Dear Assemblyman Goldwater:

We are in support of Assembly Bill No. 393 and we are in concert with the manner and means of payment to contractors working with a public entity.

A large portion of the contract amount in our industry is the liquid asphalt oil; the invoice terms require that all invoices for the month are paid by the tenth (10th) of the following month. In most all instances, a large amount of money has been paid out to our material suppliers before we are generally paid by the public entity.

Respectfully,

Steve Jensen,  
Controller

SJ/s
