Subject: Assembly Bill draft for Performance Contracting in the State of Nevada

Dear Assemblyman Geddes,

I appreciated the opportunity to meet with you to discuss the current draft of your bill. Speaking for my company e.three, we feel the proposed bill is very workable from industry's standpoint and support its implementation. The provision allowing the agencies to select OSPC's based on their qualifications should result in a partnering arrangement that will ensure the success of the program. I offer my assistance in helping to formulate the implementation process once the bill is ratified and signed.

Sincerely,
Gary A. Wood
