Commissioner has offices in Las Vegas and Carson City and is primarily funded through General Fund appropriations. The 2023 Legislature approved General Fund appropriations totaling \$5.4 million over the 2023-25 biennium, which is an increase of \$1.3 million, or 32.5%, compared to the \$4.1 million in General Fund appropriations approved by the 2021 Legislature.

The 2023 Legislature approved the Governor's recommendation to continue funding the State Apprenticeship Program by replacing federal Workforce Innovation and Opportunity Act Governor's Reserve funds, transferred from the Department of Employment, Training and Rehabilitation, with General Fund appropriations totaling \$296,407 over the 2023-25 biennium, inclusive of the General Fund appropriations of \$19,717 in the agency's base budget.

The 2023 Legislature, through the passage of S.B. 82, appropriated \$376,876 in FY 2025 from the State General Fund to the Office of the Labor Commissioner for personnel and associated travel, operating, and equipment expenditures to carry out the provisions of NRS Chapter 338, related to the Apprenticeship Utilization Act.

#### **DIVISION OF MORTGAGE LENDING**

The Division of Mortgage Lending is responsible for the licensure and regulation of mortgage brokers, mortgage bankers, escrow agencies and agents, mortgage servicers, and covered service providers. The division is self-supporting and is funded through licensing and examination fees and industry assessments.

The 2023 Legislature approved the Governor's recommendation for one new Compliance/Audit Investigator position in the Las Vegas office to perform less complex investigations of mortgage lending licensees, reducing reserves by \$167,122 over the 2023-25 biennium. The 2023 Legislature further approved the Governor's recommendation for one new IT Professional position to develop and implement a cybersecurity examination program, reducing reserves by \$240,924 over the 2023-25 biennium.

#### **GOVERNOR'S OFFICE OF ECONOMIC DEVELOPMENT**

The Governor's Office of Economic Development is tasked with diversifying and strengthening the state's economy by attracting companies, subsidiaries, and divisions to relocate into the state; assisting in the retention and expansion of existing Nevada companies; and helping new companies to start up in the state.

##### ***GOVERNOR'S OFFICE OF ECONOMIC DEVELOPMENT (DIRECTOR'S OFFICE)***

The 2023 Legislature approved \$16.0 million in General Fund support for the Governor's Office of Economic Development (Director's Office), an increase of \$2.3 million, or 16.9%, compared to the \$13.6 million approved for the 2021-23 biennium.

To support functions impacted by the COVID-19 pandemic, the 2023 Legislature approved General Fund appropriations of \$165,000 in each fiscal year of the 2023-25 biennium for international travel, \$74,954 over the 2023-25 biennium for marketing activities, and \$397,400 in each fiscal year of the 2023-25 biennium for additional funding for the Regional Development Authorities.

The 2023 Legislature, through the passage and approval of Assembly Bill (A.B.) 528, established the Homelessness Support Services Matching Account to provide matching funds to qualified projects, which must include facilities to provide support services to individuals and families experiencing homelessness or at risk of becoming homeless. Assembly Bill 528 appropriates \$100.0 million to the Homelessness Support Services Matching Account and authorizes participants to apply to the Governor's Office of Economic Development for a certificate of eligibility for matching funds from the account to be used exclusively for the acquisition, construction, installation, and equipping of a qualified project.

Additionally, through the passage and approval of A.B. 77, the 2023 Legislature established the Office of Entrepreneurship within the Governor's Office of Economic Development and appropriated \$518,779 in General Funds over the 2023-25 biennium for the support of the new office.

#### ***WORKFORCE INNOVATIONS FOR A NEW NEVADA***

The Workforce Innovations for a New Nevada budget supports the development and implementation of programs to provide customized workforce development services to persons or authorized providers that create, expand, and relocate businesses to Nevada. These services include workforce recruitment, assessment, and training to provide postsecondary, industry-recognized credentials, or identifiable applicable industry skills to residents of Nevada and serve the needs of emerging industries in the state.

Through the passage and approval of A.B. 483 the 2023 Legislature approved General Fund appropriations of \$10.0 million to support workforce development projects over the 2023-25 biennium, an increase of \$8.5 million compared to the \$1.5 million approved by the 2021 Legislature for the 2021-23 biennium.

#### ***NEVADA MAIN STREET PROGRAM***

The Nevada Main Street Program was designed to provide state-level coordination with the National Main Street Center, Inc., which promotes a holistic approach to Main Street revitalization that involves aesthetic, business creation or retention, and housing that will lead to healthy and economically vibrant communities.

Prior to the 2021 Legislature, funding for the Nevada Main Street Program had previously been approved through one-time General Fund appropriations. However, the 2021 Legislature approved the Governor's recommendation to establish ongoing funding for the Nevada Main Street Program in The Executive Budget. For the 2023-25 biennium, the 2023 Legislature returned to one-time General Fund appropriations to support the Nevada Main Street Program.

Through the passage and approval of A.B. 481, the 2023 Legislature approved one-time General Fund appropriations of \$700,000 for the 2023-25 biennium. The one-time appropriation is an increase of \$525,000 when compared to the \$175,000 approved by the 2021 Legislature for the 2021-23 biennium.

### ***KNOWLEDGE ACCOUNT***

The purpose of the Knowledge Account is to support and promote the State Plan for Economic Development as developed by the Governor's Office of Economic Development. The Knowledge Account provides grants to the University of Nevada, Reno; the University of Nevada, Las Vegas; and the Desert Research Institute in five allowable areas, including: (1) establishing technology outreach programs throughout the state; (2) recruiting, hiring, and retaining research teams and faculty; (3) research laboratories and related equipment; (4) construction of research facilities; and (5) matching funds for federal and private sector grants and contract opportunities.

The 2023 Legislature approved the Governor's recommendation to fund the Knowledge Account with \$5.0 million in General Fund appropriations over the 2023-25 biennium, consistent with the \$5.0 million in General Fund appropriations approved by the 2021 Legislature for the 2021-23 biennium.

## **DEPARTMENT OF TOURISM AND CULTURAL AFFAIRS**

The Department of Tourism and Cultural Affairs consists of the Division of Tourism, the Nevada Commission on Tourism, the Division of Museums and History, the Board of Museums and History, the Nevada Arts Council, the Board of the Nevada Arts Council, and the Nevada Indian Commission. The 2023 Legislature approved total funding of \$111.0 million over the 2023-25 biennium (net of \$56.0 million in interagency transfers), which represents an increase of \$35.4 million, or 46.8%, compared to the \$75.6 million approved for the 2021-23 biennium. Of the total funding, the 2023 Legislature approved General Fund appropriations of \$8.7 million, which represents an increase of \$739,076, or 9.3%, over the 2023-25 biennium when compared to the 2021-23 biennium.

### **DIVISION OF TOURISM**

The Division of Tourism is responsible for developing and implementing a domestic and international marketing and advertising campaign to promote Nevada as a tourism and business travel destination. The division is primarily funded by a 3/8 share of 1.0% of the statewide room tax.

The division received \$26.7 million in room tax revenues in FY 2022, which was \$10.3 million, or 63.2%, higher than the legislatively approved amount of \$16.3 million. The 2023 Legislature approved room tax revenues of \$30.7 million in FY2024 and \$32.7 million in FY 2025, based on updated March 2023 projections provided by the division, which represents a 15.0% and 22.4% increase, respectively, when compared to the actual room tax revenues received in FY 2022. The division indicates travel demand and traveler confidence continue to demonstrate a gradual upward trajectory. The division

further indicates room demand, airport passenger volumes, and convention attendance are anticipated to reach near pre-pandemic levels.

The 2023 Legislature approved room tax transfers of \$37.4 million to other state agencies over the 2023-25 biennium as depicted in the following table:

<b>Legislatively Approved Room Tax Transfers from the Tourism Cultural Affairs Administration Budget</b>			
<b>Intra-Agency Transfers to:</b>	<b>FY 2024</b>	<b>FY 2025</b>	<b>Biennium Total</b>
Lost City Museum	\$ 247,814	\$ 264,840	\$ 512,654

	<b>\$ 11,219,842</b>	<b>\$ 26,185,154</b>	<b>\$ 37,404,996</b>
<sup>1</sup> The Destination Development budget was previously referred to as the Tourism Development budget.			

#### Department Reorganization

The 2023 Legislature approved reorganizing the Department of Tourism and Cultural Affairs to separate the department's administrative and operational functions from its programmatic functions and to address the continued solvency issues with the Nevada Magazine budget. As part of the department reorganization, the 2023 Legislature approved the following:

- Creation of a new Tourism Cultural Affairs Administration budget, as recommended by the Governor, to centralize the administrative and operational services of the department.
- Transfer all room tax revenues totaling \$63.3 million over the 2023-25 biennium and ten full-time positions and associated travel and operating expenditures from the Tourism Development Fund budget to the new Tourism Cultural Affairs Administration budget.
- Addition of one new unclassified Deputy Director position to oversee the Division of Tourism and the elimination of two vacant Administrative Assistant positions to offset a portion of the costs of the new Deputy Director, with a net reduction to reserves of \$37,481 over the 2023-25 biennium.
- Merger of the Nevada Magazine budget and the Tourism Development Fund budget by transferring eight positions (inclusive of one part-time position) from the Nevada Magazine budget to the Tourism Development Fund budget, thereby eliminating the Nevada Magazine budget.

### ***DESTINATION DEVELOPMENT***

The Destination Development budget, previously known as the Tourism Development budget, provides funding for the Destination Development Grant Program for subgrants to rural communities to create plans to develop outdoor recreation, publicly owned property, facilities, and infrastructure to support and attract visitors to the state. The 2023 Legislature approved room tax revenue transfers of \$950,000 in FY 2025 to support the Destination Development Grant program.

### ***NEVADA HUMANITIES***

Nevada Humanities is a charitable organization that works in partnership with local communities to develop and fund humanities activities and educational programs, such as lectures, exhibits, publications, book festivals, historic performances, teacher institutes, documentary films, and a humanities grants program. The 2023 Legislature approved to increase General Fund appropriations by \$75,000 in each fiscal year for a total funding of \$200,000 in each fiscal year of the 2023-25 biennium to support the Nevada Humanities.

### **NEVADA INDIAN COMMISSION**

The Nevada Indian Commission and Stewart Indian School Living Legacy Museum develop and improve cooperation and communication between Indian tribes and the state, local governments, and other public agencies, with the goal of improving and enhancing the lives of Nevada's Native American citizens and educating the public about the iconic Stewart Indian School.

Through the passage of A.B. 516, the 2023 Legislature approved the creation of a new standalone Department of Native American Affairs and transferred the Nevada Indian Commission and the Stewart Indian School Living Legacy from the Department of Tourism and Cultural Affairs to the new Department of Native American Affairs, beginning in FY 2025. To support the new Department of Native American Affairs, the Legislature also approved the following:

- Three new Management Analyst positions and associated operating and equipment expenditures, funded with General Fund appropriations totaling \$509,466 over the 2023-25 biennium.
- A salary increase for the existing Executive Director position, funded with General Fund appropriations totaling \$72,694 over the 2023-25 biennium.
- The elimination of room tax revenue transfers as a source of funding for the Nevada Indian Commission budget in FY 2025, increasing General Fund appropriations by \$85,705 in FY 2025.

The 2023 Legislature authorized the expenditure of \$5.0 million of American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds in FY 2024 for the Grants to Tribes program, placed the remaining \$15.0 million authorized for the program in a dedicated reserve category in FY 2024, and eliminated the duplicated \$20.0 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Fund revenue and expenditure authority in FY 2025 that was included in The Executive Budget. The 2023 Legislature further approved additional federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$263,332 in FY 2024 and \$261,092 in FY 2025 for contract positions to assist in administering the Grants to Tribes program.

Regarding the Stewart Indian School Living Legacy budget, the 2023 Legislature approved the Governor's recommendation for one new Curator 2 position and to reclassify one existing Curator 2 position to a Curator 3 position, funded with General Fund appropriations of \$77,098 and room tax revenue transfers of \$125,793 over the 2023-25 biennium.

#### **DIVISION OF MUSEUMS AND HISTORY**

The Division of Museums and History includes the administration office in Carson City and the following facilities: the Nevada State Museum and the Nevada State Railroad Museum in Carson City; the Nevada Historical Society in Reno; the Nevada State Museum in Las Vegas; the Boulder City Railroad Museum; the East Ely Railroad Depot Museum; and the Lost City Museum in Overton.

The 2023 Legislature approved the Governor's recommendation for one new Facility Supervisor position and associated operating costs, funded with General Fund appropriations of \$54,084 and room tax revenue transfers of \$66,101 over the 2023-25 biennium, to plan, organize, and supervise buildings and provide grounds maintenance and repairs for the Nevada Historical Society facilities in Reno and Carson City.

# Health and Human Services

---

The Health and Human Services function provides services directly to members of the public and includes the Department of Health and Human Services (DHHS) and the Department of Employment, Training and Rehabilitation (DETR). The DHHS consists of the Director's Office, the Aging and Disability Services Division (ADSD), the Division of Health Care Financing and Policy (DHCFP), the Division of Public and Behavioral Health (DPBH), the Division of Welfare and Supportive Services (DWSS), and the Division of Child and Family Services (DCFS). The DETR consists of the Rehabilitation Division, the Employment Security Division, the Nevada Equal Rights Commission, the Administrative Services Division, the Governor's Office of Workforce Innovation, and the Commission on Postsecondary Education. For the 2023-25 biennium, the 2023 Legislature approved General Fund appropriations totaling \$4.008 billion for the Health and Human Services function, an increase of \$666.0 million, or 19.9%, compared to the \$3.342 billion approved by the 2021 Legislature for the 2021-23 biennium. Additionally, the 2023 Legislature authorized federally-supported revenues and expenditures totaling \$11.192 billion, an increase of \$1.605 billion, or 16.7%, compared to the \$9.587 billion approved for the 2021-23 biennium.

## **DEPARTMENT OF HEALTH AND HUMAN SERVICES**

### **HEALTH AND HUMAN SERVICES DIRECTOR'S OFFICE**

The Department of Health and Human Services (DHHS) Director's Office is responsible for coordinating all departmental programs, overseeing the department's budgets, and providing technical assistance to the various divisions within the department. The following budgets are directly administered by the Director's Office: Patient Protection Commission, Fund for Resilient Nevada, Administration, Developmental Disabilities, Grants Management Unit, Grief Support Trust Account, Data Analytics, Indigent Hospital Care, Upper Payment Limit Holding Account, and Individuals with Disabilities Education Part C. In approving the Director's Office budgets, the 2023 Legislature concurred with the Governor's recommendation and approved transferring the Family Planning budget to the Division of Public and Behavioral Health effective July 1, 2023.

### ***FUND FOR A RESILIENT NEVADA***

The Fund for a Resilient Nevada, created pursuant to *Nevada Revised Statutes* (NRS) 433.732, was established to provide a framework for the administration and allocation of funds received by the state pursuant to any settlement or judgment entered because of litigation concerning opioids. In accordance with NRS 433.734-738, a statewide needs assessment must be conducted at least once every four years, which is to be used to develop a statewide plan to allocate money from the Fund for a Resilient Nevada. The initial statewide needs assessment and statewide plan were completed in December 2022.

The 2023 Legislature approved Opioid Settlement Fund reserve reductions of \$6.2 million in FY 2024 and \$6.0 million in FY 2025 to support allocations to various public and private entities to address the impact of opioid and other substance use disorders in the state. The approved funding does not include unallocated authority of \$287,315 in FY 2024 and \$558,400 in FY 2025 originally included in the Governor’s recommended budget. The Legislature further directed the agency to approach the Interim Finance Committee during the 2023-24 Interim for any funding requests not included in the approved spending plan.

The Legislature approved total opioid settlement-funded expenditures of \$7.1 million in FY 2024 and \$6.9 million in FY 2025 to support the statewide spending plan, as outlined in the following table:

Opioid Settlement Funds 2023-25 Biennium Spending Plan				
Use Category	FY 2024	FY 2025	Biennium Total	Notes
Fund for a Resilient Nevada (FRN) staff and administration	\$ 890,821	\$ 943,635	\$ 1,834,456	Costs associated with 7 FTE positions in base as well as an enhancement to transfer FRN revenue to Data Analytics for a new Biostatistician.
All Payers Claim Database	\$ 109,448	\$ 225,876	\$ 335,324	Transfer to DHCFP Administration for a portion of costs for a comprehensive statewide single database compile health insurance claims from public and private insurers, health maintenance organizations, pharmacy benefit managers, and other payers within Nevada.
Poison Control Center	\$ 19,149	\$ 19,149	\$ 38,298	Transfer to DPBH Public Health Preparedness for costs to Nevada Poison Control related to opioids.
Other allocations	\$ 6,114,700	\$ 5,712,916	\$ 11,827,615	Various other allocations to public and private entities as determined by the statewide plan.
<b>Total</b>	<b>\$ 7,134,118</b>	<b>\$ 6,901,576</b>	<b>\$ 14,035,693</b>	

### **ADMINISTRATION**

The Director’s Office Administration budget is responsible for coordinating all departmental programs, overseeing the department’s budgets, and providing technical assistance to the various divisions within the department. Additionally, this budget includes the Office of Minority Health and Equity, which aims to improve access to quality health care for certain racial and ethnic groups, and to disseminate information and educate the public on certain health care issues relating to the minority groups.

As recommended by the Governor, the 2023 Legislature approved General Fund appropriations totaling \$320,000 over the 2023-25 biennium to increase contract staffing to assist with program evaluation, project management, data analysis, and report development. In addition, the Legislature approved the Governor’s recommendation to transfer tobacco settlement revenues totaling \$369,882 over the 2023-25 biennium from the Fund for a Healthy Nevada for two contract positions to support the Office of Minority Health and Equity.

## **GRANTS MANAGEMENT UNIT**

The Grants Management Unit administers grant programs within the Department of Health and Human Services Director's Office, which include Title XX Purchase of Social Services Block Grant, Community Services Block Grant, and Fund for a Healthy Nevada (tobacco settlement) grants. Total legislatively approved funding for the Grants Management Unit is \$67.1 million over the 2023-25 biennium, which primarily consists of \$53.5 million in federal funds and \$13.6 million in transfers of tobacco settlement funds to administer and allocate grants from the Fund for a Healthy Nevada.

Pursuant to NRS 439.630 and in accordance with the DHHS Director's spending plan, the 2023 Legislature approved the allocation of \$52.3 million in tobacco settlement funds over the 2023-25 biennium (inclusive of allocations outside of the Grants Management Unit budget) for the Fund for a Healthy Nevada grants to both state and non-state agencies, which represents an increase of 3.4% compared to the \$50.6 million approved for the 2021-23 biennium. Within the Grants Management Unit budget, the 2023 Legislature approved the Governor's recommendation of \$13.6 million in tobacco settlement funds over the 2023-25 biennium to allocate subgrants for the support of Family Resource Centers; disability services such as positive behavior supports and independent living grants; wellness for family services; resources for regional public health districts; and provide for administrative costs of the Grants Management Unit.

### Title XX Purchase of Social Services

The Purchase of Social Services program, established under Title XX of the federal Social Security Act, provides states with funds for a wide variety of social service programs. The state's Title XX funds support subgrants to state and non-state agencies. The 2023 Legislature approved the Governor's recommendation of \$29.9 million in total expenditure authority over the 2023-25 biennium. As recommended by the Governor, the Legislature approved Title XX grants to non-state agencies at \$4.6 million for each fiscal year of the 2023-25 biennium, an increase from the \$4.3 million per fiscal year authorized for the 2021-23 biennium.

## **DATA ANALYTICS**

The Office of Data Analytics was created to centralize all DHHS data analytics staff and functions within a single unit in the Director's Office. The budget is primarily funded through the transfer of various revenues from different DHHS divisions for positions associated with specific programs and functions, as well as General Fund appropriations.

To support the state's behavioral health hotline, known as Nevada 988, the 2023 Legislature approved transfers from the DPBH's Crisis Response budget totaling \$198,714 over the 2023-25 biennium for one new Biostatistician position and associated costs, as recommended by the Governor. In addition, the Legislature approved the Governor's recommendation to transfer Opioid Settlement funds totaling \$205,920 over the 2023-25 biennium from the Fund for a Resilient Nevada to fund one new Biostatistician position and associated costs to support the state's opioid epidemic response efforts.

### ***INDIGENT HOSPITAL CARE***

The Indigent Hospital Care budget was originally created to provide reimbursement to Nevada counties for unpaid hospital charges for medical treatment of indigent persons and reimbursement to hospitals for care provided to indigent persons injured in motor vehicle accidents in Nevada. The budget, which is primarily funded by a property tax levy of \$0.015 on each \$100 of assessed valuation and unmet hospital indigent free care obligation assessments, is administered by the Board of Trustees of the Fund for Hospital Care to Indigent Persons (Board). *Nevada Revised Statutes* 428.206 authorizes the board to enter into an agreement with the Division of Health Care Financing and Policy (DHCFP) to transfer funds from this account to the DHCFP to provide for enhanced reimbursement rates for hospital care for Medicaid recipients, to satisfy any portion of a county's obligation to pay the state share of certain Medicaid expenditures relating to long-term care, or to make supplemental payments to hospitals in accordance with the Medicaid State Plan.

The 2023 Legislature approved the continuation of the methodology approved by the 2021 Legislature to utilize property tax revenues to support counties' responsibilities to pay the non-federal share of certain Medicaid expenditures for the County Match population, totaling \$41.0 million over the 2023-25 biennium, and reimburse counties for unpaid charges of \$1.0 million each year of the 2023-25 biennium. Similarly, the Legislature approved the Governor's recommendation to utilize unmet free care assessments to support the non-federal share of the Indigent Accident Fund (IAF) Upper Payment Limit program, totaling \$52.4 million over the 2023-25 biennium, and provide a state net benefit for the IAF Upper Payment Limit program of \$112,612 over the 2023-25 biennium.

### ***UPPER PAYMENT LIMIT HOLDING ACCOUNT***

The Upper Payment Limit (UPL) Holding Account was authorized for the 2021-23 biennium pursuant to Section 65 of Assembly Bill (A.B.) 494 of the 2021 Legislative Session (Appropriations Act) to allow various divisions within the Department of Health and Human Services (DHHS) to transfer savings associated with health care-related contract expenditures that are budgeted, but not incurred, to the Director's Office. When needed, funds are transferred to the DHCFP to support the state share of the Private Hospital Collaborative UPL supplemental payment program.

The 2023 Legislature approved Senate Bill (S.B.) 511 (Section 57) (Appropriations Act) continuing the UPL Holding Account for the same purposes in the 2023-25 biennium, including transferring savings of \$10.4 million each fiscal year of the 2023-25 biennium from other divisions within the DHHS to the UPL Holding Account. Of the \$20.9 million total over the 2023-25 biennium, the Legislature approved transferring \$16.1 million to the DHCFP to provide the state share of the Private Hospital Collaborative UPL supplemental payment program. The Legislature approved reversion of the remaining funds, including \$3.0 million to the General Fund and \$1.7 million to the Fund for a Healthy Nevada.

### ***INDIVIDUALS WITH DISABILITIES EDUCATION PART C***

The Individuals with Disabilities Education Act (IDEA) Part C Office serves as the designated lead agency for Nevada Early Intervention Services. The office monitors the compliance of providers (state and private/nonprofit) with federal law and provides ongoing technical assistance to programs providing early intervention services. Early intervention services are provided to families with children from birth through two years of age who have known or suspected developmental delays in the areas of cognition, communication, physical development, social/emotional development, and adaptive skills. The office is supported by 100.0% federal funds from the U.S. Department of Education.

As recommended by the Governor, the 2023 Legislature approved one new Developmental Specialist position and associated operating costs funded through federal IDEA Part C grant revenues totaling \$196,634 over the 2023-25 biennium to address an increase in workload associated with increased caseloads and new Early Intervention programs. Additionally, the Legislature concurred with the Governor's recommendation to expend federal grant funds of \$135,000 in each fiscal year of the 2023-25 biennium for a contract to develop e-learning modules for professional development for Early Intervention service providers.

### **AGING AND DISABILITY SERVICES DIVISION**

The Aging and Disability Services Division (ADSD) develops, coordinates, and delivers a comprehensive system of support services which allow Nevada's residents who are 60 years of age and older and persons with disabilities to lead independent, meaningful, and dignified lives. Although General Fund appropriations are the largest funding source for the division, other funding sources for the ADSD include Medicaid reimbursements, various federal funding sources, and tobacco settlement monies transferred from the Fund for a Healthy Nevada. For the 2023-25 biennium, the 2023 Legislature approved \$609.2 million in total funding (net of interagency transfers of \$443.6 million) for the ADSD. The General Fund portion for the division totals \$514.8 million, an increase of \$100.7 million, or 24.3%, compared to the \$414.1 million approved by the 2021 Legislature for the 2021-23 biennium.

### ***ADMINISTRATION***

The ADSD Administration budget is the primary administrative budget and provides centralized fiscal, human resources, and information technology services for the division. The budget is funded with General Fund appropriations and cost allocation revenue charged for services provided to other budgets within the division.

To enhance support for ongoing human resources, fiscal, and information technology operations, the 2023 Legislature approved funding of \$1.2 million (including \$256,699 General Fund appropriations) over the 2023-25 biennium for ten new positions and associated costs, including one Personnel Officer, one Personnel Analyst, one Personnel Technician, one Administrative Assistant, one Administrative Services Officer, one Information Technology Manager, one Information Technology Technician,

and three Information Technology Professional positions, as recommended by the Governor. Additionally, the Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$5.3 million in FY 2024 and \$2.2 million in FY 2025 to continue previously approved funding for the modernization and integration of the division's case management data systems.

### ***SENIOR RX AND DISABILITY RX***

The Senior Prescription (Senior Rx) and Disability Prescription (Disability Rx) program assists eligible low-income seniors and disabled individuals in paying monthly costs for prescriptions, including Medicare Part D prescription drug plan premiums, and provides assistance for enrollees not eligible for Medicare. The program is funded with Fund for a Healthy Nevada grants. The 2023 Legislature approved total funding of \$711,358 for the 2023-25 biennium, a decrease of 43.1% when compared to the \$1.3 million approved for the 2021-23 biennium, due to a decrease in caseload. The approved funding supports a monthly average caseload of 512 clients in FY 2024 and 516 clients in FY 2025, based on March 2023 caseload projections and the average subsidy for eligible members.

### ***FAMILY PRESERVATION PROGRAM***

The Family Preservation Program provides monthly cash assistance to eligible low-income families who provide care in their homes for relatives with profound or severe intellectual or developmental disabilities, or children under age six with developmental delays. The program is funded with General Fund appropriations, federal Temporary Assistance for Needy Families funds, and Fund for a Healthy Nevada grants. The Legislature approved total funding of \$7.5 million (\$5.2 million General Fund appropriations) over the 2023-25 biennium, which is an increase of 24.5% when compared to the \$6.0 million approved for the 2021-23 biennium.

The increase in funding is primarily due to the 2023 Legislature's approval of the Governor's recommendation to increase the Family Preservation Program allotment paid to qualifying families by \$112 (29.9%), from \$374 to \$486 per family per month, based on cumulative average federal Supplemental Security Income (SSI) cost-of-living increases, funded with General Fund appropriations of \$1.7 million over the 2023-25 biennium. Additionally, to increase the average number of families receiving monthly assistance payments by 5.9%, from 613 families in FY 2023 to 649 families in FY 2025, based on March 2023 agency caseload projections, the Legislature approved General Fund appropriations of \$103,972 over the 2023-25 biennium.

### ***DEVELOPMENTAL SERVICES REGIONAL CENTERS***

The regional centers budgets for Developmental Services consist of the following facilities: Desert Regional Center, Sierra Regional Center, and Rural Regional Center. The regional centers provide case management and service coordination, residential support, family support/respite, and jobs and day training services to individuals with developmental disabilities and related conditions. For the three regional centers budgets, the Legislature approved total funding of \$700.4 million for the 2023-25 biennium, an increase of 31.2% when compared to the \$533.7 million approved for the 2021-23 biennium. Of the total

funding, General Fund appropriations total \$334.1 million, an increase of \$64.4 million, or 23.9%, compared to the \$269.6 million approved for the 2021-23 biennium.

To improve recruitment and retention, the 2023 Legislature approved funding for a two-grade salary increase for Developmental Support Technician positions at the Desert Regional Center Intermediate Care Facility for Individuals with Intellectual Disabilities, as recommended by the Governor.

To increase the rates paid to providers of intellectual and developmental disabilities waiver services, including supported living arrangements and jobs and day training services, the legislatively approved budget for the 2023-25 biennium includes funding of \$105.7 million (\$58.1 million Medicaid reimbursements and \$47.6 million General Fund appropriations), as recommended by the Governor and adjusted for updated Federal Medical Assistance Percentage (FMAP) rate projections. The rate increases are effective July 1, 2023, with corresponding funding approved in the Medicaid budget.

Additionally, the Legislature approved funding totaling \$1.9 million (\$1.5 million General Fund appropriations) over the 2023-25 biennium to augment staffing across the three regional centers to provide additional expertise, oversight, and service coordination to support individuals with high-behavioral and complex needs, with the goal of keeping individuals in Nevada as an alternative to institutional care out of state. The funding supports two contracted Board Certified Behavior Analysts (one at Sierra Regional Center and one at Rural Regional Center) and nine new positions, including one Health Program Manager at Desert Regional Center and eight Developmental Specialists (one at Rural Regional Center, four at Desert Regional Center, and three at Sierra Regional Center) for the Youth Intensive Support Services program, as recommended by the Governor.

The Legislature also approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$16.6 million in FY 2024 and \$6.4 million in FY 2025 to continue previously approved funding in the Desert Regional Center budget to fund providers to diagnose children with neurodevelopmental disorders through the Grant A Gift Autism Foundation Ackerman Center (\$8.5 million total funding), and to recruit specialized service providers to operate intensive behavioral support homes to help individuals to remain in the state in community-based settings (\$14.5 million total funding).

Fiscal Intermediary Program: The Fiscal Intermediary Program provides aid to low-income families with children receiving developmental services to purchase specialized services to support successful integration into their community, such as behavior training, specialized day and after-school care and recreation programs, daily living skills training, and specialized therapeutic services not covered by health insurance. Rather than approving the Governor's recommendation to increase the Fiscal Intermediary Program allotment paid to qualifying families by \$200 per month, the Legislature approved increasing the allotment by \$229 (50.9%), from \$450 to \$679 per family per month, based on annual Consumer Price Index (CPI) increases from 2006 to 2023, funded with \$537,691 (\$378,869 General Fund appropriations) over the 2023-25 biennium.

Regional Centers Caseloads and Waitlists: The 2023 Legislature approved funding of \$74.0 million (\$37.5 million General Fund appropriations) over the 2023-25 biennium to support projected growth in the combined developmental services regional centers' monthly average caseload, which is projected to increase by 5.4%, from 7,664 clients in FY 2023 to 8,081 clients in FY 2025, based on agency projections as of March 2023. The funding supports projected caseload growth for supported living arrangements, family support/respite, and jobs and day training services, as well as elimination of the projected waitlist for those waiting for more than 90 days for a Medicaid waiver slot. The funding also supports a net increase of 20 positions and associated costs, including 19 new positions at Desert Regional Center (9 Developmental Specialists, 8 Administrative Assistants, 1 Developmental Specialist Supervisor, and 1 Mental Health Counselor), 3 new positions at Sierra Regional Center (2 Developmental Specialists and 1 Quality Assurance Specialist), and a net decrease of 2 positions (Developmental Specialists) at Rural Regional Center, to align staffing with projected caseload growth.

Additionally, the 2023 Legislature passed A.B. 259, which, among other things, requires providers of jobs and day training services to develop and submit a plan to the ADSD to transition persons earning less than the state minimum wage to earning at least the state minimum wage, by January 1, 2028. The legislation approved total funding of \$1.1 million (\$670,351 Medicaid reimbursements and \$395,729 General Fund appropriations) for the regional centers in FY 2025, for Medicaid program benefits counseling services to assist persons with intellectual or developmental disabilities in earning higher incomes while retaining their benefits and services.

### ***CONSUMER HEALTH ASSISTANCE***

The Office for Consumer Health Assistance assists Nevada consumers in navigating the health care system to understand patient rights and responsibilities, provides educational outreach regarding access to health care, responds to and investigates complaints regarding health care plans and policies, and assists in settling billing disputes between patients and hospitals. Primary funding sources include General Fund appropriations, hospital assessments, and charges for services.

The legislatively approved budget for the 2023-25 biennium includes total funding of \$3.3 million (General Funds of \$1.5 million). Of the total funding, the Legislature approved the Governor's recommendation for General Fund appropriations of \$81,000 in each fiscal year of the 2023-25 biennium to fund one-time costs for improvements to the Office for Consumer Health Assistance case management system.

Additionally, due to a shift in billable activities, the 2023 Legislature passed S.B. 497 and approved new arbitration charge revenue of \$364,232 and General Fund appropriations of \$84,833 over the 2023-25 biennium to replace revenue previously transferred from the Silver State Health Insurance Exchange, the Division of Public and Behavioral Health (DPBH) Health Care Facilities, and the DPBH Behavioral Health Prevention and Treatment budgets. To reduce the level of General Fund appropriations otherwise needed to support a portion of ongoing personnel and associated operating costs, the legislation authorizes

the agency to retain revenue collected to recover costs associated with certain arbitrator claims, beginning in FY 2023.

### ***EARLY INTERVENTION SERVICES***

Early Intervention Services identifies and assists infants and toddlers with, or who are at risk for, developmental delays. The program provides services and support to families with children from birth to age three who have known or suspected developmental delays in areas of cognition, communication, physical development (including vision and hearing), social and emotional development, and/or adaptive skills. The budget is funded with General Fund appropriations, federal Individuals with Disabilities Education Act Part C grant funds, and reimbursements from Medicaid and private medical insurance.

For the 2023-25 biennium, the Legislature approved \$92.0 million in total funding for Early Intervention Services, an increase of 12.3% when compared to the \$81.9 million approved for the 2021-23 biennium. Of the total funding, General Fund appropriations total \$78.6 million for the 2023-25 biennium, an increase of 17.8% when compared to the \$66.7 million approved for the 2021-23 biennium. The legislatively approved budget combines the state clinic and community providers caseload service cost categories, as recommended by the Governor, to eliminate the 50/50 split service delivery model and allow for flexibility and parent choice in selecting early intervention service providers.

The Legislature also approved the Governor's recommendation to increase the rate paid to Early Intervention Services community providers by 40.7% (\$229.88), from \$565 to \$794.88 per child per month, based on results of a rate study, funded with General Fund appropriations of \$10.2 million over the 2023-25 biennium. Additionally, to address access to care and meet service demands, the Legislature approved the Governor's recommendation to increase the monthly cost per child receiving state clinic-provided services by 8.3% (\$22.41), from \$270 to \$292.41 per child per month, funded with General Fund appropriations of \$1.0 million over the 2023-25 biennium.

Additionally, the Legislature approved net funding of \$1.2 million over the 2023-25 biennium, which includes General Fund appropriations of \$1.4 million and a decrease in other funds of \$117,382, to adjust caseload staffing and increase the monthly average caseload by 5.4%, based on March 2023 agency caseload projections, from 3,593 children in FY 2023 to 3,787 children in FY 2025. The adjustments include the elimination of 11 vacant Developmental Specialist positions to align with legislatively approved caseload staffing ratios.

### ***AUTISM TREATMENT ASSISTANCE PROGRAM***

The Autism Treatment Assistance Program assists parents and caregivers with the cost of providing autism-specific treatments to children diagnosed with autism spectrum disorder. The program provides temporary assistance and funding to pay for evidence-based treatment, such as applied behavior analysis. The budget is funded primarily with General Fund appropriations, federal Temporary Assistance for Needy Families funds, and Medicaid reimbursements.

For the 2023-25 biennium, the Legislature approved total funding of \$21.8 million for the Autism Treatment Assistance Program, which is an increase of 10.2% when compared to the \$19.8 million approved for the 2021-23 biennium. Approved General Fund appropriations total \$14.2 million for the 2023-25 biennium, an increase of 15.8% when compared to the \$12.3 million approved for the 2021-23 biennium.

To adjust caseload staffing, eliminate the projected waitlist, and increase the monthly average caseload by 24.3%, from 995 children in FY 2023 to 1,237 children in FY 2025, the Legislature approved net funding of \$2.1 million over the 2023-25 biennium, which includes General Fund appropriations of \$2.2 million and a decrease in federal funds of \$64,757. The adjustments include a net decrease of one vacant Developmental Specialist position, based on agency caseload projections as of March 2023 and legislatively approved staffing ratios. The Legislature also approved \$193,353 (\$158,768 General Fund appropriations) over the 2023-25 biennium for a new Psychological Development Counselor to provide clinical oversight and facilitate eligibility determinations, as recommended by the Governor.

### ***HOME AND COMMUNITY-BASED SERVICES***

The Home and Community-Based Services budget supports community-based services, such as the Community Options Program for the Elderly, Personal Assistance Services, and Home and Community-Based Services Waiver for the Frail Elderly and Physically Disabled programs, which assist seniors and people with severe disabilities who are ineligible for services through public entitlement programs or for whom services do not otherwise exist, in living as independently as possible. The ADSD incurs the personnel and operating costs related to overseeing and operating the federally funded Medicaid Home and Community-Based Waiver programs, which provide alternatives to nursing home placement for seniors at risk of institutionalization, while the Division of Health Care Financing and Policy has administrative authority, establishes policy, and pays for services for the waiver programs. The budget is funded primarily with General Fund appropriations and federal Title XIX Medicaid funds.

For the 2023-25 biennium, the Legislature approved total funding of \$46.4 million, a decrease of \$69.0 million, or 59.8%, compared to the \$115.4 million approved for the 2021-23 biennium. The General Fund portion totals \$34.0 million for the 2023-25 biennium, a decrease of \$23.2 million, or 40.6%, compared to the \$57.3 million approved for the 2021-23 biennium. The decrease in funding is primarily due to the Legislature's approval of the Governor's recommended budget reorganization, which transfers out 201 positions and associated costs and total funding of \$99.3 million (\$38.7 million General Fund appropriations) over the 2023-25 biennium from the Home and Community-Based Services budget to various ADSD budgets to group related activities, program services, and positions within the division, including three new standalone budgets for the Planning, Advocacy and Community Services unit; Adult Protective Services and Long-Term Care Ombudsman programs; and the Statewide Independent Living Council.

The 2023 Legislature also approved the Governor’s recommendation for \$1.8 million (\$1.6 million General Fund appropriations) over the 2023-25 biennium to change the funding source for 11 positions that were established during the 2021-22 Interim, from various federal American Rescue Plan Act grant funds to a combination of General Fund appropriations, federal grants, and Medicaid administrative funds, to continue the positions, including 3 unclassified Regional Coordinators, 1 unclassified Agency Manager, 3 Management Analysts, and 4 Social Services Program Specialists.

Community-Based Care Caseloads: The legislatively approved budget for the 2023-25 biennium includes caseload and staffing adjustments to align with projected growth and eliminate projected waitlists for community-based care services, including the Personal Assistance Services, Community Options Program for the Elderly, and the Medicaid Home and Community-Based Waiver Frail Elderly and Physically Disabled programs, based on March 2023 agency caseload projections, as shown in the following table.

<b>Community-Based Care Services Monthly Average Caseloads, 2023-25 Biennium</b>				
	<b>Actual FY 2022</b>	<b>Projected FY 2023</b>	<b>Projected</b>	
			<b>FY 2024</b>	<b>FY 2025</b>
Personal Assistance Services	103	117	139	145
<i>Annual Change</i>		14	22	6
Community Options Program for the Elderly	80	83	96	97
<i>Annual Change</i>		3	13	1
Home and Community-Based Waiver for the Frail Elderly	2603	2276	3519	3681
<i>Annual Change</i>		-327	1243	6
Disabled	1120	1076	1496	1626
<i>Annual Change</i>		-44	420	130

For the Community Options Program for the Elderly and Personal Assistance Services programs, the 2023 Legislature approved General Fund appropriations of \$1.3 million over the 2023-25 biennium to adjust caseload service costs. Additionally, staffing adjustments to align with caseload projections for community-based care services result in 37 new positions (27 in FY 2024 and 10 in FY 2025) and associated operating and equipment costs, including 17 Social Workers, 3 Social Work Supervisors, 3 Social Services Managers, 4 Social Services Program Specialists, and 10 Administrative Assistants. However, given high vacancy rates and potential challenges in filling all of the new positions, the Legislature approved funding of \$1.9 million (\$1.4 million General Fund appropriations) for staffing in FY 2024 and General Fund appropriations of \$2.4 million to the Interim Finance Committee Contingency Account for staffing in FY 2025, with direction to the agency to update the Interim Finance Committee on its efforts in hiring the new positions to demonstrate the need for the funding in FY 2025.

The 2023 Legislature also approved General Fund appropriations of \$2.3 million over the 2023-25 biennium to support the Governor’s recommendation to increase the rates paid to providers of personal care services to \$25 per hour, effective January 1, 2024. Additionally, to ensure that the increased rates benefit workers who provide direct care,

the Legislature included language in the 2023 Appropriations Act (S.B. 511, Section 67) requiring providers that receive the increased rate to pay direct care workers a wage of at least \$16 per hour and approved a new Management Analyst position to review compliance of the minimum wage requirement for direct care workers.

### ***FOCIS AND MFP***

The Facility Outreach and Community Integration Services (FOCIS) program offers a voluntary service to provide Medicaid recipients who are at risk or reside in an institution with a choice to seek an alternative to institutional placement. The Money Follows the Person (MFP) program provides eligible participants with the services, support, and assistance necessary to move back into the community. The programs coordinate efforts to transition individuals from institutional care to a home and community-based setting. The budget is funded with federal grant funds, Medicaid reimbursements, and General Fund appropriations.

The 2023 Legislature approved the Governor's recommendation to transfer the FOCIS and the MFP programs, including total funding of \$5.4 million (\$896,183 General Fund appropriations) over the 2023-25 biennium and 13 existing staff, from the Division of Health Care Financing and Policy to the Aging and Disability Services Division, in a new standalone budget, to facilitate coordination with other programs and improve outcomes for individuals served.

### ***PLANNING, ADVOCACY AND COMMUNITY GRANTS***

The Planning, Advocacy and Community Services Unit offers programs and supportive services to older adults, people with disabilities and family caregivers, including nutrition and home-delivered meals, assistive technology, transportation, preventive health, social services, and family caregiver support. The unit administers a variety of federal, state, and discretionary funding sources that support community-based services, as well as the Nevada 2-1-1 program, which provides information and referrals concerning health, welfare, human, and social services. The budget is funded primarily with federal funds, including Title III Older Americans Act grants, and General Fund appropriations.

The 2023 Legislature approved the Governor's recommendation to transfer the Planning, Advocacy and Community Services unit to a new standalone budget within the division, including total funding of \$88.9 million (\$17.4 million General Fund appropriations) over the 2023-25 biennium and 32 existing positions from various division budgets.

Of the total funding, the Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$19.8 million over the 2023-25 biennium to continue previously approved funding to establish a Caregiving Training Institute to address direct care workforce shortages (\$5.0 million); to increase the number of residential setting beds available for older adults and people with disabilities (\$4.0 million); to provide home-delivered meal services (\$2.9 million) and assistive technology, home modifications, and repairs to support independent living for targeted populations (\$2.1 million); to support telehealth training of health care providers to reduce obstacles to care (\$843,813) and a mobile respite program for caregiver respite services (\$1.8 million); to reduce waitlists and

expand capacity for chore assistance and other services to enable older adults and people with disabilities to live independently (\$1.6 million); and to support activities to expand access to care service navigation (\$1.6 million).

**ADULT PROTECTIVE SERVICES AND LONG-TERM CARE**

The Adult Protective Services program receives and investigates statewide reports of abuse, neglect, self-neglect, exploitation, isolation, and abandonment for vulnerable adults. The Long-Term Care Ombudsman program provides information about resident rights, quality of care, and quality of life to residents in nursing homes or other long-term care facilities and their family members, and receives and investigates complaints on behalf of residents. The programs are funded primarily with General Fund appropriations and federal grant funds.

The 2023 Legislature approved the Governor’s recommendation to transfer the Adult Protective Services and the Long-Term Care Ombudsman programs from the Home and Community-Based Services budget to a new standalone budget within the division, including total funding of \$32.8 million (\$24.1 million General Fund appropriations) over the 2023-25 biennium and 165 total positions, as adjusted based on March 2023 agency caseload projections, which are shown in the following table.

<b>Adult Protective Services and Long-Term Care Ombudsman Program Monthly Average Caseloads, 2023-25 Biennium</b>				
	<b>Actual FY 2022</b>	<b>Projected FY 2023</b>	<b>Projected</b>	
			<b>FY 2024</b>	<b>FY 2025</b>
Adult Protective Services	2206	2401	2556	2591
<i>Annual Change</i>		195	155	35
Long-Term Care Ombudsman	1147	1759	1813	1815
<i>Annual Change</i>		612	54	2

Staffing adjustments to align with projected caseload growth and establish new caseload positions, including case administrative and supervisory staff, result in 50 new positions (49 in FY 2024 and 1 in FY 2025) and associated operating and equipment costs to support the Adult Protective Services and the Long-Term Care Ombudsman programs, including 20 Adult Rights Specialists, 1 Adult Rights Supervisor, 4 Social Work Supervisors, 10 Social Services Program Specialists, and 15 Administrative Assistants. However, given high vacancy rates and potential challenges in filling all of the new positions, the Legislature approved funding of \$3.0 million (\$3.0 million General Fund appropriations and \$15,068 Medicaid reimbursements) for staffing in FY 2024 and General Fund appropriations of \$3.9 million to the Interim Finance Committee Contingency Account for staffing in FY 2025, with direction to the agency to update the Interim Finance Committee on its efforts in hiring the new positions to demonstrate the need for the funding allocation in FY 2025.

Additionally, to align the Adult Protective Services program staff compensation with other protective services positions in the state, the Legislature approved funding of \$370,066 (\$365,551 General Fund appropriations) over the 2023-25 biennium to reclassify 48 Social

Worker 2 positions to Social Worker 3 positions and 9 Social Work Supervisor 1 positions to Social Work Supervisor 2 positions, which is equivalent to a one-grade (approximately 5.0%) salary increase, as recommended by the Governor.

### ***STATEWIDE INDEPENDENT LIVING COUNCIL***

The Statewide Independent Living Council provides advocacy and support for independent living services and options designed to empower Nevadans with disabilities to live independently in the community. The council coordinates the development of the State Plan for Independent Living, which is a three-year plan for providing independent living services in the state, and is responsible for monitoring, reviewing, and evaluating implementation of the plan. The budget is funded primarily with federal Statewide Independent Living Services grant funds and General Fund appropriations.

The 2023 Legislature approved the Governor's recommendation to transfer the Statewide Independent Living Council, including total funding of \$876,848 (\$199,414 General Fund appropriations) over the 2023-25 biennium and two existing positions, from the Home and Community-Based Services budget to a new standalone budget within the division.

### **DIVISION OF HEALTH CARE FINANCING AND POLICY**

The mission of the Division of Health Care Financing and Policy (DHCFP) is to purchase and provide quality health care service to low-income Nevadans through the Medicaid and Nevada Check Up programs in the most efficient manner, promote equal access to health care at an affordable cost, restrain the growth of health care costs, and maximize the receipt of federal revenue for the provision of health care programs.

The 2023 Legislature approved \$14.176 billion in total funding for the division over the 2023-25 biennium (net of \$1.697 billion in interagency transfer revenues). The funding includes General Fund appropriations totaling \$2.532 billion. When compared to the \$2.114 billion appropriated for the 2021-23 biennium, the 2023 Legislature approved an increase of approximately \$418.0 million, or 19.8%, in General Fund appropriations to operate the division for the 2023-25 biennium.

### ***INTERGOVERNMENTAL TRANSFER PROGRAM***

The Intergovernmental Transfer Program budget collects funds from other governmental entities to be used as state matching funds for certain Medicaid expenditures, including a number of supplemental and directed payment programs, as well as services provided by local governmental entities. Funds are collected in the Intergovernmental Transfer Program budget and transferred to Medicaid for use as state matching funds for these programs. The intergovernmental transfer (IGT) payments made in excess of the required state match are used to offset General Fund appropriations for other Medicaid expenditures, referred to as the state net benefit.

- Disproportionate Share Hospital Program: The Disproportionate Share Hospital program provides payments to hospitals that have a disproportionate share of uncompensated costs due to services provided to indigent and uninsured persons in

comparison to other hospitals. The federal government provides a specific annual allotment of federal funds for each state for Disproportionate Share Hospital payments. Pursuant to *Nevada Administrative Code* (NAC) 422.105, Clark and Washoe counties are required to make IGT payments to the division in support of the Disproportionate Share Hospital program. Under NRS 428.285, revenue collected from a \$0.01 ad valorem tax on each \$100 of assessed value of taxable property is directed to the Intergovernmental Transfer Program budget, which, per NAC 422.105, is used as an offset to county contributions to the Disproportionate Share Hospital program.

The Legislature approved the Governor's recommendation to restructure the Disproportionate Share Hospital payment program resulting in \$129.5 million in reduced contributions from Clark County and Washoe County and federal Title XIX reductions of \$112.5 million over the 2023-25 biennium, limiting the program to revenues provided by a \$0.01 ad valorem tax on each \$100 of assessed value on taxable property. To offset the decrease in state net benefit associated with the program restructure, a General Fund appropriation increase of \$59.1 million over the 2023-25 biennium was approved in the Medicaid budget.

- Public Hospital Upper Payment Limit Programs: The Upper Payment Limit (UPL) programs provide for increased Medicaid reimbursements to county-owned hospitals for inpatient and outpatient services. Federal Medicaid law allows states the option of making supplemental payments to qualifying hospitals (county or municipal hospitals) for services provided to fee-for-service recipients up to the amount Medicare would pay for the same services, known as the UPL. The intent is to preserve access to inpatient hospitals for needy individuals by reimbursing qualifying hospitals for uncompensated or under-compensated care. Pursuant to interlocal agreements, counties make IGT payments to be used as state matching funds for UPL payments to their hospitals. Excess IGT payments are used to offset General Funds for other Medicaid expenditures.

The Legislature approved continuing the Public Hospital UPL program for the 2023-25 biennium. Participating hospitals are projected to receive payments of \$60.3 million in FY 2024 and \$59.7 million in FY 2025. The net benefit to counties (hospital payments less intergovernmental transfer payments) is projected to total \$31.6 million for FY 2024 and \$30.7 million for FY 2025, while the estimated net benefit to the state is \$5.9 million for FY 2024 and \$5.6 million for FY 2025.

- Practitioner UPL Program: The Practitioner UPL program provides supplemental payments to the University of Nevada, Reno School of Medicine; the University of Nevada, Las Vegas School of Medicine, and School of Dental Medicine; and the University Medical Center (UMC) in recognition of the gap between Medicaid reimbursement and the average private insurance reimbursement for the same services (primarily outpatient services). In the 2023-25 biennium, supplemental payments are projected to total \$2.5 million each fiscal year of the 2023-25 biennium. The net benefit to the participating entities (payments less intergovernmental transfer

payments) is projected to total \$1.4 million in FY 2024 and \$1.3 million in FY 2025, and the estimated state net benefit is \$146,784 in FY 2024 and \$144,802 in FY 2025.

- Graduate Medical Education Program: The Graduate Medical Education program provides supplemental payments to teaching hospitals to recognize the higher cost of providing medical care in a teaching environment. Pursuant to interlocal agreements, teaching hospitals provide intergovernmental transfer payments to support the state match for this program. In the 2023-25 biennium, Graduate Medical Education supplemental payments are projected to be \$33.7 million in FY 2024 and \$33.4 million in FY 2025. The net benefit to the counties (hospital payment less intergovernmental transfer payment) is projected to total \$18.9 million in FY 2024 and \$17.3 million in FY 2025. The Graduate Medical Education state net benefit is estimated at \$2.1 million in FY 2024 and \$2.9 million in FY 2025.
- Private Hospital Collaborative UPL Program: The intent of the program is to preserve access to inpatient hospital services for needy individuals. The Director's Office transfers funding to the DHCFP from savings realized in other departmental budgets to provide the state share of the supplemental payments.

The 2023 Legislature approved the Governor's recommendation to continue the Private Hospital Collaborative UPL program in the 2023-25 biennium. Participating hospitals are projected to receive payments totaling \$20.8 million in FY 2024 and \$20.9 million in FY 2025. The state net benefit from the Private Hospital Collaborative UPL, which is budgeted in the Director's Office for reversion to the General Fund and Fund for a Healthy Nevada rather than as an offset to General Fund in the Medicaid budget, is estimated at \$2.5 million in FY 2024 and \$2.2 million in FY 2025.

- Indigent Accident Fund Upper Payment Limit Program: The intent of the program is to preserve access to inpatient hospital services for needy individuals. The state share of supplemental payments is funded through monies collected by the Director's Office in the Indigent Hospital Care budget, including property tax levies and unmet free care obligation funding collected from hospitals pursuant to NRS 439B.340, and transferred to the DHCFP.

The 2023 Legislature approved the Governor's recommendation to continue the Indigent Accident Fund Upper Payment Limit program in the 2023-25 biennium. Participating hospitals are projected to receive supplemental payments of \$70.2 million in FY 2024 and \$66.1 million in FY 2025, with a state net benefit of \$56,306 each fiscal year.

- Managed Care Organization Directed Payment Program: The managed care organization (MCO) Directed Payment Program was implemented January 1, 2020, as an alternative to the previous enhanced MCO payment program, which was discontinued effective December 31, 2019, in response to federal requirements. The MCO Directed Payment Program provides enhanced reimbursements to

hospitals for services provided to Medicaid recipients with the state share of payments provided through county intergovernmental transfers.

The 2023 Legislature approved the continuation of the MCO Directed Payment Program in the 2023-25 biennium. Eligible hospitals are projected to receive \$125.3 million in FY 2024 and \$120.0 million in FY 2025. The net benefit to the participating entities (payments less intergovernmental transfer payments) would total \$79.6 million in FY 2024 and \$74.9 million in FY 2025. The state net benefit associated with the MCO Directed Payment Program is estimated to total \$14.6 million in FY 2024 and \$14.0 million in FY 2025.

The Legislature also approved the Governor's recommendation to increase the share of Federal Medical Assistance Percentage claiming provided to Clark County, from 60.0% to 87.5%, resulting in \$3.6 million in decreased intergovernmental transfer revenue received from Clark County and an offsetting increase of \$3.6 million in General Fund appropriations in the Medicaid budget over the 2023-25 biennium.

### ***HEALTH CARE FINANCING AND POLICY ADMINISTRATION***

The Administration budget provides the administrative staff and the support services for the division, which include administration, accounting, budgeting, personnel, rates, compliance, utilization review, surveillance, privacy, recipient rights, provider enrollment, and information technology. For the 2023-25 biennium, the 2023 Legislature approved funding totaling \$449.0 million (net of \$18.8 million in interagency transfer revenues), a 22.2% increase from the \$367.5 million approved for the 2021-23 biennium. Of the total amount approved for the 2023-25 biennium, \$75.8 million is General Fund appropriations, a 36.2% increase when compared to the \$55.7 million in General Fund appropriations approved for the 2021-23 biennium.

The Legislature did not approve the Governor's recommendation to eliminate all revenues and expenditures associated with dedicated support for the Public Option. Instead, the Legislature approved General Fund appropriations of \$3.7 million in FY 2024 and \$1.3 million in FY 2025 to continue support for the Public Option, including five associated positions, in a dedicated Public Option budget to isolate program operations from Medicaid and Check Up programs housed in the Medicaid Administration budget.

Additionally, the Legislature approved preparatory activities related to the statewide expansion of the Medicaid managed care program totaling \$3.8 million (\$1.9 million General Fund) over the 2023-25 biennium, including two positions and contractual expenditures.

The Legislature approved personnel changes totaling \$50,991 (\$582,904 General Fund) over the 2023-25 biennium, including the elimination of a net 11 positions previously funded with federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds, and the addition of 11 new positions. New position additions include 5 positions to support the private hospital provider tax program (4 of which were included in The Executive Budget), 1 position to support third-party liability, 1 fair hearing support

position, 2 tenancy support positions, and 2 positions to support the expansion of the Certified Community Behavioral Health Center program.

The Legislature approved \$551,337 (\$275,668 General Fund) over the 2023-25 biennium, not included in the Governor's recommended budget, to fund one unclassified Agency Manager position to support compliance activities, one Social Services Manager position to support behavioral health initiatives, and associated expenditures, beginning October 2023.

The Legislature also approved \$335,152 (\$167,577 General Fund) over the 2023-25 biennium, not included in the Governor's recommended budget, to support two Management Analyst positions and associated expenditures to manage compliance related to the \$16 minimum wage requirement for personal care services direct care staff.

The Legislature approved \$1.0 million (\$500,000 General Fund) each fiscal year of the 2023-25 biennium, not included in the Governor's recommended budget, to provide dedicated waiver support personnel and/or contractual expenditures.

Finally, the Legislature approved \$5.0 million (\$2.8 million General Fund) over the 2023-25 biennium to support implementation and ongoing costs of an all-payer claims database.

#### ***INCREASED QUALITY OF NURSING CARE***

The Increased Quality of Nursing Care budget is responsible for establishing a provider tax program that encompasses all freestanding, private, long-term care facilities in Nevada. *Nevada Revised Statutes* 422.3755-379 stipulates that funding received via the provider tax, which is used to match federal Title XIX funds, must be applied to increasing reimbursement rates and cannot be used to replace existing state expenditures paid to long-term care facilities. Approved provider tax revenues collected in this budget total \$43.1 million in FY 2024 and \$43.6 million in FY 2025.

Additionally, the Legislature directed the agency to seek federal approval to increase the reimbursement rate associated with nursing facility supplemental payments and approved the inclusion of \$9.3 million in additional federal funding in the Medicaid budget each fiscal year of the 2023-25 biennium to provide enhanced compensation to nursing facility providers.

#### ***IMPROVE HEALTH CARE QUALITY AND ACCESS***

The Improve Health Care Quality and Access budget was approved by the 79<sup>th</sup> Legislature (S.B. 509, [2017]), codified as NRS 422.37945, and authorized the Division of Health Care Financing and Policy to administer a provider tax program on personal care services agencies and operators of medical facilities that voluntarily elect to participate in the program.

The Legislature approved the Governor's recommendation, as adjusted, of a new private hospital provider tax and budget. The new budget includes private hospital provider tax revenue of \$572.3 million and transfers to the Medicaid budget totaling \$405.4 million to fund the non-federal share of supplemental and directed payments totaling \$1.059 billion. Additionally, the Legislature approved transfers to the Medicaid Administrative budget to fund administrative activities, including five positions and associated expenditures, totaling \$886,272 over the 2023-25 biennium.

### ***NEVADA CHECK UP PROGRAM***

The Balanced Budget Act of 1997 created the State Children's Health Insurance Program under Title XXI of the Social Security Act to enable states to initiate and expand health care coverage targeted to low-income and uninsured children. The Nevada Check Up (Check Up) program is approved as a combination program that covers children ages birth through 18 years from families with income up to 205.0% of the federal poverty level. Eligible enrollees pay quarterly premiums ranging from \$0 to \$80 based on their income level and family size. Services are provided under a managed care arrangement with participating managed care organizations in Clark and Washoe counties and on a fee-for-service basis in areas of the state where a managed care network does not exist.

In total, the Legislature approved funding net of interagency transfers for the Check Up program totaling \$100.0 million for the 2023-25 biennium, which is \$13.2 million, or 11.6%, less than the \$113.2 million approved for the 2021-23 biennium. Of the total amount approved for the 2023-25 biennium, \$24.7 million is General Fund appropriations, a 3.1% decrease from the \$25.5 million in General Fund appropriations approved for the 2021-23 biennium.

The division reprojected the Check Up caseload in March 2023 based on actual caseload data through February 2023. The Legislature approved additional funding totaling \$2.0 million (\$504,101 General Fund) to support average monthly Check Up caseloads of 23,394 in FY 2024 and 24,445 in FY 2025, from actual caseloads of 23,114 in FY 2022 and projected average caseloads of 22,075 in FY 2023.

Provider Rate Changes: The 2023 Legislature approved mandatory and discretionary rate increases consistent with the actions taken when closing the Medicaid budget. The Legislature approved funding decreases totaling \$2.1 million (\$573,324 General Fund reductions) over the 2023-25 biennium for mandatory rate changes for managed care organizations, Rural Health Centers, Federally Qualified Health Centers, and prescription drug inflation.

The Legislature additionally approved discretionary rate increases, consistent with the Medicaid budget, to increase provider rates for physicians, dentists, and Advanced Practice Registered Nurses totaling \$1.3 million (\$358,382 General Fund) beginning January 1, 2024.

Consistent with the Medicaid budget, the Legislature did not approve the Governor's recommendation to generally decrease Applied Behavior Analyst rates to match the

median comparable rates provided by other states. Instead, the Legislature approved \$3,494 (\$942 General Fund) over the 2023-25 biennium to support changes to only those Applied Behavior Analysis rates recommended to increase relative to the median rate of comparable states beginning July 2023.

Also, consistent with the Medicaid budget, the Legislature approved an expansion in the Certified Community Behavioral Health Center program totaling \$294,619 (\$80,129 General Fund) over the 2023-25 biennium, as well as elimination of biofeedback and neurotherapy services totaling reductions of \$17,708 (\$4,830 General Fund decrease) over the 2023-25 biennium.

### ***NEVADA MEDICAID, TITLE XIX***

Medicaid is the state-administered program for medical assistance established in 1965 with passage of Title XIX of the Social Security Act. The Medicaid program purchases or provides medical services for low-income persons who meet certain eligibility criteria. Under federal Medicaid law, certain eligibility groups and benefits must be covered by states; however, states are given discretion and flexibility to determine additional categories of benefits and the eligibility groups their Medicaid programs will cover. Nevada Medicaid covers low-income individuals, families, the elderly, and the disabled, and has adopted optional benefit packages to be covered under its state plan.

For the 2023-25 biennium, the 2023 Legislature approved net funding totaling \$11.676 billion, a 19.4% increase from the \$9.776 billion approved for the 2021-23 biennium. Of the total amount approved for the 2023-25 biennium, \$2.427 billion is General Fund appropriations, a 19.4% increase from the \$2.033 billion in General Fund appropriations approved for the 2021-23 biennium.

Medicaid Caseload: The division reprojected the Medicaid caseload and expenditures in March 2023 based on actual caseload data through February 2023. The rejections, which considered the most recent caseload and cost per eligible data, were used as a guide to adjust the Medicaid budget, as recommended by the Governor. The 2023 Legislature approved funding totaling \$548.7 million (\$89.6 million General Fund appropriation) to support the revised Medicaid caseload and cost per eligible projections based on the February 2023 actual caseload. The Medicaid average monthly caseload was projected to increase from 846,042 in FY 2022 to 876,789 in FY 2024 and decrease to 845,877 in FY 2025.

Waiver Caseload: The Legislature approved the Governor's recommendations, based on revised March 2023 caseload projections, including \$79.6 million (\$11.0 million General Fund, \$6.4 million county funds) over the 2023-25 biennium, to increase waiver slots for the state's three approved Medicaid home and community-based waiver programs. Waiver slot increases include 687 slots for the Waiver for Individuals with Intellectual Disabilities and Related Conditions, 461 slots for the Waiver for Persons with Physical Disabilities, and 1,228 slots for the Waiver for the Frail Elderly to serve projected caseloads and reduce waitlists to under 90 days.

Medicaid waiver programs allow recipients who would otherwise likely be institutionalized to receive long-term care services in home and community-based settings.

Federal Medical Assistance Percentage: The federal government pays states for a specified percentage of Medicaid program expenditures known as the FMAP rate. The standard FMAP rate for each state is calculated annually based on a three-year average of the state per capita income compared to the national average per capita income. The remainder of Medicaid program expenditures, the state share, is funded by General Fund appropriations, intergovernmental transfers, local governmental expenditures, and provider taxes.

The Families First Coronavirus Response Act authorized a temporary 6.2 percentage point increase in the standard FMAP rate for quarters in which a public health emergency was in effect, as declared by the federal government, which was available until March 31, 2023. Through passage of the Consolidated Appropriations Act, 2023, beginning April 1, 2023, the enhanced FMAP rate decreased to 5.0 percentage points. The enhanced FMAP rate then decreased to 2.5 percentage points on July 1, 2023, to 1.5 percentage points on October 1, 2023, and will completely sunset on January 1, 2024. The following table outlines the FMAP rates as legislatively approved, including updated projections as provided by the April 5, 2023, Federal Funds Information for States Issue Brief:

Blended FMAP Rates								
Comparison of Governor Recommends and April 2023 Update								
FMAP Type	Actual		Gov. Rec.		Updated		Variance	
	FY 2022	FY 2023	FY 2024	FY 2025	FY 2024	FY 2025	FY 2024	FY 2025
Standard FMAP	68.97%	68.54%	62.24%	61.57%	62.24%	60.75%	-	-0.82%
Newly Eligible FMAP	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%	-	-
Check Up Enhanced FMAP	78.28%	77.98%	73.57%	73.10%	73.57%	72.53%	-	-0.57%

Mandatory Provider Rate and Inflationary Changes: The 2023 Legislature approved federally-mandated provider rate and inflationary changes for managed care capitation rates, dental capitation rates, Rural Health Centers, Federally Qualified Health Centers, Indian Health Services, prescription drugs, and hospice services, based on inflation projected by Moody’s Analytics in February 2023, at a total cost of \$189.0 million (\$80.6 million General Fund) over the 2023-25 biennium.

Discretionary Provider Rate Increases: The Legislature approved an adjusted \$235.0 million (\$54.0 million General Fund) over the 2023-25 biennium to fund discretionary rate increases including:

- 5.0% for physicians and dentists
- An increase to \$25 per hour for personal care service providers
- An average 26.9% rate increase for providers of services to individuals with intellectual or developmental disabilities, including adjustments to adjust the start date to July 2023

- Increases to Advanced Practice Registered Nurses and Certified Nurse Midwives to equal the rate paid to physicians

Additionally, the Legislature approved \$25.3 million (\$6.2 million General Fund) over the 2023-25 biennium to provide a 10.0% increase to skilled nursing facility providers, an increase from 5.0% as recommended by the Governor.

The Legislature approved \$11.4 million (\$2.8 million General Fund) over the 2023-25 biennium to fund an approximate 51.0% increase to Frail Elderly waiver residential facility for group providers and an approximate 98.0% increase to Frail Elderly waiver assisted living facility provider types not included in the Governor's recommended budget.

The Legislature also approved \$6.7 million (\$2.2 million General Fund) over the 2023-25 biennium to fund a 15.0% increase for home health providers beginning January 1, 2024, including private duty nurses, not included in the Governors' recommended budget.

The Legislature did not approve the Governor's recommendation to generally decrease Applied Behavior Analyst rates to match the median comparable rates provided by other states. Instead, the Legislature approved an increase of \$419,677 (\$161,166 General Fund) over the 2023-25 to support changes to only those Applied Behavior Analysis rates recommended to increase relative to the median rate of comparable states, beginning July 1, 2023. No Applied Behavior Analysis rates were decreased.

Service Expansions: As recommended by the Governor, the Legislature approved service expansions totaling an adjusted \$27.9 million (\$5.4 million General Fund) over the 2023-25 biennium to support wearable cardiovascular defibrillators, dental services for individuals with intellectual or developmental disabilities age 21 and over, and six additional Certified Community Behavioral Health Centers.

The Legislature approved expanding eligibility for pregnant women with incomes up to 200.0% of the federal poverty level, totaling \$37.3 million (\$14.5 million General Fund) over the 2023-25 biennium, as well as the elimination of neurotherapy and biofeedback services totaling reductions of \$7.1 million (\$2.5 million General Fund reduction) over the 2023-25 biennium.

### ***PRESCRIPTION DRUG REBATE***

The 2023 Legislature approved the Governor's recommendation to continue the standalone Prescription Drug Rebate budget as originally approved by the 2021 Legislature. Prescription drug rebates are collected in this budget and transferred to the Medicaid budget to offset medical service costs. Fiscal Years 2024 and 2025 amounts totaling \$416.3 million were approved for each year, mirroring the FY 2022 actual prescription drug rebates received.

## **DIVISION OF PUBLIC AND BEHAVIORAL HEALTH**

The Division of Public and Behavioral Health (DPBH) is broadly dedicated to improving the health and wellness of Nevadans. Its programs address infectious, chronic, and mental illnesses and public health hazards. The division has 29 legislatively approved budgets of which 20 serve primarily Public Health functions and 9 serve Behavioral Health functions.

The 2023 Legislature approved \$1.013 billion in total funding (net of interagency transfers) for the DPBH for the 2023-25 biennium, with approved General Fund appropriations of \$359.5 million. In comparison, the legislatively approved amount for the 2021-23 biennium was \$944.1 million, with \$305.1 million in General Fund appropriations. The total approved funding increased by \$68.7 million, or 6.8%, primarily due to increases in General Fund appropriations and Telecom fees.

### **PUBLIC HEALTH**

The Public Health function of the division seeks to ensure the health and wellness of Nevadans through the design and implementation of regulations; the collection, analysis, and provision of data and information; and, in some instances, the facilitation of direct service provision. The Public Health function's net funding totals \$520.7 million over the 2023-25 biennium, of which \$34.0 million, or 6.5%, consists of General Funds. The primary sources of funding are federal grant funds, which contribute \$327.0 million, or 62.8% of total revenues, over the 2023-25 biennium to Public Health budgets, and other funds, primarily license and other fee-generated revenues, which account for \$116.3 million, or 22.3% of total revenues.

Within the Division of Public and Behavioral Health, the 2023 Legislature approved a one-grade salary increase for Correctional Lieutenant positions, a two-grade increase for Correctional Sergeant positions, a two-grade increase for Forensic Specialist positions, and a two-grade increase for Senior Correctional Officer positions.

### ***FAMILY PLANNING***

The Family Planning budget was established in accordance with S.B. 94 of the 2019 Legislative Session, which provides grant awards to local governmental entities and nonprofit organizations to provide family planning services or pay for family planning services that are provided by, or contracted by, an Executive Branch agency. The family planning services are intended for all persons who would otherwise have difficulty obtaining such services.

As recommended by the Governor, the 2023 Legislature approved the transfer of the Family Planning budget, totaling \$5.3 million in General Fund appropriations over the 2023-25 biennium, from the Department of Health and Human Services, Director's Office to the Division of Public and Behavioral Health, to align similar services and programs.

### ***HEALTH STATISTICS AND PLANNING***

The Office of Vital Records serves as the state's official, permanent custodian of original documents, which includes issuing certified birth and death certificates and maintaining

and protecting all vital records, including corrections and amendments to legal documents. This office participates in the National Vital Statistics System and responds to the data statistical needs of federal, state, and county agencies.

The 2023 Legislature approved the Governor's recommendation to reduce program reserves by \$343,282 over the 2023-25 biennium to support the conversion of five contract positions and associated expenditures to full-time positions, including one Accounting Assistant, one Administrative Assistant, and three Management Analysts, to provide administrative support due to increased workload.

### ***ENVIRONMENTAL HEALTH SERVICES***

Environmental Health Services is dedicated to protecting public health by issuing permits, educating business, and enforcing Nevada Law in the following areas: food protection, bottled water, cosmetics, public accommodations, recreational vehicle parks, public bathing and swimming waters, institutional environmental health, onsite septic systems, and invasive body decoration.

The 2023 Legislature approved the Governor's recommendation to eliminate one vacant full-time Environmental Health Specialist position and one vacant part-time Administrative Assistant position, and associated costs, in the base budget, with an offsetting increase to reserve levels of \$109,005 in FY 2024 and \$223,297 in FY 2025 to address solvency concerns.

The Legislature also approved the Governor's recommendation to eliminate two vacant full-time Environmental Health Specialist positions and associated costs, with an offsetting increase to reserve levels of \$359,281 and a reduction of federal revenue by \$21,337 over the 2023-25 biennium, because of the decreased workload associated with the new Central Nevada Health District.

### ***HEALTH CARE FACILITIES REGULATION***

The mission of the Health Care Quality and Compliance (HCQC) program is to protect the health and welfare of the public through licensure, regulation, enforcement, and education of various types of health facilities. The division has an agreement with the Centers for Medicare and Medicaid Services to inspect facilities that receive Medicare and/or Medicaid reimbursements, as well as laboratories that must conform to the Clinical Laboratory Improvement Amendments. The program also conducts complaint investigations regarding medical facilities and coordinates with other oversight bodies such as the Board of Medical Examiners and the Board of Pharmacy.

The 2023 Legislature approved the receipt of \$8.0 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds over the 2023-25 biennium to continue support of the Nurse Apprenticeship program.

### ***HEALTH INVESTIGATIONS AND EPIDEMIOLOGY***

The Health Investigations and Epidemiology budget, previously known as Biostatistics and Epidemiology, conducts disease surveillance, investigates disease outbreaks, and provides timely and relevant data and statistics to supportive public health stakeholders through the Office of Public Health Informatics and Epidemiology. The Office records and analyzes reportable disease information, analyzes data from disease investigations, identifies risk factors, provides education and recommendations on disease prevention, and works with appropriate agencies to enforce communicable disease laws.

The 2023 Legislature approved \$6.4 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds over the 2023-25 biennium to continue genomic infectious disease tracking and the Public Health Infrastructure Workforce Pipeline project, which includes a reserve category for the Public Health Infrastructure Workforce Pipeline project totaling \$2.4 million, projected to be needed in the 2025-27 biennium.

### ***OFFICE OF HEALTH ADMINISTRATION***

The Office of Health Administration provides support services to program areas through fiscal management, information technology services, and human resources management. The office also provides support services to the State Board of Health and Commission on Behavioral Health.

The 2023 Legislature approved the Governor's recommendation to fund four new full-time positions and associated expenditures, which includes three Information Technology Professional positions to support the division's information technology security hardware and software, as well as other hardware and software applications, and one Personnel Analyst to support administrative/personnel investigations for the division, totaling \$593,497 in cost allocation reimbursement charges and \$197,589 in reserve reductions over the 2023-25 biennium.

### ***COMMUNITY HEALTH SERVICES***

Community Health Services provides public health services in rural communities, which include public health preparedness, epidemiology assistance, and public health nursing services. Essential public health nursing services include adult and child immunizations; early periodic screening diagnosis and treatment examinations; lead testing; family planning; cancer screening; and identification/treatment of communicable diseases such as tuberculosis, sexually transmitted infections, and human immunodeficiency virus.

The Legislature approved \$6.1 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds over the 2023-25 biennium to support reproductive health programs, which includes an American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds reserve category to reserve reproductive health program expenditures totaling \$2.8 million, projected to be needed in the 2025-27 biennium.

## ***PUBLIC HEALTH IMPROVEMENTS***

The 2023 Legislature approved the creation of the Public Health Improvements budget to account for the revenues and expenditures for the Public Health System program initially established through federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds. As approved by the Interim Finance Committee at its August 17, 2022, meeting, the program was created to support local and regional public health investments by providing subawards to local public health agencies. To support the continuation of the Public Health System Program, the 2023 Legislature approved the transfer of \$17.1 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Fund authority over the 2023-25 biennium from the Office of Health Administration budget.

The Legislature also approved S.B. 118 which, among other things, removed the requirement that two counties must be physically adjacent in order to create a health district, and appropriated \$15.0 million in General Funds in FY 2025 to the Division of Public and Behavioral Health for allocations to specified health entities for the improvement of public health.

## **BEHAVIORAL HEALTH**

The Behavioral Health programs of the division function as a direct services provider of last resort for Nevadans with severe mental illnesses and co-occurring conditions. Services include psychiatric assessments, case management, residential supports, mobile crises, mental-health court, hospitalization, forensic assessment and hospitalization, and outpatient clinical services provided in both rural and urban areas.

The nine Behavioral Health budget accounts are predominantly funded with General Fund appropriations, which makes up \$325.5 million, or 66.1%, of the Behavioral Health budgets' total funding of \$492.1 million over the 2023-25 biennium.

## ***SOUTHERN NEVADA ADULT MENTAL HEALTH SERVICES***

Southern Nevada Adult Mental Health Services (SNAMHS) provides inpatient and outpatient psychiatric counseling, behavioral health treatment, and justice-involved diversion programs for individuals with serious mental illness. The SNAMHS campus is on West Charleston Boulevard in Las Vegas and includes the Rawson-Neal Psychiatric Hospital and Stein Hospital forensic facility.

The 2023 Legislature approved \$3.4 million in General Fund appropriations over the 2023-25 biennium to fund the conversion of 12 intermittent Forensic Specialist positions to full-time state positions, 1 licensed Psychologist, 1 contract Forensic Psychiatrist, and associated costs, to support forensic bed capacity at Stein Forensic Facility.

As recommended by the Governor, the 2023 Legislature approved \$7.6 million in General Fund appropriations over the 2023-25 biennium to fund 37 new positions, including 21 Forensic Specialists, 16 Psychiatric Nurses, and associated expenditures, to support clients for the 30 forensic bed expansion of the Rawson-Neal Psychiatric Hospital D-Pod Unit scheduled to open July 1, 2023.

The Legislature also approved \$598,437 in General Fund appropriations over the 2023-25 biennium, as recommended by the Governor, to fund one contract Psychiatrist position for the medication clinic services.

Additionally, the 2023 Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$9.4 million in FY 2024 and \$10.1 million in FY 2025 to support the Las Vegas Jail Renovation and associated positions. The Legislature also approved an American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds reserve category to reserve Forensic Las Vegas Jail Renovation expenditures totaling \$23.2 million, projected to be needed in the 2025-27 biennium.

Finally, the Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds totaling \$4.8 million in FY 2024 to fund the renovation of the Stein Forensic Facility and \$10.0 million in FY 2024 for the Recuperative Care Center project.

### ***NORTHERN NEVADA ADULT MENTAL HEALTH SERVICES***

Northern Nevada Adult Mental Health Services provides numerous services, including psychiatric evaluations, medication and case management, residential housing and support services, justice involved diversion programs, and mobile crisis and outreach services. At the Dini-Townsend Hospital, psychiatric and psychological services are provided to the seriously mentally ill population in Northern Nevada.

The 2023 Legislature approved a reduction of \$446,093 in General Fund appropriations over the 2023-25 biennium resulting from projected caseload decreases, including the elimination of three full-time Psychiatric Caseworker positions and associated expenditures.

### ***CRISIS RESPONSE***

The Crisis Response budget was created to establish a hotline for behavioral health crisis (988), provide a support center to respond to the crisis calls, and establish mobile crisis teams. The Crisis Response budget collects a surcharge from each access line of each customer of a company that provides communication services, and the funds support the operations of the behavioral health crisis hotline.

The 2023 Legislature approved \$28.2 million in Telecom fees over the 2023-25 biennium to continue the three-digit 988 crisis hotline program, which includes changes to the funding source of one existing full-time Clinical Program Planner position and associated expenditures totaling \$157,636, grant awards totaling \$14.4 million, and \$13.7 million in Telecom fees to be placed into a reserve category.

The Legislature also approved the Governor's recommendation of \$1.5 million in new Telecom fees for ten new full-time positions (one Health Program Manager, three Health Program Specialists, two Management Analysts, one Public Information Officer, one Quality Assurance Specialist, one Accounting Assistant, and one Administrative

Assistant), and associated expenditures, to support the National Suicide Prevention Lifeline program.

Additionally, the Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$2.0 million in FY 2024 for crisis counselors for the Nevada Resilience project; \$3.3 million in FY 2024 for the 988 Crisis Call Center and Care Traffic Control Hub; \$19.8 million over the 2023-25 biennium to fund the Crisis Stabilization Centers; and \$3.9 million in FY 2024 for the Crisis Triage, Residential Treatment, and Inpatient Care Services.

### ***BEHAVIORAL HEALTH ADMINISTRATION***

The Behavioral Health Administration budget provides leadership, oversight, and support for all behavioral health programs. The primary source of funding for this budget is cost allocation reimbursement charges paid by the division's behavioral health budgets.

The 2023 Legislature approved \$319,032 in cost allocation reimbursement charges and Medicaid administration charges for one full-time Administrative Service Officer position and associated costs to support the financial administration of behavioral health programs.

### ***BEHAVIORAL HEALTH PREVENTION AND TREATMENT***

The Behavioral Health Prevention and Treatment budget is the designated single agency for the purposes of applying for and expanding the federal Substance Abuse Prevention and Treatment Block Grant dollars from the Substance Abuse and Mental Health Services Administration. As the Substance Abuse Prevention and Treatment agency, this budget program is not responsible for direct service delivery, but distributes state and federal grant funding, creates and implements statewide plans for substance abuse services, and develops standards for certification of programs and services.

The Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$74,972 in FY 2024 to continue grants to Moxy Up for staffing to assist middle and high school youth, \$1.8 million in FY 2024 to continue the Assertive Community Treatment and Forensic Assertive Community Treatment programs, and \$964,276 in FY 2024 for the newborn screening panel to include a voluntary opioid exposure test.

### ***LAKES CROSSING CENTER***

The Lakes Crossing Center provides statewide forensic mental health services in a maximum security facility to mentally disordered offenders who are referred from the court system to restore competency or who require mental health services in a secure setting.

The 2023 Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$783,475 in FY 2024 and \$592,616 in FY 2025, based on updated projections, to continue support for the replacement of security camera and door access control systems.

## **DIVISION OF WELFARE AND SUPPORTIVE SERVICES**

The Division of Welfare and Supportive Services is responsible for administering the delivery of cash grants and food stamps, enforcing child support, administering employment and training programs for welfare recipients, distributing child care funding, and determining eligibility for Nevada's Medicaid program. The 2023 Legislature approved total funding of \$869.5 million (net of \$258.4 million in interagency transfer revenues) for the division over the 2023-25 biennium, which is an increase of \$182.0 million, or 26.5%, from the \$687.5 million legislatively approved for the 2021-23 biennium. General Fund support totals \$222.4 million over the 2023-25 biennium, which is an increase of \$19.0 million, or 9.3%, compared to the General Fund support of \$203.4 million approved for the 2021-23 biennium.

### ***WELFARE ADMINISTRATION***

The Welfare Administration budget supports the administrative staff that provides oversight to the various programs administered by the division. The budget also includes support resources utilized by, and provided to, the division's field staff for the operation of the various programs under the division's jurisdiction.

The 2023 Legislature approved a budget amendment to eliminate the Governor's original recommendation to fund 34 new positions in this budget, based upon projected changes in the division's caseloads, which resulted in reductions totaling \$6.8 million (\$2.5 million General Fund) over the 2023-25 biennium. The 34 positions were considered duplicative of the positions included in various other recommendations approved in this budget. Additionally, the 2023 Legislature approved total funding of \$375,581 (\$152,735 General Fund) over the 2023-25 biennium, as recommended by the Governor, for 1 new IT Professional position, as well as costs for 1 contracted IT Programmer position to support the division's IT security compliance activities. To improve the division's program monitoring and compliance, the Legislature concurred with the Governor's recommendation for 1 new Social Services Program Specialist position and associated costs totaling \$168,001 over the 2023-25 biennium.

To support the division's Fiscal Administration Unit, the 2023 Legislature approved total funding of \$1.3 million (\$511,679 General Fund) over the 2023-25 biennium for seven new full-time positions and associated costs, as recommended by the Governor, to address additional workload associated with increases in federal funding, subawards, contracts, and reporting requirements. The Legislature also approved the Governor's recommendation for total funding of \$1.5 million (\$314,988 General Fund) over the 2023-25 biennium for seven new IT-related positions and associated costs to improve the agency's capacity for IT-related strategic planning and oversight. The Legislature further concurred with the Governor and approved total funding of \$309,723 (\$125,254 General Fund) over the 2023-25 biennium for one new unclassified Deputy Division Administrator position and associated costs to provide dedicated, ongoing support to the agency's various IT, fiscal administration, and human resources-related operations.

As recommended by the Governor, the 2023 Legislature approved funding for the support of three technology modernization projects for the 2023-25 biennium in the Administration budget as follows:

- NVKIDS - The Legislature approved total funding of \$7.0 million (\$2.4 million General Fund appropriations and \$4.6 million federal Child Support Enforcement funds) over the 2023-25 biennium for 18 new permanent IT-related positions, 7 contracted IT staff, and associated costs, to support and maintain the Child Support Enforcement program's replacement system, NVKIDS. This funding is in addition to the one-time appropriation and authorization to the Child Support and Enforcement Program budget approved in A.B. 512.
- Nevada Operations of Multi-Automated Data System (NOMADS) - The Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds System Modernization reserve reductions totaling \$37.5 million over the 2023-25 biennium for licensing and contract costs associated with continuing the modernization of the division's main eligibility and case management system, known as NOMADS. The NOMADS modernization project was initially approved during the 2021-22 Interim by the Interim Finance Committee.
- Access Nevada – The Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds reserve reductions totaling \$12.5 million over the 2023-25 biennium for contract costs associated with continuing the modernization of the agency's client-facing single web portal, known as Access Nevada. The Access Nevada modernization project was initially approved during the 2021-22 Interim by the Interim Finance Committee.

#### ***TEMPORARY ASSISTANCE FOR NEEDY FAMILIES***

The Temporary Assistance for Needy Families (TANF) budget provides funding for cash assistance for eligible recipients, which is time limited; supports the employment and training programs and services administered by the division to help clients prepare for and find work; and provides services for families and individuals to support and maintain self-sufficiency.

Federal funding to support the TANF program is allocated to states in the form of a block grant that is capped and covers cash assistance, work support, and employment programs, as well as the administrative costs associated with providing these services. The federal government has provided states the flexibility to design their own TANF self-sufficiency programs for welfare recipients in conformance with the capped funding, time limitations on program eligibility, and work requirements. The TANF program requires work in exchange for time-limited assistance. The TANF program provides financial assistance on a temporary basis to needy families so dependent children can be cared for in their own home or in the home of a relative. The 2023 Legislature approved the following decisions regarding funding, caseloads, and cash assistance grants:

- **Funding:** Nevada is budgeted to continue to receive an annual TANF block grant award of approximately \$43.8 million in each fiscal year of the 2023-25 biennium. In addition, the state funds the federal TANF maintenance of effort requirements through General Fund appropriations. Consistent with the actual maintenance of effort funding level for FY 2022, the 2023 Legislature approved total TANF maintenance of effort funding of \$27.2 million in each fiscal year of the 2023-25 biennium. Of this total, \$24.6 million is appropriated to the TANF budget; while the remaining \$2.6 million is appropriated to the Child Care Assistance and Development budget to meet the maintenance of effort for both the TANF block grant and the Child Care Development Fund grant.
- **Caseloads:** The 2023 Legislature approved an updated TANF Cash Assistance caseload of 15,929 average monthly recipients in FY 2024, a decrease of 2,011 recipients compared to the projected caseload of 17,940 average monthly recipients originally recommended by the Governor. Additionally, the Legislature approved an updated caseload of 15,902 average monthly recipients in FY 2025, a decrease of 2,001 recipients compared to the projected caseload of 17,903 average monthly recipients originally recommended by the Governor.
- **Cash Assistance Grants:** As a result of the caseload projections above, the 2023 Legislature approved total funding of \$53.3 million for cash assistance grants over the 2023-25 biennium. The Legislature approved the Governor's recommendation to retain cash assistance grants at existing levels, which includes monthly cash assistance grants for a three-person household of \$386 for a TANF recipient without a public housing allowance and \$538 for non-needy caretakers. It also includes cash assistance grants for recipients in the Kinship Care program up to \$401 for a single child 12 years of age and under and up to \$463 for a child 13 years of age or older.

### ***WELFARE FIELD SERVICES***

The Welfare Field Services budget provides for the salaries, operating expenses, and support costs for staff that determine eligibility for TANF, the Supplemental Nutrition Assistance Program and Medicaid programs, as well as the staff that supports the employment and training education programs administered by the division. For the 2023-25 biennium, the agency anticipates the ability to address any workload increases associated with caseload changes through existing authorized positions. Accordingly, the 2023 Legislature approved the Governor's recommendation for a budget amendment to remove the caseload-related decision unit originally recommended in this budget, resulting in the restoration of 43 positions and revenues totaling \$5.7 million (\$688,035 General Fund) over the 2023-25 biennium.

### ***CHILD SUPPORT ENFORCEMENT PROGRAM***

The Child Support Enforcement Program (CSEP) provides the following five basic services: location of absent parents, establishment of parentage, establishment of child support orders, collection of support payments, and enforcement of private medical

insurance. In Nevada, the CSEP is administered by the Division of Welfare and Supportive Services and jointly operated by the division and county district attorneys. The CSEP budget is partially funded with a portion of the child support collections that the state is allowed to retain, which has historically provided the match for federal Title IV-D funds. The 2023 Legislature approved revenues totaling \$16.5 million in FY 2024 and \$16.6 million in FY 2025 to support the CSEP budget.

In addition, the 2023 Legislature approved A.B. 512 which, among other purposes, provides one-time funding of \$48.3 million (\$16.4 million in General Funds and \$31.9 million in federal funds) over the 2023-25 biennium, as recommended by the Governor, for costs associated with the replacement of the automated processing system for child support enforcement. The modernization of the system was approved to better satisfy federal and state processing mandates and to upgrade aging software.

### ***CHILD ASSISTANCE AND DEVELOPMENT***

The Child Assistance and Development budget provides for child care-related expenditures for TANF recipients; former TANF recipients; non-TANF eligible clients who are at risk of losing employment due to a lack of assistance with child care; and low-income, non-TANF eligible clients. The 2023 Legislature approved the Governor's recommendation to continue General Fund support of \$2.6 million annually for the Child Assistance and Development budget, which is the minimum required level of maintenance of effort for TANF funds in this budget. In addition to the General Fund appropriation for the maintenance of effort, the agency utilizes certified matching funds from outside child care entities in lieu of a state hard-dollar cash match for the TANF budget.

Due to projected changes in average monthly child care assistance caseloads, the 2023 Legislature approved net reductions in federal Child Care Discretionary Fund grant revenues totaling \$1.8 million in FY 2024 and \$631,199 in FY 2025 when compared to projections originally included in the Governor's recommended budget for the 2023-25 biennium. The caseload is projected to increase from 6,663 actual average monthly clients in FY 2022 to 8,558 average monthly clients in FY 2025, a 28.4% increase.

The 2023 Legislature also approved federal Child Care and Development Fund Block Grant funds totaling \$2.3 million over the 2023-25 biennium for nine new positions and associated costs to support the agency's child care service centers. The nine new positions include one Social Services Chief, four Social Services Program Specialists, one Public Information Officer, and three Administrative Assistants. In addition, the Legislature approved federal block grant funds of \$961,978 over the 2023-25 biennium for five new positions and associated costs to improve the agency's strategic planning and programmatic oversight capabilities. The five new positions include two Management Analysts and three Social Services Program Specialists.

To continue the modernization of the agency's child care case management system to automate processes, increase reporting capabilities, and create efficiencies for the existing system that was developed in 2007, the 2023 Legislature approved the Governor's recommendation for a combination of federal Child Care and Development

Fund Block Grant funds (\$4.5 million) and federal Child Care Mandatory Matching grant funds (\$1.5 million) totaling \$6.0 million over the 2023-25 biennium. This modernization project, which was initially approved by the 2021 Legislature, is estimated to be fully implemented by March 31, 2025.

The 2023 Legislature also approved an increase of TANF Block Grant funds totaling \$20.0 million over the 2023-25 biennium in the Child Assistance and Development budget to fund increased child care subsidy capacity for the TANF New Employees of Nevada program. With the additional allocation of TANF Block Grant funds, the agency projects to serve approximately 1,100 children per year on the New Employees of Nevada and At-Risk caseloads, with priority given to the New Employees of Nevada caseload. To address changes in the administrative cost allocations for the division due to the increased allocation of TANF Block Grant funds, the 2023 Legislature approved additional General Fund appropriations of \$1.5 million in each fiscal year of the 2023-25 biennium to the division's Administration and Welfare Field Services budgets.

The 2023 Legislature further approved additional Child Care and Development Fund Block Grant revenues totaling \$809,275 over the 2023-25 biennium for five new Facility Surveyor positions and associated costs to address the needs of the growing early childhood care community and additional workload associated with an increase in the number of complaints filed requiring investigation. Finally, the 2023 Legislature approved the transfer of the Child Care Service budget from the Division of Public and Behavioral Health to the Division of Welfare and Supportive Services to consolidate all child care-related programs under one division. This budget provides funding for licensing, monitoring, and technical assistance to child care facilities that are not licensed by a local government jurisdiction.

### ***ENERGY ASSISTANCE PROGRAM***

The Energy Assistance Program assists eligible Nevada citizens in meeting their home heating and cooling needs. The program provides payments for eligible households, which can be either applied to the heating provider, the cooling provider, or split between the two. Funding for the Energy Assistance Program is provided by the federal Low Income Home Energy Assistance Program block grant and Universal Energy Charges from the Fund for Energy Assistance and Conservation.

To align funding with projected caseloads, the 2023 Legislature approved net funding increases totaling \$5.6 million in FY 2024 and \$21.2 million in FY 2025 for the Energy Assistance Program. The \$21.2 million increase in FY 2025 is partially due to the inadvertent exclusion of certain caseload-related costs from the Governor's recommended budget. While the number of average monthly households participating in the Energy Assistance Program is projected to increase to 2,228 in FY 2024 and to 2,292 in FY 2025, when compared to the FY 2022 actuals, the average monthly Energy Assistance Program payment is budgeted to decrease to \$1,193 in each fiscal year of the 2023-25 biennium, when compared to the FY 2022 actual average monthly Energy Assistance Program payment of \$1,334, which included a supplemental payment from the federal American Rescue Plan Act funds. The budgeted average monthly payment

of \$1,193 in each fiscal year of the 2023-25 biennium excludes any potential supplemental payments, which the agency may consider issuing on an annual basis based on factors such as available funding and the number of households on the program.

### **DIVISION OF CHILD AND FAMILY SERVICES**

The Division of Child and Family Services provides an array of services to children and adolescents and is organized into four major program areas: residential services, community services, quality and oversight, and administration. The division is responsible for child protective and child welfare service delivery in rural Nevada and oversight of urban county-operated child protective and child welfare services programs; children's mental/behavioral health treatment and residential services in urban Nevada; and statewide juvenile justice services, including state-operated youth training centers and youth parole.

The 2023 Legislature approved General Fund appropriations totaling \$352.9 million for the 2023-25 biennium, which is an increase of \$71.7 million, or 25.5%, from the \$281.2 million approved for the 2021-23 biennium. The Legislature approved total funding of \$651.0 million for the 2023-25 biennium (net of interagency transfers), which is an increase of \$56.6 million, or 9.5%, from the \$594.4 million approved for the 2021-23 biennium.

### ***CHILDREN, YOUTH AND FAMILY ADMINISTRATION***

The Legislature approved \$132,617 (\$78,008 General Fund) over the 2023-25 biennium to fund one Family Services Specialist for the Title IV-E eligibility unit, which determines Title IV-E eligibility for the Rural Child Welfare budget and ensures that youth are enrolled in Medicaid. Senate Bill 380 (2023) delays the start date of the Extended Young Adult Support Services Program from July 1, 2023, to July 1, 2025, and provides funding to enable the division, including the child welfare agencies, to begin staffing up to support the program. This funding includes \$49,232 in General Fund appropriations in FY 2025 to support an additional Family Services Specialist effective January 1, 2025.

Additionally, the Legislature approved the Governor's recommendations to transfer funds out of the Children, Youth, and Family Administration budget to establish two new budgets. The Legislature approved the transfer out of \$31.5 million in federal grant funds over the 2023-25 biennium to consolidate the victims' services programs in a new Victims Services budget, and approved the transfer out of \$24.0 million (\$3.9 million General Fund) over the 2023-25 biennium to consolidate family support services in a new Family Support Program budget including 38 positions in the Family Support Program Office.

### ***VICTIMS SERVICES***

As recommended by the Governor, the 2023 Legislature approved the creation of a new budget through the transfer of \$31.5 million in federal funds over the 2023-25 biennium to consolidate victim support services in a new Victims Services budget. The two ongoing

federal grants in the Victims Services budget include the Victims of Crime Act Assistance Fund and the Family Violence and Prevention Services Act grant.

### **WASHOE COUNTY CHILD WELFARE**

The Washoe County Child Welfare budget represents the state's share of costs for child welfare services in Washoe County. The 2023 Legislature approved General Fund appropriations of \$19.8 million and \$20.0 million for FY 2024 and FY 2025, respectively. The 2023 Legislature continued the policy of funding child welfare through the block grant mechanism, allowing flexibility for Washoe County to expend the funds as needed with no requirement to revert unspent monies.

The Washoe County Child Welfare budget also funds categorical grants to support adoption caseload growth and respite services, and any unspent categorical funds for those purposes revert to the General Fund. The 2023 Legislature approved reductions totaling \$178,766 (\$76,998 General Fund) over the 2023-25 biennium based upon projected adoption subsidy caseload reductions.

The Legislature also approved \$3.2 million (\$2.2 million General Fund) over the 2023-25 biennium to fund statewide foster care rate increases for Family Foster Care, Advanced and Specialized Foster Care, Kinship Guardianship, and Court Jurisdiction programs, as recommended by the Governor.

The Legislature did not approve the Governor's recommendation of \$1.1 million (\$458,156 General Fund) to extend foster care subsidies for youth who remain in state custody from ages 18 to 21, nor did it approve \$23,587 (\$15,443 General Fund) to apply the recommended foster care rate increases to this new population as a result of the agency indicating that the program would not be eligible for Title IV-E matching funding. Additionally, Washoe County indicated that it would not be ready to implement the program July 1, 2023. Instead, S.B. 380 (2023) provides \$276,861 in General Fund appropriations in FY 2025 to allow Washoe County Child Welfare to begin filling five county positions for a new implementation date for the Extended Young Adult Support Services Program of July 1, 2025, .

Additionally, A.B. 255 was passed by the 2023 Legislature and provides funding of \$749,794 (\$323,185 General Fund) for Washoe County Child Welfare to extend adoption subsidies for a child with special needs, who is enrolled in high school, until the child graduates high school or reaches 19 years of age, whichever comes first.

Lastly, the Legislature approved \$1.3 million in General Fund appropriations over the 2023-25 biennium to offset a scheduled decrease in the Federal Medical Assistance Percentage (FMAP) rate, as recommended by the Governor, to support the adoption subsidy categorical grant. The Federal Families First Coronavirus Response Act authorized a 6.2 percentage point increase to the FMAP rate in response to the pandemic; however, this enhanced rate sunsets January 1, 2024.

### ***CLARK COUNTY CHILD WELFARE***

The Clark County Child Welfare budget represents the state's share of costs for child welfare services in Clark County. The 2023 Legislature approved General Fund appropriations of \$68.9 million and \$70.5 million for FY 2024 and FY 2025, respectively. The 2023 Legislature continued the policy of funding child welfare through the block grant mechanism, allowing flexibility for Clark County to expend the funds as needed with no requirement to revert unspent monies.

The Clark County Child Welfare budget also funds categorical grants to support adoption caseload growth and respite services, and any unspent categorical funds for those purposes revert to the General Fund. The 2023 Legislature approved increases totaling \$6.7 million (\$2.8 million General Fund) over the 2023-25 biennium based upon projected adoption subsidy caseload increases.

The 2023 Legislature approved \$20.1 million (\$13.9 million General Fund) over the 2023-25 biennium to fund statewide foster care rate increases for Family Foster Care, Advanced and Specialized Foster Care, Kinship Guardianship, and Court Jurisdiction programs, and \$12.7 million (\$8.6 million General Fund) over the 2023-25 biennium to fund additional Advanced and Specialized Foster Care rate increases, as recommended by the Governor.

For the same reasons discussed in the Washoe County Child Welfare budget, the Legislature did not approve the Governor's recommendation of \$2.2 million (\$1.6 million General Fund) to extend foster care subsidies for youth who remain in state custody from ages 18 to 21, nor did it approve \$156,190 (\$87,103 General Fund) to apply the recommended foster care rate increases to this new population, also recommended by the Governor. Instead, S.B. 380 (2023) provides \$886,126 in General Fund appropriations in FY 2025 to allow Clark County Child Welfare to begin filling 15 county positions for a new implementation date for the Extended Young Adult Support Services Program of July 1, 2025.

Additionally, A.B. 255 was passed by the 2023 Legislature and provides funding of \$2.7 million (\$1.1 million General Fund) for Clark County Child Welfare to extend adoption subsidies for a child with special needs, who is enrolled in high school, until the child graduates high school or reaches 19 years of age, whichever comes first.

Lastly, the Legislature approved \$7.2 million in General Fund appropriations over the 2023-25 biennium to offset a scheduled decrease in the Federal Medical Assistance Percentage (FMAP) rate, as recommended by the Governor, to support the adoption subsidy categorical grant. The Federal Families First Coronavirus Response Act authorized a 6.2 percentage point increase to the FMAP rate in March 2020 in response to the pandemic, however, this enhanced rate sunsets on January 1, 2024.

### ***RURAL CHILD WELFARE***

The Rural Child Welfare budget contains all positions and associated costs for the division's rural child welfare responsibilities, including foster care placements, subsidized

adoptions, and higher-level placements for the rural region. The Legislature approved \$48.3 million (net of interagency transfers) including General Fund appropriations of \$12.1 million and \$12.5 million for FY 2024 and FY 2025, respectively.

The 2023 Legislature approved \$956,054 (\$662,549 General Fund) based upon projected caseload increases in the Adoption subsidies, Family Foster Care, Advanced and Specialized Foster Care, Kinship Guardianship, and Court Jurisdiction programs.

Additionally, the 2023 Legislature approved \$2.1 million (\$1.6 million General Fund) over the 2023-25 biennium to fund statewide foster care rate increases for Family Foster Care, Advanced and Specialized Foster Care, Kinship Guardianship, and Court Jurisdiction programs.

The 2023 Legislature did not approve the Governor's recommendation of \$56,442 (\$43,126 General Fund) to extend foster care subsidies for youth who remain in state custody from ages 18 to 21, nor did it approve \$14,470 (\$11,066 General Fund) to apply the recommended foster care rate increases to this new population, as recommended by the Governor. Instead, S.B. 380 (2023) provides \$162,683 in General Fund appropriations in FY 2025 to allow a community partner of Rural Child Welfare to begin filling three sub-awarded positions for a new implementation date for the Extended Young Adult Support Services Program of July 1, 2025.

Additionally, A.B. 255 was passed by the 2023 Legislature and provides funding of \$298,701 (\$128,794 General Fund) for Rural Child Welfare to extend adoption subsidies for a child with special needs, who is enrolled in high school, until the child graduates high school or reaches 19 years of age, whichever comes first.

Lastly, the 2023 Legislature approved \$372,300 (\$285,038 General Fund) over the 2023-25 biennium to fund contract services to provide high-acuity services to Specialized Foster Care youth at a rate of \$340 per day, as recommended by the Governor.

### ***JUVENILE JUSTICE SERVICES***

The Juvenile Justice Services budget allocates federal funds and General Funds to judicial districts for community-based delinquency prevention programs while serving as the division's centralized juvenile justice administration budget. The 2023 Legislature approved the transfer of \$2.3 million in General Fund appropriations over the 2023-25 biennium to transfer 11 Mental Health Counselors and 1 Substance Abuse Counselor from the Southern Nevada Child and Adolescent Services budget, and the transfer of \$303,289 in General Fund appropriations over the 2023-25 biennium to transfer 1 Director of Nursing position from the Summit View Youth Center budget to the Juvenile Justice Services budget as part of an administrative reorganization.

The 2023 Legislature approved funding for a one-grade salary increase for the Criminal Investigator position within the Juvenile Justice Services budget.

### ***FAMILY SUPPORT PROGRAM***

The 2023 Legislature approved the transfer of total net funding of \$38.4 million (\$3.4 million General Fund) over the 2023-25 biennium, including a net transfer in of 38 positions in the Family Support Program Office from the Children, Youth, and Family Administration budget to the new Family Support Program budget. The budget transfer also includes \$200,000 in Title IV-B II funds in each fiscal year of the 2023-25 biennium from the Rural Child Welfare budget to support the Kinship Navigator program to consolidate family support services in one budget.

### ***YOUTH ALTERNATIVE PLACEMENT***

The Youth Alternative Placement budget serves as a pass-through account to provide funding to the China Spring Youth Camp (Boys) and Aurora Pines (Girls) in Douglas County and the Spring Mountain Youth Camp in Clark County. These camps provide residential treatment programs to youth who have been adjudicated delinquent by Nevada courts. County participation fees represent assessments collected from all Nevada counties, except Clark County, for the operation of the China Spring Youth Camp and Aurora Pines, while General Funds are provided to both county facilities to support operating costs.

The 2023 Legislature approved \$3.6 million in General Funds, \$4.4 million in County Participation funds, and an allocation of \$797,698 in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds over the 2023-25 biennium to restore state funding in the Youth Alternative Placement budget to FY 2021 levels.

### ***SUMMIT VIEW YOUTH CENTER***

The Summit View Youth Center is a physically secure, male juvenile justice facility for serious and chronic offenders located in North Las Vegas. The 2023 Legislature approved total General Fund appropriations of \$8.1 million and \$8.3 million for FY 2024 and FY 2025, respectively.

The 2023 Legislature approved funding for a one-grade salary increase for the Correctional Lieutenant position, as well as a two-grade salary increase for Correctional Sergeant positions at Summit View Youth Center.

### ***CALIENTE YOUTH CENTER***

The Caliente Youth Center is a staff-secure, minimum-security juvenile justice facility located in Caliente, Nevada, and is the only state-operated facility that accepts female youth. The 2023 Legislature approved General Fund appropriations totaling \$8.9 million in FY 2024 and \$9.7 million in FY 2025.

The 2023 Legislature approved a reduction of \$3.2 million (\$3.1 million General Fund) over the 2023-25 biennium to reduce capacity at Caliente Youth Center from 112 beds to 80 beds through the elimination of 19 Group Supervisor 2 positions and associated expenditures, as recommended by the Governor.

### ***YOUTH PAROLE SERVICES***

The Nevada Youth Parole Bureau is charged with providing supervision and case management services to delinquent youth committed to the state correctional facilities. The Bureau also provides transitional services, treatment placement and residential placement of youth who are transitioning from these correctional placements into the community. The 2023 Legislature approved General Fund appropriations totaling \$3.5 million in each fiscal year of the 2023-25 biennium.

The 2023 Legislature approved funding for a one-grade salary increase for Youth Parole Counselor positions, as well as a one-grade salary increase for Unit Manager positions of the Youth Parole Bureau.

### ***NORTHERN NEVADA CHILD AND ADOLESCENT SERVICES***

Northern Nevada Child and Adolescent Services provides a continuum of mental health services to emotionally disturbed children, adolescents, and their families. Psychiatric services are provided to children through early childhood mental health, mobile crisis, outpatient, and residential services. Inclusive of interagency transfers of \$6.9 million in FY 2024 and \$5.7 million in FY 2025, the 2023 Legislature approved total funding of \$12.6 million in FY 2024 and \$13.2 million in FY 2025, including General Fund appropriations of \$5.0 million and \$6.7 million for FY 2024 and FY 2025, respectively.

The 2023 Legislature approved \$1.3 million in General Fund appropriations and \$8,723 in federal Medicaid reimbursement to fund the addition of seven permanent positions and associated expenditures for the Mobile Crisis Response Team program, as recommended by the Governor.

Additionally, the 2023 Legislature approved \$1.6 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds in FY 2024, as recommended by the Governor, to continue funding for Mobile Crisis Response positions at the Washoe County School District, to continue funding for Public Service Intern positions, and to continue funding for early childhood day treatment program services for children with severe emotional disturbance.

Lastly, the 2023 Legislature approved a net funding reduction of \$17,680 (\$1.4 million General Fund increase) in FY 2025 to change the funding source from federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds to \$1.4 million in General Fund appropriations and \$260,639 in Medicaid reimbursement funds, to continue 22 positions that were added during the 2021-23 biennium, and to add 1 Accounting Assistant, as recommended by the Governor.

### ***SOUTHERN NEVADA CHILD AND ADOLESCENT SERVICES***

Southern Nevada Child and Adolescent Services provides a comprehensive continuum of behavioral health care services for emotionally disturbed children and adolescents from birth through 18 years of age. Programs include outpatient counseling, day treatment, residential treatment homes, and inpatient psychiatric hospital services at Desert Willow

Treatment Center. Inclusive of interagency transfers of \$23.5 million in FY 2024 and \$17.1 million in FY 2025, the 2023 Legislature approved total funding of \$43.5 million in FY 2024 and \$38.1 million in FY 2025, including General Fund appropriations of \$15.6 million and \$19.2 million for FY 2024 and FY 2025, respectively.

The 2023 Legislature approved \$1.8 million (\$1.7 million General Fund) to fund nine positions and associated expenditures, including eight positions for the Southern Nevada Child and Adolescent Services Mobile Crisis Response Team program and one new Accounting Assistant, as recommended by the Governor.

Additionally, the 2023 Legislature approved \$2.4 million in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds in FY 2024, as recommended by the Governor, to continue funding for the Mobile Crisis Response positions at the Clark County School District, to continue funding for Public Service Intern positions, and to continue funding for early childhood day treatment program services for children with severe emotional disturbance.

The 2023 Legislature also approved a net funding increase of \$337,549 (\$2.5 million General Fund) in FY 2025 to change the funding from federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds to \$2.5 million General Fund appropriations and \$184,374 in Medicaid reimbursement funds to continue 25 positions that were added in the 2021-23 biennium and to add 5 new Accounting Assistants, as recommended by the Governor.

Through two budgetary actions, the Governor recommended funding to staff the Desert Willow Treatment Center at a full capacity of 54 beds. First, the Legislature approved the Governor's recommendation to transfer 22 positions, funded with \$3.6 million (\$1.7 million General Fund) from the Northern Nevada Child and Adolescent Services budget effective July 1, 2023. The Governor also recommended the addition of 56 new positions to staff the facility starting October 1, 2023. However, a previously approved hardening project for the facility is scheduled to occur from February 2024 to March 2025, which will necessitate one unit of 10 beds be held vacant for the duration of the project. The agency indicated with one unit vacant, 23 positions would not be needed during the project. Accordingly, the Legislature approved \$6.8 million (\$3.3 million General Fund) to fund 33 positions to support a capacity of 44 beds until March 2025, and to fund 56 positions for a capacity of 54 beds starting in March 2025, which resulted in a \$1.2 million General Fund savings. The Legislature approved the placement of these funds in the Interim Finance Committee's Contingency Account as a restricted allocation available to the agency if the need to add positions can be demonstrated.

### ***VICTIMS OF CRIME***

The Victims of Crime program provides financial assistance to eligible victims who sustain injuries in a violent crime committed in Nevada. The Victims of Crime program pays hospital bills, medical and dental treatment, mental health counseling, lost wages, funeral costs, and other crime-related expenses. Historically, the budget has been primarily

funded through court administrative assessment fee revenue and federal Victims of Crime Act, Victim Compensation grant funds.

The 2023 Legislature approved \$6.5 million in General Fund appropriations to replace court administrative assessment fees of \$2.1 million and to provide \$4.4 million of additional General Fund support to the budget, with a corresponding \$2.1 million reduction in court administrative assessment revenue, as recommended by the Governor.

The 2023 Legislature also approved \$243,959 (\$213,724 General Fund) to support one new Crime Victim Compensation Specialist and one new Administrative Assistant for the Victims of Crime program, as recommended by the Governor.

To fund a projected federal grant shortfall, the Governor's Finance Office submitted a budget amendment. The Legislature approved the budget amendment but added federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$138,136 in FY 2024 and \$437,210 in FY 2025 to increase the Victims Payments expenditure category to the three-year average.

Lastly, as passed by the Legislature and approved by the Governor, A.B. 257 specifies that if a domestic violence battery by strangulation crime occurs, the county in which it occurs must pay for a strangulation forensic medical examination on behalf of the victim. The counties may seek reimbursement from the state to the extent that this funding is available. Section 3.5 provides \$2.2 million in General Fund appropriations to the Victims of Crime budget over the 2023-25 biennium to reimburse counties for such costs.

## **DEPARTMENT OF EMPLOYMENT, TRAINING AND REHABILITATION**

The Department of Employment, Training and Rehabilitation (DETR) facilitates the training and stability of a qualified workforce to support a growing and diverse economy and enforces rules that protect citizens from workplace and personal discrimination. The department is the lead state agency responsible for the administration of the Workforce Innovation and Opportunity Act (WIOA) in Nevada and consists of the Director's Office and centralized administrative services, the Employment Security Division, the Rehabilitation Division, the Research and Analysis Bureau, Information Development and Processing, the Nevada Equal Rights Commission, and the Governor's Office of Workforce Innovation.

Funding for the department includes, but is not limited to, federal funds from the U.S. Department of Labor; the U.S. Department of Education; the Social Security Administration; unemployment insurance tax ranging from 0.25% to 5.40% of taxable wages, paid by Nevada employers; an additional surcharge of 0.05% of taxable wages earmarked for the Career Enhancement Program; and penalties and interest collected from employers for nonpayment or late payment of unemployment insurance contributions. Additionally, General Fund appropriations are provided to the Equal Rights Commission, the Rehabilitation Division, and the Governor's Office of Workforce Innovation.

For the 2023-25 biennium, total funding approved for the department is \$455.5 million (net of \$163.6 million in interagency transfer revenues), which is an increase of \$79.2 million, or 21.0%, compared to the total legislatively approved funding of \$376.4 million for the 2021-23 biennium (net of interagency transfers). The increase is primarily due to increased balance forward revenue and wage assessment revenue in the Employment Security Division.

### **REHABILITATION DIVISION**

The Rehabilitation Division includes an administrative budget; the Bureau of Vocational Rehabilitation, which provides vocational rehabilitation services leading to employment for persons with disabilities; the Bureau of Services to the Blind and Visually Impaired, which provides vocational rehabilitation services leading to employment and independent living services to eligible individuals with blindness and visual impairments; the Bureau of Disability Adjudication, which makes medical determinations of eligibility for Social Security Administration disability benefit payment programs; and the Blind Business Enterprise program, which provides blind individuals seeking self-sufficiency the opportunity to operate snack bars and vending operations in federal, state, and municipal buildings statewide.

#### ***VOCATIONAL REHABILITATION AND SERVICES TO THE BLIND OR VISUALLY IMPAIRED***

The 2023 Legislature approved General Fund appropriations of \$126,637 and federal Section 110 grant funds of \$467,892 over the 2023-25 biennium for three new Program Officer positions and two new Workforce Services Representative positions in the Bureau of Vocational Rehabilitation budget.

In addition, the 2023 Legislature approved federal Social Security Administration funds totaling \$481,249 over the 2023-25 biennium in the Bureau of Vocational Rehabilitation and Bureau of Services to the Blind or Visually Impaired budgets for a new disability benefits website, as recommended by the Governor.

### **EMPLOYMENT SECURITY DIVISION**

The Employment Security Division is responsible for the administration of the Unemployment Insurance program and numerous state- and federally-funded workforce investment programs that seek to connect Nevada employers with a skilled and qualified workforce.

#### ***OFFICE OF WORKFORCE INNOVATION***

Through the passage of A.B. 428, the 2023 Legislature approved General Fund appropriations of \$620,896 over the 2023-25 biennium for two new Management Analyst positions and operating costs to develop and implement a new Career Pathways Demonstration program.

***EMPLOYMENT SECURITY - SPECIAL FUND***

The 2023 Legislature approved reserve reductions of \$3.6 million to continue funding 60 intermittent positions in the Unemployment Insurance budget through FY 2024 to address the backlog in processing unemployment benefits claims.

To continue the unemployment insurance system modernization, the 2023 Legislature approved budgeting \$20.4 million in FY 2024 and \$23.6 million in FY 2025 in federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds in a special use category.

**ADMINISTRATIVE SERVICES**

The 2023 Legislature approved cost allocation revenue of \$188,333 over the 2023-25 biennium for one new Management Analyst position to oversee the department's grants, as recommended by the Governor.

# Public Safety

---

The Public Safety function consists of agencies that generally promote safety, provide law enforcement, and protect the public and community throughout the state. The Department of Motor Vehicles, Department of Public Safety (including the Nevada Highway Patrol and the Division of Parole and Probation), Peace Officers' Standards and Training Commission, and the Department of Corrections comprise the Public Safety function.

The 2023 Legislature approved General Fund appropriations for the Public Safety function totaling \$799.8 million for the 2023-25 biennium, an increase of 3.9% when compared to General Fund appropriations of \$769.7 million approved by the 2021 Legislature for the 2021-23 biennium. Highway Fund support, as approved by the 2023 Legislature, totals \$326.5 million for the 2023-25 biennium, which represents an increase of 5.0% when compared to the Highway Fund support of \$310.9 million approved for the 2021-23 biennium by the 2021 Legislature. Amounts approved by the 2023 Legislature from all funding sources total \$1.542 billion for the 2023-25 biennium (less interagency transfers and one-time appropriations), an increase of 1.3% when compared to the \$1.523 billion of total funding approved for the 2021-23 biennium by the 2021 Legislature.

## **PEACE OFFICERS' STANDARDS AND TRAINING COMMISSION**

The Peace Officers' Standards and Training Commission establishes minimum professional standards for training and certification of peace officers within the state. The agency provides basic law enforcement academies, certifies, and monitors continuing education courses and audits other law enforcement academies. The 2023 Legislature approved total funding of \$4.7 million over the 2023-25 biennium, a 15.2% decrease when compared to the \$5.5 million approved for the 2021-23 biennium by the 2021 Legislature.

The 2023 Legislature approved changing the primary funding source from Court Assessments to General Fund, resulting in a reduction of \$4.6 million in Court Assessment revenue with a corresponding increase in General Fund appropriations over the 2023-25 biennium.

## **DEPARTMENT OF CORRECTIONS**

The Nevada Department of Corrections is governed by the Board of Prison Commissioners, which consists of the Governor, the Attorney General, and the Secretary of State. The Governor serves as chairperson of the board and appoints the director of the department. The Department's facilities consist of 9 major institutions, 10 conservation camps, and 2 transitional housing facilities. Of the 21 institutions and facilities, 3 major institutions and 4 conservation camps are closed and maintained in a mothball status.

The Legislature approved General Fund support, less one-time appropriations, for the Nevada Department of Corrections of \$651.1 million over the 2023-25 biennium, which is an increase of \$17.7 million, or 2.8%, when compared to the \$633.4 million approved for the 2021-23 biennium by the 2021 Legislature. Amounts approved from all funding sources, less interagency transfers and one-time appropriations, total \$735.8 million over the 2023-25 biennium, which is an increase of 1.8% compared to the \$722.6 million of funding approved for the 2021-23 biennium.

The 2023 Legislature approved funding for a two-grade salary increase for Correctional Officer, Senior Correctional Officer, and Correctional Sergeant positions, as well as a one-grade increase for Correctional Lieutenant, Associate Warden, Supervisory Criminal Investigator, and Criminal Investigator positions within the Department of Corrections.

**OFFENDER POPULATION**

The Legislatively approved budget provides funding to house an average annual offender population of 10,223 for FY 2024 and 10,687 for FY 2025. This represents an increase of 82 offenders (0.1%) when compared to the FY 2022 legislatively approved projected population (projections are provided by JFA associates, an independent forecasting contractor). The average cost per offender in the legislatively approved budget is \$33,796 in FY 2024 and \$33,965 in FY 2025, as detailed in the following table.

<b>Legislatively Approved Funding and Offender Population Overview</b>				
	<b>FY 2022</b>	<b>FY 2023</b>	<b>FY 2024</b>	<b>FY 2025</b>
	<b>Actuals</b>	<b>Legislatively Approved</b>	<b>Legislatively Approved</b>	<b>Legislatively Approved</b>
Total Funding (millions) <sup>1</sup>	\$ 319,914,756	\$ 334,270,271	\$ 345,497,742	\$ 354,617,208
General Fund Support (millions) <sup>1</sup>	\$ 297,204,454	\$ 320,438,312	\$ 321,085,061	\$ 330,038,544

Positions (full-time equivalents)	2,887.62	2,892.62	2,778.62	2,762.62

<sup>1</sup> Operating budgets only – does not contain proposed revenue authority for the Offenders Store Fund or the Prison Industries Fund.

The department’s 2023-25 offender population projections, as provided to the Legislature, are based on JFA Institutes March 2023 offender projection and included information indicating where the offenders are to be housed during the 2023-25 biennium. The following table summarizes the plan based on annual averages as provided by the department and approved by the Legislature.

2023-25 Biennium - Nevada Department of Corrections Offender Population Projections

(b) NNCC operates 62 beds above emergency capacity as of 03/30/2023.					

## DEPARTMENTWIDE FUNDING

The Legislature approved transferring the costs of operating law libraries and 14 Administrative Assistant positions to the budget of each facility at which a law library is located and \$2.2 million in General Fund appropriations to fund the law libraries, resulting in a corresponding reduction of \$2.2 million in transfers from the Offender' Store Fund to the Inmate Welfare Account.

### ***DIRECTOR'S OFFICE***

The Legislature approved \$25,000 in General Fund appropriations each fiscal year over the 2023-25 biennium for advertising and marketing to assist with the department's recruitment efforts.

### ***PRISON MEDICAL CARE***

The Legislature approved \$3.9 million in General Fund appropriations over the 2023-25 biennium to fund adjustments to the offender-driven medical care costs based on inflation and updated offender population projections. In addition, the Legislature approved one new Pharmacy Technician position to assist the department's pharmacies with prescription order fulfillment as a result of licensing six additional pharmacies.

### ***WARM SPRINGS CORRECTIONAL CENTER***

The Legislature approved a reduction of \$20.2 million in General Fund appropriations at the Warm Springs Correctional Center to continue the temporary closure through the 2023-25 biennium due to lack of staffing required to operate the facility safely. However, the Legislature approved \$4.6 million in General Fund appropriations for the Warm Springs Correctional Center to continue to fund the maintenance of the facility and to include a total of 13 maintenance and correctional officer positions over the 2023-25 biennium.

### ***CONSERVATION CAMP CONSOLIDATION***

The Legislature approved the Governor's recommendation to begin Phase 1 of a multi-biennia plan to consolidate the department's conservation camp program into the four camps with the most adequate staffing and offender populations, which include Three Lakes Valley, Jean, Stewart, and Pioche Conservation Camps. The following summarizes the major decisions approved by the Legislature to consolidate the conservation camp program:

- **Humboldt Conservation Camp** – The Legislature approved the closure of the Humboldt Conservation Camp, maintaining the facility in mothball status over the 2023-25 biennium, and continuing the funding for ten currently filled positions for FY 2024, which resulted in a reduction of \$1.8 million in General Fund appropriations over the 2023-25 biennium, with the intent that the camp be permanently closed.
- **Ely Conservation Camp** – The Legislature approved the closure of the Ely Conservation Camp and to maintain the facility in mothball status, resulting in a reduction of \$2.7 million in General Fund appropriations over the 2023-25 biennium, with the intent that the camp be permanently closed.
- **Tonopah Conservation Camp** – The Legislature approved the closure of the Tonopah Conservation Camp, maintaining the facility in mothball status over the 2023-25 biennium, and continuing the funding for six currently filled positions for FY 2024, which resulted in a reduction of \$2.2 million in General Fund appropriations over the 2023-25 biennium, with the intent that the camp be temporarily closed. In addition, the Legislature approved a \$1.7 million General Fund appropriation to the Interim Finance Committee Contingency Account for distribution to the department should it determine that the camp is to be reopened during the 2023-25 biennium.

### **DEPARTMENT OF MOTOR VEHICLES**

The Department of Motor Vehicles (DMV) is a multi-functional agency responsible for ensuring the accurate collection and timely distribution of Highway Fund revenue; improving traffic safety through licensing and registration, monitoring and intervention programs; assisting the state in meeting federally mandated air quality standards; ensuring the integrity and privacy of record information; and protecting consumers and businesses against fraud and unfair business practices.

The DMV's revenue authority, excluding interagency transfers, increased from \$384.6 million, approved by the 2021 Legislature for the 2021-23 biennium, to \$384.0 million for the 2023-25 biennium. The 2023 Legislature approved total Highway Fund appropriations of \$164.7 million for the department over the 2023-25 biennium, which represents an 8.8% increase from the total legislatively approved Highway Fund appropriations of \$151.4 million over the 2021-23 biennium. The increase in Highway Fund appropriations is largely related to funding for the Department Transformation Effort project, which is discussed in detail below. General Fund support for the department is minimal, with \$58,418 approved for the 2023-25 biennium.

#### ADMINISTRATIVE CAP

Historically, *Nevada Revised Statutes* (NRS) 408.235 limited the DMV from expending more than 22.0% of Highway Fund collections on administration, excluding gasoline tax revenue that is not subject to this limitation. This administrative cap was increased to 27.0% by the 2015 Legislature due to its approval of the department's plan to begin the replacement of its mainframe computer system. The increased administrative cap recognized the additional expenditures associated with this project and was scheduled to sunset after FY 2020, at which time the DMV initially projected the new computer system would be deployed. However, due to delays with the project, the 2019 Legislature and the 2021 Legislature approved extending the increased administrative cap, which is currently scheduled to sunset at the end of FY 2026 (June 30, 2026).

Based on revenue projections provided by the department in April 2023, Highway Fund proceeds collected by the DMV (excluding gasoline tax revenue) were projected to be \$402.8 million in FY 2023, \$412.9 million in FY 2024, and \$423.6 million in FY 2025, which is an increase of 2.5% in FY 2024 and 2.6% in FY 2025. Based on the DMV's revenue projections, the department's historic 22.0% cap threshold would be \$94.0 million for FY 2024 and \$96.5 million for FY 2025 (including projected Highway Fund reversions from the Records Search, Insurance Verification, and Special Plates Trust budgets). Excluding estimated gasoline tax administration costs that are not subject to the administrative cap, Highway Fund appropriations approved by the Legislature totaled \$82.9 million in FY 2024 and \$80.8 million in FY 2025. Accordingly, the legislatively approved budget for the DMV is under the historic 22.0% administrative cap by \$11.1 million in FY 2024 and \$15.7 million in FY 2025.

Although the legislatively approved budget for the DMV is under the historic 22.0% administrative cap, it should be noted the 2023 Legislature provided the department with authority to transfer Highway Fund appropriations between fiscal years in the 2023-25 biennium for the Department Transformation Effort project in Section 36 of the 2023 Appropriations Act (Senate Bill 511). This authority recognized that the project may not be implemented on the planned timeline and may progress faster or slower than scheduled, and may cause the department to utilize the temporary increase in its administrative cap.

### ***DEPARTMENT TRANSFORMATION EFFORT***

The Department Transformation Effort budget isolates the expenditures associated with the replacement of the DMV's existing Common Business Oriented Language mainframe and PowerBuilder computer system with a new integrated computer system that will operate on a single platform. To continue the Department Transformation Effort project, the 2023 Legislature approved Highway Fund appropriations of \$73.0 million and Technology Fee revenue of \$10,000 (attributed to projected debt collections for transactions prior to FY 2021) over the 2023-25 biennium, as well as the continuation of 29 state positions and 32 master service agreement contractors in FY 2024 and 28 master service agreement contractors in FY 2025, to support the project. The Legislature also approved various contract, software, and mainframe expenditures totaling \$28.1 million in FY 2024 and \$25.6 million in FY 2025 to support the project. However, the Legislature placed funding of \$25.4 million for contract expenditures in reserves in FY 2025 which would require the department to request Interim Finance Committee approval in order to expend the funding. Inclusive of the \$25.4 million that was placed in reserves in FY 2025, the 2023 Legislature approved expenditures totaling \$73.0 million over the 2023-25 biennium to continue the Department Transformation Effort project.

### **DIRECTOR'S OFFICE**

The Director's Office is responsible for the general administration of the DMV and oversees the department's seven divisions, including Administrative Services, Field Services, Central Services and Records, Compliance Enforcement, Motor Carrier, Research and Project Management, and Motor Vehicles Information Technology (Automation).

Total funding is approved to increase from the \$4.8 million legislatively approved in FY 2023 to \$5.6 million in FY 2024 and \$5.8 million in FY 2025. The 2023 Legislature approved the Governor's recommendation to transfer one DMV Services Manager position and one Training Officer position, including associated costs, funded with Highway Fund appropriations of \$393,080 over the 2023-25 biennium, from the Director's Office budget to the Research and Project Management budget, to support the Employee Development Unit and assist in developing training for the department.

### **MOTOR VEHICLE INFORMATION TECHNOLOGY DIVISION (AUTOMATION)**

The Automation budget supports the Motor Vehicle Information Technology Division, which provides data processing support, maintains application systems and infrastructure for systems data, and provides technical and operating support for the DMV. Total funding is approved to increase from the \$12.4 million legislatively approved in FY 2023 to \$12.7 million in FY 2024 and \$12.9 million in FY 2025.

The 2023 Legislature approved the Governor's recommendation for Highway Fund appropriations of \$1.7 million over the 2023-25 biennium for four Information Technology contract positions to support the DMV legacy system as the Department Transformation Effort project progresses. The Legislature also approved the Governor's recommendation for Highway Fund appropriations of \$257,411 over the 2023-25 biennium to fund

maintenance of the legacy system servers until migration to the new system is complete, and one additional subscription for software technical assistance. The Legislature also approved the Governor's recommendation for Highway Fund appropriations of \$198,991 over the 2023-25 biennium to fund security and audit log analyzer software, virtual server system for five field offices, and updated videoconference equipment for six DMV locations. Finally, the 2023 Legislature approved the Governor's recommendation for the transfer of four Business Process Analyst positions and associated Highway Fund appropriations of \$777,836 over the 2023-25 biennium from the Automation budget to the Research and Project Management budget to assist with quality assurance testing, application lifecycle management, and development of test plans.

### **ADMINISTRATIVE SERVICES DIVISION**

The Administrative Services Division provides support services, including fiscal and purchasing services, revenue and bad debt services, and contract management for the department. Total funding is approved to increase from the \$17.3 million legislatively approved in FY 2023 to \$18.8 million in FY 2024 and \$19.0 million in FY 2025. The Legislature approved expenditure authority of \$11.2 million in each year of the 2023-25 biennium for credit card fees paid by the department. Due to the variability in these expenditures, the Legislature also authorized the department, with Interim Finance Committee approval, to transfer up to \$2.0 million in Highway Fund appropriations between each fiscal year in the 2023-25 biennium to fund credit card fees .

The 2023 Legislature approved the Governor's recommendation to transfer one Accounting Assistant position and one Administrative Assistant position, including associated costs, funded with Highway Fund appropriations of \$255,323 over the 2023-25 biennium, from the Administrative Services Division budget to the Director's Office budget to align the DMV payroll functions within the human resources unit.

### **COMPLIANCE ENFORCEMENT DIVISION**

The Compliance Enforcement Division is the regulatory arm of the DMV and serves as the umbrella organization for the Motor Vehicle Pollution Control budget. The primary purpose of the Compliance Enforcement Division is to support the activities of division investigators regulating the automobile industry as they relate to the sale or transfer of ownership of vehicles. Total funding is approved to increase from the \$7.5 million legislatively approved in FY 2023 to \$8.1 million in both FY 2024 and FY 2025.

The 2023 Legislature approved the Governor's recommendation for two new Motor Vehicle Appraiser positions and associated expenditures, funded with Highway Fund appropriations of \$262,368 over the 2023-25 biennium, to assist customers with the sale of vehicles with liens; inspect, assign, and restore vehicle identification numbers; assist with the registration and licensing of vehicles; and conduct motor vehicle appraisals. The 2023 Legislature also approved the Governor's recommendation to fund a one-grade increase for 13 Compliance/Enforcement Investigator positions and 3 Supervisory Compliance/Enforcement Investigator positions, funded with Highway Fund Salary Adjustment funds of \$168,792 and cost allocation revenue of \$6,581 over the 2023-25 biennium.

### ***MOTOR VEHICLE POLLUTION CONTROL***

The Motor Vehicle Pollution Control budget is responsible for ensuring compliance with state law as it relates to vehicle emission standards in counties where the population equals or exceeds 100,000 (currently Clark and Washoe counties). Revenue generated from fees charged for every vehicle receiving a smog certificate supports the enforcement effort. *Nevada Revised Statutes* 445B.830 requires a minimum reserve level in the Pollution Control budget of \$1.0 million. Reserve levels in excess of the statutory limit are distributed back to the counties in which the revenue was generated, proportionate to the number of certificates issued in those counties.

The 2023 Legislature approved the Governor's recommendation to fund a one-grade increase for ten Compliance/Enforcement Investigator positions and one Supervisory Compliance/Enforcement Investigator position, funded with reserve reductions of \$112,199 over the 2023-25 biennium.

### **CENTRAL SERVICES DIVISION**

#### ***LICENSE PLATE FACTORY***

The License Plate Factory budget supports the license plate factory, which is operated by the Central Services Division of the DMV. The license plate factory is charged with designing, manufacturing, and distributing Nevada's license plates to DMV offices, certain county assessor offices, and customers of the department. To allow the manufacturing of license plates to be a self-supporting activity, NRS 482.268 provides the department with authority to establish a license plate fee through regulation, subject to approval by the Legislative Commission. Excluding reserves, the 2023 Legislature approved expenditures of \$9.0 million over the 2023-25 biennium for the production of license plates. The 2023 Legislature also approved the Governor's recommendation to eliminate the eight-year license plate reissuance requirement by approving Assembly Bill (A.B.) 457.

#### ***VERIFICATION OF INSURANCE***

The Verification of Insurance program within the Central Services Division verifies that owners of motor vehicles registered in Nevada maintain liability insurance. The program goal is to identify and reduce the number of uninsured motorists operating on Nevada highways. This self-funded budget derives its revenue from fines charged and collected for reinstatements resulting from "no insurance" suspensions. Total funding for the program is approved to increase from the \$13.0 million legislatively approved in FY 2023 to \$15.3 million in FY 2024 and \$16.2 million in FY 2025. The 2023 Legislature approved the Governor's recommendation for a new cloud-based motor vehicle insurance verification system that would integrate with the new platform that would be deployed through the Department Transformation Effort project, funded with Registration Fee revenue of \$717,600 in each year of the 2023-25 biennium.

## ***RECORDS SEARCH***

The Records Search section of the Central Services Division is responsible for researching and disseminating driver license and vehicle registration information and providing records for insurance, employment, and investigations. Funding is provided through Records Search Charge revenue for the processing of customer requests. Total funding for the program is approved to increase from the \$10.8 million legislatively approved in FY 2023 to \$12.6 million in FY 2024 and \$13.2 million in FY 2025. The 2023 Legislature approved the Governor's recommendation for Records Search Charge revenue of \$149,000 over the 2023-25 biennium for a new contract to provide address verification services, which would integrate with the new platform that would be deployed through the Department Transformation Effort project.

## **DEPARTMENT OF PUBLIC SAFETY**

The Department of Public Safety (DPS) consists of the Director's Office; Nevada Highway Patrol (NHP); Parole and Probation (P&P); Investigation Division; Records, Communications and Compliance Division (RCCD); Fire Marshal; Capitol Police; Office of Traffic Safety (OTS); the Office of Criminal Justice Assistance (OCJA); and the Parole Board.

For the 2023-25 biennium, total funding approved for the department is \$417.9 million (less interagency transfers and one-time appropriations), 1.8% more than the total funding of \$410.7 million approved for the 2021-23 biennium. General Fund support for the department totals \$144.1 million for the 2023-25 biennium, a 5.7% increase from the \$136.3 million approved for the 2021-23 biennium. The majority of the increase in General Funds is attributed to a revised supervision ratio of the Parole and Probation Specialist positions in the Court Services Unit who oversee pre-sentence investigation reports as discussed in the Parole and Probation section of this report. The 2023 Legislature approved Highway Fund support for the department of \$161.8 million over the 2023-25 biennium, a 1.4% increase from Highway Funds of \$159.5 million approved for the 2021-23 biennium. Lastly, the 2023 Legislature approved funding for a two-grade salary increase for DPS Officer and DPS Sergeant positions, as well as a one-grade salary increase for DPS Captain and DPS Lieutenant positions within the Department of Public Safety.

## **DIRECTOR'S OFFICE**

The Director's Office establishes policy for the department, directs and controls the operations of the divisions and various offices of the department, and provides legal and audit services for the department. The Director's Office includes the Training Division, Evidence Vault, Office of Professional Responsibility, Nevada Office of Cyber Defense Coordination, and Dignitary Protection. The 2023 Legislature approved \$6.7 million in General Fund appropriations over the 2023-25 biennium, an increase of 6.6% when compared to the \$6.3 million approved for the 2021-23 biennium. The 2023 Legislature approved \$2.2 million in Highway Fund appropriations over the 2023-25 biennium, an increase of 17.1% when compared to the \$1.9 million approved for the 2021-23 biennium. The primary cause for the increase in General Fund appropriations

is attributable to the addition of two DPS Officer 2 positions and one DPS Sergeant position added during the 2021-23 interim to provide expanded security coverage for the Governor and first family. Additionally, the 2023 Legislature approved the transfer of nine interagency positions to support the creation of the new Research and Planning Technology Team within the Director's Office. Total funding approved for the Director's Office for the 2023-25 biennium is \$9.4 million (less interagency transfers and one-time appropriations), an increase of 7.8% when compared to the \$8.7 million approved for the 2021-23 biennium.

#### **NEVADA HIGHWAY PATROL DIVISION**

The Nevada Highway Patrol enforces traffic laws of the state, investigates traffic accidents, and enforces and regulates motor carriers transporting cargo and hazardous materials. Total State Highway Funds appropriated for Highway Patrol over the 2023-25 biennium is \$157.3 million, an increase of 1.2% when compared to the \$155.5 million approved for the 2021-23 biennium. The funding includes \$446,229 in Highway Fund appropriations over the 2023-25 biennium to fund two new Communication System Specialist positions and one new Equipment Mechanic position to address radio and vehicle maintenance due to upgrades in equipment.

#### **DIVISION OF PAROLE AND PROBATION**

The Division of Parole and Probation monitors and enforces offenders' compliance with the conditions of their community supervision, assist offenders in successfully reintegrating into society, and ensure objective sentencing information and recommendations are delivered to the district courts of Nevada. The 2023 Legislature approved General Fund appropriations of \$115.3 million over the 2023-25 biennium, a 5.7% increase when compared to the legislatively approved \$109.0 million for the 2021-23 biennium.

The 2023 Legislature approved the Governor's recommendation to establish a new supervision ratio of Parole and Probation Specialist positions in the Court Services Unit resulting in eight new Parole and Probation Specialist positions and one Parole and Probation Supervisor position supported by a \$462,965 increase in General Fund appropriations over the 2023-25 biennium. The following table reflects the net change of positions based on caseload information provided from the James F. Austin Institute:

<b>Updated Caseload and Approved Court Services Unit Supervision Ratio Position Impact</b>				
<b>Position</b>	<b>Activity</b>	<b>Ratio</b>	<b>FTE Count</b>	
			<b>FY 2024</b>	<b>FY2025</b>
<b>Court Services Unit</b>				
P&P Specialist 3	Pre-Sentence Investigations	1:12	1.00	0.00
P&P Specialist 4	Supervision of P&P Specialist 3	1:4	8.00	0.00
P&P Supervisor	Supervision of P&P Specialist 3 & 4	1:8	1.00	0.00
<b>Sworn Positions and POD Supervision</b>				
P&P Specialist 3	Low Risk Supervision	1:250	-3.00	0.00
DPS Officer 2	Offender Supervision	Varies	8.00	3.00
DPS Sergeant	Supervision of P&P Specialist 3 and DPS Officers	1:6	1.00	0.00
<b>Warrants and Extraditions and Pardons Units</b>				
P&P Specialist 2	Warrants	1:250	1.00	0.00
P&P Specialist 4	Pardons Investigations	1:48	-1.00	0.00
<b>Net Position Changes</b>			<b>16.00</b>	<b>3.00</b>
The table does not reflect the 2023 Legislature's decision to retain a DPS Lieutenant position, requiring the agency to leave the position unfilled once the position becomes vacant, unless updated supervisory caseload projections support the need for the position				

The following table depicts historical caseload information for FY 2021, FY 2022, and projected caseload information for FY 2023 through FY 2025:

<b>James F. Austin Institute's Spring Caseload Projections</b>					
<b>Caseload Category</b>	<b>FY 2021 Actual</b>	<b>FY 2022 Actual</b>	<b>FY 2023 Projected<sup>1</sup></b>	<b>FY 2024 Projected</b>	<b>FY 2025 Projected</b>
Warrants	3,345	3,562	3,637	3,674	3,708
Interstate Compact	1,420	1,124	1,518	1,524	1,529
Pre-Release	1,986	2,188	1,992	2,054	2,104
Pardons Investigations	145	119	125	128	130
Post Convictions	108	360	564	572	578
Pre-Sentence Investigations (PSI)	8,250	9,154	9,109	9,243	9,340
Regular Supervision <sup>2</sup>	11,069	11,374	10,680	10,956	11,176
Intense Supervision Unit/Residential Confinement	510	635	694	709	725
Sex Offenders	2,363	2,319	2,458	2,506	2,529
<sup>1</sup> Per the Division of Parole and Probation, 2023 historical data represents average counts from July through December 2023.					
<sup>2</sup> Regular Supervision includes low, moderate, and high risk caseloads and miscellaneous caseloads.					

Additionally, the 2023 Legislature approved a General Fund appropriation of \$1.0 million over the 2023-25 biennium to fund the reinstatement and expansion of the state-funded House Arrest program. Finally, the 2023 Legislature approved a one-time General Fund appropriation of \$2.4 million over the 2023-25 biennium for the continuation of the replacement of the offender tracking information technology system.

## **RECORDS, COMMUNICATIONS AND COMPLIANCE DIVISION**

The Records, Communications and Compliance Division is composed of the Criminal History Repository, which administers the Nevada Criminal Justice Information System and is the state's clearinghouse for criminal history records information and crime scene statistics, and the Communications Bureau, which provides centralized radio dispatch and communication services to other DPS divisions and state agencies.

The 2023 Legislature approved \$19.4 million in American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds and \$1.1 million in fee reserves over the 2023-25 biennium to continue funding the Nevada Criminal Justice Information System modernization project, which included the addition of six new NCJIS Program Specialist positions and one new NCJIS Program Specialist Supervisor position to manage a help desk dedicated to non-criminal justice customers.

Lastly, the 2023 Legislature adjusted the Governor's recommendation to replace \$9.4 million of court administrative assessment revenue with General Fund appropriations and instead approved replacing court administrative assessment revenue with \$9.3 million of the agency's reserves and \$39,759 of General Fund appropriations over the 2023-25 biennium. In addition, the 2023 Legislature approved the elimination of the division's reserve balance by the end of fiscal year 2025 with the intent to transition the budget to be funded with a combination of fees and General Fund appropriations and eliminate the ability to carry a reserve balance beyond the 2023-25 biennium.

## **STATE FIRE MARSHAL**

The mission of the State Fire Marshal is to reduce the loss of life and property from fire and hazardous material incidents through training, investigation, inspections, licensing, permitting, informational programs, plan reviews, and the adoption of regulations designed to minimize injury and exposure to injury of the general public and to the emergency responder. The 2023 Legislature approved a \$397,557 reduction in reserves over the 2023-25 biennium to fund two Fire and Life Safety Inspector positions to reduce inspection backlogs in the southern region of Nevada.

## **PAROLE BOARD**

The Board of Parole Commissioners (Parole Board) is responsible for evaluating eligible offenders for parole to consider whether the release of the offender is compatible with the health, safety, and welfare of society. The Parole Board is a full-time board that consists of a chairman and six commissioners, each appointed by the Governor. Commissioners conduct monthly offender hearings, in person, or via videoconferencing at each prison location throughout the state and conducts parole violation hearings for those parolees alleged to have violated the conditions of their parole. The Legislature approved A.B. 462 to establish a new Executive Director position, supported by General Fund appropriations of \$244,740 over the 2023-25 biennium, to address operational issues caused by the current organizational structure of the Parole Board.

# Infrastructure

---

The Infrastructure function of state government includes those agencies responsible for capital assets of the state as well as its natural resources. This function includes the Department of Conservation and Natural Resources, the Department of Wildlife, the Department of Transportation, the Tahoe Regional Planning Agency, and the Colorado River Commission. In the 2023-25 biennium, General Fund appropriations for the Infrastructure function total \$97.0 million, an increase of 18.2%, or \$14.9 million, compared to the \$82.1 million approved for the 2021-23 biennium.

## **COLORADO RIVER COMMISSION**

The Colorado River Commission (CRC) is responsible for acquiring, managing, and protecting Nevada's allocation of hydropower and water resources from the Colorado River (allocated to Nevada by the federal government) for the citizens of Nevada. The Commission is governed by seven members; four appointed by the Governor and three appointed by, and members of, the Southern Nevada Water Authority Board of Directors.

The Colorado River Commission is supported by an administrative charge on the sale of electric power to the commission's customers and the Southern Nevada Water Authority. Additional miscellaneous revenues are received through the sale of raw water to small water users along the Colorado River and from interest income derived from the investment of funds by the state. The Colorado River Commission is entirely funded by its customers and does not receive state or federal funds. The 2023 Legislature approved total funding of \$151.6 million over the 2023-25 biennium (net of interagency transfers) for the Colorado River Commission budgets.

## **DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES**

The Department of Conservation and Natural Resources (DCNR) is responsible for ensuring Nevada's natural resources are used, maintained, and preserved in a manner that will best serve the residents and visitors of the state. The department includes the divisions of Forestry, State Parks, Environmental Protection, State Lands, Water Resources, Natural Heritage, and Outdoor Recreation. The department also includes the State Environmental Commission, the Nevada Tahoe Regional Planning Agency, the Conservation Districts Program, the Sagebrush Ecosystem Program, the Office of State Historic Preservation, and the Off-Highway Vehicles Commission. For the 2023-25 biennium, \$284.5 million in total funding (net of interagency transfers) was approved for the DCNR, which is an increase of 12.4% when compared to the \$253.1 million approved for the 2021-23 biennium. The General Fund portion of the department's budget totals \$89.4 million over the 2023-25 biennium, representing a 17.0% increase when compared to the \$76.4 million approved for the 2021-23 biennium.

## CONSERVATION AND NATURAL RESOURCES BOND PROGRAMS

The DCNR administers four resource protection programs that are dependent upon the sale of general obligation bonds: The Commission for Cultural Centers and Historic Preservation Grant Program, the Lake Tahoe Environmental Improvement Program, the Water Infrastructure Grant Program, and the Conservation Bond Program.

Through the passage of Assembly Bill (A.B.) 1 of the 34<sup>th</sup> (2023) Special Session, the Legislature approved the issuance of \$59.3 million in general obligation bonds over the 2023-25 biennium for DCNR resource protection programs, as follows:

- \$43.3 million over the 2023-25 biennium for conservation and recreation bonds, as authorized through the passage of A.B. 84 (2019) and managed by the DCNR Director's Office, to protect, preserve, and obtain the benefits of the property and natural and cultural resources of the state.
- \$13.0 million over the 2023-25 biennium for the Lake Tahoe Environmental Improvement Program, managed by the Division of State Lands, which funds activities in the Lake Tahoe Basin, including the continued implementation of forest restoration projects; improvement of recreational facilities; protection of sensitive species; control of invasive species; and water quality, erosion control, and stream restoration projects.
- \$3.0 million over the 2023-25 biennium for the Commission for Cultural Centers and Historic Preservation Grant Program, managed by the Office of Historic Preservation, to protect and preserve the state's historic and cultural resources.

## DIRECTOR'S OFFICE

### ***ADMINISTRATION***

The Director's Office of the DCNR provides administrative, technical, budgetary, and supervisory support to the agencies within the department. The Director's Office is funded primarily with General Fund appropriations and cost allocation revenues from agencies within the department. The Legislature approved General Fund appropriations totaling \$2.3 million over the 2023-25 biennium, a decrease of 2.3% when compared to the \$2.4 million approved for the 2021-23 biennium.

### ***WATER CONSERVATION AND INFRASTRUCTURE***

The Water Conservation and Infrastructure budget was established during the 2021-22 Interim within the DCNR to invest in water infrastructure and conservation projects in the residential, commercial, and agricultural sectors, with a focus on ensuring the long-term reliability of the state's water resources. The Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$49.8 million in each fiscal year of the 2023-25 biennium to continue funding for the Water Conservation and Infrastructure budget for the support of water projects, as recommended by the Governor.

## **OFFICE OF HISTORIC PRESERVATION**

The Office of Historic Preservation encourages the preservation, documentation, and use of cultural resources through state and federal programs. Programs include the preservation of buildings and archeological sites, grant distribution and management, project reviews for federal tax credits, the National and State Registers of Historic Places, and the review of federal actions in the state for planning and public education purposes. The Office also includes the Comstock Historic District Commission, which issues construction permits, educates the public, and promotes special programs for the preservation of the Comstock Historic District.

The 2023 Legislature approved total funding of \$3.8 million for the Office of Historic Preservation and the Comstock Historic District Commission for the 2023-25 biennium (net of interagency transfers), an increase of 15.6% when compared to the \$3.3 million approved for the 2021-23 biennium. The General Fund portion of the budget totals \$1.7 million for the 2023-25 biennium, an increase of 23.0% when compared to the \$1.4 million approved for the 2021-23 biennium. To support historic preservation reviews associated with federal infrastructure projects, the Legislature approved \$165,112 (\$48,217 General Fund appropriations) over the 2023-25 biennium to fund a new Historic Preservation Specialist.

## **CONSERVATION DISTRICTS**

### ***CONSERVATION DISTRICTS PROGRAM***

The Conservation Districts Program works with Nevada's 28 locally elected conservation districts in a statewide conservation program. The mission of the program is to train and assist the districts, which work to conserve, improve, and sustain the state's renewable natural resources by providing outreach and technical assistance to landowners in partnership with other local, state, and federal agencies. The program also provides annual grants to each of the 28 eligible conservation districts and provides support for the State Conservation Commission.

For the 2023-25 biennium, the Legislature approved General Fund appropriations totaling \$1.3 million for the Conservation Districts Program, an increase of 24.4% when compared to the \$1.0 million approved for the 2021-23 biennium. The Legislature approved the Governor's recommendation to increase the annual grant allocations to each conservation district from \$4,000 to \$4,500, funded with General Fund appropriations of \$14,000 in each fiscal year of the 2023-25 biennium, and approved an additional \$14,000 in General Fund appropriations to increase the allocations to \$5,000 per district per year beginning in FY 2025. Additionally, the Legislature approved General Fund appropriations of \$10,000 in each fiscal year of the 2023-25 biennium, as recommended by the Governor, to increase funding for the sage grouse competitive grant program.

## **DIVISION OF STATE PARKS**

The Division of State Parks plans, develops, and maintains a system of 27 parks and recreation areas for the use and enjoyment of Nevada residents and visitors. The division also preserves areas of scenic, historic, and scientific significance in the state.

The budget is primarily funded with visitor user fees, General Fund appropriations, and motor vehicle fuel taxes associated with recreational watercraft.

For the 2023-25 biennium, the 2023 Legislature approved General Fund appropriations of \$17.1 million, an increase of 19.2% when compared to the \$14.3 million approved by the 2021 Legislature for the 2021-23 biennium. The increase is primarily due to increased personnel, operating, and ongoing maintenance costs, as well as the passage of A.B. 84, which requires the division to issue annual permits to enter each state park and recreation area free of charge to certain veterans and members of Indian tribes.

The Legislature approved the Governor's recommendation for a new Project Manager and a new Personnel Technician, funded with General Fund appropriations totaling \$327,902 over the 2023-25 biennium, to support operational needs. Additionally, to continue funding for an online reservation system and a new Management Analyst position to manage the system, the Legislature approved continuing federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$515,055 over the 2023-25 biennium, as recommended by the Governor. The 2023 Legislature also approved funding for a two-grade salary increase for Park Rangers, Park Supervisors, and Law Enforcement/Training Specialist positions as well as a one-grade salary increase for Parks Regional Manager positions within the Division of State Parks, as recommended by the Governor, to improve recruitment and retention.

### **DIVISION OF WATER RESOURCES**

The Division of Water Resources conserves, protects, manages, and enhances the water resources of Nevada through the appropriation and reallocation of public waters. The division quantifies existing water rights; monitors water use; distributes water in accordance with court decrees; reviews water availability for new developments; reviews the construction and operation of dams; licenses and regulates well drillers; and provides technical assistance and information to the public and governmental agencies.

The 2023 Legislature approved total funding (net of interagency transfers) of \$19.9 million for the division for the 2023-25 biennium, including General Fund appropriations of \$19.3 million, an increase of 29.4% when compared to the \$14.9 million approved for the 2021-23 biennium. The increase is primarily due to additional enhancements the Legislature approved that were not recommended by the Governor, funded with General Fund appropriations totaling \$3.3 million over the 2023-25 biennium, including \$1.9 million for ten new positions to increase the division's operational capacity, \$1.3 million to replace revenue transfers from water basin budgets, \$35,878 to restore training for division staff, and \$59,278 to support United States Geological Survey stream gage services.

The Legislature also approved the Governor's recommendation for General Fund appropriations totaling \$76,928 over the 2023-25 biennium to increase the regular operating and maintenance budget for the South Fork Dam in Elko County. Finally, the Legislature approved federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds of \$4.8 million in FY 2024 and \$2.2 million in FY 2025 to continue

previously approved funding for the modernization and digitization of state water records and to update water availability data.

### **DIVISION OF FORESTRY**

The Division of Forestry is responsible for supervising, managing, and coordinating all forestry, watershed, and fire prevention and control work on state and privately-owned lands in Nevada. Additionally, the division provides assistance to county and local fire protection districts and adopts and enforces fire prevention regulations. Other division activities include wildfire preparedness and fire-adapted communities, cooperative forest management, resource rehabilitation, and control of forest insects and diseases.

### ***FORESTRY ADMINISTRATION***

For the Forestry Administration budget, the 2023 Legislature approved total funding of \$26.0 million for the 2023-25 biennium (net of interagency transfers), an increase of 27.8% when compared to the \$20.3 million approved by the 2021 Legislature for the 2021-23 biennium. The General Fund portion of the Forestry Administration budget totals \$21.3 million for the 2023-25 biennium, an increase of 35.9% when compared to the \$15.7 million approved for the 2021-23 biennium. The increase is primarily due to the Legislature's approval of the Governor's recommendation, as part of a budget reorganization, to change the funding source for firefighter personnel costs from Wildland Fire Protection Program county participation funds to General Fund appropriations totaling \$4.5 million over the 2023-25 biennium.

The Legislature also approved the Governor's recommendation to transfer in and reclassify a vacant Camp Area Supervisor position from the Conservation Camps budget to a Biologist to support protected species management operations, and to replace nine seasonal firefighter positions with three full-time Firefighters to support the air operations program, funded with net additional General Fund appropriations of \$172,386 over the 2023-25 biennium.

### **BUDGET REORGANIZATION AND FUNDING CHANGES**

As part of a budget reorganization, recommended by the Governor, the 2023 Legislature approved transferring out wildland firefighter personnel and associated costs to the Forestry Administration budget and Wildland Fire Protection Program revenue and reserves to the Forest Fire Suppression budget, and eliminating the standalone Wildland Fire Protection Program budget. Additionally, the Legislature approved Wildland Fire Protection Program county participation fund revenue of \$2.0 million in each fiscal year of the 2023-25 biennium, based on anticipated annual receipts based on program participation, with ongoing funds directed to the Forest Fire Suppression budget.

### ***FOREST FIRE SUPPRESSION***

The Forest Fire Suppression budget funds the protection of public and private land; property; and resources from fires, floods, and other disasters and emergencies. The budget is primarily funded with General Fund appropriations and reimbursements for firefighting and emergency response provided on lands outside of the state's jurisdiction.

When authorized funds are insufficient to meet the state's obligations, the division may request additional funding from the State Board of Examiners Reserve for Statutory Contingency Account (NRS 353.264) and the Interim Finance Committee Contingency Account (NRS 353.266).

The 2023 Legislature approved General Fund appropriations of \$4.9 million and Wildland Fire Protection Program revenue of \$4.0 million over the 2023-25 biennium, including fire suppression costs of \$8.6 million over the 2023-25 biennium.

### ***FORESTRY CONSERVATION CAMPS***

The Division of Forestry Conservation Camp Program coordinates and supervises labor-intensive work projects performed by offenders who reside in Department of Corrections conservation camps and work on forestry and resource conservation projects that generate revenue for the state, provide free or reduced-cost labor for state and local agencies, and provide fire suppression and emergency response resources to the division. The program is funded primarily with General Fund appropriations, with additional revenues generated from projects.

The 2023 Legislature approved consolidating offender labor costs from individual camp expenditure categories to a new expenditure category, including General Fund appropriations of \$30,615 per fiscal year in addition to the Governor's recommendation, to support anticipated costs and provide more flexibility in deploying the available offender workforce. Additionally, as recommended by the Governor through a budget amendment, to mitigate the lack of offender work crews, the Legislature approved the reclassification of 34 vacant Conservation Crew Supervisor positions to Firefighters and 8 new Firefighter positions, resulting in net revenue reductions of \$6,130 (\$4,291 General Fund savings) over the 2023-25 biennium.

### **DIVISION OF STATE LANDS**

The Division of State Lands acquires, holds, and disposes of all state lands and interests in lands (except for the Nevada System of Higher Education, the Legislature, and the Department of Transportation); provides land-use planning to local governments; represents the state on federal land issues; and coordinates various state programs at Lake Tahoe. Programs at Lake Tahoe are managed by the Nevada Tahoe Resource Team and include the Lake Tahoe Environmental Improvement Program.

The Legislature approved General Fund appropriations totaling \$4.4 million for the 2023-25 biennium, an increase of 38.2% when compared to the \$3.2 million approved for the 2021-23 biennium. Of the total General Fund appropriations, the Legislature approved \$903,284 over the 2023-25 biennium to replace the division's land management software.

### **DIVISION OF NATURAL HERITAGE**

The Division of Natural Heritage collects information on the locations, biology, and conservation status of all endangered, threatened, sensitive, and at-risk plant and animal species in Nevada, and maintains a system of databases and topographical maps, sets

priorities for conservation efforts, and provides data to various entities for consideration pertaining to development and conservation activities as mandated by federal laws.

The 2023 Legislature approved funding totaling \$792,077 for the 2023-25 biennium (net of interagency transfers), which is an increase of \$532,103, or 204.7%, compared to the \$259,974 approved by the 2021 Legislature for the 2021-23 biennium. The increase is due primarily to the Legislature's approval of the Governor's recommendation for net additional funding of \$325,671, including General Fund appropriations of \$387,645, over the 2023-25 biennium to add two new Biologists to increase the agency's capacity to collect and maintain data on rare plants and rare insects, and change the funding source for the existing Division Administrator and Accounting Assistant positions from federal funds to General Fund appropriations.

### **DIVISION OF ENVIRONMENTAL PROTECTION**

The Division of Environmental Protection implements programs authorized and required by state and federal laws and enforces regulations adopted by the State Environmental Commission. The division is comprised of an Administrative Services Bureau and ten program bureaus: Air Pollution Control, Air Quality Planning, Water Pollution Control, Water Quality Planning, Safe Drinking Water, Mining Regulation and Reclamation, Corrective Actions, Industrial Site Cleanup, Materials Management, and Federal Facilities. The division also provides technical advice and administrative support to the State Environmental Commission, which serves as the primary rulemaking, variance, and appeal body for environmental regulations in the state.

The 2023 Legislature approved total funding for the division comprised primarily of fees and federal funds of \$128.1 million for the 2023-25 biennium (net of interagency transfers), which is an increase of 17.0% when compared to the \$109.5 million approved by the 2021 Legislature for the 2021-23 biennium. Of this amount, additional fee revenue totaling \$101,100 over the 2023-25 biennium transferred in from the Air Quality Management Account budget was approved by the Legislature for the purchase of high-resolution satellite imagery to monitor air quality, as recommended by the Governor.

The Legislature also approved additional funding of \$634,851 in FY 2024, funded with fees transferred in from the Hazardous Waste Management budget, to support ongoing environmental cleanup efforts at the Anaconda Copper Mine Site in Lyon County, to provide total authority of \$1.2 million in FY 2024 and \$535,149 in FY 2025 for the site. Lastly, to conduct a waste characterization study, as recommended by the Governor, the Legislature approved additional funding of \$300,000 over the 2023-25 biennium, funded with transfers from the Hazardous Waste Management budget.

### **DIVISION OF OUTDOOR RECREATION**

The Division of Outdoor Recreation is tasked with coordinating all activities relating to marketing and business development for outdoor recreation in the state as well as promoting the health and social benefits of outdoor recreation and enhancing Nevada's outdoor recreational lands, amenities, and experiences. The division is funded with General Fund appropriations.

The 2023 Legislature approved General Fund appropriations totaling \$1.2 million for the 2023-25 biennium for the division, which is an increase of 14.5% when compared to the \$1.1 million approved by the 2021 Legislature for the 2021-23 biennium. The Legislature approved the Governor's recommendation for General Fund appropriations of \$76,070 over the 2023-25 biennium for the development of a new website and increased in-state and out-of-state travel expenditures.

## **DEPARTMENT OF WILDLIFE**

The Nevada Department of Wildlife is responsible for protecting, preserving, managing, and restoring wildlife and habitat for aesthetic, scientific, recreational, and economic benefit to residents and visitors. The department administers, enforces, and implements the Nevada Boat Act, including the registration and titling of boats, enforcement of laws and regulations, boating safety education, and development of public access facilities. The department consists of the Director's Office and seven divisions: Data and Technology Services, Conservation Education, Law Enforcement, Game Management, Fisheries Management, Diversity, and Habitat.

The department is funded by federal grants, licenses and fees, General Fund appropriations, and gifts and donations. The 2023 Legislature approved total funding of \$66.3 million over the 2023-25 biennium (net of interagency transfers), which is an increase of \$15.5 million, or 30.5%, compared to the \$50.8 million approved for the 2021-23 biennium. The Legislature approved \$2.3 million in General Fund appropriations over the 2023-25 biennium, as recommended by the Governor, which is an increase of \$41,550, or 1.9%, compared to \$2.2 million legislatively approved for the 2021-23 biennium.

### **DIRECTOR'S OFFICE**

The Director's Office is responsible for the general administration of the department, including fiscal services and human resources administrative support functions. Additionally, the director serves as secretary to the Board of Wildlife Commissioners, which establishes policy and regulatory guidance for the department. Funding for the county advisory boards, which advise the Board of Wildlife Commissioners and the agency on wildlife management issues, is also included in this budget.

The 2023 Legislature approved the Governor's recommendation for transfers of Sportsmen Revenue from the Wildlife Fund to the Director's Office totaling \$365,917 over the 2023-25 biennium for three new Accounting Assistant positions and associated operating costs to support the Fiscal Services Unit, due to additional workload resulting from an increase of federal grant awards over the past several years. The Legislature further concurred with the Governor's budget amendment to add one new unclassified Deputy Director position and associated operating costs to improve the department's management capabilities, funded through transfers of Sportsmen Revenue totaling \$319,164 over the 2023-25 biennium.

## **CONSERVATION EDUCATION DIVISION**

The Conservation Education Division promotes citizen interest, understanding, and involvement in the management of the state's wildlife resources by educating the public about the value of wildlife in Nevada and promoting ethical use of the state's wildlife resources through hunter and angler education programs, wildlife education, and marketing programs. The division informs the public through television, radio, internet, and print media, and provides access to Nevada Department of Wildlife's programs through the Volunteer Program.

The 2023 Legislature approved the Governor's recommendation for cost allocation reimbursements totaling \$208,000 over the 2023-25 biennium to fund a marketing and outreach campaign to attract potential new hunters and anglers to Nevada. The goal of the campaign is to inform and educate the public about conservation, recreation, and wildlife in Nevada, as well as to expand the department's capacity to reach new audiences through an investment of targeted marketing beyond free social media channels.

## **LAW ENFORCEMENT DIVISION**

The Law Enforcement Division provides wildlife and boating safety law enforcement and serves the sporting public while providing a public safety presence. The budget is funded primarily through the transfer of various restricted and unrestricted license and fee revenues transferred from the Wildlife Fund, federal funds, and a nominal amount of General Fund support.

The 2023 Legislature approved the Governor's recommendation and approved a two-grade increase for the department's 33 Game Warden 3 positions, funded by transfers of Sportsmen Revenue totaling \$584,875 over the 2023-25 biennium. The Legislature further approved the Governor's amended recommendation to add transfers of Sportsmen Revenue totaling \$70,999 over the 2023-25 biennium to support a one-grade increase for 4 Game Warden 4 positions and 3 Staff Game Warden positions.

Transfers of Boating Registration Revenue totaling \$136,648 over the 2023-25 biennium were also approved by the 2023 Legislature, as recommended by the Governor, to restore and augment funding for the Boating Safety Outreach Program, which promotes the use of life jackets, sober boating, increases safety awareness, provides boater education courses, and supports continued and expanded outreach through advertising campaigns and Boating Law Handbooks for the public.

## **GAME MANAGEMENT DIVISION**

The Game Management Division is responsible for management, protection, research, and monitoring of wildlife classified as game mammals, upland and migratory game birds, and fur-bearing mammals. The division has five program areas: avian and terrestrial game species management; game wildlife/depredation control and compensation; predator management; air operations; and wildlife health and disease monitoring.

As recommended by the Governor, the 2023 Legislature approved a transfer of Sportsmen Revenue of \$265,057 in FY 2024 to fund an engine overhaul of a department helicopter and to provide the rental of a helicopter engine while the department's engine is out of service. Additionally, the Legislature approved the Governor's recommendation of a combination of federal Coast Guard grant funds and a transfer of Sportsmen Revenue totaling \$70,889 in FY 2024 for the purchase of one new travel trailer, one new cargo trailer, trailer accessories, and new laboratory equipment used in DNA research.

### **FISHERIES DIVISION**

The Fisheries Division facilitates programs for fisheries throughout Nevada, including programs that are designed to provide the state's angling public with recreational fishing opportunities, as well as to conserve and protect Nevada's native aquatic species and to prevent and control invasive aquatic species.

The 2023 Legislature approved a transfer of Sportsmen Revenue of \$260,000 in FY 2024, as recommended by the Governor, to refurbish the air-coil cooling tower structure at the Mason Valley Fish Hatchery, which was originally manufactured in 1988. Additionally, the Legislature approved the continuation of federal American Rescue Plan Act, Coronavirus State Fiscal Recovery Funds totaling \$2.3 million in FY 2024 and \$779,875 in FY 2025 to fund phase two of the Lake Mead Fish Hatchery Water Supply Line project.

### **NEVADA DEPARTMENT OF TRANSPORTATION**

The Nevada Department of Transportation is funded through a combination of federal funds, dedicated state highway user revenues, and bond issuances. For the 2023-25 biennium, the Legislature approved funding of \$1.932 billion in total funding for the department (net of interagency transfers of \$8.2 million), which is an increase of 16.3% when compared to the \$1.661 billion legislatively approved for the 2021-23 biennium. The increase in funding is largely due to bond issuances for construction projects. The Legislature approved State Highway Fund authorizations of \$419.5 million in FY 2024 and \$421.0 million in FY 2025. The Legislature also approved the Governor's projected federal funding of \$468.0 million in each fiscal year of the 2023-25 biennium.

#### ***BOND CONSTRUCTION***

The 2023 Legislature approved the Governor's recommendation for the sale of highway revenue bonds of \$150.0 million (pledged for repayment with gasoline taxes and proceeds from Clark County fuel tax revenue indexing) and related interest earnings of \$1.5 million in FY 2024 for construction projects.

#### ***TRANSPORTATION ADMINISTRATION***

The 2023 Legislature approved highway construction expenditures totaling \$572.9 million in FY 2024 and \$579.0 million in FY 2025, including \$109.8 million for maintenance, new construction, and alterations of department-owned facilities; \$13.2 million to continue facility improvements at the Trinity, Millers, and Beowawe rest facilities; and \$800,000 to

continue upgrading the department's fueling system, funded with a combination of federal funds and Highway Fund authorizations. The Legislature also approved Highway Fund authorizations totaling \$9.9 million over the 2023-25 biennium for 50 new positions and associated operating and equipment expenditures; \$40.8 million for routine replacement of existing, large equipment; and \$19.2 million for new equipment such as computers, office furniture, fleet additions, and shop tools.

Through the passage of A.B. 477, the 2023 Legislature approved one-time Highway Fund appropriations of \$22.1 million, one-time General Fund appropriations of \$6.9 million, and expenditure authority of \$823,272 for the continuing costs of the replacement of the Nevada Shared Radio System.

## **TAHOE REGIONAL PLANNING AGENCY**

The Tahoe Regional Planning Agency (TRPA) was jointly created by the States of Nevada and California and the United States Congress through the approval of the Tahoe Regional Planning Compact by all three entities. The TRPA provides a leadership and advocacy role in the regional cooperative efforts to preserve, restore, and enhance Lake Tahoe's unique, natural, and human environments. The TRPA exercises environmental controls over water, land, air, wildlife, and development of the Lake Tahoe region. Pursuant to Article VIII of the Tahoe Regional Planning Compact (NRS 277.200), requests for state funds by the TRPA must be apportioned two-thirds from California and one-third from Nevada.

The 2023 Legislature approved Nevada state support (General Fund appropriations and transfers from the DMV Pollution Control account) of \$6.2 million over the 2023-25 biennium for the TRPA, which represents an increase of 45.0% when compared to the \$4.2 million approved by the 2021 Legislature. Of the total Nevada state funding for the TRPA, the 2023 Legislature approved General Fund appropriations of \$5.3 million over the 2023-25 biennium, including \$733,156 to restore Nevada state funding to the one-third contribution specified in the bi-state compact between California and Nevada, as well as \$500,000 to continue digital conversion of agency records and \$676,500 to support a portion of the administrative costs of the Tahoe Transportation District in the upcoming biennium.

# Special Purpose Agencies

---

Special Purpose Agencies have a specialized function or a different statutory relationship to the Executive Branch of government than most state agencies. This group includes the Public Employees' Retirement System, which serves both state and local governments; the Public Employees' Benefits Program; the Office of the Military; the Department of Veterans Services; the Silver State Health Insurance Exchange; the Commission on Ethics, the Department of Sentencing Policy; and the Department of Indigent Defense Services. For the 2023-25 biennium, total approved funding for this function is \$2.225 billion, primarily comprised of \$1.518 billion in interagency transfers (68.2%) and \$335.0 million in reserve funds balanced forward from the prior fiscal year (15.1%). For the 2023-25 biennium, General Fund support for Special Purpose Agencies totals \$58.2 million, an increase of \$21.9 million, or 60.3%, compared to the \$36.3 million approved by the 2021 Legislature. The General Fund increase is primarily due to the 2023 Legislature appropriating additional General Funds of \$7.0 million over the 2023-25 biennium to the Department of Indigent Defense Services for county reimbursements of the costs to provide indigent defense services in excess of each county's calculated maximum contribution amount, and \$7.8 million to the Public Employees' Benefit Program for additional health savings account or health reimbursement arrangement contributions for active state participants.

## **PUBLIC EMPLOYEES' RETIREMENT SYSTEM**

The Public Employees' Retirement System (PERS) provides retirement, disability, and death benefits to long-term employees. PERS includes employees of Nevada counties, cities, school districts, state government, and miscellaneous public employers. The retirement system's budget is not subject to the Budget Act or review by the Governor's Office of Finance but is included in The Executive Budget for review by the Legislature. The requested level of funding is provided through an administrative assessment charged to each member and benefit recipient. A budget of \$27.8 million in FY 2024 and \$22.4 million in FY 2025 was approved by the 2023 Legislature to support its operations.

The 2023 Legislature approved \$11.7 million in FY 2024 and \$6.1 million in FY 2025 to continue the replacement of PERS's existing Pension Administration System, which is expected to be completed by January 2025. In addition, the Legislature approved \$304,892 in FY 2024 and \$338,781 in FY 2025 for three new positions (inclusive of one unclassified position) and associated operating and equipment expenditures.

The 2023 Legislature further approved \$167,197 in FY 2024 and \$167,205 in FY 2025 for a two-step salary increase (approximately 10.0%) for nine existing executive positions.

### INCREASE IN CONTRIBUTION RATES

The Retirement Board approves an actuarial valuation of PERS each year to monitor the assets and liabilities associated with the pension plan. Pursuant to *Nevada Revised Statutes* (NRS) 286, contribution rates are set based on the results of even-numbered fiscal year valuations. The actuarial valuation for the fiscal year ending June 30, 2022, resulted in increases in the contribution rates for regular and police/fire members (as recommended by the actuary and included in The Executive Budget) effective July 1, 2023. The contribution rates approved by the 2023 Legislature are as follows:

<u>Employer-Paid Plan</u>	<u>Regular Members</u>	<u>Police/Fire Members</u>
Contribution Rate – 7/1/2023	33.50%	50.00%
Contribution Rate – 7/1/2021	29.75%	44.00%
Increase in Rate	3.75%	6.00%

<u>Employee/Employer Plan</u>	<u>Regular Members</u>	<u>Police/Fire Members</u>
Contribution Rate – 7/1/2023	17.50%	25.75%
Contribution Rate – 7/1/2021	15.50%	22.75%
Increase in Rate	2.00%	3.00%

### OFFICE OF THE MILITARY

The Office of the Military is responsible for the supervision of the military affairs of the state, which includes both state and federal roles. Its primary state mission is to enlist, organize, arm, equip, and train the state's militia and National Guard units, and to protect the lives and property of the public in times of emergency, disorder, and disaster. The primary federal mission is to provide combat-ready reserve forces for the United States Armed Forces to respond to a federal mobilization as directed by the President or Congress. The Adjutant General provides command and control of the Army National Guard and the Air National Guard. The Office of the Military also oversees the Division of Emergency Management. Funding for the Office of the Military is provided primarily through federal funds and State General Fund appropriations.

The 2023 Legislature approved total General Fund appropriations of \$14.6 million over the 2023-25 biennium for the Office of the Military, an increase of \$3.6 million, or 32.5%, compared to the \$11.0 million in General Fund appropriations legislatively approved for the 2021-23 biennium. In addition, the Legislature authorized federal funds totaling \$89.6 million over the 2023-25 biennium.

The 2023 Legislature approved General Fund appropriations totaling \$1.8 million and federal funds of \$1.4 million over the 2023-25 biennium for 20 new positions (5 unclassified and 15 classified positions) and associated operating and equipment expenditures in the Office of the Military budget.

## **DIVISION OF EMERGENCY MANAGEMENT/ NEVADA OFFICE OF HOMELAND SECURITY**

The Division of Emergency Management coordinates and facilitates planning, training, exercise, and equipment initiatives in preparing for, responding to, and recovering from the impact of any emergency/disaster situation. Through multiple federal programs, the division provides financial and technical support to state agencies and local governments in preparing for and maintaining a readiness capability to respond to all hazards. The primary function of the Nevada Office of Homeland Security is to collaborate, advise, assist, and engage with various federal, state, local, and tribal entities, private sector, non-governmental partners, and the public to prevent, detect, and deter terrorism activity in order to minimize the impact on lives, property, and the economy. The Division of Emergency Management and the Nevada Office of Homeland Security are operationally integrated.

The 2023 Legislature approved General Fund appropriations of \$163,423 over the 2023-25 biennium for one new Program Officer position to serve as a Statewide 911 Coordinator.

## **DEPARTMENT OF VETERANS SERVICES**

The Department of Veterans Services consists of the Office of Veterans Services' budget and a budget for each of the two veterans homes. The Department of Veterans Services is responsible for assisting veterans and their families in obtaining services, compensation, and government benefits as well as supervising the operation and maintenance of the Nevada veterans memorial cemeteries located in Boulder City and Fernley. The Department of Veterans Services oversees the operation of the 180-bed Southern Nevada State Veterans Home located in Boulder City and the 96-bed Northern Nevada State Veterans Home located in Sparks.

The 11-member Nevada Veterans Services Commission created pursuant to NRS 417.150 advises the Director of the Department of Veterans Services and makes recommendations to the Governor, the Legislature, and the Director regarding issues relating to veterans.

The 2023 Legislature approved total funding of \$123.8 million (net of interagency transfers) over the 2023-25 biennium, a 57.7% increase over the \$78.5 million approved for the 2021-23 biennium. Total General Fund support approved for the 2023-25 biennium of \$8.6 million is a \$2.1 million increase over the \$6.5 million approved for the 2021-23 biennium. The primary source of funding, \$77.2 million, over the 2023-25 biennium is federal United States Department of Veterans Affairs reimbursement funding for services provided by the state's veterans nursing homes and veterans memorial cemeteries.

### ***OFFICE OF VETERANS SERVICES***

Net of \$1.7 million in interagency (cost allocation) transfers from the nursing homes' budgets, the 2023 Legislature approved total funding of \$11.6 million over the 2023--25 biennium, a 27.9% increase from the \$9.1 million approved for the

2021--23 biennium, for the Office of Veterans Services budget. Total General Fund support approved for the 2023-25 biennium of \$7.8 million represents a 33.4% increase over the \$5.8 million approved for the 2021-23 biennium.

The 2023 Legislature approved General Fund appropriations of \$95,763 and Cemetery Interment fee revenues of \$88,752 over the 2023-25 biennium to fund two new full-time Cemetery Grounds Maintenance Worker positions and associated operating costs for the Southern Nevada Veterans Memorial Cemetery.

Additionally, the 2023 Legislature approved General Fund appropriations of \$437,017 and Cemetery Interment fee revenues of \$405,019 over the 2023-25 biennium to fund five new full-time positions and associated operating costs to replace existing contract staff obtained through the state's employment agencies contract and funded through the department's Veterans Gift account budget. The following positions were approved:

- A Health Program Specialist to manage the department's health care initiatives including the Healthcare Champions and Veterans in Care programs.
- A Health Program Specialist to manage suicide prevention initiatives including the federal Governor's and Mayor's Challenges to Prevent Suicide program.
- An Education and Information Officer to serve as the Northern Nevada Outreach Director to manage outreach to veterans in Northern and Eastern Nevada.
- An Education and Information Officer to manage the Education and Employment program in Northern Nevada.
- A Veterans Service Officer to assist Northern Nevada veterans and their families in applying for services eligible under the federal The Sergeant First Class Heath Robinson Honoring our Promise to Address Comprehensive Toxics Act of 2022.

Lastly, the Legislature approved the Governor's recommendation of General Fund appropriations of \$875,000 in both FY 2024 and FY 2025 to fund the Adopt a Vet Dental program on an ongoing basis. The Adopt a Vet Dental program had been funded on a biennium-to-biennium basis at \$250,000 per fiscal year by the 2019 (A.B. 487) and 2021 (S.B. 185) Legislatures with initial funding of \$174,981 in General Fund appropriations per fiscal year provided by the 2017 Legislature (S.B. 444) through one-time appropriations. In approving the funding for the 2023-25 biennium, the Legislature requested that the department and the Adopt a Vet Dental program submit an annual report to the Interim Finance Committee on or before September 30 of each year on the operation of the program to include, but not limited to, the number of veterans served, the county of residence of those veterans, and a line-item breakdown of program expenditures supported by General Fund appropriations.

The 2023 Legislature approved the following significant capital improvement program projects for the department:

- 23-P04: Advance Planning: North Las Vegas State Veterans Home: Funded with \$15.5 million in General Fund appropriations
- 23-C06: Remodel and Addition: Southern Nevada State Veterans Home: Funded with \$35.8 million in General Obligation Bond proceeds.

### ***SOUTHERN NEVADA STATE VETERANS HOME***

The Southern Nevada State Veterans Home is a 180-bed, 24-hour skilled-nursing facility located on 50 acres in Boulder City that is state owned and operated and certified by Medicaid, Medicare, and the Department of Veterans Services. The facility consists of three, 60-bed “neighborhoods,” of which one offers secured care for residents with severe dementia. The Southern Nevada State Veterans Home admitted its first residents in August 2002 and provides a wide range of residential and support services to eligible veterans, spouses of veterans, and Gold Star residents (parents who had a child who died while in military service). The 2023 Legislature approved total funding of \$80.4 million, a net \$26.2 million increase over the \$63.7 million approved by the 2021 Legislature. The budgeted increase is primarily the result in revenues balanced forward in each year (\$10.1 million) and increased federal funding (\$12.5 million) including U.S. Department of Veterans Affairs reimbursement revenues.

### ***NORTHERN NEVADA STATE VETERANS HOME***

The Northern Nevada State Veterans Home is located in Sparks and is a 96-bed, 24-hour skilled nursing facility consisting of twelve, 8-bed clustered, residential units in three, 32-room “neighborhoods,” which is overseen by the Department of Veterans Services and managed by a contracted vendor. It also includes a “town hall” with physical therapy, dining hall, beauty and barber shop, store, coffee shop, chapel, and activity center. Residents have their own private room and share a den, living room, and kitchen with 15 other residents. The Northern Nevada State Veterans Home opened in December 2018 and provides a wide range of residential and support services to eligible veterans, spouses of veterans, and Gold Star residents (parents who had a child who died while in military service). The 2023 Legislature approved total funding of \$40.1 million, a net increase of \$21.9 million over the \$18.2 million for the 2021-23 biennium. The budgeted increase is primarily the result of an increase in U.S. Department of Veterans Affairs reimbursement funding (\$20.3 million) and balance forward revenues (\$4.9 million).

In approving the budget, the 2023 Legislature approved \$121,229 in General Fund appropriations over the 2023-25 biennium to fund one new Veteran Services Officer position and associated operating costs. The new position is to be based at the Northern Nevada State Veterans Home to primarily assist residents in obtaining benefits.

### **SILVER STATE HEALTH INSURANCE EXCHANGE**

The Silver State Health Insurance Exchange (Exchange) administers a health insurance exchange and facilitates the purchase and sale of qualified health plans pursuant to the federal Patient Protection and Affordable Care Act and the federal Health Care and Education Reconciliation Act of 2010. The Exchange operates as a state-based exchange operating model, which utilizes a private technology system and call center. Funding for the Exchange is derived primarily from carrier premium fees charged to insurance providers of 3.05% of health insurance premiums sold on the exchange. For the 2023-25 biennium, the Legislature approved expenditures (excluding reserves)

of \$30.6 million for the Exchange, funded with carrier premium fees projected at \$31.9 million over the biennium.

The 2023 Legislature approved the Governor's recommendation to add one new full-time Benefit Manager position, funded with reserve reductions totaling \$190,997 over the 2023-25 biennium. The Benefit Manager position will support the Operations Unit of the Exchange by assuming the role and responsibilities of a Broker Liaison to the seven Broker entities through the current Broker Grantee Program and approximately 700 certified Exchange brokers in the state.

Additionally, the 2023 Legislature approved the Governor's recommendation for reserve reductions of \$327,544 over the 2023-25 biennium to support Navigators and add 2 Broker entities each fiscal year of the biennium. Currently, the agency funds 6 Navigator entities and will extend support to 9 Broker entities in FY 2024 and 11 Broker entities in FY 2025.

## **COMMISSION ON ETHICS**

The Commission on Ethics, which consists of eight members (four appointed by the Legislative Commission and four appointed by the Governor), is responsible for investigating and adjudicating public complaints involving the ethical conduct of public officers and employees; providing ethical guidance through published opinions; and providing outreach and education to public officers and employees regarding ethics requirements and prohibitions under Nevada law.

The 2023 Legislature approved total funding of \$2.3 million for the 2023-25 biennium, which represents an increase of \$476,564, or 25.5%, compared to the amount approved by the 2021 Legislature of \$1.9 million for the 2021-23 biennium. Of the amount approved for the 2023-25 biennium, General Fund appropriations represent \$557,418 of the total, an increase of \$70,323, or 14.4%, compared to the \$487,095 in General Fund appropriations approved by the 2021 Legislature for the 2021-23 biennium.

The Legislature approved the Governor's recommendation for total funding of \$201,270 (General Fund appropriations of \$56,436 and county reimbursements of \$144,834) over the 2023-25 biennium for a Public Information Officer and ancillary expenditures to coordinate education and technical assistance efforts with state and local governments, respond to media and public inquiries, and maintain online education materials.

## **PUBLIC EMPLOYEES' BENEFITS PROGRAM**

The Public Employees' Benefits Program (PEBP) provides insurance coverage for state employees, state retirees who are ineligible to enroll in Medicare, and their dependent(s), if the participant chooses to cover their dependent(s). Retirees who are eligible for Medicare receive a monthly contribution they may use toward health insurance coverage obtained through the PEBP-sponsored Individual Medicare Market Exchange operated by Via Benefits. In addition, any non-state, public agency can join the program to provide

coverage for their employees, retirees, and dependents. Insurance coverage includes health (medical, dental, and prescription) and life. Life insurance benefits are fully insured by an outside carrier.

The Public Employees' Benefits Program is overseen by an 11-member board appointed by the Governor pursuant to NRS 287.041, which appoints an Executive Officer, subject to approval by the Governor, to administer the program. The PEBP benefits plan year (PY) aligns with the state fiscal year (i.e., July 1 through June 30).

The largest portion of the program is health insurance, which provides medical, dental, and prescription drug coverage. PEBP offered the following health insurance plans in the 2021-23 biennium, which were approved to continue in the 2023-25 biennium:

- High Deductible Health Plan (HDHP): The HDHP is a self-insured plan, meaning that PEBP (and the state) is liable for all claims costs not otherwise paid by participants' deductibles, coinsurance, copays, and out-of-pocket maximums. Health care services under this plan are obtained through a preferred provider organization (PPO) network. Most PEBP participants are enrolled in this plan.
- Low Deductible Copay Plan: PEBP began offering this statewide plan in PY 2022, which provides participants with additional choice as it combines aspects of the HDHP's coinsurance structure and the copay design of a Health Maintenance Organization plan.
- Health Maintenance Organization (HMO) Plan: Participants who reside in Clark, Esmeralda, and Nye counties have the option of enrolling in the HMO plan provided by Health Plan of Nevada. This plan is fully insured, with Health Plan of Nevada assuming all claim liability in exchange for PEBP paying a per member, per month capitated rate.
- Exclusive Provider Organization (EPO) Plan: Participants who reside in counties other than Clark, Esmeralda, and Nye counties have the option of enrolling in the EPO plan, an HMO-like plan that replaced the HMO option for residents of Northern and Rural Nevada. However, unlike the HMO plan, the EPO is a self-insured plan.

Funding for PEBP is provided by employer contributions for active employees and retired participants, premiums paid by plan participants, prescription drug rebates, rebates from Medicare, miscellaneous revenue (e.g., application fees from entities wishing to participate), and Treasurer's interest. A significant portion of the state's contributions for state employees and retirees is funded through accounts supported by the General Fund.

The plan maintains actuarially-determined reserves for Incurred But Not Reported (IBNR) and Catastrophic claims. The IBNR reserve provides cash flow should the plan receive claims in excess of available operating cash. The Catastrophic reserve pays for extraordinarily large claims to decrease volatility and avoid disruptions to the rates in the following plan year. The plan also maintains a Health Reimbursement Arrangement (HRA) reserve that serves as a holding account for unexpended, prior-year HRA contributions and provides cash flow in the current year. Positive claims experience

(i.e., claims being lower than projected) may result in excess cash, which is placed into the Excess Reserve category.

### 2023-25 BIENNIUM PLAN DESIGN

After various plan reductions recommended by the Governor were approved by the 2021 Legislature for the 2021-23 biennium, the PEBP Board and the Interim Finance Committee subsequently approved various benefit restorations for PY 2023. These restorations were funded using PEBP's excess reserves, which were greater than projected due to the underutilization of services by PEBP membership during the COVID-19 pandemic. The 2023 Legislature approved the Governor's recommendation that these restored benefits continue in the 2023-25 biennium, along with other various plan design enhancements. The plan design table that follows this section provides the PY 2020 through PY 2025 plan benefits, which details the plan benefits prior to the COVID-19 pandemic (PY 2020 and PY 2021), the plan benefit reductions approved by the 2021 Legislature (PY 2022), and the plan benefit restorations approved by the Interim Finance Committee and approved to continue by the 2023 Legislature (PY 2023 -PY 2025).

Along with the restored plan benefits, the 2023 Legislature approved the Governor's recommendation for the following plan benefit enhancements for the 2023-25 biennium:

- **HRA/HSA Contributions:** Active state participants were approved to receive an additional \$300 contribution in PY 2024. This funding will be provided as an HSA contribution for members eligible for an HSA or as an HRA contribution for all other members.
- **Increased Dental Plan Maximum:** The dental plan benefit limit was approved to increase from \$1,500 per year, in place since 2011, to \$2,000 per year.
- **Expanded Travel Benefit:** A travel benefit was approved for members who require a medically necessary abortion while living or traveling in a state that does not allow such services.
- **Cancer Concierge Program:** A concierge service was approved to assist members diagnosed with cancer. This service will assist with dietary counseling, pharmacy management, assistance with personal care needs, seeking second opinions, as well as accessing centers of excellence, inpatient care, surgical care, and hospice.
- **Medical Travel Program:** A medical travel benefit was approved for members to seek treatment from out-of-state centers of excellence for certain schedulable surgical procedures. This may include joint replacements, cardiac care, bariatric surgery, ear/nose/throat procedures, orthopedic, and gastroenterology procedures.
- **Real Appeal Digital Weight Loss Program:** The implementation of a weight loss program was approved that will be available to all PEBP members over the age of 18. This program will provide an application with a weight tracking module, coaching sessions, and various tools such as a food scale, weight scale, recipes, and workouts.

- Hinge Health Program: The implementation of a digital musculoskeletal care program was approved that will utilize motion technology to provide services to members needing physical therapy and assistance with pain management. This program will provide virtual physical therapy, pelvic floor therapy, an Enso Device that provides electrical nerve simulation to assist with pain management, and medical consultation.

Additionally, although not included in the Governor's recommended budget, the 2023 Legislature approved the following benefit enhancements for the 2023-25 biennium:

- Additional HSA/HRA contributions for active state participants in each year of the 2023-25 biennium, funded with General Fund appropriations of \$9.8 million in FY 2024 and \$10.0 million in FY 2025. These additional annual contributions will be provided based on the coverage tier, with \$300 provided for participant only, \$400 provided for participant + spouse, \$400 provided for participant + child(ren), and \$500 provided for participant + family. The General Fund appropriations were budgeted directly into PEBP's operating budget with language included in the 2023 Appropriations Act (S.B. 511, Section 63), with a requirement that any funding not distributed at the end of each fiscal year of the 2023-25 biennium revert to the General Fund.
- An increase in life insurance coverage for active and retired state employees, funded with General Fund appropriations of \$2.0 million in each year of the 2023-25 biennium. Specifically, based on the funding provided through the PEBP plan and these General Fund appropriations, active state employees will be provided with life insurance coverage of \$25,000 and retired state employees will be provided with life insurance coverage of \$12,500 in the 2023-25 biennium. This additional funding allowed life insurance coverage to be restored to the levels provided prior to the COVID-19 pandemic. The General Fund appropriations were provided through language included in the 2023 Appropriations Act (S.B. 511, Section 81), with a requirement that any unspent balance at the end of each fiscal year of the 2023-25 biennium revert to the General Fund.

The Legislature also approved the Governor's recommendation to change PEBP's unclassified Chief Information Officer position to an unclassified Lead Insurance Counsel position, funded with excess reserve reductions of \$18,614 over the 2023-25 biennium. The agency indicates this change will provide PEBP with dedicated legal assistance for health care and insurance issues.

### ***ACTIVE EMPLOYEE GROUP INSURANCE***

The Active Employee Group Insurance (AEGIS) budget serves as a mechanism to centrally collect contributions made by each state entity for the benefit of their active employees. The contributions defray a portion of the individual insurance premiums for active employees in state government who participate in PEBP. Assessments on filled positions are charged to all state agencies, boards, and commissions; Legislative and Judicial Branches; the Public Employees' Retirement System; and the Nevada System of Higher Education.

As with the REGI contribution, the AEGIS monthly contribution is a composite amount based upon the total number of active employees and dependents enrolled by coverage tier and plan. The state contribution for the cost of insurance for active employees and their dependents on a composite basis is projected to cover approximately 81.1% of the total premium in PY 2024 and approximately 81.0% in PY 2025. The composite subsidy calculation accounts for active participants across all plans.

The following table displays the legislatively approved state contributions for prior years and as approved by the 2023 Legislature for the 2023-25 biennium pursuant to the 2023 PEBP Rates Bill (S.B. 501).

Active Employee Group Insurance (AEGIS) Per Participant, Per Month (PPPM) State Contribution: Legislatively Approved Contributions					
Legislatively Approved FY 2020 AEGIS PPPM Contribution	Legislatively Approved FY 2021 AEGIS PPPM Contribution	Legislatively Approved FY 2022 AEGIS PPPM Contribution	Legislatively Approved FY 2023 AEGIS PPPM Contribution	Legislatively Approved FY 2024 AEGIS PPPM Contribution	Legislatively Approved FY 2025 AEGIS PPPM Contribution
\$760.79	\$783.30	\$727.00	\$755.00	\$730.00	\$759.00
<i>Percent Change</i>	3.0%	-7.2%	3.9%	-3.3%	4.0%

### **RETIRED EMPLOYEE GROUP INSURANCE**

The Retired Employee Group Insurance (REGI) program is designed to defray a portion of health insurance premiums for employees who retire from state service and continue to participate in the state’s group insurance plan. Funding for the program is generated by payroll assessments to state agencies to cover the costs of the state contribution. For the 2023-25 biennium, the legislatively approved assessments applied against gross salaries are 3.11% for FY 2024 and 3.18% for FY 2025. The state contribution for non-Medicare retiree coverage tiers on a composite basis is projected to cover approximately 56.4% of the total premium for PY 2024 and approximately 57.3% in PY 2025. The per participant, per month contribution is a composite amount based upon the total number of non-Medicare retired employees and dependents enrolled by coverage tier (participant only, participant + spouse, participant + child[ren], participant + family) and plan.

*Nevada Revised Statutes 287.046* provides the following benefits for retirees based on their hire date, retirement date, and years of service.

- Retirees who retired prior to January 1, 1994, are entitled to 100.0% of the base subsidy amount to be applied against the total premium for insurance coverage.
- Retirees who retired on or after January 1, 1994, but who were hired before January 1, 2010, are entitled to 25.0% of the base subsidy amount for 5 years of service and 7.5% of the base subsidy for each additional year of service, up to 20 years of service.
- Retirees who were hired between January 1, 2010, and December 31, 2011, must have 15 or more years of service to obtain the retiree base subsidy for health insurance.

- Retirees initially hired on or after January 1, 2012, do not receive any retiree subsidy, but can utilize the funds accrued in their HSA to pay retiree health insurance premiums.

The following table displays the base subsidies (i.e., 15 years of service) legislatively approved for prior years and the base subsidies approved by the 2023 Legislature for the 2023-25 biennium through passage of the 2023 PEBP Rates Bill (S.B. 501).

Retired Employee Group Insurance (REGI) Base Per Participant, Per Month (PPPM) State Contribution (15 Years of Service, Non-Medicare Retiree): Legislatively Approved Contributions					
Legislatively Approved Base FY 2020 REGI PPPM Contribution <sup>1</sup>	Legislatively Approved Base FY 2021 REGI PPPM Contribution	Legislatively Approved Base FY 2022 REGI PPPM Contribution	Legislatively Approved Base FY 2023 REGI PPPM Contribution	Legislatively Approved Base FY 2024 REGI PPPM Contribution	Legislatively Approved Base FY 2025 REGI PPPM Contribution
\$551.77	\$478.15	\$471.50	\$498.00	\$515.00	\$545.00
<i>Percent Change</i>	-13.3%	-1.4%	5.6%	3.4%	5.8%
<sup>1</sup> FY 2020 REGI PPPM contribution was greater than the FY 2021 amount to fund a one-time \$4.4 million shortfall in REGI assessment collections that occurred in FY 2018 and FY 2019. If shortfalls occur, they are funded in the following biennium as the contribution amounts are set on a biennial basis in session law (e.g., S.B. 501 of the 2023 Legislative Session).					

## PEBP Plan Benefits: PY 2020 through PY 2025

Benefit	High Deductible Plan			Low Deductible Copay Plan <sup>1</sup>		EPO (Premier)/HMO (Health Plan of Nevada) Plans

<sup>1</sup> The PEBP Board approved offering participants a new low deductible PPO plan beginning PY 2022, which the Governor recommended and the 2021 Legislature funded as part of benefits plan design for the 2021-23 biennium.

<sup>2</sup> On December 2, 2021, the PEBP Board approved various plan design changes for PY 2023 that would continue into PY 2024 and PY 2025, subject to available funding. Funding for these restorations, provided by reserve reductions, was later approved by the Interim Finance Committee on February 9, 2022.

<sup>3</sup> Along with the benefits listed, the Governor recommended and the 2023 Legislature approved increasing the dental plan annual benefit limit from \$1,500/person to \$2,000/person in PY 2024 and PY 2025.

<sup>4</sup> The 2023 Legislature approved the Governor's recommendation to fund a one-time, annual payment of \$300 in PY 2024 only, which would be provided as a HSA contribution for members eligible for an HSA, or as an HRA contribution for all other members.

<sup>5</sup> The 2023 Legislature approved General Fund appropriations of \$9.8 million in FY 2024 and \$10.0 million in FY 2025 to fund the cost of providing additional HSA/HRA contributions for active state participants

Other Benefits - All Plans	2019-21 Biennium (Leg. Approved; Pre-Pandemic)	2021-23 Biennium (Leg. Approved)	2023-25 Biennium (Leg. Approved)
Basic Life Insurance	\$25,000/\$12,500 (active/retiree)	\$15,000/\$7,500 (active/retiree)	<b>\$25,000/\$12,500 (active/retiree) <sup>1</sup></b>
Long-Term Disability	60% benefit (max \$7,500 month)	No Benefit	No Benefit
Medicare Retiree Health Reimbursement Arrangement (HRA) Contribution	\$13.00 per Year of Service	\$13.00 per Year of Service	\$13.00 per Year of Service

<sup>1</sup> The 2023 Legislature approved General Fund appropriations of \$2.0 million in each year of the 2023-25 biennium to increase the life insurance coverage for active and retired state employees to pre-pandemic levels.

## **DEPARTMENT OF INDIGENT DEFENSE SERVICES**

The Department of Indigent Defense Services provides support to counties to develop and maintain quality, cost-effective indigent defense systems that meet the needs of local communities and the requirements of the federal Constitution and state law. The department also includes the Office of the State Public Defender which represents adult and juvenile indigent criminal defendants when a court appoints the Office of the State Public Defender as counsel. The Office of the State Public Defender currently provides services for Storey County while the 16 remaining counties provide their own public defense services through a county public defender or private contract attorneys (Carson City previously received services from the State Public Defender; however, in June 2023 the Carson City Board of Supervisors approved the establishment of a county public defender's office, discontinuing its use of the State Public Defender's Office). The Office of the State Public Defender is also responsible for appeals for state prison inmates whose habeas corpus post-conviction petitions have been denied. For the 2023-25 biennium, the Legislature approved total funding of \$17.0 million for the department, of which \$13.1 million is General Fund appropriations.

### ***DEPARTMENT OF INDIGENT DEFENSE SERVICES***

In lieu of one-time General Fund appropriations of \$3.5 million in each fiscal year of the 2023-25 biennium in the Governor's Office of Finance Special Appropriations budget, as originally recommended by the Governor, the 2023 Legislature approved ongoing General Fund appropriations of \$3.5 million in each fiscal year of the 2023-25 biennium in the agency's budget to fund the reimbursement of counties for the provision of indigent defense services in excess of each county's calculated maximum contribution amount.

The 2023 Legislature further approved A.B. 518, which appropriates one-time General Funds of \$6.3 million in FY 2024 and \$6.6 million in FY 2025 to the Interim Finance Committee for allocation to the department to: 1) reimburse counties for indigent defense costs should reimbursement requests exceed the \$3.5 million approved in each fiscal year for this purpose; 2) other costs associated with complying with the *Davis v State* consent judgment; 3) costs incurred by the Office of State Public Defender for legal services contracts for complex cases; and 4) costs for training and pay parity for indigent defense attorneys. Moreover, A.B. 518 includes one-time General Fund appropriations of \$1.5 million in each fiscal year of the 2023-25 biennium for the department to reimburse certain costs related to pretrial release hearings that are conducted on a weekend or holiday in counties whose population is less than 100,000.

### ***PUBLIC DEFENDER***

As recommended by the Governor, the 2023 Legislature approved \$287,380 (25.0% General Fund, 75.0% County Fee revenue) over the 2023-25 biennium for the position and associated operating costs of one new Deputy Public Defender position, which had initially been approved by the Interim Finance Committee during the 2021-23 Interim. In approving this position, the Interim Finance Committee directed the Office of the State Public Defender to request the Deputy Public Defender position as an enhancement in its 2023-25 biennial budget. Additionally, the 2023 Legislature concurred

with the Governor's recommendation and approved General Fund appropriations of \$200,000 over the 2023-25 biennium to fund contract services for complex litigation, which may include lead defense counsel and other qualified specialists for capital cases.

Lastly, the Legislature approved total funding of \$1.1 million (25.0% General Fund, 75.0% County Fee revenue) over the 2023-25 biennium to establish a new State Public Defender Office in White Pine County, as recommended by the Governor. This funding will support four new positions, including one unclassified Supervising Public Defender, one unclassified Deputy Public Defender, one unclassified Investigator, and one Legal Secretary, as well as associated operating costs. Given that White Pine County transferred the responsibility for indigent defense services to the Office of the State Public Defender effective July 1, 2023, the new Public Defender Office in White Pine County provides the staffing and resources needed for the Office of the State Public Defender to provide indigent defense services for the county.

## **DEPARTMENT OF SENTENCING POLICY**

The Department of Sentencing Policy supports the 24-member Nevada Sentencing Commission, which advises the Legislature on proposed legislation and makes recommendations with respect to all matters relating to the state's criminal justice system.

The Governor's original recommendation included General Fund appropriations totaling \$23,975 over the 2023-25 biennium to fund additional travel costs and to reclassify an unclassified Staff Attorney position to an unclassified Chief Financial Officer position. Subsequently, the Governor submitted, and the 2023 Legislature approved, a budget amendment to increase General Fund appropriations by \$30,655 in each fiscal year of the 2023-25 biennium to fund the department's share of costs for the Department of Administration's Administrative Services Division to provide fiscal and budgetary support for the department beginning in the 2023-25 biennium. Given that the Administrative Services Division would be providing the department with fiscal and budgetary support, the Legislature approved the Governor's revised recommendation to reclassify the unclassified Staff Attorney position to an unclassified Deputy Director position, with no change in salary, as the Chief Financial Officer position was no longer needed. The revised recommendation related to the reclassification resulted in a reduction from the amount recommended by the Governor of \$18,753 in General Fund appropriation over the 2023-25 biennium.

To provide the department assistance with data collection, the Legislature added General Fund appropriations totaling \$173,863 over the 2023-25 biennium for the support of one new Management Analyst 4 position and associated operating costs. Overall, the 2023 Legislature approved General Fund appropriations totaling \$1.5 million over the 2023-25 biennium to support the ongoing personnel and operating costs of the department.

The 2023 Legislature further approved A.B. 388 (Section 1), which provided a one-time General Fund appropriation of \$3.0 million to the department for allocation to the Nevada Local Justice Reinvestment Coordinating Council for the purpose of awarding grants to local governments and nonprofit organizations to reduce recidivism. Each entity receiving a grant must prepare and transmit an annual report to the Interim Finance Committee that describes how the grant funds have been expended.
