5-31 Examiners *or Board of Osteopathic Medicine;*

Rational: AB 503 proposes to expand the definition of attending physician to include Osteopathic physicians. If this change is made, then other statutory revisions are required to clarify:

1. The Department of Agriculture needs to distribute submitted program applications to the Board of Osteopathic Medicine for review if the attending physician is an Osteopathic doctor; and,
2. The Department of Agriculture can deny a submitted program application if the attending physician is not in good standing, as reported by the State Board of Osteopathic Medicine.
